UNITED STATES
GOVERNMENT PRINTING OFFICE
WASHINGTON : 1956

SENATE RESOLUTION No. 246

IN THE SENATE OF THE UNITED STATES,
APRIL 19 (legislative day APRIL 9), 1956.

Resolved, That the 58th annual report of the National Society of the Daughters of the American Revolution for the year ended April 1, 1955, be printed with an illustration, as a Senate document.

FELTON M. JOHNSTON, *Secretary*.

LETTER OF TRANSMITTAL

SMITHSONIAN INSTITUTION,
Washington, D. C., April 4, 1956.

To the Congress of the United States:

In accordance with the act of incorporation of the National Society of the Daughters of the American Revolution, approved February 20, 1896, I have the honor to communicate to Congress the 58th annual report of that society for the year ended April 1, 1955.

I have the honor to be,

Very respectfully yours,

LEONARD CARMICHAEL, *Secretary.*

LETTER OF SUBMITTAL

MEMORIAL CONTINENTAL HALL,
Washington, D. C., February 20, 1956.

Dr. LEONARD CARMICHAEL,
Secretary of the Smithsonian Institution.

SIR: Complying with the act of incorporation of the National Society, Daughters of the American Revolution, approved February 20, 1896, and by direction of the national board of management, I have the honor to submit the report of work accomplished from April 1, 1954, to April 1, 1955.

FLORENCE WHITMORE FULLER
Mrs. Edgar Atkinson Fuller,
Reporter General to the Smithsonian Institution.

ACT OF INCORPORATION

[H. R. 3553. Fifty-fourth Congress of the United States of America; at the first session begun and held at the city of Washington on the 2d day of December 1895]

[Public, No. 19]

AN ACT To incorporate the National Society of the Daughters of the American Revolution

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That Mary Parke Foster (Mrs. John W. Foster), of Indiana; Mary Virginia Ellet Cabell (Mrs. William D. Cabell), of Virginia; Helen Mason Boynton (Mrs. Helen V. Boynton), of Ohio; Hanrietta Greely (Mrs. A. W. Greely), of Washington, D. C.; Lelie Dent Saint Clair (Mrs. F. O. Saint Clair), of Maryland; Regina M. Knott (Mrs. A. Leo Knott), of Maryland; Sara Agnes Rice Pryor (Mrs. Roger A. Pryor), of New York; Sara Ford Judd Goode (Mrs. G. Brown Goode), of Washington, D. C.; Mary Desha, of Kentucky; Sue Virginia Field (Mrs. Stephen J. Field), of California; Sallie Kennedy Alexander (Mrs. Thomas Alexander), of Washington, D. C.; Rosa Wright Smith, of Washington, D. C.; Sara C. J. Hagan (Mrs. Hugh Hagan), of Georgia; Mary Stiner Putnam (Mrs. John Risley Putnam), of New York; Mary Leighton Shields (Mrs. George H. Shields), of Missouri; Ellen Hardin Walworth, of New York; Mary E. MacDonald (Mrs. Marshall MacDonald), of Virginia; Eugenia Washington, of Virginia; Alice M. Clarke (Mrs. A. Howard Clarke), of Massachusetts; Clara Barton, of Washington, D. C.; Mary S. Lockwood, of Washington, D.C.; Florence B. Hamlin (Mrs. Tenuis S. Hamlin), of Washington, D.C.; Martha C. B. Clarke (Mrs. Arthur E. Clarke), of New Hampshire; Lucia E. Blount (Mrs. Henry Blount), of Indiana; Jane A. O. Keim (Mrs. de B. Randolph Keim), of Connecticut; Louise Ward McAllister, of New York; Effie Ream Osborne (Mrs. Frank Stuart Osborne), of Illinois; Marie Devereux, of Washington, D. C.; Belinda O. Wilbour (Mrs. Joshua Wilbour), of Rhode Island; Georgina E. Shippen (Mrs. W. W. Shippen), of New Jersey; Julia K. Hogg (Mrs. N. B. Hogg), of Pennsylvania; Katherine C. Breckenridge (Mrs. Clifton R. Breckenridge), of Arkansas; Sara Isabella Hubbard (Mrs. Adolphus S. Hubbard), of California; Mary L. D. Putnam (Mrs. Charles E. Putnam), of Iowa; Delia Clayborne Buckner (Mrs. Simon B. Buckner), of Kentucky; Emily Marshall Eliot (Mrs. Samuel Eliot), of Massachusetts; Lucy Grey Henry (Mrs. William Wirt Henry), of Virginia; Elizabeth Blair Lee, of Maryland; Mrs. Frances P. Burrows (Mrs. Julius C. Burrows), of Michigan; Mrs. Mary H. McMillan (Mrs. James McMillan), of Washington, D. C.; Mrs. Emma Gregory Hull (Mrs. J. A. T. Hull), of Des Moines, Iowa; Mrs. Mary B. K. Washington (Mrs. Joseph Washington), of Tennessee; and their associates and successors, are hereby created a body corporate and politic in the District of Columbia, by the name of the National Society of the Daughters of the American Revolution, for patriotic, historical, and educational purposes; to perpetuate the memory and spirit of the men and women who achieved American independence; by the encouragement of historical research in relation to the Revolution and the publication of its results; by the preservation of documents and relics, and of the records of the individual services of Revolutionary soldiers and patriots; and by the promotion of celebrations of all patriotic anniversaries; to carry out the injunction of Washington in his farewell address to the American people "to promote as an object of primary importance, institutions for the general diffusion of knowledge," thus developing an enlightened public opinion and affording to young and old such advantages as shall develop in them the largest capacity for performing the duties of Americans; to cherish, maintain, and extend the institutions of American freedom; to foster true patriotism and love of country; and to aid in securing for mankind all the blessings of liberty.

SEC. 2. That said society is authorized to hold real and personal estate in the United States so far as may be necessary to its lawful ends to an amount not exceeding $500,000, and may adopt a constitution and make bylaws not inconsistent with law, and may adopt a seal.

Said society shall have its headquarters or principal office at Washington, in The District of Columbia.

SEC. 3. That said society shall report annually to the Secretary of the Smithsonian Institution concerning its proceedings, and said Secretary shall communicate to Congress such portions thereof as he may deem of national interest and importance. The regents of the Smithsonian Institution are authorized to permit said national society to deposit its collections, manuscripts, books, pamphlets, and other material for history in the Smithsonian Institution or in the National Museum, at their discretion upon such conditions and under such rules as they shall prescribe.

GROVER CLEVELAND.

Approved February 20, 1896.

THOMAS B. REED,
Speaker of the House of Representatives.

A. E. STEVENSON,
Vice President of the United States and President of the Senate.

I certify that the above is a true copy of an act of Congress, the original of which is on file in this Department.

In testimony whereof, I, Richard Olney, Secretary of State of the United States, have hereunto subscribed my name and caused the seal of the Department of State to be affixed.

Done at the city of Washington this 5th day of May A. D. 1896, and of the independence of the United States of America the one hundred and twentieth.

[SEAL] RICHARD OLNEY.

[Public, No. 6—Sixty-ninth Congress]

[S. 780]

AN ACT To amend section 2 of the Act entitled "An Act to incorporate the National Society of the Daughters of the American Revolution"

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2 of the act entitled "An Act to incorporate the National Society of the Daughters of the American Revolution," approved February 20, 1896, as amended, is amended to read as follows:

"SEC. 2. That said society is authorized to hold real and personal estate in the United States, so far only as may be necessary to its lawful ends, to an amount not exceeding $5,000,000, and may adopt a constitution and make bylaws not inconsistent with law, and may adopt a seal. Said society shall have its headquarters or principal office at Washington, in the District of Columbia."

Approved February 5, 1926.

[Public, No. 93—Eighty-second Congress]

[H. R. 1899]

AN ACT To amend section 2 of the Act entitled "An Act to incorporate the National Society of the Daughters of the American Revolution"

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2 of the Act entitled "An Act to incorporate the National Society of the Daughters of the American Revolution," approved February 20, 1896, as amended, and as amended February 5, 1926, is amended to read as follows:

"SEC. 2. That said society is authorized to hold real and personal estate in the United States, so far only as may be necessary to its lawful ends, to an amount not exceeding $10,000,000, and may adopt a constitution and make bylaws not inconsistent with law, and may adopt a seal. Said society shall have its headquarters or principal office at Washington, in the District of Columbia."

Approved July 30, 1951.

National board dinners: Mrs. Arthur C. Houghton, 1776 D Street, NW., Washington 6, D. C. (5303 Brookway Drive, Washington 16, D. C.)

PART I

REPORTS OF THE SIXTY-FOURTH CONTINENTAL CONGRESS OF THE DAUGHTERS OF THE AMERICAN REVOLUTION, HELD AT CONSTITUTION HALL, WASHINGTON, D. C., APRIL 18–22, 1955

REPORTS OF THE CABINET OFFICERS

REPORT OF PRESIDENT GENERAL

This report will be brief. Details are in our magazine. Moreover, it is best not to mention here too many facts or figures which might detract from the interest of the reports of our national officers and chairmen.

Outstanding progress along every DAR line has been made during the year. Sincere thanks and appreciation are extended to all who have assisted in so many ways.

Our Society now has the largest membership in its history, with more junior members. More chapters are on our honor rolls than before. Our new committees for CAR and American music have started auspiciously.

At present the Society's financial position is sound. The new investment trust fund should continue to grow for future security.

Contributions to our schools and all our other projects are larger than last year. Valuable gifts have been presented for our museum.

The lobby of Memorial Continental Hall has been redecorated. Improvements have been made in a number of the period State Rooms. Numerous other parts of our buildings have been repainted.

This auditorium has been extensively renovated, without having to ask any chapter or member for monetary aid. Since our magazine funds are believed to be sufficient, it is hoped you will vote to complete the renovation of Constitution Hall.

Just as it became necessary to modernize our auditorium, so we must modernize and clarify our bylaws, the structural foundation for our Society. Thus, this should be a memorable Continental Congress.

Official publications have been revised.

Increased space has been arranged for our expanding national defense, magazine and museum offices. Much helpful new equipment has been purchased.

New flags have been donated for this platform, the library, president general's office, and national defense department. State societies have given new State flags for our processionals. A museum case was accepted yesterday for the president general's reception room.

Besides our annual awards for the Army, Navy, Coast Guard, and Merchant Marine, prizes were inaugurated for the Air Force and Marine Corps.

With our immigration aid and occupational therapy ended by the closing of Government stations on both coasts, $2,000 has been set aside to help foreign-born students at the Americanization School, founded by the DAR here in Washington.

Three additional nursing scholarships for young Negro women have been provided by National; four other scholarships for women studying to become doctors.

Our historical work, especially in elementary grades, has had notable results. Community projects have been of great value. Our patriotic service has had marked import. America has benefited materially from our emphasis on the responsibilities of good citizenship to keep our Nation strong, solvent and sovereign.

DAR activities were honored by a second prize from Freedoms Foundation, of Valley Forge. Work is being completed there on our memorial bell tower.

Your president general has kept very busy in this full-time office. Since the last Congress she has spent 199 days in Washington, with vast correspondence, manifold committee, and other varied conferences.

She visited 6 of our schools on the bus tour; attended 22 State meetings, 5 executive committee, 5 national board sessions, and 33 chapter gatherings; represented our Society before 61 other organizations; and made 12 television and 15 radio broadcasts and 198 talks.

At all times she has endeavored to the best of her ability to strive for the highest interests, prestige, and influence of our National Society, for she is firmly convinced that it's programs of constructive Americanism are of paramount significance in these critical days and well merit the redoubled efforts of all our members, in the Spirit of 1776, for "Home and Country."

Throughout the country she has found many earnest members and zealous patriots at work in our chapters to carry on our fine projects along historical, educational, and patroitic lines. Wherever our chapters are active, the communities are better and thus our country is safer and stronger.

Our reports are made possible by the work of the chapters and States. It is with great pride that we point to their accomplishments.

GERTRUDE S. CARRAWAY,
President General.

REPORT OF FIRST VICE PRESIDENT GENERAL

The work done by your first vice president general this past year might be termed "intangible." She might have kept an account of the number of inquiries on all phases of our work which she answered, but even such statistics would actually mean little because they would not reveal the time-consuming thought and phrasing required for each.

It was a privilege to present, at the commencement exercises of the United States Coast Guard Academy, New London, Conn., on May 28, the DAR annual award for excellence in theoretical and practical seamanship to Edwin Lyle Parker, of Tacoma, Wash.

As a member of the personnel committee, she has attended all its meetings and has been present at all sessions of the national board of management and of the executive committee. She has tried at all times, to the best of her ability, to carry out the requests of our president general and the requirements of her office.

DOROTHY D. TREWHELLA,
Mrs. Kenneth T. Trewhella,
First Vice President General.

REPORT OF CHAPLAIN GENERAL

The theme for the year has been "Power of Prayer," and the chaplain general has used this as a background for every talk she has made.

The chaplain general served as chaplain during the Tennessee State Legislature, and gave invocations at many chapter meetings and other organizations.

Wreaths were placed at our founders' memorial monument, at the monument in Arlington National Cemetery to the Unknown Soldier, and at the tomb of Martha and George Washington at Mount Vernon.

There has been an urgent call from several State chaplains that we attempt to have all DAR markers kept in the cemeteries. We feel this is a local affair in each case, and therefore no national resolution seems necessary, but we urge your cooperation in every way. If such a move is made to remove them, visit your local cemeteries and beg them to reconsider. It is important that we keep them. A vigorous fight has been made in this behalf by the State chaplain of Massachusetts.

The cooperation of all State chaplains has been outstanding. The real results of this office come from our State and chapter chaplains. Two official letters have gone out to them this year. The response to a request for original poems from our State and chapter chaplains has been most gratifying. So far 175 have been received and among them we find a couple written by the husbands

and the grandchildren. All these will be put in printed form and mailed to each State chaplain who served during this administration.

The chaplains breakfast was attended by 56 chaplains. We hope to make this a permanent date.

HOY L. GUPTON
Mrs. Will Ed Gupton,
Chaplain General

REPORT OF RECORDING SECRETARY GENERAL

Immediately after the close of the 63d continental congress resolutions and letters as directed by the congress were sent to the President of the United States and Mrs. Eisenhower, members of the Cabinet, heads of the Defense Establishment, members of the United States Congress, and others indicated.

The resolutions adopted by the 63d continental congress were prepared and printed in pamphlet form for distribution.

The preparation of transcript and compilation of the congress proceedings were begun last summer. The entire proceedings were proofread and indexed.

Minutes of regular and special board meetings have been prepared for publication in the DAR Magazine and proofread. Minutes and verbatim transcripts have been indexed and filed.

Motions and resolutions of the national board of management and continental congress have been typed and copies delivered or mailed to each national officer and also copied for the statute book and indexed.

The minutes of the executive committee meetings have been written, copies made and sent to all members of the committee, and recopied for binding in book form and indexed. Motions affecting the work of each office were typed separately and delivered.

During the past year 9,473 membership certificates were prepared and mailed; also 57 commissions to vice presidents general, honorary vice presidents general, State regents, and State vice regents.

Notices of meetings of the national board of management and executive committee were mailed to members.

Progress has been made in indexing the early congress proceedings.

All requests for information and research have been given prompt and careful attention.

During the past year the recording secretary general attended all sessions of the 63d continental congress, all meetings of the executive committee, and all regular and special meetings of the national board. She has spent 28 days in Washington on the business of the National Society. She is a member of the committee for the general revision of the national bylaws.

She has written more than 300 personal letters in addition to the correspondence handled through her office in Washington and has given assistance to 14 prospective members in preparing application papers or in finding suitable chapter affiliation.

At the close of her second year of service as recording secretary general, the office continues to grow in interest. Much time and effort have been spent in the field of public relations, for in this field lies a great opportunity for furthering the ideals and purposes of our Society.

Although the proofs for the 1954 national proceedings were read by the recording secretary general at her home, this report would be incomplete without an expression of gratitude to those who really did the work. The accuracy of the proceedings of the 63d continental congress and the promptness with which it was completed were due to the fine service rendered by Miss Adaline Thornton, chief clerk in the office of the Recording Secretary General, to her assistant, Miss Hardin, and to our stenotypist, George H. Lennox, Jr.

LUCILE M. LEE
Mrs. Thomas Henry Lee,
Recording Secretary General.

76240—56——2

REPORT OF CORRESPONDING SECRETARY GENERAL

Resolutions adopted by the 63d continental congress were mailed to all members of the United States Congress, as well as to those on our official mailing list. Included with the 3,489 copies of resolutions were 2,958 copies of the amendments as adopted by the congress, and to all chapter regents 2,759 copies of the honor-roll questionnaire; 3,254 copies of the directory of committees; 173 copies of the proceedings of congress. Letters from the national chairmen to their State chairmen, outlining their work, were assembled in envelopes, and 2,934 packets were sent to those on the official mailing list and members of the press committee. Highlights of program activity booklets were mailed to each of the 9,333 new members admitted at the past five national board meetings. The proposed revision of the constitution and bylaws, numbering 2,930 copies, was sent out within the time prescribed.

Of the 5,396 inquiries received, 4,679 were answered, and the remainder referred to the proper office for acknowledgment. It was my sad duty to advise our cabinet officers of the death of three of our beloved honorary vice presidents general—Mrs. Howard H. McCall, Sr., of Georgia; Mrs. Katharine W. Kittredge, of Vermont, and Mrs. Charles Beach Boothe, of California.

Complying with the requests of our members, the following supplies have been mailed: Application blanks, 54,228; applicant's working sheets, 31,026; ancestral charts, 4,791; highlights of program activity booklets, 3,774; What the Daughters Do pamphlets, 11,135; welcome cards for new citizens, 4,257; resolutions, 2,406; directory of committees, 166; Constitution and bylaws, 1,015; transfer cards, 4,026; reinstatement cards, 2,352; information leaflets, 7,270; DAR Manual for Citizenship, 76295; miscellaneous pamphlets, 9,973; total, 212,714.

Summary of material sent out: Requested material, 212,714; directive material, 27,830; correspondence, 4,679; total, 245,223.

JANE E. BARROW,
Mrs. Edward Rowland Barrow,
Corresponding Secretary General.

REPORT OF ORGANIZING SECRETARY GENERAL

That your organizing secretary general can report the organization of 32 fine new chapters and the disbandment of only 8 chapters during the past year is indeed a matter for rejoicing! This reflects a 25 percent net increase over last year, when 24 chapters were confirmed and 12 disbanded. Sincere thanks and appreciation for this wonderful work go to those who rightfully deserve the praise—the State regents!

States deserving special commendation for contiued outstanding work in organizing are: First, California with five new chapters, and may I remark that this State also has the enviable first place for having organized chapters for the past 10 consecutive years; therefore, congratulations and this year's 1955 award go to California! Texas and Louisiana follow with four new chapters each. Special mention goes to these two States and also to Florida for having a fine record of organizing each year since 1948, a period of 8 years. Appreciation to those several States which regularly included an article on organization in their DAR newssheets—especially New Jersey and Pennsylvania.

This year 31 organizing regents have been appointed, 8 reappointed; 32 chapters have been confirmed, and 35 additional chapters are now in process of organization.

In the organizing picture the problem of first concern continues to be disbandment of chapters, especially those having sufficient members but lacking leadership. Not only must we focus attention on the organization and retention of chapters as being vital to the well-being and growth of our society, but every consideration must now be given to the serious matter of chapters disbanding with above minimum membership! To offset this, two steps are urgent: (1) Encourage chapters with small memberships to strive to increase their active rolls, and (2) suggest to *all* chapters the advisability of developing "officer leadership." A consciousness of this will forestall discouragement in the chapters and provide the sustained leadership which is needed.

It is with particular pleasure I report the restoration by lamination and rebinding of the National Society's first charter book, dating from 1890 to 1954, and of the

first two volumes of our organization records, 1890 to 1927. These early records are invaluable, increasingly so! They were restored in honor of Miss Gertrude S. Carraway, president general, and exhibited at the October board meeting.

The statistical report of this office, 1954–55, as of April 19, is as follows: Organizing regents confirmed, 31; organizing regencies expired, 14; organizing regents reappointed 8; organizing regents resigned, 2; chapter organizations authorized, 8; chapter organization authorizations expired, 4; chapter organizations reauthorized, 2; chapter organization authorization cancelled, 1; chapter locations changed, 4; chapter names changed, 1; chapter incorporated, 1; chapters officially disbanded, 8; chapters confirmed, 32; total number of chapters to date, 2,782; resignation of State regent, 1; confirmation of State regents, 24; confirmation of State vice regents, 25; charters issued, 11; chapter elections reported, 2,750; membership cards filed, 33,027; chapter regents' lists sold, 9; permits issued for national and State bars, 712.

MARION MONCURE DUNCAN,
Mrs. Robert V. H. Duncan,
Organizing Secretary General.

REPORT OF TREASURER GENERAL

It is with much pleasure that I announce that the finances of the National Society are now on a cash basis. This means not only that current bills are paid but also that our books have been set up with an operating fund. The money in the operating fund consists of current dues, earned fees and dues, and all other earned income; $1,538.42 has been earned in interest by investing operating fund money, not needed for immediate use, in 91-day Treasury certificates—in other words, by not leaving the money idle.

The unearned fees and dues are set up independently and transferred only when earned to the operating fund.

The dues payable January 1 are also set up independently and transferred March 1, the beginning of the fiscal year, to the operating fund.

Under this cash basis system now in operation, our National Society can tell at a glance the exact state of its finances at all times. We know just where we stand.

The rentals from Constitution Hall totaled $77,730.80, the disbursements $69,388.34, leaving $8,342.46 for use in the operating fund. The real estate taxes paid to the District of Columbia based on rentals were $13,249.56.

Balance Mar. 1, 1954	$369, 359. 30
Receipts 1954–1955	$569, 658. 95
Disbursements	$549, 627. 87
Balance Feb. 28, 1955	$389, 390. 38

The breakdown of the $2 dues and fees is as follows:

		Percent
Salaries	$294, 035. 64	*80. 77
Printing	36, 555. 98	10. 04
Supplies	14, 424. 37	3. 96
Postage	9, 628. 95	2. 64
Maintenance and repairs	4, 966. 18	1. 36
Insurance	2, 044. 68	. 56
Sundry	2, 443. 70	. 67

*This does not include the salaries of Constitution Hall and the Magazine account, an additional $48,183.76.

The investment trust is growing very slowly, $9,674.53 having been added this fiscal year. It is very essential that this trust be built to a large amount to care for the expenses of the Society, as dues and fees are too small to carry the property and projects as they should be. The Society must be financially strong.

Nineteen chapters had not paid dues on February 1 and were not eligible for representation at continental congress; 595 members were dropped in July, and 3,063 resigned during the year, an increase of 125 over the previous year.

GERTRUDE O. RICHARDS
Mrs. J. DeForest Richards,
Treasurer General, NSDAR.

REPORT OF REGISTRAR GENERAL

The work accomplished in the office of the registrar general during the past year is reflected in the following figures: Number of applications verified, 9,000; number of supplementals verified, 448, making a total of 9,448; number of applications returned unverified, 501; number of supplementals returned unverified, 812; number of new records verified, 745; number of permits issued: Official insignia, 899; recognition pins, 1,090; ancestral bars, 859.

The last national membership figure is 435,820.

There are over 1,000 supplemental papers now on file, many of which are new lines and will therefore bring new members into the society.

Because of the excellent help of the staff, I am able to report a general clearance of the accumulation of work in this office, with the exception, of course, of the supplemental papers.

We have received many letters inquiring if an adopted daughter can file an application on the line of descent of her adopted parents. The answer is no, as our bylaws require that an applicant for membership must be a lineal descendant of a Revolutionary ancestor.

Chapter registrars can be of great aid to this office and save much valuable time by checking papers carefully before they are sent to the National Society,

noting that they are signed by the three chapter officers—regent, registrar, and secretary—endorsed by two members of the chapter, and attested before a notary public, and particularly that all dates and places are given for parents and grandparents. I call attention also to the fact that the applicant's date and place of birth are now required.

I acknowledge with thanks the continued response to the appeal for rebinding the volumes of the application papers which enables me to report that 60 books have been rebound during this year at a cost of $240.

ANNE D. WALLACE,
Mrs. Leonard D. Wallace,
Registrar General.

REPORT OF HISTORIAN GENERAL

Through the efforts of the DAR, State governors' proclamations have been issued proclaiming February as American history month in Delaware, Florida, Georgia, Idaho, Indiana, Illinois, Kentucky, Louisiana, Massachusetts, North Dakota, and Ohio. March was proclaimed American history month in Maine; also in Maryland, honoring the 50th anniversary of the DAR in that State.

In continuing our new project, of stressing American history in the 5th, 6th, 7th, and 8th grades, close contact with school authorities and students has been reported and much appreciation expressed for this work.

In the State of Washington a large public school was named for one chapter because of its historical work. By request, a New Jersey chapter is preparing a historical outline, with lists of books, movies, and speakers to be used in grade schools in its locality.

Reports show the greatest number of chapters chose the first suggested activity in our new project, offering prizes for the best grades in American history, as their project; 1,197 certificates of award; 1,851 history medals; 1,827 gifts, and $1,280.50 in cash awards were presented.

In the second activity, offering prizes for the best historical essays on American leaders and heroes or historical events, 429 certificates of award; 558 history medals; 495 prizes; $737.87 in cash; and 4 Government bonds were presented. In New York State the history essay of one pupil was read when the cornerstone was laid for a new school building.

For the best historical projects in the schools there were 176 prizes given for historical scrapbooks; 43 for maps; and 155 for playets. In all, 1,980 historical programs were given by pupils in their schools or communities.

State conference in Texas included a panel discussion by eight boys and girls in an eighth grade American history class on the subject "Early American Maritime History."

History textbooks were checked by a total of 2,054 members, all States participating. Your reports show that 45,355 children were taken on historical tours. A member in New Jersey has executed with professional finish a picture map of a city in New Jersey with 77 historical spots which is used in schools and placed in libraries. Historic films were shown to school children in Connecticut, District of Columbia, Maine, Louisiana, New Jersey, Ohio, and Virginia.

In Georgia a tricounty "history bee" was held with 33 contestants; in Illinois a "history quiz down" for all fifth grade students in one town was sponsored; and a "history spell down" was reported in Indiana. Historical radio programs were given in Indiana, Kentucky, Pennsylvania, Utah, and Washington.

A member in Connecticut, Mrs. Charles Sherwood, and her husband donated to the Old North Church in Boston, Mass., a rare giant white-oak tree, 350 years old, to replace two beams formerly in the steeple which will serve as main structural parts of the new steeple. A total of $3,173.62 was reported as contributed by our chapters to this restoration.

An important part of our work is marking the graves of Revolutionary soldiers. Reported graves marked were Revolutionary soldiers, 365; wives and daughters, 24; members, 907. Pictures were made for television in Missouri when a bronze plaque, honoring all Revolutionary soldiers buried in one county, was unveiled on the first floor of the courthouse.

Another interesting phase of our work is the preservation and marking of historical sites. The birthplace of our first lady, Mrs. Dwight D. Eisenhower, was marked in Boone, Iowa. The first monumental statue of George Washington in Texas was dedicated on the University of Texas campus in February.

The purchase was completed of the Madam Brett homestead, in Beacon, N. Y., which was built in 1709 and where salt for the American Army was secretly stored in its cellar in 1775. Two chapters in North Carolina collaborated in the purchase of a Revolutionary War drum. In Montana a diorama was presented to the State Historical Museum. Historical local interest has been increased in one county in Missouri as the result of the dedication of a roadside marker commemorating the first American town in Missouri. A marker was placed in Rindge, N. H., where men gathered to march to Lexington. A chapter in Ohio presented a beam from Caroline Scott Harrison's birthplace to Oxford Museum Association. A total of 97 historical markers and 52 restorations has been reported this year.

Historical programs numbering 2,862 have been given and 3,589 patriotic anniversaries observed. Over 1,000 participated in historical tours on Constitution Day in the State of New York. Chapters have also been invited to attend a church service in a group on the Sunday nearest the birthday of George Washington. A chapter in South Carolina and one in Texas include an historical article at each chapter meeting.

Buildings worthy of preserving are being listed and filed as reported to this office.

Gifts received in our archives this year are, 3 from Massachusetts; New York, 3; and North Carolina, 14. Three bound volumes have been received in our historical department from the District of Columbia.

KATHERINE G. CORY
Mrs. Wayne M. Cory,
Historian General.

REPORT OF LIBRARIAN GENERAL

The DAR library is one of the three finest genealogical libraries in the United States. This is the result of the great interest and untiring efforts of the members during the past 60 years.

Early in July a letter was sent to each State librarian with a list of books requested from her State.

Last year the District of Columbia was the only State to send in every book on the "request" list. This year two States have this honor to their credit: Massachusetts and again the District of Columbia.

Eleven names have been placed on the honor roll of States having a librarian in every chapter. They are Alabama, District of Columbia, Maine, Massachusetts, New Hampshire, North Carolina, Ohio, Oklahoma, Rhode Island, South Dakota, and Virginia.

Several chapters are sponsoring local libraries. Louisiana has one named "The Annie Laurie Moody Library" in memory of a beloved State regent.

Many chapters maintain DAR book shelves in local libraries. Mississippi has a State traveling library which makes the rounds of the chapters in that State. An Alabama chapter presented a magazine cart, with 15 subscriptions to a hospital.

A great many chapters place the DAR Magazine in libraries, schools, colleges, hospitals, and other institutions.

The national library fund has been enriched by your gifts. This is used for purchasing, repairing, and binding books, and for library equipment.

The genealogical records committee adds important and valuable material to the library.

A framed diagram has been hung near the entrance to the balcony identifying the State flags in the library.

Miss B. Virginia Smith of the Descendants of '76 chapter, District of Columbia, has presented a "Family Tree" of Robert Lewis by Stanford Bacon Lewis. It covers a period of 300 years and carries about 8,000 names, with a complete index.

The District of Columbia chapter librarians and the genealogical records committee are indexing books now on our shelves. The District of Columbia State librarian reports the listing of 5,000 names from the 1880 mortality records of Louisiana.

A complete list of recent accessions—every book, pamphlet, manuscript, etc.—is printed in the DAR Magazine subsequent to the meetings of the national board in February, April, and October.

We have two recordaks for reading the microfilms. These are in almost constant use, especially the census schedules of 1850–1880.

During the year 863 books, 490 pamphlets, and 89 manuscripts were received in the Library.

Contributions to the national library amounted to $2,133.92. The different States used $2,732.39 for their libraries.

ALICE PAULETT CREYKE
Mrs. Geoffrey Creyke,
Librarian General.

REPORT OF CURATOR GENERAL

Several events of great importance to the museum took place during the year. First, it will be recalled that the large and important Kathleen Douglass collection was accepted during the 1954 continental congress. Then, on October 14, another large and important collection came to the museum. Letters and documents bearing the signatures of 37 of the delegates who signed the Constitution of the United States in Philadelphia in 1787 were presented to us by Mrs. Wade H. Ellis of Susan Riviere Hetzel chapter of the District of Columbia. Mrs. Ellis made this gift in honor of her sister, Miss Luella P. Chase, national museum adviser. The letters were collected by the late Emil Hurja. In making the presentation Mrs. Ellis said, "By reading these original letters and documents, beginning with the letter from George Washington, President of the Constitutional Convention, we understand the sterling qualities and high principles of the men who founded our Republic."

Other outstanding gifts throughout the year are an Oriental Lowestoft platter, land grants signed by Jefferson, Madison, and Monroe while they were Presidents of the United States, framed samples of ribbon and silks from gowns worn by Martha Washington, a pair of whale-oil lamps used in various households of the Adams family from John Adams to his son John Quincy Adams on down to the mother of the donor, a powderhorn used in the Revolutionary War, a silver carving fork and two silver carving knives from Maryland (they were part of the dower of Mary Diggs when she married Thomas Sim Lee, the second governor of Maryland). A picture called "Pansies," painted by Caroline Scott Harrison, the first President General of our Society, comes from Prince Georges County chapter of the District of Columbia. It hangs in the museum near a case holding one of Mrs. Harrison's gowns. From New Jersey came a pink and copper luster pitcher.

From Wisconsin has come a cane which belonged to the Rev. William Paine, great great grandfather and Revolutionary ancestor of the donor. An interesting rifle made between 1810 and 1815 has been added to the collection. It belonged to Henry Laurens, son of Henry Laurens, president of the Continental Congress.

From Mrs. Harold E. Leake of Canton chapter, Ohio, has come the gift of an old cup and saucer, in memory of her grandmother, Mrs. Sarah Warner Beazley Hill. This historic cup and saucer came to Mrs. Leake from John Washington, born 1692, first child of Lawrence Washington, born in 1661, at Bridges Creek, Va. The dishes were inherited through Mrs. Leake's great grandmother, Mary Herbert Washington Beazley.

We have also received a pair of tin candlesticks and a hair bracelet from New Jersey. From Wisconsin has come a rare chemise stud.

From the sale of 33,000 Grandma Moses note folders together with contributions to the art fund we have been able to have four pictures restored. The first 13,000 folders were a gift from Hall Brothers. We paid for the second and third orders of 10,000 each, and funds are still coming in from sales.

The four paintings we have had restored are an early American painting of the "Capture of Major André," which hangs over the mantel in the banquet hall; a portrait of Mary Lightfoot Allen by John Wollaston, in the museum; "Washington Scene" by Max Weyl, of the site on which Memorial Continental Hall is built; and a portrait of Thomas Johnson in the Maryland room.

There has been much activity in the State rooms. Alabama room has a new metal gate, and the portrait of Kate Duncan Smith has been restored at the National Gallery of Art. Illinois room has acquired an exquisite Chippendale tea table. The Maryland room now has a handsome Baltimore Hepplewhite secretary and an original Hepplewhite sofa.

West Virginia room has had a cupboard changed to a built-in colonial bookcase The room has been painted and has new draperies and venetian blinds.

Venetian sunbursts have been placed in the Maine room. Kentucky and Wisconsin have had venetian blinds installed in their rooms. Three beautiful Sarouk Oriental rugs have been purchased for the Wisconsin rooms, adding great warmth and color. There has also been a new metal gate installed.

The Michigan colonial library has been painted Chippendale yellow. New draperies of the same color have been installed. The wing chair and sofa have been reupholstered in a heavy yellow damask, several of the chairs in a handsome striped material in colonial yellow, cream, and blue, the Queen Anne chair in Old English Yorkshire antique yellow dragon leather.

During the past year a total of $7,187.82 was sent in to the museum fund. This includes the art fund, and the money from the sale of Grandma Moses note folders. Honorable mention goes to the State of New York. The blue ribbon money award goes to the Satte of Virginia.

VERA J. SOUTHGATE
Mrs. Richard C. Southgate,
Curator General.

REPORT OF THE REPORTER GENERAL TO THE SMITHSONIAN INSTITUTION

In accordance with an act of Congress of the United States on December 2, 1895, which established the requirements of our Society to report annually to that body, your reporter general has edited and compiled the Report to the Smithsonian Institution from reports which were presented at your 63d continental congress.

To make the report interesting to our Congressmen and useful as a reference, it has been written in the narrative rather than the statistical form, highlighting the outstanding features of our State and national activities.

To facilitate its compilation, the report has been divided into four parts. Part I contains the reports of the cabinet officers, the State regents, and the chairmen of the national committees. The objective of the Society for the year having been to PERPETUATE THE SPIRIT OF AMERICA, a reading of the reports reveals how completely and adequately this theme was emphasized in every phase of the work.

Part II contains the resolutions adopted at the 63d continental congress. Part III presents the report of the National Society, Children of the American Revolution, and your attention is directed to this interesting account of the activities of your successors. Part IV records the grave locations and other data of 772 soldiers of the American Revolution; these new data also have been added to our files in the historian general's office.

Your reporter general has submitted this 1954 report to the Secretary of the Smithsonian Institution as required. When he presents it to the Congress of the United States, it will become a document of the United States Senate. Mr. Paul H. Oehser, Chief of the Smithsonian Editorial and Publications Division, will see the booklet through the press.

During the summer, letters of instruction were sent to the State regents concerning their reports and to the State historians in regard to the collecting of of records of graves of Revolutionary soldiers and ancestors not formerly reported.

For the current year, members in the following States have recorded 5,903 grave locations: Massachusetts, 2,331, for which an award of $5 will be presented. Ohio will receive an award of $5 for having the largest number of chapters participating; 126 chapters recorded 2,050 graves. The Paul Revere Chapter in Massachusetts will receive an award of $5 for having reported the largest number of any chapter. Connecticut reported 851 graves, California 124, Pennsylvania 76, Virginia 60, Kansas 55, Rhode Island 42, New York 40, Wyoming 35, Kentucky 32, Illinois 28, Colorado, Idaho and West Virginia each 22, Florida, New Jersey and Wisconsin each 19, New Hampshire 10, Vermont 9, Michigan 8, Maryland and Missouri each 7, Iowa and Maine each 5, District of Columbia and Georgia each 2, and Alabama 1.

The graves of two unknown French soldiers were discovered in the East Farms Cemetery at Waterbury, Conn. These young men were on their way from Rhode Island to Yorktown when they volunteered to assist our forefathers and lost their lives, according to the information on the headstones.

The listing of over 5,900 graves involved a tremendous task of careful research, and the participating chapters and State historians deserve much credit and praise for this arduous work.

FLORENCE WHITMORE FULLER
Mrs. Edgar Atkinson Fuller,
Reporter General to the Smithsonian Institution.

REPORTS OF THE STATE REGENTS

REPORT OF ALABAMA STATE REGENT

The story of the DAR in Alabama for the year 1954–55 is a record of achievement along educational, patriotic, and historical lines. The most worthwhile accomplishments lie in the field of education for mountain boys and girls and the recognition of worthy senior high school girls through our DAR good citizens program. One of the two DAR-owned schools in the United States is the Kate Duncan Smith School, located on top of picturesque Gunter Mountain at Grant, Ala. The Alabama Daughters work untiringly for this school, where the two "C's," citizenship and character, are taught along with the three "R's." To the traditional "readin', 'ritin', and 'rithmetic" have been added "religion and responsibility." In its almost three decades of existence, the Kate Duncan Smith School has made a lasting mark on the life of Marshall County as well as the State of Alabama.

It is more than a school: It is citizenship in action; it is democracy in action. And it is a means of bringing better living and better health to the entire Gunter Mountain area.

This mountaintop school is built of native rock as sturdy as the foundation of Gunter Mountain and as sturdy as the principles held aloft by the sponsoring DAR. Here work and study are as much fun as play. Enrollment has climbed to more than 600, and we need more classrooms. The school teaches the 1st through the 12th grades, with emphasis on vocational agriculture, homemaking, and other studies that the children can use in everyday life in the area serviced by the school. Students who show special proficiency are helped in college by a scholarship fund.

Good health at school and at home is part of the DAR school program. The school nurse gives out vitamin tablets every day and also works with the families in their homes as an unofficial extension nurse. Good health requires good food, and lunches at Kate Duncan Smith School are above average. They are served in the Helen Pouch lunchroom in cooperation with the Federal lunch program; the school offers a meat, vegetables, milk, and dessert for 20 cents. The students unable to pay get the same lunch free. Much of the food served comes from the 80-acre farm. Specialized gifts were donated in the fall for this farm, such as a farm tractor, fertilizer spreader, cultipacker, and a farm drinking pond. Many more such items are needed.

This year's projects include an arts and crafts building and a nondenominational chapel on the brow of the mountain. The need for a mechanical arts building is pressing.

The value of K. D. S. to the youth of the 100-mile area cannot be measured in dollars and cents. It has been and continues to be an inspiration to the county and State.

In recognition of outstanding leadership in senior high school girls, Alabama chapters sponsored the selection of a DAR good citizen girl in each of the 333 accredited high schools in Alabama. All girls received pins, and the winner was presented with the $100 bond given by the National Society at the State conference; 271 of these girls attended the DAR-sponsored trip to Montgomery, where they were guests of Huntingdon College, were received at the Governor's mansion, and were taken on a historical tour of the city. This year the national chairman attended the pilgrimage in recognition of Alabama's outstanding work for this group.

The Alabama Society has the highest membership in its history. There are 4,628 children in Junior American Citizens clubs. The genealogical records committee sent 3,256 bound pages of records to the library, and the work of the

Society has been publicized in 41 daily and 38 weekly papers with a total of over 12,000 inches of publicity. The programs have been varied; the community work has been widespread, with special emphasis on American music, patriotic holidays, national defense, and Americanism.

CAROLYN LANE LUTTRELL
Mrs. John Oden Luttrell,
State Regent, Alabama.

REPORT OF ALASKA STATE REGENT

Alaska now has a membership of 47, with an increase of 4 members this year.

There has been a 100 percent attendance at the district courts to help with or have charge of ceremonies for naturalization. We welcome new citizens with DAR cards and American flags. This year we gave out 150 such cards and flags. Manuals have been furnished the local immigration and naturalization office and also to all prospective citizens studying for their citizenship.

We realize that only through the youth of our land shall we be able to survive and grow in strength. We contributed locally to the youth's camp and pledged a charter membership to this camp. We served many hours in USO work. Because of the fact that we have many military installations near our chapters, we have really put in much hard work. We also serve one evening meal for the USO servicemen—a Sunday evening supper. We checked the schools' history books. We gave a 1-year subscription of the DAR magazine to the high-school librarian for the students' use, and plan to make it a permanent project.

The Daughters took a very active part in all the community drives. They served as chairmen and solicitors in drives such as cancer, heart, Red Cross, X-raymobile, march of dimes, and all other community-sponsored drives. One chapter donated $100 toward the purchase of materials which members used to make garments for Korean orphans; 17 articles were sent to Korea. Our members also actively participated in civil defense, civil Air Patrol, and disaster nursing service.

We donated $20 to the DAR sponsored mountain schools. In Alaska we also helped native schools with financial gifts and helped the Alaska Native Service Hospital with clothing and money.

We had 175 inches of newspaper space devoted to conservation alone and had an additional 200 inches of general DAR information.

Our members distributed a number of United States flag foundation booklets and gave talks in schools regarding the flag, its proper use, and history. We worked with the Sons of the American Revolution to sponsor a bill that an American flag be placed in every Alaskan schoolroom.

This year we were given $75 worth of radio time for our DAR activities. We used this time mainly to publicize patriotic days. We worked with the SAR, the newspapers, the radio, and TV stations to create good public relations.

Here in this territory of wide expanses and sparsely populated people, we are working slowly but steadily to keep this outer perimeter of our country American first and Alaskan always.

ANNELLA V. DAVIS
Mrs. Edby Davis,
State Regent, Alaska.

REPORT OF ARIZONA STATE REGENT

Arizona has seven chapters with 529 members. We are proud of one mother who has five DAR daughters, Mrs. R. K. Minson of the Charles Trumbull Hayden Chapter.

Much work was done with the naturalization courts. Flags and flag codes were given to new citizens with 161 manuals presented. Awards were given in schools for essays and plays on Americanism. Chapters cooperated with other patriotic societies in observance of Memorial Day, Flag Day, and Citizenship Day.

Arizona has one of the largest Indian populations of all the States. Programs and slides are in use in many of the chapters with an especially interesting program on the Supai Indians.

Christmas cards were collected to be used in handwork. Clothing was given and cash donations of $15. Indian children from a nearby school were entertained in homes during the Christmas holidays.

Work for the American Red Cross has been carried on rather extensively, with over 2,200 hours in public information service, 98 hours in surgical dressings, 50 hours in the Red Cross drive for membership, and many hours served with the bloodmobile and the Gray Ladies. Christmas boxes were sent to men on the high seas and the armed forces. Cash contributions totaled $15.

All the chapters featured American and Indian music, showing the tender and warm-hearted side of the Indian in song and story. One chapter had a paper about American music from Colonial times to the present. Memorizing the national anthem was stressed.

A total of $182 and 83 pounds of clothing valued at $98 were contributed to the approved schools. To Tamassee $45 was sent for maintenance, $35 for a mixer stand, and $16.60 toward enlarging the kitchen. To Kate Duncan Smith School a scholarship of $50, $30 for maintenance, and $5 for Christmas, were donated.

A film showing the effects of control and erosion and soil development has been shown the chapters, and a tree was planted on the grounds of one of the elementary schools.

Our State chairman on the correct use of the flag succeeded in having a law passed by the Arizona Legislature to require the display of the American flag in every voting place in the State. Flags were presented at 10 naturalization courts, and members displayed their flags on all national holidays.

This year 57 high schools entered the DAR good citizen contest, and each of the 57 contestants was awarded the medal. The subject of the essay was "Nominate three people who have been in the public eye in the last 20 years who in your opinion deserves the title of GOOD CITIZEN." The winner received the award of a $100 bond. A second prize of $25 was given and a third prize of $10.

There are 113 members in our State who subscribe to the DAR Magazine. We solicited $100 in advertising.

We gave $12 to the DAR museum.

The student loan fund totals approximately $1,800, of which $100 was lent to a student this year.

The members had 38 pages of genealogical records bound and copied six pages of new records.

A new Junior American Citizens club has been formed in which the children conduct their own meetings, elect their officers, and discuss the duties of citizens. Ten dollars was contributed for the fund.

On national defense work, all chapters have been concerned on pending legislation, and copies of an address on the amendments to the United Nations Charter were sent to every chapter. We presented 51 good-citizen pins to the children and other awards to adults. Throughout the State we have been striving for better motion pictures in the theaters, particularly for the children's matinees.

For their programs this year our chapters used the theme FOSTER TRUE PATRIOTISM. This also was carried out on the radio and television on Citizenship Day, Navy Day, Thanksgiving, Christmas, and a few other times. On one broadcast the State regent was interviewed on WHAT THE DAUGHTERS DO.

WILMA C. PETERS
Mrs. Ivan Peters,
State Regent, Arizona.

REPORT OF ARKANSAS STATE REGENT

The efforts this year have been to coordinate and integrate the activities of the 30 Arkansas chapters into the established national program.

For the youth program the chapters gave a $250 scholarship to Bacone Indian College as well as contributing $168 for maintenance. St. Mary's School for Indian Girls received $10.50; the other approved schools were sent $326, while clothing valued at $322 was shipped to them.

We sponsored 77 good citizens in the high schools and entertained the girls who entered the final contest at luncheon when we presented the winner with a $100 bond and all the girls with the pins. We made 2 loans to college students to assist them in their education, and we have 6 JAC clubs in the elementary schools.

Our chapters solicited $506.50 worth of advertising for the DAR Magazine. In the newspapers we had 5,250 inches of space and 118 pictures. We had 3 television programs, 16 radio broadcasts and spot announcements of all the chapter activities for 5 chapters.

In conservation, our members planted 250 trees along highways and on the grounds of public buildings, and plans have been started to establish a State birds sanctuary.

We sent $89.70 to the DAR Museum and $17.50 to the DAR Library. To the local libraries throughout the State, the members presented books valued at $450.

The outstanding event was the restoration of the group of historic buildings at the territorial capitol, for which accomplsihment the State regent presented to State of Arkansas with the DAR award of merit.

RUTH STAYTON MASSEY
Miss Ruth Stayton Massey,
State Regent, Arkansas.

REPORT OF CALIFORNIA STATE REGENT

The slogan of the California State Society, "Aim high, work hard on DAR projects, have fun," paid splendid dividends for the 7,500 California Daughters in 131 chapters. Five new chapters were organized during the year; the State gained 532 new members and 46 reinstatements.

California ranked first on the National Society's honor roll of the 48 States, having 82 chapters fulfill 10 or more of the 12 requirements of the honor roll.

In the October 1954 issue of the DAR magazine, California had an outstanding section which included a colorful article on the State's geography and history. In all, 116 chapters placed 250 ads and 50 pictures, totaling $8,339. This accomplishment places California first in this facet of the National Society's work.

Californians have a yesterday as well as today and work to keep the past alive in the hearts of those living in the present. The copying of old wills, vital statistics, pioneer papers, and family histories totaled 5,000 pages. Ten markers were placed on historic spots throughout the State, so that the history of California can be objectively appreciated. A beautiful plaque was placed in the Santa Monica area on the spring discovered by Father Serra, the Franciscan priest, who likened its waters to the "tears shed by Saint Monica for her wayward son, St. Augustine." From this the city of Santa Monica was named.

Youth is America's greatest asset. California Daughters, recognizing youth's vital role in the country's progress, stressed educational projects, emphasized awards for youth, and worked consistently in the schools of California. Many chapters checked textbooks and library books used in the schools. Eight hundred awards were given to boys and girls in the public, private, parochial, and military schools of California. These awards included 100 Junior American Citizens pins, 100 Good Citizen pins, and 43 ROTC medals.

California's State law makes teaching of the history of the United States mandatory in the elementary, junior, and senior high schools. Three hundred American history medals and certificates were presented in an effort to stimulate greater love and appreciation of country. More than 200 cash awards and DAR thimbles and spoons were given to girls in home economics classes.

Guided by the thesis "as the twig is bent so grows the tree," the California Daughters established a DAR neighborhood center in East Los Angeles, where ideals and philosophy of Americanism were taught. Classes in crafts and homemaking were conducted daily for the underprivileged children of that area. There were 300 children who attended weekly. The police have gone on record as saying that no child having enjoyed the privileges of the DAR center has been delinquent.

Freedom is a birthright for millions of Americans, but to thousands this freedom is a goal to be reached only by becoming citizens of the United States. Over 13,000 DAR Manuals for Citizenship were distributed to foreigners for study in naturalization classes.

"Practice true patriotism" was the slogan used by the American Indian committee. Since California has the fifth largest Indian population in the United States, extensive welfare work, gifts, and scholarships to Indian students composed the work of the State.

"Keep America American" was the keynote of all national defense work. To this end 3,500 pledge of allegiance cards were distributed to schools. Every chapter had at least 5 minutes devoted to national defense problems at every

meeting during the year. Public relations played a large role in California, and the press, radio, and television were very generous with space and time.

The work of the State and every chapter was geared to interpret to each community the National Society's theme, "Foster True Patriotism."

RUTH APPERSON ROUS
Mrs. Ruth Apperson Rous,
State Regent, California.

REPORT OF CHINA STATE REGENT

The Shanghai chapter of the Daughters of the American Revolution reports that its last Chinese scholarship girl is doing cancer research work in a St. Louis university, as a Ph. D. Our present project is a scholarship for an Indian student in Bacone College. With 8 former missionaries and the wives of 6 YMCA secretaries to China, it is natural that we asked to have a scholar who intends to devote his life to Christian work for his people. President Thompson assigned to us a Cherokee Indian lad, whose purpose is to become a minister to his people.

Mrs. Dawson, our first alternate, is back from 2 years in Bangkok, with her husband, an agricultural attaché, and prior to that was in Shanghai, and in Korea, from which country she escaped just ahead of the Communist invaders, with very scanty baggage.

MARY MATTESON WILBUR
Mrs. Hollis A. Wilbur,
State Regent, China.

REPORT OF THE COLORADO STATE REGENT

Colorado DAR membership now stands at 2,518, a gain of 43.

Activities of chapters have been varied, reflecting in many ways a good community influence. Among the new citizens welcomed into the life of our country are many who have received their citizenship through the assistance of 19 chapters working with naturalization courts, where 502 manuals for citizenship were distributed. Members also worked with illiterates, mental patients, and veterans in hospitals.

To further our patriotic program, 1,068 flags, in addition to 927 flag codes and 300 pledge of allegiance cards, were given this year. A heart-warming letter was received in gratitude for a Colorado flag which was sent to boys in the 23d Infantry Regiment's 3d Battalion in Korea.

Fulfilling the educational part of our DAR objectives, Colorado sent scholarships in the amount of $1,175.25 to 3 approved schools, contributed $443 toward the construction of a new kitchen at Tamassee, and donated much clothing. Five scholarships given in local schools amounted to $1,200.

Bacone Indian College and St. Mary's High School for Indian Girls received $106 and several boxes of clothing. Exceptional work has been done for Indians in tubercular wards in providing primary classes to enable patients to start their education while hospitalized. Materials for handicrafts were furnished them.

Twenty-five history medals, certificates, and other gifts were awarded for outstanding work in United States history; $200 was given in cash awards and a history scholarship, and 291 children were taken on historical tours.

The graves of 22 Revolutionary soldiers were located. Members of several chapters assisted in establishing local museums to preserve relics of early western days. Of historical interest are the Ute Council Tree at Delta, marked by the DAR in memory of Chief Ouray and his wife, Chipeta; the concrete tepee erected by the DAR over a mineral spring near Chipeta's burial place at Montrose; an inscription copied from the only grave remaining from the old Irwin cemetery near Kebler Pass; restoration of Old Fort Bent; and marking the site of Camp Collins.

An increase of 1,215 new members in Junior American Citizens clubs makes a total membership of 16,394 in 483 clubs, including 43 new clubs this year. JAC training provided for handicapped children.

DAR lineage books were donated to a public library and a set of Encyclopedia Britannica was given to the State Industrial School for Boys. The sum of $100 was contributed to purchase genealogical books for the national and local libraries. There were 330 pages of gravestone inscriptions copied, typed, bound, and sent to DAR library.

Four CAR societies have 65 members, with 1 new society in process of organization. Twenty-five CAR members ushered at Citizenship Day ceremony and presented new citizens with carnations.

Colorado is giving a $50 scholarship to a teacher to attend a conservation workshop. The chapter projects are to sow seeds of the Colorado blue columbine and grass to reseed mountain areas. Two chapters plan to have seedlings propagated from scions of the Washington Elm.

Two awards of merit were presented to members for their years of patriotic service to the DAR and to their community. Over 520 pieces of national defense literature were distributed, and 117 good citizenship medals were given to students.

The good citizen girl winning first place received a $100 savings bond from the National Society; winner of second place was given a $25 bond by the State society. Both girls were entertained at the State conference. There were 98 schools represented in the contest, which is based on scholastic standing, attitude toward work in school, accepting responsibility, and other attributes of a good citizen.

All 36 chapters secured advertising for the May issue of the DAR magazine, which shows scenic and historical views of Colorado.

MAUDE C. ALLEN
Mrs. Arthur L. Allen,
State Regent, Colorado.

REPORT OF CONNECTICUT STATE REGENT

The report of the Connecticut Daughters for this past year is one filled with interest, activity, and accomplishment for all phases of DAR work—historical, educational, and patriotic—and at National, State, and local levels.

With more than 300 years of history and tradition behind us, it is natural that our members should be "historically minded." It would almost seem that the great bulk of genealogical work in this State must have been done, yet members continue to find and record important data, and chapters continue to place markers and plaques. Our historian's State project has proved popular—a collection of slides of "Historic Connecticut," to which members are constantly adding. Five chapters maintain historic old burying grounds at considerable expense, and four others maintain charming old community landmarks as museums.

The Connecticut society has maintained two museums for many years. The beautiful Oliver Ellsworth Homestead in Windsor has been ours for over 50 years, while in Lebanon the home of Connecticut's Revolutionary governor Jonathan Trumbull has been open to the public for over 20 years.

The project of locating the graves of Revolutionary soldiers and their wives gained great momentum this past year, and a total of 1,203 were recorded.

Many of our members contributed to the restoration of the Old North Church steeple. An interesting highlight is the giant white oak (250 years old) given by one of our members to be used in the actual restoration work which furnished 50 tons of wood.

We are fortunate in Connecticut in that the teaching of American history is required by our schools. Chapters give added encouragement by presenting medals and awards for historical projects and essays. Historical tours have proved very popular with the children and faculty alike.

Connecticut has always been keenly interested in the educational aspects of DAR work. This year we gave over $6,700 to the 13 schools that the National Society helps support. State and chapter funds furnished scholarships for Connecticut youngsters entering college. Interest in the American Indian and his problems has doubled, and we contributed generously to two Indian schools. We have continued to encourage good citizenship in our young people through the Junior American Citizens clubs that we sponsor, and presentation of good citizenship medals in elementary schools. Our good citizens program accomplished the same purpose at the high-school level, and all but three of Connecticut's high schools participated.

Our patriotic program is a full one that includes a great deal of Americanization work. Our members have worked in naturalization courts and night schools; assisted with citizenship papers; awarded attendance prizes at night schools: visited and entertained new citizens; one chapter teaches English to elderly aliens in a county home and helps them with their papers. Interesting highlights of this program are:

At the request of State immigration authorities, our DAR furnished all the programs for the mass naturalization ceremonies held in three key cities.

One chapter supplied 3 high schools with kits of patriotic material (much of it DAR), which proved so popular that there were requests for 40 more.

At the invitation of the governor, our Connecticut DAR planned and conducted the official Independence Day ceremonies at Hartford, the State capital.

About 3,000 manuals were distributed for citizenship training and as textbooks in public schools. The head of adult education in one of our largest cities wrote a letter in a daily paper praising the DAR and stating that it justified its existence with this work alone.

Our members have been working hard for the passage of the Bricker amendment to protect our Constitution. They are working against any changes in the United Nations Charter that would promote world government.

LAURA B. MACKENZIE,
Mrs. Ronald B. MacKenzie,
State Regent, Connecticut.

REPORT OF CUBA STATE REGENT

Havana Chapter, the only one in Cuba, has 57 members, with 30 residing in Havana. Several new members and prospective members first became interested in the chapter through our annual American history contest. Last year it was held on March 12 and was prepared by the national defense chairman and her committee. It was divided into three parts: an oral quiz for students from fourth through eighth grades, divided into beginners and juniors; an essay contest for seventh grade through high school students; and speeches for high-school students. For the quiz a chronology and 100 questions for each group were published in the Havana Post a few weeks before the contest, and 10 questions were chosen from each group for the quiz. (Twenty-five copies of the history contest were requested in the States and were sent by Mrs. Clara Park Pessino of the Havana Post.) Essays were written in school as part of class work on privileges and obligations of citizenship. Our cultural attaché judged these essays. The high-school group prepared speeches on The Greatest American. The quiz was held in the afternoon and the winners were awarded cash prizes by our regent. The speeches were given in the evening and were judged by the United States Consul General and teachers from several schools. The winning essays were read and prizes for speeches and essays were presented by United States Ambassador Arthur Gardner.

Our meetings have been followed by programs, including a lovely Christmas program and two travel talks. The pledge of allegiance is given at every meeting, and each new member is presented with a small American flag. In October a large luncheon-bridge was held in order to raise funds for our projects. We have given a $150 local scholarship and a $200 scholarship to Tamassee.

On Memorial Day flowers were placed on the Anglo-American, American Legion, and Masonic Mausoleums and on the tomb of Admiral Duquesne, Revolutionary soldier. On February 15 flowers were placed on the Maine monument.

Our student loan fund is $1,427.38; all loans have been paid. Nine members, including five officers, subscribe to the DAR Magazine, and one gift subscription is sent to the Havana Post for Mrs. Pessino, who is most helpful when we have our history contest. We had 83¾ inches of publicity, less this year than usual, because of the prolonged strike of the Havana Post, our only English language paper.

We have had a very successful year with the active support and cooperation of our members.

MRS. VICENTA PARDO,
State Regent, Cuba.

REPORT OF DELAWARE STATE REGENT

The Delaware State Society is happy to report an increase of 37 members in the past year.

Our national library received from us the Talley Genealogy, The Military Archives of Delaware (in three volumes), and the Calendar of Delaware Wills.

Governor J. Caleb Boggs, upon request, declared February American history month. We have marked several Revolutionary soldiers' graves, checked history textbooks in schools, and presented certificates and awards for best grades in American history and history essays.

Through our genealogical committee we have assembled volume 6 of Delaware Bible records, consisting of 400 pages of records and index copied exactly as found in the pages of the Bible. An Obituary Book was located in Lewes, Del., which gave ages, occupations, and causes of deaths.

We contributed $214 in cash and many boxes of good clothing to our American Indians.

Our Red Cross committee has been active as Gray Ladies, as blood donors, and in helping with membership and fund drives, giving service wherever needed.

We have sent cash and many boxes of good used clothing to our approved schools, as well as contributions to the All States' Kitchen at Tamassee.

A letter was received from the 113th Infantry in Korea requesting a Delaware flag, which we sent at once, and we have reported several flag abuses to State police, who cooperated immediately.

Our Miss Good Citizen of Delaware received the $100 Government bond presented each year to a high-school senior girl student who possesses to an outstanding degree the character qualities of dependability, service, leadership, and patriotism.

Subscriptions to the DAR Magazine are on the increase in the State.

We have been able to extend student loans to deserving applicants.

Our national defense committee is very conscious of world tensions and tries to keep the membership rightly informed. Members are giving much time to civil defense.

We have tried through our American music committee to keep our composers and compositions before our members. Music week is observed. We have insisted that our National Anthem be played as often as possible. Several bands are using the Star Spangled Banner as their closing number at all public and private concerts.

The members of Delaware DAR anticipate each spring the presentation of the Lt. Clarke Churchman award by the State regent to the highest proficiency cadet officer of the R. O. T. C. of the University of Delaware. This takes place on the University Green and is quite colorful.

Delaware Sunday at Valley Forge, January 2, was an impressive service and very well attended. The Delaware Daughters and Sons of the American Revolution joined in making this a memorable day.

RUTH M. HOCH,
Mrs. Charles I. Hoch,
State Regent, Delaware.

REPORT OF DISTRICT OF COLUMBIA STATE REGENT

I make this report, for the 3,994 members in the District of Columbia, in 60 chapters.

Our promotion of the general DAR program has been consistent, intelligent, and productive. We have recognized our obligations to community, State, and Nation and our opportunity to meet many of them through the activities outlined by our National Society.

Under out national defense committee the District DAR sponsored four public programs on civil defense and invited participation by many women's groups. The committee also presented 86 Good Citizens medals to girls and boys in the junior high schools, an activity welcomed by the school authorities.

Our approved schools work included 60 scholarships totaling $4,572, while clothing and household articles valued at $8,494 were sent.

Our correct use of the flag committee with its record of 61 flags presented, each with an appropriate and informative ceremony, has spread widely before the public the DAR interest in promoting wide use and proper respect for our Nation's flag. In addition, 20 small flags were given to Civil Air Force units going abroad on an exchange program.

Our conservation committee has provided a grove of 50 plum trees at Tamassee, one of our DAR approved schools, which will add beauty and fruit to the school and training in horticulture to the students.

Our librarians committee presented many books and manuscripts to the national DAR library, including, for the fifth year, all the rarities requested by the librarian general. In cooperation with the genealogical records committee, they have, through abstracting and carding of materials, made available for research workers 2,707 genealogical records formerly not usable.

Our 12 committees which deal with youth and education have each been active.

We met the problem presented by the integration ruling squarely and in at least six additional committees widened the scope of our programs to include work with young people from all groups.

Good public relations have been materially increased also by our Junior American Citizens program, which has been declared by a member of the Board of Education to be one of the best deterrents to juvenile delinquincy in Washington. Well over 1,000 members organized in 25 clubs, many in the public schools, have held regular meetings conducted under proper rules by their own officers. Programs include the pledge of allegiance to the flag, the Junior American Citizen's creed, patriotic songs, and reports of their officers and committees, followed often by the showing of an historical film. It is excellent training for future good citizens.

Our work at the naturalization court and in the Americanization school is becoming a model for the country. Each month at the court a DAR representative is 1 of 2 people called upon to address and welcome the new citizens, all of whom have used the DAR manual for citizenship in preparing for this supreme event in their lives. The Americanization school, now a part of the public-school system, was originally organized by the District of Columbia DAR for instruction of the foreign-born in English and the requirements for becoming citizens. The DAR has distributed 1,100 manuals for citizenship and 500 pledge of allegiance cards this year and continues its friendly cooperation and support of the school in many ways.

We are grateful to the United States Marine Corps for its cooperation with our DAR State historian. This year our annual observance of Constitution Day was a ceremony in the Marine Barracks at the time of their sunset parade.

We have accomplished much which cannot be included in this brief report. The prevailing spirit of enthusiasm and friendly cooperation everywhere evident has made possible our record of achievement.

FAUSTINE DENNIS,
Miss Faus'ine Dennis,
State Regent, District of Columbia.

REPORT OF ENGLAND STATE REGION

During the past year we have slightly increased our membership and have held interesting and delightful meetings.

In the spring the American Women's Club was honored by a visit from Her Majesty, Queen Elizabeth, the Queen Mother—a most happy occasion attended by many of our chapter.

On Washington's birthday our guests of honor were A. D. Dodds-Parker, M. P., Assistant Parliamentary Under Secretary for Commonwealth Relations, and his American-born wife. Mr. Dodds-Parker served for 2 years during the war under General Eisenhower and General Gruenther, and subsequently with Julius Holmes. His knowledge and wise understanding of the problems of our country made his address one of outstanding interest.

I have represented the National Society on the usual occasions—at the Memorial Day Service at St. Margaret's, Westminster, and at Brookward Cemetery, where I laid wreaths on behalf of the National Society at the Stone of Remembrance, and for the American Women's Club at the Canadian Maple Tree.

Our chief project continues to be the Woodlarks Camp for Crippled Girls, ever enlarging its fine work through the untiring efforts of its founders, Colonel and Mrs. Strover.

Owing to a dollar account we have also been able to contribute to Tamassee, Kate Duncan Smith, and Blue Ridge approved school.

GRACE L. LULING,
Mrs. Theodore W. Luling,
State Regent, England.

REPORT OF FLORIDA STATE REGENT

Foster True Patriotism has been the theme and inspiration of Florida's 4,286 Daughters. The 61 chapters have stressed educational training, historical appreciation, and patriotic endeavors in the following manner:

We donated to the scholarship fund for American Indians $2,065.77; clothing, material, and dental care, $1,774.15. Our members have served on committees whose aim it was to help them in matters of living and legislation. We served

the American Red Cross faithfully in many ways, contributing over 5,488 hours of service and 37 pints of blood, Christmas packages to servicemen on the high seas, Korean relief boxes, and books and magazines to white and Negro libraries, as well as to veterans' and naval hospitals.

Over 4,391 DAR manuals for good citizenship have been presented at naturalization courts and to displaced persons, war brides, and Negro and white schools. We have given prizes for the best American history essays and have worked closely with the Board of Public Instruction by approving textbooks and forming English classes for foreign born.

We have supported 13 approved schools and donated approximately $2,290.50. Clothing donations valued at $5,818.13 were sent to the schools. The State regent's project was a paint sprayer costing $665 for the Kate Duncan Smith School in Grant, Ala., where the two C's of citizenship and character are taught along with the three R's.

Conservation of our natural resources is stressed in the schools, and the preservation of Corkscrew Cypress Swamp, the State's last remaining cypress area, as well as the protection of the Key deer, a rapidly disappearing species, is one of our major interests.

Fire Prevention Week is observed and our slogan is Keep Florida Green.

In all, 1,150 small flags and 65 large flags were presented throughout the State, one being donated to Hope Chapel, which is on the 17th floor of the Dade County Jail. A State flag was sent to a regiment of Florida boys in Korea.

Over half of our Florida Daughters own flags and display them regularly. We encourage all business concerns to do the same.

In our work with the DAR Good Citizens we have 108 schools participating in the program; the student submitting the best essay on What Good Citizenship Means to Me will receive an award of a $100 bond.

One of the outstanding pilgrimages was to the Clock Museum in St. Cloud, in which clocks of all periods were on display. The originators of the Clock Museum were recipients of an award of merit because the money received as donations is being used to build a hospital in the city.

We have over 985 subscriptions to the DAR magazine, and our advertisements total $1,476.50,

Florida Daughters are interested in the youth in the State and sponsored 347 Junior American Citizens clubs, with a membership of 14,930. The members are instructed in highway safety combating juvenile delinquency, good citizenship, and loyalty to our country and flag.

Plans are in progress for the restoration of a historical museum on the site in Fort Lauderdale where a log cabin stood, raising funds for a youth center, and marking historical spots.

Textbooks in the schools have been checked and letters of commendation have been sent to those fighting communism in our State. In all, 1,211 pieces of national defense literature, alerting the public to subversive organizations, have been distributed. Legislative problems have been carefully observed.

National defense is the most important committee in our organization. It is the peace program of the DAR.

ALICE H. MACHLAN,
Mrs. Harold F. Machlan,
State Regent, Florida.

REPORT OF FRANCE STATE REGENT

The year 1955 marked the 20th anniversary of the founding of the Rochambeau chapter, and we celebrated by giving a birthday party. The guest of honor was the Marquise de Rochambeau, and one of our charter members, Countess Koutouzov Tolstoy, cut the cake. Lawrence Morris, cultural attaché at the American Embassy, gave a talk at this meeting held at the home of the regent, and the honorary regent, Mrs. H. Sanua-Seymour, read a report of the history of the chapter.

The honorary regent and the regent had the honor of entertaining the American Ambassador and Mrs. Dillon for the chapter at a reception given on May 18 at the Cercle Interallie for 100 guests. The chapter was received by the Ambassador and Mrs. Dillon in June.

We have carried on all our patriotic duties as usual and have been represented at the following ceremonies by a large number of our members. Memorial Day services at the American Cathedral, the Arc de Triomphe, the Cemetery at

Suresnes, and at the Lafayette Escadrille Monument. On July 4 at the statue of Le Marechal Rochambeau was held special service at which we placed the wreath donated by Princess Boncompagni. The regent gave a short talk in the presence of the American Ambassador and a representative of the French Government. On November 11 a very impressive ceremony was held at Notre Dame des Victoires in memory of the dead of the two wars. On that day the regent attended services at Marne le Coquette in memory of those of the Escadrille who sacrificed their lives. On Washington's Birthday the regent attended the laying of the wreath at the statue of Washington. Thanksgiving Day a large delegation attended church.

At our January meeting held at the home of Mrs. Frederick Lyon, wife of the consul general, the Countess de Pange gave a most interesting talk on her ancestors who fought in the Revolution.

We have carried on our project of giving a prize book to the best student of history at Lafayette College. This year the Count de Pange is offering one of his books.

We have been very fortunate in having the help of General Smallwood chapter of Baltimore in collecting books for our bookshelf, thanks to Mrs. Vincent Berger.

We have offered an award to the best student of history in the seventh grade of three American schools in Paris.

We were pleased to have for our scrapbook the answer to our birthday congratulations telegram from the Honorable Sir Winston Churchill.

We were invited to visit SHAPE and were received by General Gruenther.

Donations to flood victims have been made through the French Red Cross.

We are proud to have now as member Princess Ruffo di Calabrie, a descendant of Lafayette. Our membership is growing.

Benjamin Franklin chapter contributed to La Famille Bouchinet to some extent, but happily they have become self-sufficient, and so now we have become interested in La Famille Stievet, a most worthy case recommended very highly by the Junior Guild in Paris.

ELEANOR M. ROWE
Mrs. Harlan P. Rowe,
State Regent, France

REPORT OF GEORGIA STATE REGENT

The year 1954–55 was a constructive one for the Georgia Daughters, with special emphasis on the work of our youth. Realizing that the hope of America lies in the patriotic education of our youth, we have concentrated on this phase of our work. Teachers have been contacted, and many members have carefully studied the textbooks. As a result of this study, some material has been deleted that was considered undesirable. Several schools had a history spell-down as recommended by our historian general. This is similar to an old-fashioned spelling bee, and much enthusiasm was reported.

American and Georgia history medals were given; also cash awards in the white and Negro schools in history, home economics, and for flag and history essays. Nearly all the high schools in the State participated in our Good Citizens contest. One of the contestants wrote in her essay, "I have never before realized I had any responsibility as an American citizen."

Outstanding work was done for the 13 schools aided by the DAR. Georgia Daughters gave $5,600 in cash, and clothes valued at $4,275.98 were given to the schools. These clothes are cleaned, mended, and sold to the people of the surrounding communities. Our largest gift was for the renovation of the kitchen at Tamassee, our own DAR school in the mountains of South Carolina. The kitchen was the same as it was when the school had about 40 students, and now with over 400, it is entirely inadequate. Georgia gave an institutional electric stove and additional cash for use wherever needed to the amount of $1,340.30.

To help our boys and girls appreciate our flag much work has been done as 688 flags have been presented to schools, scout troops, boys' clubs, hospitals, and naturalization courts. We distributed 1,149 DAR Manuals to students and to those desirous of becoming American citizens. The chapters also sponsored 616 junior American citizen clubs, with a membership of 20,804.

So that our past may be preserved, 137 Georgia Revolutionary soldiers' histories were written; 295 patriotic anniversaries and 115 historical programs were given by chapters, with 262 historical programs given by children in their schools or communities. The graves of 16 DAR members were marked as well as 27

historic spots, and 8 were restored. Original manuscripts and documents were sent to the State archives, with photostatic copies to the historian general, and contributions were sent to restore the steeple of the Old North Church.

National defense has been stressed, for we realize that the education of our youth will be of no avail in the years to come if we do not preserve our way of life. Every effort has been made to educate the American public to the dangers of treaty law and to all the other dangers that are in our midst. Through newspaper articles, radio, and television programs, and distribution of literature we have made every effort to alert our citizens of the necessity of maintaining our freedom. Nearly all of Georgia's 86 chapters gave at least 5 minutes to some phase of national defense. Good citizenship medals were given in both white and Negro schools; letters, telegrams, and personal contacts were made with our State and National representatives in the interest of legislation. Georgia Daughters, along with other patriotic groups, contacted the State legislators and were successful in having the 1955 session of the legislature pass a resolution requesting the Congress of the United States to pass the Bricker amendment. The National Society feels this is vital to the safety of America.

JOSIBEL CHRISTOPHER HUMPHREY,
Mrs. Robert H. Humphrey,
State Regent, Georgia.

REPORT OF HAWAII STATE REGENT

With the major objectives of our national organization ever before them, Hawaii's two chapters have carried on the work of the DAR this past year.

To help with the preservation of documents and records, 125 volumes of genealogy have been added through donations and purchases to the collection at the library of Hawaii, bringing the total of such material to 1,800 books. Such volumes as the following were added: 20 volumes of Arnold's Vital Records of Rhode Island, Ancestors, Mayflower Descent, and Descendants of Benjamin Robbins, 6 volumes of Massachusetts Town records, and 30 volumes of the Mayflower Index.

The compilation of an index of all DAR members in Hawaii from 1897 to the present is almost completed.

DAR manuals were given to 294 aliens on Maui who were preparing for American citizenship. At three naturalization-court sessions welcome addresses were given to the new citizens, and each was presented with a card of congratulations by members of the William and Mary Alexander Chapter.

The student loan and scholarship fund has continued to grow. Nine students are receiving a higher education through the help of our fund.

The good citizenship awards were presented by the William and Mary Alexander Chapter to 37 students in 32 of Maui's schools. Again a DAR award winner achieved national prominence. Shigemi Sugiki, twice a DAR award recipient, was chosen the first Eagle Scout from the Territory to represent region 12 on the Report to the Nation in Washington, D. C. While there he had the honor of meeting the President of the United States, as did the other young man, Robert Davis, from the Territory, who in 1952 achieved national fame with his winning radio talk, I Speak for Democracy.

Aloha Chapter donated $25 to IMUA, an active organization in the Territory, whose purpose is to fight communism.

The members of Aloha Chapter have been well represented at the blood bank. Besides giving blood donations, they have helped by being nurse aids, blood-mobile volunteers, and receptionists.

To the schools on the approved list, the chapters sent $75.

Aloha Chapter members contributed gifts and gave a Christmas party for the 21 crippled children of the Pohukaina School of Honolulu.

Fourteen new members have been added to the chapters this past year. The State conference award of national membership chairman went to Aloha Chapter for the greatest percent net increase in membership for 1954.

The State conference certificate of appreciation for the mother having the most daughters belonging to the DAR went to Mrs. Eleanor Von Wedelstaedt of Aloha Chapter.

In all, 393¾ inches of publicity, plus 114½ inches of pictures, were given the chapters and State by the newspapers of Honolulu and Maui.

PANSY H. HEYER,
Mrs. Karl Heyer,
State Regent, Hawaii.

REPORT OF IDAHO STATE REGENT

In Idaho we have 11 chapters and another in the process of formation, with 504 active members and 6 members at large.

The members of one of our chapters drove 900 miles in conducting work for the Indians. We gave a community dinner for the Nez Perce tribe and a tea for the queen and her attendants. Clothing and magazines also were sent to the mission house of the Nez Perces.

To the approved schools the chapters contributed $545 and good clothing. One chapter has a loan fund for students of $1,223.

We have had four telecasts of 15 minutes each and 4 hours 38 minutes of radio broadcasts.

The chapters sent 185 pages of genealogical records to national.

Our members participated in the different campaigns for cancer, crippled children, tuberculosis, the community chest and for polio victims. Some of our members also assist at the blood bank and at the veterans' hospital.

ROSE D. ALLEN,
Mrs. Granville G. Allen,
State Regent, Idaho.

REPORT OF ILLINOIS STATE REGENT

From the planting of 16 grandiflora magnolia trees honoring ex-regents of a southern Illinois chapter to the series of "coffees" given for those interested in the work and policies of our society which resulted in the gain of 39 members for the hostess northern chapter, Illinois' 9,625 Daughters have achieved goals set to accomplish the aims and objectives of the national society.

Scholarships to 3 American Indian nurses, to 4 University of Illinois students, and many approved schools scholarships, amounting to over $4,000, were given.

Over $18,000 and 8,000 pounds of clothing were collected for the approved schools. Tamassee and Kate Duncan Smith endowment funds were substantially increased and the Illinois boys' dormitory at Tamassee was refurbished at a cost of $1,008.67.

There were 586 Good Citizens' pins awarded as well as the $100 bond award from national, and two $25 cash awards to high-point girls during the State conference.

The 1,867 subscriptions to DAR Magazine meant an increase, and the January issue of the magazine carried $5,056 worth of Illinois ads.

Two new chapters and six new CAR societies were organized. There were 232 new members, of which 164 were juniors, indicating an increased interest of all ages. One member was honored as the mother of six DAR Daughters.

Six gifts were accepted by the museum, and over $1,000 was contributed for the Illinois room. A handsome tea table was purchased as the Butterworth memorial for the room.

Forty bound volumes were compiled by the genealogical committee, and over 2,500 names for the National and State files of Revolutionary ancestors were set up by the State historian; 10 graves of Revolutionary soldiers were located and marked.

Twenty books and over $300 were given through the State librarian, and over $900 was raised by selling stationery and holding seven auctions of antiques for the benefit of the Governor Joseph Duncan Home.

GLADYS B. BEAK,
Mrs. Robert M. Beak,
State Regent, Illinois.

REPORT OF INDIANA STATE REGENT

A net gain of 191 this past year, which has increased the membership of the Indiana Daughters to a new high of 7,075, bespeaks the vitality of the Society in this State. Of these new members, 69 are juniors, making a total of 380. These younger members are eagerly joining in the activities of the numerous DAR committees.

During the year the Indiana DAR gave $1,494.40 to American Indian work. It contributed $11,457.09 to DAR approved schools, including the second of the new Indiana $1,500 refrigeration units and the replanting of the 300-tree Indiana

apple orchard at Tamassee, and the building of a new $900 feed room at the Indiana model farm at Kate Duncan Smith.

Assistance for the Red Cross included 9,475 volunteer hours to veterans' hospitals, 83 Gray Ladies, 40 nurses' aides, and 95 blood donors. Conservation projects received 49,954 hours. Americanism work engaged 1,417 members from all of Indiana's 92 chapters.

Thirteen Indiana chapters worked with juvenile delinquents, more than 100 helped with Girl Scout and 4H units, and 881 members were active in church youth groups. Eighty-two chapters conducted DAR Good Citizen contests in 306 senior high schools, with 93 winners being selected in 76 counties. Sixty-seven Junior American Citizen clubs in Indiana have 2,571 members.

Twenty-nine chapters had American music at each meeting, and 15 used works of Indiana composers. Eighty-six chapters has program chairmen. Members gave 108 radio programs and 8 telecasts. Publicity totaled 26,623 inches and 520 pictures.

The DAR Magazine has 1,283 subscribers in Indiana, and 54 chapters sold $4,558 worth of advertising for the Magazine.

As a result of DAR efforts flags were displayed at 118 voting places. The Indiana chapters presented 533 flags, 2,945 flag codes, and 93 history medals. Two historic spots were marked, 50 chapters contributed to community historical work, and 154 patriotic anniversaries were observed.

Indiana gave 32 books and pamphlets to the DAR library, as well as 3,635 pages of genealogical records and 233 pages of printed genealogical material. The Indiana State library received 1,211 pages, and 7,114 more pages went to other libraries and historical societies. Twenty-five chapters supported local museums.

National defense was the theme of 405 chapter meetings, 15 awards of merit were presented to outstanding citizens, and 400 members read and evaluated textbooks. The William Henry Harrison mansion at Vincennes, owned by the DAR was visited by 5,468 children and thousands more of adults.

The widespread participation by numerous Indiana chapters in the many-sided program of the DAR is best illustrated by the record this last year regarding the honor roll. Forty-six of the 92 chapters qualified for honor-roll recognition. The gold honor roll was attained by 23 and the silver honor roll by 13; 10 received honorable mention.

The membership increase was general. Sixty percent of the chapters gained. One chapter had a net gain of 33 members. Another chapter gained 37.7 percent, and another 34.3 percent.

Dolores Billman Hill,
Mrs. Herbert Ralston Hill,
State Regent, Indiana.

REPORT OF IOWA STATE REGENT

The Iowa Society is made up of 89 active chapters, the combined efforts of which result in an outstanding amount of work accomplished each year. This past year we had eight chapters that placed on the national gold honor roll. This means that these chapters had completed satisfactorily every project set forth by national in a 12-point program, and many other chapters placed on the honorable mention roll, doing 10 or more of these projects.

The Daughters of Iowa participated in the active work of 25 committees, besides attending a June board of management meeting, 5 district meetings, and the State conference. Interest is maintained and stimulated by the briefing given to the Daughters at the June meeting and at the district meetings. It is here they receive their instructions for the year, and it is at the State conference that they tabulate and disclose the results of this work.

Members are helping an Indian girl from the Tama Reservation to attend Bacone College on a $250 scholarship. A loan of $250 was granted to another girl that she might attend one of our Iowa State schools. Over $1,720 was sent to our approved schools, and Christmas boxes and clothing valued at $11,960 went to Kate Duncan Smith and Tamassee.

The Iowa Daughters seem to be especially interested in all the youth projects. Though the Children of the American Revolution is a new committee, it was very well received and functioned actively. Members gave $225 expense allowance to help further this work.

The DAR good citizens committee reported that 197 schools participated in this project, and either pins or certificates, or both, were presented to the high-school girls. These girls are chosen in recognition of the following qualities:

dependability, service, leadership, and patriotism. At the State conference the 5 girls representing each of the 5 districts are judged upon these qualities, and the winner is presented with a $100 bond. It is a distinct honor, and the winner is always most proud and thrilled.

Iowa has retained its girl homemaker committee, feeling it has its own place in our work. Chapter members have spent 3,016 hours of voluntary service in this youth project. The girls always have a cotton dress contest, modeling dresses at the State conference, which they have made. Four cash prizes, totaling $10, are given the winners at this time.

Another of our youth projects is the Junior American Citizens clubs. These youngsters belong to our country schools and are organized into clubs. They study subjects concerned with good citizenship. Some clubs hold radio quizzes, some enter poster contests, some have essay contests, but all learn what it means to be a good citizen. This last year 140 handbooks, 19 study guides, 655 members pins, 134 presidents pins, and 95 directors' pins were given out.

The national defense committee accomplished an impressive amount of work during the year. Important pending legislation was brought to the attention of the members. Subjects included UNESCO, world government, U. N. charter revision, and the Bricker amendment. Our Iowa Daughters are fiercely patriotic and study these questions, and often contact their Congressmen and State legislators in this regard.

For the best grades in American history we gave 93 history medals, 49 certificates of award, and 43 gifts of money. The Daughters examine the history books used in the school to be sure they are truly American. Three important historic sties were marked, including the birthplace of our first lady, Mrs. Dwight D. Eisenhower, at Boone.

IRMA SCHOFIELD CLAY,
Mrs. Sam S. Clay,
State Regent, Iowa.

REPORT OF KANSAS STATE REGENT

The Kansas Daughters are working as a team in promoting the ideals and principles of our great society.

Our official organ is the Kansas DAR News, which is published four times a year. In addition, we publish a proceedings each year in which the detailed record of our work and achievements is given by the 10 officers and more than 40 committee chairmen.

We are completing our pledge of $20,000 for the Eisenhower Memorial Foundation at Abilene. Mrs. R. H. Chesney of Wichita is head of that committee, and because of her great dedication to a cause in which she believes she has inspired all who work with her to reach our goals.

The Kansas society took an active part in support of the right-to-work bill. Believing that the right to join or not to join any legal organization is still a basic American freedom, we made a united effort to preserve our personal liberties as set forth in the Constitution of the United States as well as in the purposes and objectives of our society.

A powerful and very definite national defense program has been promoted in every one of our 63 chapters in Kansas. The Bricker amendment has been stressed and explained hundreds of times.

We are publishing a State directory this year in which each Daughter is listed with her qualifications and address.

We emphasize in each of our meetings the fact that we are a republic—not a democracy. Remember the old story of a woman who said to Benjamin Franklin after the Constitution was written, "What have you given us?" and he replied, "A Republic, madam, if you can keep it." It is going to take the united effort of every true American patriot to do that unless our lawmakers take a very definite stand against the hundreds of subversive leaders and organizations that are pledged, dedicated, and determined to destroy our Constitution and the United States of America.

The Daughters of Kansas are alert and are helping to preserve the American freedoms, ideals, priceless heritage, and integrity that our patriotic and courageous ancestors bequeathed to us.

MARIE R. ABELS,
Mrs. Edwin F. Abels,
State Regent, Kansas.

REPORT OF KENTUCKY STATE REGENT

The Kentucky Daughters have completed another year of growth in the many phases of our organization. We had a net increase of 67 members and now number 4,362 with 27 members at large.

Two mother-daughter awards were presented during our 59th annual State conference; each mother had four daughter-members.

The girl homemakers State committee is active with many awards and prizes given through the local chapters and one chapter gave a $125 scholarship.

Our good citizens pilgrimage is a highlight. This year 175 senior high-school girls attended the meeting in Frankfort where they received their certificates. After luncheon and a tour of historical points, the pilgrims were received for tea by the Governor's lady, Mrs. Weatherby. The pilgrim from the Salyersville High School was celebrating her birthday, and we all greeted her in song. The State winner received the $100 bond from the National Society. Her essay read: "To me a good citizen means one who assumes his civic responsibilities; tries to help solve community problems; participates in selecting efficient leaders; supports the laws; opposes forces that threaten to destroy our national ideals; respects minority rights; understands problems and cultures of other nations; shows appreciation of other races, creeds, and nations and attempts to preserve peace."

There was increased interest in our approved school projects: $299.75 was contributed to Hindman Settlement School to apply on their sanitation project, and $1,339.70 was sent to other schools; 1,218 pounds of used clothing was forwarded to the schools, and several chapters wrapped and sent appropriate Christmas gifts to the pupils. Books valued at $68.10 went to school libraries. We established a $150 scholarship each for Berea College and Hindman.

For the sixth year our Governor proclaimed February as American history month.

The correct use of the flag was stressed, with members distributing 320 codes, making 60 talks on the flag, having 59 flag articles published, and presenting 120 large flags and 436 smaller ones to different groups and to new citizens. One chapter collected and burned the faded and worn flags in the community.

We placed in naturalization courts 1,567 citizenship manuals, to be used as textbooks.

The members work in close contact with the American Red Cross, assisting in the blood donor unit, motor corps, roll call, Veterans' Administration, and sewing projects. Two chapters entertained 680 servicemen at the annual Christmas party.

We can report a gain of members in our Junior groups and in the CAR; both in effect are insurance policies.

The chapters sent 775 pages of genealogical records to our national library, to the Kentucky Historical Society, and to our own John Fox, Jr., library. We had a total of 2,228 pages of bound and indexed records.

National defense work is of particular interest, for every chapter had a 5-minute report at each meeting and 31 complete chapter programs were reported.

Our newspapers gave us 31,803 inches of space and printed 134 DAR pictures. Radio time valued at $4,668 was contributed by 13 radio stations. One chapter furnished 25 broadcasts while another one has sponsored a monthly program for 17 years. With fitting ceremony, the graves of six Revolutionary soldiers were marked.

The value of our State shrine and headquarters, Duncan Tavern in Paris, was greatly increased as valuable historical antiques were added.

SARAH WILSON HUDSON,
Mrs. Collis Potter Hudson,
State Regent, Kentucky.

REPORT OF LOUISIANA STATE REGENT

During the past year 4 new chapters of the Louisiana Society were organized, bringing the total membership to 2,169, a net gain of 159.

The major project of this administration, and one to which the Louisiana Daughters have pledged themselves, is the furnishing of the dining room at Oakley Plantation House, using authentic pieces of the Federal Era, at a cost of close to $6,000. Oakley House was built in 1799 in West Feliciana Parish and acquired by the State of Louisiana in 1947 to be made a State park and memorial to the great naturalist John James Audubon, for here it was that many of his famous bird pictures were painted.

The efforts of one member made it a law in Louisiana for the United States flag to wave every day on all public buildings, including schools.

Louisiana joined with other State societies in having the Governor proclaim February as American history month.

The Louisiana Indians are encouraged and financially aided in the art of basketry. The dye for the cane used is made from green walnuts and leaves. The cane is stripped with their teeth.

One chapter member distributed the American's creed to every pupil in the elementary grades in white and Negro schools of one entire parish.

A chapter was presented with the citizenship award by the United States Treasury for its work in selling United States savings stamps. Work has been done with naturalization classes; in assisting applicants with papers; in teaching English in night schools; in rehabilitating women in prisons; in entertaining children in clinics; in transporting the blind for medical treatment and pleasure; in sending gifts to patients in State hospitals; and in encouraging students to develop their vocation by proper use of libraries.

Largest contributions go to our approved schools: $2,548.56, for example, was given this year. Other important youth work is the organization of Junior American Citizens clubs in schools to promote patriotism and good citizenship; selection of good citizens, senior girls in accredited high schools, the winner awarded $100 Government bond; awarding of good citizenship medals to both boys and girls; and granting loans and scholarships to students to help further their education.

It is the wish of the Louisiana Daughters that the youth of our Nation have good TV, radio, and motion picture programs of lasting interest. At its State conference the Louisiana Society went on record as commending N. B. C. for the TV program "Washington's Farewell to His Officers," which covered the three objectives of the National Society, namely, patriotic, historic, educational. The Society also went on record as supporting legislation to control the distribution of undesirable literature available to young people which presents an undermining influence to their mental and moral development.

Because we know that conservation of natural resources is vital to the life of a nation, we make this a major work. Thousands of trees, bulbs, iris, rosebushes, crape-myrtle, lilies, and gardenia bushes were planted this year, and quantities of food preserved by canning and freezing.

Correct use of the flag has been studied and proper use publicized. Flags have been given to new citizens at naturalization courts, schools, and youth organizations. Flag Day was observed.

Through our national defense committee, the Louisiana Society has tried to inform its citizenry on dangers to our Constitutional Republic. Chapters have allocated time at each meeting for résumé of current news regarding some phase of national defense. We have given awards of merit to adults who have done outstanding work in their communities for the preservation of our form of government.

Chapter programs centered on the theme "Foster True Patriotism."

MARY S. HICKS,
Mrs. William E. Hicks,
State Regent, Louisiana.

REPORT OF MAINE STATE REGENT

The Maine Society comprises 2,178 members with 37 chapters covering the greater part of our State from Kittery to Presque Isle.

Our Governor, Edmund S. Muskie, proclaimed February and March as American history period, urging all our citizens and educational institutions to cooperate with out State society, which has promoted the preservation of our Nation's ideals for over half a century.

Maine Daughters have given generously to the schools owned and operated by the national society and scholarships to Tamassee, Kate Duncan Smith, and Hillside.

We have organized new societies of the Children of the American Revolution. Our State has 149 good citizens and a gain of 3 new high schools, and we continue to give student loans to worthy students. Two loans were repaid this year.

We made a substantial gain in our national magazine subscriptions, and our advertising totals $852.50.

The Maine Daughters contributed $200 to be used in our museum. It is most gratifying to know every chapter contributed to the investment fund.

The genealogical records exceeded the 1,600-page mark, 5 copies each, with 20 bound volumes and 3 photostats of Maine Bible records.

We have 7 gold star chapters, 6 silver, and 3 honorable mention on our honor roll.

There are 80 members in the new JAC clubs, with 16 new members in our State society.

Many national defense awards of merit have been presented. I am pleased to report the award of merit given to our Senator, Margaret Chase Smith by her own chapter.

National defense is a part of every chapter program, and letters are sent to our Congressmen soliciting their opinions on party legislation. The Maine Society also sponsors a civil-defense program, "Grandma's Pantry," a 3-day emergency food supply in every home for each member of the family, to be used in the event of disaster.

State publicity has been outstanding, exceeding 17,000 inches, which gives a better understanding of the aims and objectives of the Daughters of the American Revolution.

ALICE ROGERS PARSONS,
Miss Alice Rogers Parsons,
State Regent, Maine.

REPORT OF MARYLAND STATE REGENT

The Maryland State society this year held its 50th State conference. Baltimore chapter was organized in 1892, but it was not until 1905 that the State society was formed. As a special project for the year the State historian and her committee wrote the history of the accomplishments of our State society since its organization.

As part of the tercentenary celebration of Calvert County during September 1954 the State society dedicated the burying ground of the Wilkinson family near Prince Frederick. Using the memoirs of Gen. James Wilkinson as a guide, Hugh M. Wilkinson and his wife, of New Orleans, La., came to Maryland and located the plot on the Hall Farm on Hunting Creek. Graves of Gen. Joseph Wilkinson, Revolutionary soldier and political leader, his wife, and parents were among those located. A DAR marker will also indicate that Gen. James Wilkinson was born nearby.

At the request of the State regent, Governor Theodore R. McKeldin issued a proclamation naming March 1955 American history month in Maryland. Widespread publicity was given our organization through newspaper articles, radio program, and window display in one of Baltimore's department stores featuring the original proclamation and literature of our society. The State superintendent of schools sent copies to every school in the State.

One chapter supervised improvement of George Washington's headquarters and tunnels under Old Fort Cumberland. Another cleaned and is landscaping ground around the Old Trail Monument at Bethesda. A marker was placed on the home of Hon. Henry Griffith at Sunshine, Md.

History books were sent to the American Library in Paris; over 150 educational books to a community library and many books to the library at Fort George Meade.

A program on traffic safety was given in the State, and the safety prayer was distributed to the driver-training class of a local high school by one chapter. Several chapters reported work with newly naturalized citizens, 1 chapter presenting 137 silk flags to the new citizens.

The chapter in Salisbury does outstanding work at Pine Bluff Sanitorium, and the one in Montgomery County spent more than $1,100 in the county on human-conservation projects. One member, although confined to a wheelchair, coaches 22 children in remedial reading; another drives children to a school for cerebrals. Still another member gives every Friday and Saturday night to the U. S. O. center in Baltimore and recently received much publicity when she registered her 2,000th boy.

Grandchildren seedlings of the Washington Elm are being raised for shipment in 1956 to the Supreme Court building in Texas and "Freedom Grove" in Germany.

Genealogies of the Hull family, the Henning, Dotson, Gabbert, and Whitman families, and the Zacharias family of Carroll County with 660 pages of miscel-

laneous records were given to the National Society. Also there were charts of the Otis and Wilson families; Cecil County marriage records, 1840–1855; microfilm records of over 1,800 entries of Ann Arundel County, 1790–1920; and bound records of Calvert County. One chapter is copying records of 16 church and 33 family cemeteries in Prince Georges County.

Over 100 Good Citizenship medals and 32 history awards were presented at schools. The annual scholarship of $500 was given to St. Marys Seminary at St. Marys City and a $75 scholarship to State Teachers College at Towson.

All phases of the work of the national society receive the support of Maryland chapters.

ESTHER MITCHELL HAGER,
Mrs. Ross Boring Hager,
State Regent, Maryland.

REPORT OF MASSACHUSETTS STATE REGENT

For the first time in 9 years, 2 new chapters have been organized. While we admitted 239 new members, deaths and resignations have minimized a net gain. Membership continues to be our first goal. We have two sets of mothers with four daughters each as members.

Governor Chritian Herter proclaimed February as American history month, emphasizing in his proclamation the work of Massachusetts Daughters in the field of patriotic education.

The superintendent of the Boston public schools consented to allow DAR chapters to give awards for excellence in American history. Several girls from Boston high schools were among the 222 good citizens entertained at the State conference in March.

Our special State project has been furnishing a classroom at $10,000 for a new building proposed at Hillside school for boys at Marlboro, Mass. To date $7,682 has been raised by 74 chapters, and the project will be continued another year. We have donated $787 to Kate Duncan Smith and to Tammassee; $1,714 to other approved schools; 12 scholarships of $100 each—a total of $12,512 to approved schools plus clothing valued at $2,150 which cost $230 to send.

Through the untiring efforts of our State historian 2,302 grave locations were recorded. The sum of $111 was given to the library fund, and every book desired by the librarian general was located and purchased for the library.

Our chapters gave 76 historical programs and had 5 minutes of national defense news at each meeting. They distributed 4,099 pieces of national defense literature and presented 50 good citizens medals and 16 awards of merit.

Publicity reported 12,817 inches with 240 pictures representing 42 daily and 72 weekly papers.

The grave of Ezekial Wallingford, early pioneer who was killed by the Indians at North Orange, was marked.

The Massachusetts Daughters also gave $475 to the Old North Church steeple fund and assisted in the restoration of the Huguenot fort at Oxford.

They donated 210 flags, and 15 corrections were made for incorrect display.

We had 918 subscriptions to the DAR magazine, an increase of 75.

To the museum fund $348 was given and $27 to maintenance of our Massachusetts room; 1,855 Grandma Moses cards were sold.

Fourteen chapters are on the gold honor roll; 4 on the silver; and 12 with honorable mention.

To the Junior American Citizens clubs belong 3,764 children, 1 new chapter being formed in Fall River.

We have 202 junior members, a gain of 32 this year. There are 16 CAR chapters, with 262 members, and 1 new chapter was organized.

We gave $263 toward scholarships at St. Mary's School; clothing valued at $465; beads and leather at $124, and $171 were given to the American Indians committee.

Members distributed 2,086 manuals; $327 was expended on Americanism work.

One chapter saved a cemetery from a contractor's bulldozer; another chapter relettered old graves where Revolutionary soldiers were buried; another is working with the American Legion to place flags along its main street.

BESSIE HUSE HEPBURN,
Mrs. James J. Hepburn,
State Regent, Massachusetts.

REPORT OF MICHIGAN STATE REGENT

Michigan Daughters have not been unmindful of home problems while supporting all national projects in some way. This year accent has been put on our own Indian program, with the addition of 7 new adopted Indian Daughters. Six of the new girls were in high school, as it was discovered that many are not able to stay in school because they do not have money for books and other needs and are not able to graduate and then take advantage of the nursing scholarships that the Michigan Society offers to any interested Indian girl. Although there are over 7,000 Indians in the State, no other assistance is provided, and this plan, which is new this year, promises to extend the Indian committee work and bring benefit to deserving Michigan Indians. Bacone and St. Mary's were not neglected.

Completion of a 100-acre plantation of memorial pines at the Cabrefee recreational area and sending 15 public-school teachers to the Higgins Lake training school were a part of the conservation committee activity. These teachers return to their classrooms qualified to carry the message of conservation to our children and to help them practice it. The student loan funds at 11 of our State colleges and the university were used in the amount of $8,700 by Michigan young men and women in college, and the funds now total over $18,000.

The Michigan room in the Washington DAR museum is now resplendent in colonial yellow walls and damask drapes and coverings. A lovely Chippendale library and a fitting background for the newly acquired pair of Eicholtz portraits of Gen. and Mrs. George Brian Porter which were painted in 1819 before General Porter came to the Territory to be its Governor, have been added. It was he who brought Stevens T. Mason to Detroit to be his secretary, and at his unexpected death Mason took over and became the State's first governor.

The national defense program of the national society has been loyally supported by all Michigan members who believe in the Bricker amendment or an adequate substitute, and this State carried on an active program for constitutional government and brought Mrs. James Lucas, executive secretary of the national defense committee, to Detroit to speak to an audience of 800 people on the work of the committee. The national chairman of the national defense committee, Mrs. James B. Patton, gave the opening address at the 55th State conference on the subject of national defense.

The greatest single achievement of this year was the Michigan craft center at Kate Duncan Smith DAR school. This is to be a 2-story building made of native stone, 50 feet by 25 feet, and costing $11,500. Michigan gave the approved schools over $25,000 this year in cash and other gifts including the money for the craft center. The purpose of this building is to give the mountain boys and girls of Kate Duncan Smith school in Alabama, an opportunity to learn the arts and crafts these people do so well, in a well-equipped and specially designed building which will be ready for the opening of the present school year. The center will also serve as a much-needed community center where the mountain folk may gather or bring their handicraft for sale or display, and Michigan Daughters are planning to share in the dedication of the craft center by attending in specially chartered buses next October.

KATHRYN L. NEWLAND,
Mrs. Ralph W. Newland,
State Regent, Michigan.

REPORT OF MINNESOTA STATE REGENT

It has been the purpose of the Minnesota Daughters during the past year to stress particularly the educational aspects of the DAR program. Since 65 percent of all money and work of the organization is spent on educational undertakings, it is naturally a very important phase of the work.

The major historical and educational project in Minnesota is the operation of Sibley House, home of the first State governor and seat of the first government of the State. Sibley House properties consist of Sibley and Faribault houses, tea house, caretaker's cottage, coach house, work shop, small operational buildings, and about 7 acres of ground. The past year 15,000 people from all over the United States and many foreign countries visited the museums. Of this number 9,000 were school children. Guides gave talks to visitors, taking special care to inform the children of items of historical interest.

A year ago an enlargement and modernization of the caretaker's cottage was completed at a cost of $10,000. This is being paid for by contributions from

chapters. About half of the amount has been raised to date. Cost of operation, including repairs necessary in old buildings, amounted to $9,240 this past year. In addition, hundreds of hours of volunteer work were given by members in supervising, planning, assisting with guiding, and doing clerical work. Classes of school children, scout troops, and other supervised groups are given free tours of the houses. Three awards were given for the best letters from a fourth, fifth, and sixth grade school child on what she learned of Minnesota history on the tour.

To encourage the study of history in the Minnesota schools, 18 medals and 12 gifts were awarded for excellence in history; 2 medals and 6 gifts for historical essays.

Forty-nine high-school seniors were chosen as DAR good citizens, sponsored by 31 chapters. They were given a day of sightseeing in the Twin Cities, including a visit to the Capitol, where they met the Governor. The day ended with the annual State conference banquet at which all were guests and the winner of the $100 bond was announced.

Through many talks to chapters, interest in the 13 DAR approved schools was stimulated and donations increased. Clothing and other merchandise valued at $989 were sent to the schools. Cash donations amounting to $848 were made.

Eleven books on early Minnesota history were sent to the DAR library in Washington.

There are two continuing conservation projects in Minnesota carried on by the DAR. One is Sibley House grounds, where a systematic plan of planting is being carried out; the other is the 240-acre DAR State memorial forest near Askov. Through the active interest of our State chairman, members have been educated to the need of conservation of natural resources. A resolution was passed at the State conference pledging the support of members to the objectives of the Minnesota Wetlands committee.

Much interest is taken in the Indian situation in Minnesota and in the Nation. Chapters have had talks on the subject, and members have attended lectures at the University. Boxes of clothing valued at $415 were sent to Indian schools; useful gifts at Christmastime were given local Indians.

Scholarships for Indians amounting to $133 were given. Faribault House is maintained as an Indian museum and contains a very valuable collection of Indian handicraft. A large additional gift of Indians articles was given to the DAR last year. They are now on display at Faribault House.

Through the national defense committee, outstanding speakers have been provided on suitable occasions, and hundreds of pieces of informative literature have been sent out to alert and instruct the general public on important issues. Five awards of merit were given persons who contributed to the protection of constitutional government by their acts or example.

Flags and flag codes have been provided for schools and for new citizens and have been sold at Sibley House. Small flags have proved to be one of the most wanted items among school children.

Assistance at naturalization courts, receptions, and teas has been given to welcome newly naturalized citizens.

LULA LILLARD BRADDOCK,
Mrs. George H. Braddock,
State Regent, Minnesota.

REPORT OF MISSISSIPPI STATE REGENT

The 42 chapters of the Mississippi State Society have been enthusiastic in carrying out DAR work during the past year.

Boxes valued at $810.80 and $123 in cash were sent to the various Indian schools. The superintendent of the Choctaw area field office here in Mississippi spoke at our recent State conference and presented two Indian students who gave musical numbers. One chapter is sponsoring scholarships for the Choctaws.

The Red Cross has supporters in practically every chapter, including blood donors and participants in drives and in various volunteer services.

The chapters gave awards for excellence in American history in our schools and sponsored essay contests. Highway safety has been stressed and a concerted effort made to get voters to the polls.

In conservation our members planted 48,000 seedling pines and 250 shrubs and trees and financed the planting and pruning of trees on a memorial drive. An effort has been made to conserve food by canning, freezing, etc., and many members work with Girl Scouts and Boy Scouts and other organizations of this kind.

There has been an increased interest displayed in flag procedures, with 199 flags being given to schools and organizations. The flag code was studied, and 230 copies were distributed.

The good citizens contests were sponsored in 87 schools and the State winner was presented at State conference and given her award.

The DAR magazine is subscribed to by almost 500 members, some copies being placed in schools and libraries. The magazine is studied and used as program material Twelve chapters sent ads to the Magazine.

We have concentrated on collecting old church records, and a volume of 497 pages is being sent to Washington. Included are some cemetery and Bible records. A traveling library of genealogical books has been collected and is now in circulation through our chapters. Books will be added as funds are available. Eight volumes of desired books were sent to the national library by the State librarian. *Family Records of Mississippi Revolutionary Soldiers*, by Alice Tracy Welch, is being published by the Mississippi Society, DAR. It contains the records of and three generations down from more than 400 Revolutionary soldiers who came to Mississippi, and is completely indexed.

Several chapters contacted theater managers, giving comments on current films and making suggestions in an effort to bring better entertainment for our young people.

National defense has been stressed in every chapter, many gave 5 minutes or more at each meeting to national defense. Three awards of merit and 34 citizenship awards were given. One chapter staffed a booth at a county fair and distributed literature. We have a speakers' bureau that can supply speakers on this vital question. $50 in cash was sent to the national defense committee in Washington.

We have 32 Junior American Citizens clubs, with a membership of 1,067.

The total value of time on radio and television was $3,198.50—22 hours 27 minutes on radio, and 1 hour 15 minutes on television.

The Mississippi Society owns and maintains "Rosalie," historic home in Natchez, which is visited by thousands of tourists yearly. Restoration is constantly in progress, and this is a valuable asset.

CLARA W. FORREST,
Mrs. Herbert D. Forrest,
State Regent, Mississippi.

REPORT OF MISSOURI STATE REGENT

Missouri State Society has a membership of over 5,100 members and 87 chapters. Chapter memberships range from 12 to 294 members. The oldest chapter in Missouri is the Elizabeth Benton chapter, organized in 1894 and named in honor of United States Senator Benton, who represented our State for 30 years in Congress during the formative period of Missouri.

This past fall a meeting was held in each of the six districts for the prupose of a DAR workshop. There were 544 members in the total attendance.

At our annual State conference the program followed the pattern of continental congress. The national defense symposium was conducted by Colonel Sellers, superintendant of the Wentworth Military Academy.

Missouri State Society maintains a student loan fund for the purpose of aiding worthy high-school graduates to continue their education. One student-loan student recently has paid the amount of her loan and is now engaged in teaching. Our present student using a loan is an honor student at Ohio State University.

All our chapters work closely with public schools. By offering prizes and awards to American history students in the grades and high schools much is being accomplished to create added interest in this subject.

A speakers' bureau of 37 DAR members is maintained as material for chapter programs. Thus good speakers are available for talks on national and international problems of concern to patriotic American citizens as well as our own members.

This past fall it was a privilege to dedicate the marker for the grave of a Revolutionary soldier, Joseph Hunter, who had served with Gen. George Washington and who was buried at Sikeston, Mo.

One of our projects is to restore and relocate the historic markers within Missouri. Through the combined efforts of the Missouri State Highway Department, the Missouri Daughters, and an admirer of our Society, a native of Nice, France (this patriotic gentleman supervised the labor and assumed all financial respons-

ibility of the relocating of one of our Daniel Boone Trailways markers), other markers are being properly cared for.

The Old Tavern at Arrow Rock, 40 miles from Kansas City, which was built in 1837 is being restored. When completed as to authentic interior furnishings, a tour open to all Missourians and the thousands of out-of-the-state annual visitors of this historic shrine will be sponsored by the Missouri DAR.

A Missouri DAR bulletin is edited by a professional newspaper woman (one of our members) and published three times a year, with a circulation of over 5,100.

The State regent's newsletter published four times a year with information of national and State importance is sent to all on her mailing list.

During the past summer a request came from a member of the 23d Infantry serving in Korea for a flag of the State of Missouri. The boys of this division are Missourians and had not been successful in their desire to obtain a State flag. An all-wool 3- by 5-foot flag valued at $46 was sent as a gift of the Missouri State Society.

Aid has been given to all the DAR, approved schools as well as the Indian schools on our list.

There are 11 Children of the American Revolution chapters in our State, and more chapters are in the process of organization.

Missouri views with pride her accomplishments in the past year, as nearly every chapter has complied with all the requirements of the National Society.

HAZELE GREENE BABER,
Mrs. John Franklin Baber,
State Regent, Missouri.

REPORT OF MONTANA STATE REGENT

For the 13 Montana chapters it has been a busy, pleasant year, and our chapters, keenly interested in all national programs, are working as a fine unit.

Montana has a membership of 695, and we hope to have two new chapters by the end of the year.

We have contributed beads, food, clothing, and other aid totaling $446.83 to our American Indians.

Eight chapters sing the national anthem at all meetings, and five use parts of it. All chapters report special Christmas music, teas, and use of outside talent, including school children, and Indian music to illustrate our American music.

Much time was given to the American Red Cross as Gray Ladies, nurses' aides, recruiting donors, recorders, and blood donors. All chapters reported 100 percent donations to the Red Cross. Gifts, knitting, and Christmas boxes for veterans were also donated.

The chapters reported splendid work for our approved schools, making a total of $1,137.82 in cash and boxes of good used clothing. Five programs stressing the fine work of these schools were given.

The majority of chapters reported activity in conservation. Many stressed human conservation as the most important by aiding Boy Scouts, church groups, destitute Koreans, Indians, State hospitals, and correctional institutions, and X-ray programs. Other chapter members visited parks and dams and had programs where rangers, guides, and forestry officials were speakers.

Flag codes were distributed, and six corrections in flag display were reported. One talk was given by the American Legion, and seven items were printed in newspapers.

We have 146 members subscribing to our DAR magazine, and 12 chapters gave $100 for the Montana page in the February 1955 issue.

Our State society had a total of 2,461 inches of publicity in daily and weekly papers, and 13 pictures were printed. There were 41 broadcasts for 2 hours 44 minutes and 2 telecasts with 1 hour 39 minutes. Six radio stations and one television studio gave time.

Seventeen Montana pioneer histories were turned in for genealogical recording and a 74-page booklet was sent to the genealogical records committee, Washington, D. C., on pioneer families.

There are 77 Junior American Citizens clubs in the State with a membership of 2,361 boys and girls. This is a gain of 5 clubs and 758 new members, and we sponsored 25 schools in the DAR Good Citizens program, where each girl received a pin and certificate.

All chapters stress national defense by having 5 or more minutes on the subject at each meeting. Seven entire programs were by this committee, and 102 letters

were written to Congressmen, with 17 personal contacts. Much literature was distributed, and textbooks were examined.

There are two student loans outstanding, and at our annual State conference, a resolution regarding our student loan fund was adopted by the delegates, stating that the entire student loan fund be deposited in a Government-guaranteed investment, and the interest be used for scholarships.

On November 8, 1954, a diorama was dedicated and presented to the State Historical Society at Helena by our Montana Society. This window depicts an Indian squaw, horse, and travois, one of the earliest and most primitive means of transportation.

A 2-year subscription to the *Montana Magazine of History* is being placed in the DAR library in Washington. We Montana Daughters hope to create an added interest in our Treasure State through this magazine.

GERALDINE HARVEY,
Mrs. John Harvey,
State Regent, Montana.

REPORT OF NEBRASKA STATE REGENT

The 44 chapters of Nebraska have adhered closely to the work set up by our National Society.

The members have attended the courts when so desired and assisted in the naturalization of new citizens, presenting them with flags and later aiding them to register and vote. The members have worked with the handicapped and with the delinquency problem; they have worked with the mental patients at a State hospital, with the 4–H clubs, church groups, and girl homemaker clubs, and 1 chapter gave 3,162 hours in humanitarian work.

Cash prizes were given for the best essays on Americanism, and all the chapters keep in touch with pending legislation in the State and in the Congress.

In Red Cross we have Gray Ladies serving many hours in hospitals, as well as serving as county chairmen, donating blood, working on the blood program, and sending gifts to overseas servicemen and in veterans hospitals.

Several chapters did outstanding work in conservation, stressing closer work with the officers in their respective counties and using their speakers and stressing "Making Nebraska Beautiful."

In many of the counties early records have been copied, and these records sent in to the State Historical Society as well as to our library in Washington, D. C.

For our national magazine we have promoted the advertising of Nebraska, her vacation spots, manufactories, and products. Thirty-six chapters gave at each meeting facts on national defense, and 14 gave complete programs on this subject. Four awards of merit and 31 history medals were presented for this work.

To our approved schools $817 was given in scholarships this past year, as well as needed equipment, clothing, and useful articles in the amount of $2,051. To our Indian schools two scholarships of $187.50 were given, as well as clothing, shoes, and bedding.

Our 179 Junior members in 3 active groups sent a $35 scholarship for the Helen Pouch fund and sold handicraft in the amount of $34.85.

We have a State scholarship fund from which money has been turned over to the University of Nebraska for the use of needy young people to assist them to graduate.

We have 181 Junior American Citizens clubs with a membership of 2,381, and we sponsor contests for them. Prizes are given on historical posters, essays, original poems and songs, as well as original pictures. These children are mostly in rural areas.

We presented 11 large flags to the schools and 138 small ones to new citizens. We distributed 152 flag codes in the schools and libraries of the State.

New books for our DAR Library were purchased, and many books of historical value were placed in different libraries.

At the sesquicentennial celebration held at Fort Calhoun we rededicated the 7-ton marker commemorating the expedition of Lewis and Clark when they held their first council with the Indians in this area.

As the mother of six daughters who are all DAR members, we honored Mrs. A. E. Chase, of Loup City. She also has two sons who belong to the SAR.

L. GRACE GENTRY STRAIN,
Mrs. Joseph Clark Strain,
State Regent, Nebraska.

REPORT OF NEVADA STATE REGENT

This has been a busy and productive year for DAR aims and objectives. We have "Fostered True Patriotism" in all our programs and done outstanding work in national defense, and every chapter has held throughout the year a 5-minute discussion at each meeting. The chapters were active in legislation and in promoting the Bricker amendment. Work with youth groups was emphasized, and good citizenship medals were given. Two awards of merit were given—one to Dr. J. E. Church, professor emeritus of the classics of the University of Nevada and world-renowned crystologist (snow survey scientist). One program featured civil defense.

The State genealogical chairman has done impressive work in preparing five bound letter protected page volumes with duplicate material for the Nevada State Historical Society, Washoe County Library, and the Nevada State Library. Parish records, wills, cemetery records, and family histories have been copied. The State chairman personally prepared 11 of the 15 necessary papers for the organization of the Reno Chapter of the Sons of the American Revolution, organized during the past year and the first to be organized in this State.

We have worked with the youth through our DAR good citizens, our Junior American Citizens clubs, and Americanism committees. We have aided our naturalization courts in participating in the proceedings, giving welcoming addresses to the new citizens, presenting them with flags and codes, and serving refreshments to them and their families after the official ceremonies. Two of our members conduct naturalization classes.

One chapter had a silver tea for the approved schools and displayed handmade articles from five of our schools; $41.71 was sent to the schools from the sale of these articles; $60 was contributed to Tamassee for the all-States kitchen as a State project.

Three chapters reported programs on conservation, and one member had an article on conservation published in DAR Magazine. One chapter had a program on wild flowers, illustrated with original paintings. Conservation contests were sponsored.

The first State conference of the Children of the American Revolution was held at Las Vegas, when the charter was presented.

The special project of the correct use of the flag committee this year has been to secure the proper display and use of the flag on all patriotic holidays. A new scrapbook for the press relations committee was inaugurated this year and will be entered in the national contest. The book contains 1,863 inches of published matter and 45 pictures. Press coverage of the president general's visit was outstanding. Two articles by members and three chapter reports were published in DAR magazine. The mother with the most DAR daughters was presented with an award at the State conference.

Indians are indigenous to the State, and much emphasis is placed on aid to them. Food, clothing, bedding, and arts and craft material were given locally, and money donation was made to St. Mary's and Bacone Colleges. Tape recordings of the nearly extinct Paiute ceremonial dances, songs, and "stick games" were made, some of which will be sent to the National Indian Museum.

Three chapters have qualified for the gold honor roll, and one for the silver honor roll, attesting to the alertness and diligence on all DAR projects. A total of 3 hours—12 15-minute broadcasts on patriotic anniversaries —have been made by members, doubling the time given to such broadcasts the year previous.

In October we dedicated the monument-plaque erected in Las Vegas by the Francisco Garces Chapter to the memory of Padre Francisco Garces, the first white man to enter what is now the State of Nevada.

ELLEN GOODRICH PRIEST,
Mrs. Charles Priest,
State Regent, Nevada.

REPORT OF NEW HAMPSHIRE STATE REGENT

Many of the activities of the 1,943 members of New Hampshire's 37 chapters were concerned with presenting and preserving the history of our State and Nation and educating our young people about it. Awards, gifts, and medals were given for the best grades in American history and essays on American leaders. We honored one of our outstanding leaders, United States Senator Styles Bridges, and presented him an award of merit.

76240—56——4

Our chapters open their meetings with the pledge of allegiance and either sing or play the national anthem. Flags and flag codes have been presented, and we have tried to educate the people in the correct display of the flag as well as the proper method in saluting. One chapter collected old flags from soldiers and sailors graves and with other groups attending held a flag-burning ceremony. We distributed DAR manuals for citizenship, and 12 chapters assisted new citizens in many ways, giving welcome cards and serving coffee after naturalization court, helping them to register and vote, visiting in their homes, and taking them to visit historical places. One naturalization court was televised in part, and the chapter representative was shown addressing the new citizens.

The chapters sponsored 58 girls as good citizens, and a summer resident sponsored two good citizens in communities without a chapter. Examinations were given all girls the same day throughout the State by the chapter regent or chairman who sponsored them. These papers were studied by three judges, and the top 10 were personally interviewed by the judges when the girls were entertained at the State capital. The girls visited the State legislature and senate and were introduced to the governor. The governor's wife was one of the honored guests at the luncheon when the winner was announced.

Our chapters spent a great deal of time on national defense and have studied pending legislation. Letters and telegrams were sent Congressmen and State legislatures by members and chapters. The governor proclaimed February as American Patriot's Month. We have cooperated with other patriotic, civic, and youth groups and participated in community projects. Contributions have been sent to the Old North Church fund.

We have supported our approved schools by cash contributions totaling over $800 and boxes of clothing valued at $1,200, as well as three Christmas boxes. Money has been contributed for scholarships at Bacone and St. Marys Colleges, which are attended by American Indians. Toys were sent at Christmas time for the orphanage party.

Three silver spoons made from buckles worn by Maj. John Stickney were sent to Washington, and we have supported our children's attic room in the museum.

Our membership is increasing, and we have 8 new Junior members, under the age of 35. A former member who resigned because of ill health 17 years ago has applied for reinstatement at the age of 95. With this kind of spirit in our organization, we will continue in our "patriotic, historical, and educational purposes."

MABLE G. CUTTING,
Mrs. Arnold D. Cutting,
State Regent, New Hampshire.

REPORT OF NEW JERSEY STATE REGENT

New Jersey's 5,540 members of 83 chapters have had an active year in the many fields of DAR projects and services.

The American Indians received a cash contribution of $1,957.40, which more than doubled previous gifts. Bacone College and St. Mary's School were presented with 5 and 7 scholarships, respectively. There were 55 boxes of clothing sent with 70 hymnals for the reservation church.

Public schools received consideration, too. A total of 129 books on historical subjects were given to one school library. Special projects for the underprivileged children were sponsored, including playgrounds and summer camps.

Christian literature was sent to countries behind the Iron Curtain.

Cerebral palsy clinics and the multiple sclerosis rehabilitation center were given many hours of service by the Daughters, and over 180 hours were donated on recordings for the blind, as well as 1,520 hours spent in braille.

All pledges to Tamassee, Kate Duncan Smith, and Crossnore were paid in full. The money for scholarships, repairs, gifts, State project, and clothing amounted to $16,000.

Our conservation program consisted of restoring historic homes, contributions to "Mettler's Woods," and placing historical landmarks.

Twenty large flags, 1,260 small flags, and 5,348 flag codes were distributed to schools, civic organizations, post offices, libraries, and naturalization courts.

Eighteen heirlooms were presented to the DAR Museum.

A $400 scholarship to the New Jersey College for Women, Rutgers University, was given. This is the 19th year for this award in home economics.

In New Jersey there are 199 Junior American Citizens clubs with 5,888 members. For the work accomplished in these clubs, the chapters won 2 first prizes and 3 second prizes this year.

The junior membership committee raised $200 for the Helen Pouch scholarship fund.

The chapters have distributed 3,203 pieces of national-defense literature this year.

Seventeen Revolutionary graves were identified.

Sixty-eight awards were given for classroom history contests in the schools, and 850 children were taken on pilgrimages.

The sum of $858 was raised to restore a pre-Revolutionary stone wall around the Presbyterian Church in Pennington, and contributions were sent to Boston, Mass., for the restoration of Old North Church.

The student loan fund committee has been actively processing 23 old accounts, and they made two new loans this year.

Special help was rendered migrant workers, GI brides, and displaced persons.

Framed pictures of the Declaration of Independence and pamphlets on "The Great Seal" and "The Preamble" were given to the schools.

EDNA V. S. REEVES,
Mrs. Thomas Earle Reeves,
State Regent, New Jersey.

REPORT OF NEW MEXICO STATE REGENT

The 11 chapters of New Mexico have the largest membership in its history. Two chapters are on the gold honor roll and 1 on the silver roll, and 1 received honorable mention.

Much of the work of some chapters is with the Indians. The expenses were paid for four Indian women to attend a 4–H Club leader training course, $20 was given to needy local Indians, and $8 was sent to the general Indian fund. Clothing valued at $250 was sent to them.

Reservations were visited, assistance was given in employment, and aid was given in canning, sewing, and letterwriting. Paintings by Indian artists were displayed and purchasers contacted to encourage the artists.

We have 150 aliens in naturalization classes and have presented each new citizen with an American flag.

Cash, clothing, and Christmas gifts were sent to Tamassee, Kate Duncan Smith, and the Berry schools.

This year 110 high-school girls were selected to compete for the Good Citizens' awards. The winner received a $100 bond, and she with each of the second and third place girls was offered a free tuition scholarship from 2 New Mexico colleges, and each of the other 107 girls received a gift.

Our chapters have been sponsors of patriotic, educational, and special films for children and have cooperated with the PTA to improve the theater showings through the motion picture council.

Our members are ever conscious of conserving the natural resources of the State, especially water, trees, and wildlife. Several members are active in the Game Protective Association, and they have planted trees, shrubs, flowers, and vines on the museum grounds, the city parks, and at their own homes.

Room, meals, and clothing were given to hard-pressed veterans and their families. Books and magazines were sent to the veterans' hospital. Clothing, food, shelter, and medical care were provided for flood victims in the different areas where chapters were located.

ANNE BYRD PRINCE,
Mrs. John H. Prince,
State Regent, New Mexico.

REPORT OF NEW YORK STATE REGENT

Under the year's slogan "Now Is the Time," the Daughters of New York State increased their activity along all lines of indeavor this past year and showed much more interest and greater alertness to our resolutions—proving that an "informed member" is an active one.

Believing that the future of our Republic depends upon proper training of our young people, we contributed $27,000 to the work of our approved schools in scholarships and gifts. Contributions to the American Indian children on our reservations and in our Indian schools more than doubled those of last year.

To encourage good citizenship in our public schools 549 good citizenship medals were given and a good citizenship essay contest was held, the topic being "Patriotism, a Quality of Citizenship." Out of the 381 girls entering this contest 10 district winners were chosen, 9 of whom received $50 savings bonds and the tenth received the National Society's award of a $100 bond. New York also conducted a girl homemaking contest in which 1,064 girls competed and 222 received awards of achievement.

Keenly interested in seeing that the new citizen to our shores receives education in citizenship, as well as our young people, New York Daughters distributed over 10,000 manuals for citizenship to those studying to become naturalized. To further help these new citizens to become assimilated into our way of life we aided 180 of them to attend an Americanization conference held in our State Capitol and presented them with American flags and flag codes.

In order to establish authentic records for the future 10,321 pages of genealogical records were copied and bound for the State and national libraries. New York Daughters took 3,885 children on historical tours and conducted Constitution Day pilgrimages to historical spots for members and guests. History awards valued at $800 were presented to students of American history, and 11 new DAR historical book shelves were established in school and local libraries. Our Daughters spent over $20,000 on restoring historical buildings, including Old North Church. Many valuable gifts were given to our DAR museum including a 1680 bride's chest, an Apostle teapot, and a silver gravy boat, belonging to Maj. Gen. Baron Von Steuben.

All chapters in New York aided in various community projects, including philanthropic drives and work in veterans' hospitals, and some set up safety patrols near schools. We maintain our library in the large veterans' hospital in Buffalo. In all, 116 members donated 275 pints of blood to the blood bank, and 15 belong to the gallon club. Members wrote 232 letters to legislators supporting conservation measures, and 25,074 trees were planted for reforestation. A DAR information booth is maintained each year at the State fair, where many come to obtain literature regarding the various phases of DAR work. Teachers are especially interested in this information.

To encourage and commend citizens in our local communities 17 awards of merit were given to men and women for their "outstanding services and worthy accomplishments for the protection of our Constitutional Republic." A State Award of Appreciation was established, and the first recipient was George Sokolsky for his high standards of journalism and his desire to preserve our constitutional form of government.

New York Daughters believe that only through the proper education of the youth of our land, the newcomer to our shores, and our adult citizens can the principles of our American way of life be preserved. Believing that now is the time to work for and to maintain our American freedoms, they have endeavored to be super saleswomen for America.

Adèle Elizabeth Woodhouse Erb,
Mrs. Harold E. Erb,
State Regent, New York.

REPORT OF NORTH CAROLINA STATE REGENT

The 4,772 loyal and cooperative Daughters in 86 chapters in North Carolina during the year contributed $246 for scholarships and medals to our American Indians and sent wool, yarn, handicraft materials, and books to them and bought an organ, a piano, and playground equipment.

Approximately 13,000 hours were given to all the services of the Red Cross, one member receiving a pin for giving over 1,000 hours. We have 93 members who were blood donors, with 3 of them reaching the gallon club.

American history has been stimulated in our schools by giving medals for essays and proficiency in classes. Many historical tours were conducted.

For our youth program, 94 good citizens were presented with pins and the 2 winners each received a $100 bond. Our 1,874 JAC clubs have a membership of 60,255, and 151 good citizenship medals were presented to that number of children in the schools. We made 7 loans to students amounting to $1,950. To our approved schools, we gave Crossnore 101 scholarships valued at $5,181 and a $5,000 endowment fund. The chapters also sent 397 boxes of clothing and $36,680.59 for the building and maintenance funds. Gifts of money and clothing also were sent to Kate Duncan Smith, Tamassee, Blue Ridge, Lincoln Memorial University, and the Helen Pouch scholarship fund.

In the CAR we have six new members.

We have 170 members who attended naturalization courts and welcomed new citizens. They distributed 6,600 manuals and gave 507 small flags to the new citizens as well as to some of the schools. Large flags were presented to 21 schools.

Chapters gave 5 minutes or more to national defense at each meeting. One award of merit was presented.

Total publicity for the year was 24,999 inches, with 369 pictures used in 177 newspapers, while radio and television broadcasts totaled 1,083 at the estimated value of $9,805.

We unveiled a highway marker, another marker at a bicentennial celebration, and bronze tablets to the memory of three Revolutionary soldiers. We also purchased a Revolutionary War drum for $1,000 and presented it to the museum at Guilford Court House National Park.

Members sent to Washington 14 historical documents and 13 pages of genealogical records, besides a complete record of the Revolutionary soldiers of Gaston County.

Chapters sent $15,000 for the renovation of North Carolina Constitution House at Halifax, and life-size portraits of King George III and Queen Charlotte were purchased for the Council Chamber at Tyron Palace in New Bern.

LILLIAN LONG KERNODLE
Mrs. George Albert Kernodle,
State Regent, North Carolina

REPORT OF NORTH DAKOTA STATE REGENT

Nine chapters in North Dakota with a membership of 316 have endeavored to carry out the objectives of our Society through the leadership in our various committees.

The theme for this year has been Foster True Patriotism, and we have stressed the work of our national defense, Americanism, and correct use of the flag committees. With the proposed introduction and expansion of the UNESCO program adopted as a policy for our schools, we have increased our educational activities along this line. The State regent visited all chapters and reported in detail on the program, explaining the stand of all patriotic organizations regarding the world government basic plan.

Governor Brunsdale again proclaimed February American history month and urged all schools to place more emphasis on the teaching of history.

A résumé of the year's work included a contribution of $35 and nine boxes of clothing valued at $195 sent to American Indians, as well as boxes to two North Dakota Indian mission schools. We cooperated at naturalization courts, giving 53 manuals to prospective citizens and flags and flag codes to new citizens as they were welcomed. A total of 635 hours was devoted to organized youth groups, and 10 prizes were given to schools, with a total expenditure for this committee of about $30.

We presented 16 United States flags, one North Dakota flag to a Korean battalion, and 400 flag codes. Ten talks were given on the correct use of the flag, and a radio quiz program on the flag was presented.

Twelve good citizenship medals and 10 awards of merit were given in the State, and 108 copies of national defense material were distributed with a total valuation of $18.

Twenty-five high schools participated in the good citizen contest, with all the girls receiving pins and certificates.

We sent 11 boxes of clothing weighing 162 pounds with a valuation of $305 to approved schools, and also contributed $117, including $76 allotted to Tamassee's All State's kitchen.

We have an increase in membership of 18 for the year. Three of our members have two daughters each who are active members, and three have a daughter and a granddaughter as active member.

Our chapters report 100 percent membership in the American Red Cross, and 28 blood donors with others serving as receptionists and aides in veterans' hospitals and at blood centers.

Six of our chapters are very active in conservation, and the State observes Conservation Sunday, as proclaimed by our Governor.

Contributions of genealogical material have been made to the National Society to aid in preserving historical records.

We have had $190 worth of advertising in our magazine and have sent a contribution of $27.50 to the national defense committee.

On June 24, in observance of the 200th anniversary of the First Congress, one of our chapters held a dedication program honoring Mark Kellogg, the reporter whose notes gave the first story of the Custer massacre.

We carefully study pending legislation and try to cooperate with our Congressmen by advising them of our considered opinions.

The press of our State has been most cooperative, and our record shows a 100 percent increase over last year.

SARAH G. TOSTEVIN
Mrs. E. D. Tostevin,
State Regent, North Dakota.

REPORT OF OHIO STATE REGENT

Ohio's 126 chapters with 9,207 members showed growth with 2 new chapters and 125 new junior members, making a net gain of 242. During the year we upheld the three objectives of NSDAR—historical, educational, and patriotic.

The historical interest completed records of 2,270 Revolutionary soldiers buried in Ohio. History medals were awarded to 118 children, 11 historic spots were marked, and 2,700 schoolchildren were taken to Ohio's historic places. Chapters recorded 3,851 pages of genealogical data in 36 binders, and duplicates were presented for microfilming and filed with the Western Reserve Historical Society in Cleveland.

Many antique gifts were sent to the DAR museum. Among them was a miniature of George Washington in ivory, two etchings of Martha Washington as a young woman, a mahogany jewel box purchased in 1825, a photostat copy of the obituary of Martha Washington, and the May 22, 1802, New England Pladium.

Our educational projects received contributions of $28,103.78, of which $5,603.92 went to our approved schools. A new roof for Hobert Hall at Tamassee and a covered passageway for Kate Duncan Smith were paid for. Chapters sent $2,245.62 for American Indian development at Bacone College and St. Mary's School and also for an Eskimo boy to continue his studies at Rochester School of Technology. Scholarships were given to five youths to attend the State forestry school camp. Six students have borrowed $12,000 from the student loan fund, and five others are using $3,346.94.

Through the Children of the American Revolution, consisting of 507 members in 22 chapters, we encourage youth to take responsibilities of leadership.

The patriotic phase of our activities upheld the Bricker amendment, the request of Gov. Frank Lausche to proclaim February as American history month, and the presentation of 128 good citizenship medals, 23 awards of merit to outstanding citizens, and $225 to five high-school girls as winners of the good-citizen contest.

We made a net gain of 17.72 percent in press space. The Ohio DAR News gained 173 subscribers, and subscriptions to the DAR magazine increased by 482, giving us the first prize. We had 33 radio broadcasts, and 5 TV stations gave us 308 programs valued at $21,150.

Through 75 clubs of Junior American Citizens comprising 14,284 boys and girls of all races and creeds from kindergarten through high school, we promoted additional patriotic education. Ohio was second in its work in American Red Cross, as 640 gave 24,811 hours of volunteer service. Among the 273 blood donors 22 belong to the gallon club. Americanisn committee of the seven chapters of Greater Cleveland united in presenting each new citizen with a copy of the judge's address and an American flag, and to other foreign born 4,276 DAR manuals were given. There were 86 large flags and 3,708 small ones presented to new citizens and civic groups. Fourteen historical flags are used at our State conferences.

The Motion Picture Guide is placed in our libraries and schools to encourage good movies.

Credit for this excellent work in Ohio may be attributed to several reasons: Our meetings are opened by prayer, a devotional guide is published monthly, DAR project material is used at the meetings, a speakers' bureau was very popular and used by the chapters, and 40 percent of the chapters were on the national and State honor rolls.

MARILLE H. BIXLER
Mrs. Marshall H. Bixler,
State Regent, Ohio.

REPORT OF OKLAHOMA STATE REGENT

The 2,289 Oklahoma Daughters have an increase of 55 members since last year. The 38 chapters worked hard to attain the goals set forth by the National Society, and 6 chapters made the honor roll.

In celebration of the diamond jubilee anniversary of Bacone College at Muskogee, the State society give $707 to the college for scholarships; $14 for paint; two large boxes of Christmas gifts; and used clothing valued at $767. To the Murrow and Goodland Indian Orphanages, Christmas gifts, cards, and clothing were given.

Much work was done with those who applied for citizenship papers; some chapters helped the applicants to learn to speak English; some helped them to understand our laws and customs; and other chapters helped them to pass their final papers at the naturalization courts. Manuals given out numbered 379 and flag codes, 650.

Cash contributions to our DAR approved schools amounted to $617.20; Christmas gifts sent to the schools were valued at $512.50; used clothing valued at several hundred dollars; and the State society gave a window for the new All States kitchen at Tamassee.

The good citizens committee contacted 626 high schools, and 150 senior girls were named good citizens, almost twice the number selected last year. The National Society gives a $100 U. S. savings bond to the State winner, and this year the State society voted to give a $25 U. S. savings bond for second-place winner and a $10 check to the girl placing third in the State.

Oklahoma won the $10 award for the greatest increase in DAR magazine subscriptions in its particular membership group. Total subscriptions numbered 391, an increase of 119 over last year.

The sum of $1,169.15 was raised to buy additional furnishings for the Oklahoma Colonial kitchen in Memorial Continental Hall. A very valuable petit-point fire screen dating back to 1790–1800 and a lovely old 13½-inch pewter tea pot were given to the State DAR museum in the historical building in Oklahoma City.

An additional $100 scholarship to a Bacone Indian student was given through the scholarship fund committee; also $50 scholarships were awarded to two girls in the music department at Oklahoma A. and M. College.

At the present time the scholarship fund amounts to approximately $3,600.

Our work among the Junior American Citizens clubs resulted in two more clubs being organized, making a total of 74, with a membership of 2,350. The Tulsa Chapter organized several new JAC clubs this year.

Outstanding work has been done through the motion picture, radio, and TV committee. A total of 7 hours 20 minutes was used on radio; and 5 minutes on TV, representing a total value of time of $402. This is in addition to chapter meeting announcements on radio.

Thirty chapters devote 5 minutes every meeting to national defense; 25 chapters had at least one complete program on national defense; 84 good citizenship medals, 36 history awards, and 4 adult awards of merit were given; 23 chapters studied the 1954 continental congress resolutions; 121 letters were written to Congressmen and Senators; 61 personal contacts were made with State and national solons; 16 chapters distributed 500 pieces of national defense material; 8 chapters spent $47.55 furthering the national defense work; and 20 chapters have 70 members reading and evaluating textbooks.

The chapter in Sepulpa secured title to the family burial plot of the late Indian Chief James Sepulpa and built a fence around the grounds. They had the gravestones reset, some of which are inscribed in the Creek language. Some of the members secured from the county commissioners the right of opening a section line leading to the burial plot. They had a large sign placed identifying the

grounds, as well as a slab of Tennessee marble bearing the inscription Our City Named for Chief Sapulpa, Early Leader of the Creek Nation.

Many chapters have stressed the use of music by American composers; five large flags were given to high schools, a Negro school, and a Boy Scout troop; 505 pages of genealogical records were sent to the national and State libraries; six chapters made pilgrimages to historic spots; one chapter restored an old early day watering fountain, locating it across the street from one of the city schools; and another chapter had as a special project, under the supervision of the county superintendent of schools, the collection and distribution of books to rural school libraries.

DORIS R. BUDDRUS
Mrs. Curt Buddrus,
State Regent, Oklahoma.

REPORT OF OREGON STATE REGENT

Twenty-four junior American citizens gave a skit illustrating the flag code at State conference, using small scale models. These sixth-grade children represented many races and nationalities. Their clubs are growing in number and membership.

The Children of the American Revolution marked the grave of the unknown pioneer child who died on the Oregon Trail in 1849. This society has made great progress.

Chief Tommy Thompson of the Celilo Indian tribe gave the invocation (translated by his wife, Flora) at the Oregon Lewis and Clark Sesquicentennial luncheon. The chapters of the State have given substantial aid to his tribe in money and clothing. Material help has also been given the students at Chemawa Indian School near Salem.

The cornerstone was laid by the Masonic grand lodge of Oregon for the restoration of the 103-year-old home built by Dr. Robert Newell, a leader in the formation of Oregon's first provisional government. This was the only building in the original town of Champoeg to survive the Willamette River flood of 1861. The State regent purchased and presented this building with surroundings acres to the Oregon society to be restored and preserved as a historic shrine and museum. Ex-President Hoover's boyhood home at Newberg was dedicated in August. The living room was furnished by the Oregon society.

The teaching of American history in Oregon's schools has been stressed at all levels; 1,800 children were taken on historical tours; and money and clothing were sent to the DAR approved schools throughout the Nation. Governor Patterson again declared February American history month upon our request. The State superintendent of education asked us to evaluate the proposed social-studies textbooks, which include history. Many of our recommendations were accepted in selecting the books.

Flags, flag codes, and citizenship manuals have been widely distributed and patriotic programs presented. The girl chosen as State good citizen was awarded a $100 bond. A $25 bond was awarded each district winner, and all girls who participated in the finals were given a certificate and a good-citizenship pin.

Much interest has been stimulated in early American music by study in the chapters and presentation at public gatherings. A large amount of genealogical material was prepared for State and national. Magazine subscriptions have increased, and a speakers' bureau was maintained.

Two new chapters have been organized and authorization for others requested. Oregon had gained 6 percent in membership for the year ended February 1, 1955.

RUTH MCBRIDE POWERS
Mrs. Albert H. Powers,
State Regent. Oreg.

REPORT OF PENNSYLVANIA STATE REGENT

Great strides in Pennsylvania have been made along all lines of DAR work. The State has 134 chapters with 13,262 members and 98 members at large. This is a net gain of 287 with an increase of 180 members over last year. We have added two new chapters.

For the American Indians $4,452.81 was contributed, or 40⅓ full scholarships. Besides the money, boxes with a value of $962 were sent to Bacone and St. Mary's, and we contributed $208 to the general fund.

Our women continue with the work of the Red Cross. Over 29,000 hours were given in the fields of service.

Chapters worked with naturalization courts and greeted 2,639 new citizens, supplying them with small United States flags, flag codes, and pledge of allegiance cards. Many chapters held receptions for new citizens, and 2,639 manuals for citizenship were distributed. There were 132 prizes given for essays and plays on Americanism, and $300 was spent for their prizes.

Much work has been done for our approved schools. Programs are given and films of the schools shown. Six chapters had sales of handicraft from the schools, taking in $171. The chapters sent clothing with a value of $8,971 and scholarships of $4,173. The total donations made to all the approved schools amounted to $18,737, and increase of $3,218 over last year.

We now sponsor 36 CAR Societies with a membership of 938. There are 29 National and 33 State promoters in Pennsylvania. The State board of management dedicated the 1954 State proceedings to the CAR, the first time this has ever been done.

Greater interest is being shown in our civil-defense program, with 9,606 members actually working in some field of service.

Chapters had conservation programs, made trips to nearby conservation projects, and contributed $261.50 in scholarships to 5 teachers at the Conservation Education Laboratory at Pennsylvania State University, with 2 teachers using our scholarships at the 1954 sessions. More than 54,500 evergreen seedlings were planted, as well as trees and shrubbery, at a cost of $247.53. We distributed 33,000 Smoky Bear placards and pamphlets and 5,000 pieces of other literature.

We are proud of our DAR good citizens work. Chapters sponsored 319 good citizens. This number was possible because of the fine increase of 72 schools participating.

To the national library we sent 56 books, 4 of which were on the wanted list, and $22 was contributed for rebinding and $86 for State library work.

We have done well with the DAR Magazine; increasing subscriptions. A total of $2,500 worth of advertising was placed in the August 1954 issue, with every issue carrying at least one advertisement.

We contributed $390 to the museum general fund, and the chapters also gave $69 to the museum art fund. Four gifts were accepted by the curator general: a handmade calico dress, a child's rocking chair, a silver teaspoon, and a linen tablecloth.

Our student loan fund continues to be used; this year $2,560 was lent, with five students benefiting.

In the genealogical department, 45 photostats and 4,084 pages of material were accepted in Washington.

In historical research 431 history medals were presented, 13 Revolutionary soldiers' graves marked, and 2 restorations made; 203 members inspected local school history textbooks, and one chapter wrote a history lesson which was distributed to 500 schoolchildren of the fifth and sixth grades in 16 schools.

Pennsylvania is proud of her juniors, numbering 816. Besides supporting all national work of juniors, the Pennsylvania juniors project is a playground at Tamassee toward which $1,925 has been contributed. The films of KDS and Tamassee taken by the junior chairman and shown by her 106 times, traveled over 10,000 miles.

Our national defense work has been stressed. The chapters devoted at least 5 minutes to this subject at each meeting, and 61 chapters had an entire program on national defense; 96 gave complete patriotic programs, and 273 recognized patriotic holidays. All chapters are working to educate members against subversive influence and for the Bricker amendment.

Publicity has been good, with 130 press chairmen. Pictures published totaled 327, with a total of 40,358 inches of publicity distributed in 209 daily newspapers and 109 weeklies.

We had 262 radio and TV broadcasts. Radio time totaled 11 hours 37 minutes, with a value of $871.25. The four telecasts amounted to 50 minutes, with a value of $6,250.

KATHERINE WILEY PATTERSON
Mrs. Herbert Patterson,
State Regent, Pennsylvania.

REPORT OF PHILIPPINE ISLANDS STATE REGENT

No meetings have been held since World War II. Only two members are now residing in the Philippines and they are on different islands.

Fortunately, the officers, who had been elected prior to the war, are still willing to carry on, although the secretary resides in Agana, Guam, the regent lives in Gering, Nebr., the State vice regent is in Washington, D. C., and the State regent who is also the chapter treasurer resides in San Diego. The other members are scattered across the United States. No three are living near enough to hold meetings.

The Caroline E. Holt scholarship fund, now called the Caroline E. Holt educational fund, has been the factor which has held the membership. This fund was started years ago to enable outstanding Filipino nurses to attend Columbia University for a year.

The United States Army permitted us to send the nurse on an Army transport, so the chapter saved on the transportation. The National Society took over when the nurse reached the United States and paid the necessary expenses from the fund above mentioned. The NSDAR paid the return transportation, and some nurses returned via Europe.

These nurses rendered very valuable assistance to Americans during World War II.

If the funds belonging to the Philippines chapter which were taken from the Bank of the Philippines by the Japanese and were transferred to the Bank of Taiwan could be returned to the Treasurer in the United States, there would be sufficient funds to give another nurse a year in the United States. It is hoped this money will not be sent to the Philippines, as the peso is not worth 50 cents today, and it costs at least 18 percent to get any American money out of the islands.

We have received notice that this money is to be paid soon.

MABEL R. CARLSON
Mrs. Mabel R. Carlson,
State Regent, Philippine Islands.

REPORT OF RHODE ISLAND STATE REGENT

For the second year in succession, Rhode Island won first prize in the northern division for largest State-per-capita contribution to the work of the American Indians committee; some chapters sent more than $2 per member, as well as boxes of clothing, beads, buttons, and yarn; several chapters collect Indian head nickels for this work.

Most chapters promote the use of American music in their programs, and one presented a music medal to the outstanding music student, a high-school senior. The State chairman arranged programs for wards of the Newport Naval Hospital, for the Armed Services Y. M. C. A., and at the Memorial Day service for all armed services stationed in Newport, gave a series of 10 radio programs using all American compositions, and authored a program on American Christmas carols.

For Americanism, chapters have worked with the naturalization courts throughout the State, assisted with citizenship papers, and helped new citizens to register and vote. One chapter chairman distributed welcome cards to all who entered through the court at Providence, sometimes as many as 300 new citizens in a day; four chapters join to give a home economics scholarship at the University of Rhode Island.

For the American Red Cross, in addition to money donated, chapters sent to the Veterans' Hospital in Providence, the Newport Naval Station Hospital, the Naval Air Station Hospital at Quonset, and armed services abroad: 76 Christmas gifts, 100 games, 16 gifts, 70 phonograph records, sheet music, hundreds of books, pocket novels, magazines, 111 packs of playing cards, 14 dozen homemade cookies, 25 Christmas wreaths, and 35 table decorations, several Bibles, and flower arrangements for the wards housing the survivors of the aircraft carrier *Bennington* disaster. Members gave more than 5,125 hours of service, and many worked on the blood program and in hurricane Carol, one giving 9 days of service and one giving 75 hours serving survivors of the *Bennington* disaster. A chapter has adopted a tubercular ward at the veterans' hospital, providing them with many extra comforts and gifts, including subscriptions to six daily and Sunday newspapers.

The sum of $949.15 was given to carry on the work of six approved schools, which included $725.30 for the Hillside building fund. Also, many have sent boxes of clothing, books, candy, cookies, and 1,113 silver coupons.

Members have engaged in many projects of conservation and restoration following the hurricane destruction of trees, shrubbery, grass, flowers, and crops, erosion of shore property, and pollution of water supplies.

Seventeen flags were presented to Scouts, Cubs, Brownies, schools, a church, YWCA., children's center, and municipal building, plus 60 small flags to a school class, and a large State flag to replace the old one in Constitution Hall. One chapter paid for the flag presented by collecting and selling old gold and silver of members.

More than 20 percent of our membership subscribe to our magazine, and over $900 has gone into magazine advertising.

A 213-page volume of previously unpublished material from family, Bible, probate, land evidence, and historical sources was assembled by our genealogical records committee, and a filing cabinet costing $253 was purchased for our index cards at the Rhode Island Historical Society.

The student loan and scholarship fund has $1,200 in outstanding loans to eight students, and $952 available for use.

An alert and hard-working chairman of national defense has, by visiting or by mailing literature and letters, kept our membership aware of the problems and dangers that threaten the security of our country.

All but two high schools in the State participate in the Good Citizenship contest for senior girls. After being received by the governor at the statehouse, on the morning of the State conference, the girls are taken on a bus tour of historic spots and are guests at the conference luncheon. The winner received a $100 bond.

ELSIE CUSHING HURDIS
Mrs. Charles E. Hurdis,
State Regent, Rhode Island.

REPORT OF SOUTH CAROLINA STATE REGENT

South Carolina has a total of 2,800 members in 56 chapters. Our first interest, of course, is Tamassee, to which we contributed $1,846.33 for the All States kitchen and $5,635.60 for the endowment fund of our South Carolina cottage. One of our members gave $500 for walks between the buildings in memory of her husband.

There were 215 high schools this year which selected Good Citizens, and the high point girl received a $100 bond. We have 113 Junior American Citizens clubs, with a membership of 31,032.

To the Catawba Indians we gave a horse with a saddle, a piano, an encyclopedia for the school, and money for their bead work. Money for milk and school lunches was given, and we assist them in the sale of their pottery.

In the CAR we have 12 State societies, and a new one is being organized. These children publish the Carolina News four times a year.

In the Red Cross, 44 of our members serve as Gray Ladies, and 558 were blood donors. More than 1,990 hours of service were given in the different services, and 169 gifts were sent to our Armed Forces abroad.

Much work has been done with the foreign born and war brides. English classes were held for them, and 140 manuals were used.

Our members planted 2,937,500 pine seedlings; they had 20 ponds built and 25 miles of fire lanes, for to protect and preserve our forests is of prime interest. Hundreds of bulbs and shrubs were planted, and thousands of pounds of food were frozen.

We presented 28 flags and gave 6 radio broadcasts and 2 television programs on the flag.

The chapters distributed 2,792 pieces of national defense literature, wrote more than 630 letters to their Congressmen, made 48 personal contacts with them, and sent 6 telegrams concerning vital legislation.

We presented 10 history medals and 3 silver cups for the best history essays and sponsored 37 historical programs by pupils in the schools. We took 360 children on tours to places of historical interest.

Our 153 junior members in 10 groups assist considerably in all our State work.

MARY HEATH OWEN
Mrs. James T. Owen, Sr.,
State Regent, South Carolina.

REPORT OF SOUTH DAKOTA STATE REGENT

From the 14 chapters in South Dakota comes this report of the year's activities.

The programs were on Indians, Indian art, Indian music, and St. Mary's School. A scholarship of $25 was sent to St. Mary's.

Our members gave 200 hours of service to the veterans' hospitals and to the blood bank project. We have six Gray Ladies and 23 blood donors.

Medals and prizes were presented, and patriotic literature, small flags, and DAR manuals were given. Our women visited the naturalization classes and invited the new citizens to teas.

The chapters included approved schools in their budgets and total cash contributions amounted to $168.95, of which $115.45 went to St. Mary's School for Indian girls. Total value of clothing and gifts sent was valued at $467.31, of which $317.31 went to St. Mary's.

Each chapter having a conservation chairman was sent *Conservation News* of the National Wildlife Federation.

We contributed $192.50 to advertising in the DAR Magazine.

South Dakota had 236 school good citizens this year from 62 counties. A membership award was presented to the chapter having the greatest increase in membership—23 percent.

Five radio stations cooperated, with a total number of 32 broadcasts. A student loan and scholarship fund is now in force in our State; and an annual scholarship of $50 has been established.

Our State Society has an endowment fund the interest on which each year is given to a boy or girl of a veteran of World War I or II, or of the Korean conflict, who served from South Dakota.

FLOSSIE M. BRILEY,
Mrs. Frank Briley,
State Regent, South Dakota

REPORT OF TENNESSEE STATE REGENT

The Volunteer State of Tennessee has a membership in the Daughters of the American Revolution of 4,087, with 84 chapters participating in all phases of the National Society's program.

The State registrar has completed a filing system of all Tennessee members, with their national number, ancestor, maiden name, and address.

The programs have been given by well-chosen speakers who used documented material furnished by the National Society. Americanism, national defense, juvenile delinquency, conservation of natural resources, the Constitution, and American history were the main topics used.

Our chairman of old church records has compiled 2 volumes which contain 94 records that make interesting reading.

The genealogical chairman contributed 29 papers to the library and 2 copies of old cemetery records, besides books and pamphlets.

The Junior American Citizens Clubs are a means of curbing juvenile delinquency. One chapter has established many in their public schools with a total membership of 467. This means that these boys and girls are learning the ideals of good citizenship, love of country, flag etiquette, and loyalty to the Constitution.

February will be American history month. A proclamation will be issued by Governor Clement.

Tennessee DAR has its own news sheet, published three times during the year. It always contains a message from the State regent, besides news of work pertinent to various committees and a national defense message.

During Constitution week more than 250 copies of the Constitution were presented to schools, 51 members checked history textbooks, 31 history medals were presented to school children, and 6 awards for essays and 6 awards for plays were given. During the year 1,428 children were taken on historical tours.

The two DAR schools, Kate Duncan Smith and Tamassee received substantial assistance from Tennessee. The 11 other approved schools also received help with money and salable second-hand clothing. The schools for American Indians, Bacone Junior College and St. Mary's School for Girls also were helped financially.

The Children of the American Revolution Society in Tennessee had its own State conference this year with a good attendance. These children are the lifeline of the DAR. We are organizing new chapters and assisting them to become enlightened material for future DAR and SAR members.

All patriotic holidays are observed by programs and flags are displayed at each meeting. Every meeting is opened with prayer, the pledge of allegiance, and singing of the national anthem.

FAY SHELLEY RULE
Mrs. Elmer D. Rule,
State Regent, Tennessee.

REPORT OF TEXAS STATE REGENT

Texas now has 7,071 Daughters, 96 chapters. There were four new chapters organized this year.

We have established a permanent Texas American Indian scholarship at Sam Houston State Teachers College in Huntsville this year.

The sum of $8,107.79 was spent on Americanism work, and 4,990 DAR Manuals for citizenship were distributed in the State.

In all, $16,827.81 was sent to approved schools this year, which includes gifts and scholarships.

Again, 1,250 high schools were contacted for the DAR good citizens contest.

Texas has 1,364 subscribers to DAR Magazine with 127 new ones, and $4,673.02 worth of advertising was sent in. John McKnitt Alexander Chapter won first place for the chapter sending in the largest amount of advertisements.

Twenty volumes with 3,114 pages of research were sent to the DAR library in Washington for genealogical records.

Texas had 16 chapters on the gold honor roll; 12 on silver honor roll; and 11 chapters received honorable mention.

We have 1,703 JAC clubs with 53,410 members, which is an increase of over 3,000 members. Lone Star Chapter organized 25 new clubs this year, with a membership of 890. Texas won eight JAC prizes at the 64th continental congress.

In the mother-daughter contest, Texas won a second prize with the DAR mother Mrs. Pauline Higdon, of Ann Poage Chapter, who has six DAR daughters.

Outstanding work was done on national defense. A high note of achievement was reached in the presentation of an award of appreciation to Gov. Allan Shivers by the Texas Society.

A total of more than 30,000 inches of DAR publicity was sent in for our press-relations scrapbook.

Noteworthy programs were presented on radio and television (approximate value $12,252.50). Included was publicity given on radio and TV during our recent annual State conference in Houston.

Texas Society erected and dedicated a magnificent 9½-foot bronze statue of George Washington on the campus of the University of Texas in February 1955.

A substantial maintenance fund has been set up for the Texas DAR House, purchased last year.

LORETTA GRIM THOMAS
(Mrs. Loretta Grim Thomas),
State Regent, Texas.

REPORT OF UTAH STATE REGENT

Utah has two chapters, with 211 very active members. Several of these members act as teachers at the Navaho school in Brigham City, and both chapters presented programs with students from the Indian school taking part.

The chapter members distributed flag codes at naturalization courts and to Boy Scout and Girl Scout groups. Awards were given to high-school students for patriotic essays; these essay contests are very popular.

The good citizen contest also is a highlight in the high schools of Utah. The awards are presented annually in Salt Lake City, and the winners are given the trip by their sponsoring chapter.

One of the chapters had a series of radio programs during the year, which proved to be most interesting to the public as well as to our DAR members.

MYRNA C. LOGAN
(Mrs. William H. Logan),
State Regent, Utah.

REPORT OF VERMONT STATE REGENT

Vermont has 30 chapters, with 1,376 members. This past year has been a busy and successful one for the Vermont Daughters, all working together to carry out the objectives of the National Society through our various committees.

For the American Indians we gave money for scholarships to two Indian Schools—St. Mary's School for Girls in South Dakota and Bacone College at Muskagee, Okla. As DAR's we are vitally interested in the educational program for American Indians.

Much work has been done for American Red Cross, and two members belong to the "Gallon Club."

All chapters have done much work for the Americanism committee, such as attending naturalization courts and assisting with naturalization papers. Flags and copies of DAR manuals for citizenship have been given to new citizens.

We own and maintain two schools in the mountains in the south, and Vermont is most interested in helping support these. Our State society also has helped with the other 11 schools on the approved list. In addition to money, we have sent boxes of clothing.

We have three CAR chapters in the State.

Through the correct use of the flag committee we have urged every member to display the flag on every national holiday and to be always alert to see that the flag is displayed properly. Also members distribute thousands of copies of the flag laws passed by Congress and flag codes and leaflets published by the National Society, so that information on the flag may be widely disseminated.

Through our DAR good citizens committee, an annual award is given by the Society to the outstanding girl in the senior class in each accredited public high school. These girls are chosen on the qualities of dependability, service leadership, and patriotism.

We have in our State Society a DAR student loan fund to aid students in higher education. Four new loans were made this past year. Our fund now aggregates over $3,000.

Through our genealogical records committee, we have prepared in proper form, for reference, and placed on file, information from hitherto unpublished sources, from which past generations can be traced. Types of records are: marriage records, birth or death records, tombstone inscriptions, Bible records, and diaries. Much work has been done by our State chairman to aid persons from numerous other States in securing information so they may join our Society.

Our members have been active in forming Junior American Citizens clubs in our schools. The objectives of these clubs are to promote patriotism and good citizenship and to respect the Stars and Stripes. These clubs are sponsored by DAR chapters.

We believe that education for American citizenship is necessary for the youth of our Nation. Through the awarding of our good citizenship medals we are inculcating in the minds of our boys and girls the principles of good citizenship. Many of these medals have been awarded by the Vermont Society this past year. Also this committee has inaugurated an award of merit to men and women in our communities who have contributed in some outstanding manner to the protection of our constitutional government and way of life. This past year we presented two awards: to W. I. Mayo, director of Kurn Hattin Home, a school for underprivileged children, and to Warren Austin, former Vermont Senator and former United States Delegate to the United Nations.

MARGIE BARKER ARNOLD
Mrs. Donald S. Arnold,
State Regent, Vermont.

REPORT OF VIRGINIA STATE REGENT

There are 5,501 Virginia Daughters in 99 chapters and 75 members-at-large; a total of 5,576. One new chapter was confirmed in December 1954.

Under efficient officers and chairmen, all phases of DAR work in the State has progressed.

Members located 80 graves of our Revolutionary ancestors, and two were marked. American history month, so designated by our governor, was observed in many ways, from contests in schools and community programs to a "Soiree at Woodlawn," an original musical play.

Our State project, the installation of a heating plant at the Yorktown Custom House, the oldest in the Nation, was completed.

Interest in our approved schools continues. Nearly $4,000 was given for scholarships, and 150 place settings of silver were presented to our Virginia approved school, Blue Ridge, at a cost of 29,759 General Mills silver coupons, plus the necessary cash. Over $21,000 was contributed to all causes.

We have 13,000 children in Junior American Citizens clubs; 19 junior committees; 38 CAR societies—5 new ones this year, with a total membership of 856 members. We give financial aid to Boy and Girl Scout troops. Flags are presented to children's groups and schools. Children are taken on historical pilgrimages. Virginia sponsored 95 good citizenship contests in the senior class of as many nigh schools. The winner received a $100 Government bond from the national society. Winners are selected for their achievements in leadership, patriotism, dependability, and service.

The Daughters work for all committees of the national society, and in addition we continue to work for our many State shrines: Kenmore, Stratford, Woodlawn, and James Madison Cemetery.

We have two Indian reservations in Virginia, not under the Department of Interior. They are the Mattaponi and Pamunkey. The economic situation among these Indians is very bad. The State of Virginia operates a grade school on each reservation. If a high school education is desired, children must leave the reservation, usually going to Bacone or St. Mary's, our DAR approved Indian schools. The Commonwealth of Virginia bears the expense. No provision is made for college education, since few Indian children can or will take one. We are interested in a boy who does seem to be college material, so at our 59th conference it was decided to try and raise the necessary amount to give him this opportunity to better himself.

The chapters sponsor a series of historical color books, published in Williamsburg, as follows: "A Little Girl of Williamsburg," "Chanco, the Indian Boy," "The Flag," "Thomas Jefferson," and "George Washington." Upon the occasion of the visit of her Majesty, Queen Elizabeth, the Queen Mother of Great Britain, in November 1954, a set of these books was presented to her as gifts for the Royal grandchildren. We were informed that the books were presented to the Prince and Princess at Christmas.

Five rare books were sent to our DAR library.

LAURA WOOD BAILEY
Mrs. C. Bernard Bailey,
State Regent, Virginia.

REPORT OF WASHINGTON STATE REGENT

The State of Washington has a DAR membership of 2,070 included in 40 chapters.

Members gave Christmas parties for Indians and a Mother's Day party and participated in the dedication of an Indian church. A $100 scholarship was given to an Indian student at the University of Washington.

We participated in all the activities of the American Red Cross.

Under our Americanism and DAR manual for citizenship program chapters worked with naturalization courts, aided aliens in obtaining papers, and participated in welcoming new citizens. Over 200 manuals were distributed.

Our approved schools chairman made six talks in behalf of the schools. We gave $200 to Kate Duncan Smith School and $150 for the shuffleboard court. We gave $175 to Tamassee for scholarships and $200 for floors for the new kitchen.

Fifteen DAR members in the State are transfers from CAR.

Our State flag chairman distributed 5 large flags, 550 smaller flags, and 250 codes. Thirty-two talks on the flag were given in the schools.

The high-point high-school girl in the good-citizenship contest was presented with the good-citizenship pin and a $100 bond.

Each of 21 chapters contributed $5 for a full page of advertising in the DAR Magazine; one chapter took another full page, and one chapter took half a page.

Our genealogical chairman completed volume 26 of the Washington Pioneer Records and sent copies to NSDAR and to State libraries. Four photostats and one family genealogy were contributed.

Washington had 5 gold star chapters, 5 silver star chapters, and 5 honorable mentions.

Three chapters gave out the Junior American Study Guide, and handbooks were given to 100 Boy and Girl Scouts. Members worked with juvenile courts and youth centers. This work was done under the Junior American Citizens chairman.

During the year we added 29 junior members to our membership list.

Our 40 chapters had a net gain in membership of 48. The award for the DAR mother for the most daughters as members (four) went to Mrs. Edith Sickler of Ann Washington chapter.

The chapters reported their most important project under national defense was work for the Bricker amendment. Many of the chapters had a complete national defense program and devoted 5 minutes or more to that subject at each meeting. A total of $218.70 was spent by chapter committees on national defense. Ninety-seven good citizenship medals and 11 awards of merit were given.

During the year 55 newspapers cooperated with our press-relations chairmen. We had 45 broadcasts, representing 1 hour 32 minutes valued at $423.50 and 41 spot announcements with 2 telecasts. The State regent made a tape recording on the work of the organization.

A yearly scholarship award of $200 was made to an outstanding history student at Washington State College.

SYLVIA ZOLL GRISWOLD
Mrs. Lewis T. Griswold,
State Regent, Washington.

REPORT OF WEST VIRGINIA STATE REGENT

A membership of 3,488 in West Virginia shows a net gain of 123, with two new chapters organized.

Our chapter members have helped in the naturalization courts and in night schools for new citizens. One chapter planned the program for 25 aliens when they became American citizens, and another honored 200 new citizens with a tea.

Members visit people desiring to become citizens, take them to visit historic spots, and help them to a better education. The members distributed 56 manuals and 1,000 pamphlets in this work. They also assisted with Boy Scouts, Girl Scouts, and 4–H clubs.

The chapters sent $1,320 to Tamassee School to help start a beef herd, $121 to Kate Duncan Smith School for a "Skilsaw," and $1,054 for scholarships and Christmas and operating expenses. New clothing, gifts, weaving materials, linens, and furnishings amounted to $3,152.

We have 65 Junior American Citizens clubs with 5,483 members, and we presented Thatcher award pins to 10 of the members.

Our 313 DAR juniors contributed over $1,000 to the Helen Pouch scholarship fund.

One of the chapters has a project of sponsoring seven patriotic films shown to the schools during the school term. A minimum of 14 schools viewed each picture.

Our chapters are active in national defense work; 87 good citizen medals were presented, 4,507 leaflets were distributed, the resolutions of Continental Congress were studied, school textbooks were investigated, and $128 was contributed for national defense work.

More than 120 newspapers and magazines have carried publicity for DAR, including 78 weekly papers, which gave space for our DAR programs and 306 pictures. The total air time given our chapters was 8 hours 30 minutes, valued at $686.50. These broadcasts explained the work of our National Society in observing patriotic, civic, and special events.

MARY ANNE MCCLAUGHERTY
Mrs. William McClaugherty,
State Regent, West Virginia.

REPORT OF WISCONSIN STATE REGENT

Wisconsin DAR had s most successful year, showing an increase of one chapter, making 49, and considerable activity in various programs.

The American Indian program was sponsored, as follows: Scholarships were given to Bacone College and St. Mary's High School, a scholarship of $100 was given to an Oneida Indian taking nurses' training at Milwaukee Hospital, as well as clothing and bed linen. Clothing, baby layettes, gifts for children at Christmas, and beads for occupational therapy were also contributed.

Chapters reported very active participation in the American music program, with most chapters singing or reciting The Star-Spangled Banner or "America" at every meeting. Music of State composers and history of American music was covered in many chapters, and many had radio and television programs.

Many of our chapters had members who were blood donors, some belonging to the "gallon club"; others made garments for the veterans' hospitals, and many served in various other capacities to aid the work of the American Red Cross. In all, 4,896 hours of service were contributed by members.

Arrangements were made to place DAR manuals for citizenship in all libraries of steamships of the United States lines as a gift from the Wisconsin Society, and 1,419 DAR manuals were distributed as well as assistance given to many new citizens.

Chapters had approved schools programs and contributions totaled $4,202.35. Members visited all but two of the approved schools on out list, and in addition to monetary contributions clothing, household articles, books, and Christmas gifts were sent.

American flags were distributed to YMCA, new citizens, Girl Scouts, JAC clubs, and CAR societies, and 150 flags were placed on hospital trays. Chapters had movies on the flag, used the flag quiz, studied the flag code, and distributed 800 pledge of allegiance cards to students. Most members display the flag on national holidays.

The Junior American Citizens have 27 clubs and 791 members in Wisconsin. Essays were written on "What the Constitution Does for Me" by fifth and sixth grades, and prizes were given on Washington's Birthday. Essays and poems were submitted for the national contest. Sixteen Thatcher award pins were presented. Christmas presents were distributed to the old folks home, and special favors made for hospital trays. Radio and television programs were sponsored, and patriotic plays were presented to DAR chapters and to schools.

National defense was given an important place in the program of every chapter, and most chapters had a national defense program of 5 minutes or more at every meeting, and the voting record was almost 100 percent. Community project work included displaced persons, citizenship classes, skywatching for civil defense, sponsoring historical essay contests, and giving good citizenship medals. Members of the speakers' bureau spoke to organizations other than DAR chapters. Telegrams and letters were sent to Congressmen and State legislatures.

We are proud to announce 405 good citizens from 449 high schools. The winner, as usual, received a $100 bond.

Ten chapters sent in genealogical records totaling 619 pages, a gain over last year of 516 pages.

To the DAR Magazine, 37 chapters sent $583 worth of advertising.

We have three chapters on the gold honor roll, three on the silver honor roll, and seven received honorable mention. Every chapter presented good citizens pins, participated in community projects, talked Americanism, presented history awards, made a gain in membership and supported the approved schools.

Chapters are realizing the importance of our younger members, and 16 chapters report that their Junior members attend all chapter meetings. Many Junior members hold chapter offices; one is a State chairman and 35 are on standing committees.

Members subscribe to the motion picture reviews and the DAR Magazine and cooperate with the PTA in backing good films for children.

To the DAR museum, chapters sent gifts and $140 to the art fund.

The press relations committee reported 7,539 inches and 252 pictures in the various newspapers and a full page in the DAR Magazine on the dedication of the surgeons quarters, the historical building which our chapters restored.

The highlight of the year was the dedication of the restored surgeons quarters at Fort Winnebago. The State Historical Society of Wisconsin presented an award of merit to the Wisconsin Daughters for restoring the surgeons quarters and opening it to the public as another historic shrine in out State." The chapters marked historical trees, graves of members and Revolutionary soldiers, and sponsored history contests in 5th, 6th, 7th, and 8th grades. They gave 70 certificates for the best grades in American history, and 3,008 children were taken on historic tours.

The State society has finished redecorating the Wisconsin room in Memorial Continental Hall. This included new rugs, a gift of Mrs. A. P. Woodson, Wausau, in memory of her mother.

76240—56——5

Microfilm prints of 4 wanted books and 14 other volumes of genealogy and local history were sent to the librarian general. A complete set of the proceedings of Wisconsin society from 1936 to 1954 was placed in the Milwaukee library, and $13 was contributed to the national book fund and $16 to the binding fund of the national library.

FLORENCE CLARKE HARRIS
Mrs. Frank L. Harris,
State Regent, Wisconsin

REPORT OF WYOMING STATE REGENT

Wyoming has 450 DAR members in 10 chapters scattered in all parts of the State, and the regent must travel about 3,000 miles to visit all of them.

We have endeavored to carry out the historical, patriotic, and educational aims of our society. One outstanding activity is our Junior American Citizens clubs in which the schoolchildren are given historical and patriotic training. We have 2,319 members enrolled in 65 clubs. At Rock Springs, the "melting pot" of Wyoming, the JAC presented a historical pageant on Washington's Birthday. The pageant was written by an eighth grader and presented by the children with handmade stage properties; it was beautifully done, a background of patriotic music making it very effective. The audience was made up largely of foreign-born parents who had become American citizens and were appreciative of their new rights and privileges.

Three of our chapters, located where naturalization courts are held, have assisted other patriotic organizations in providing study books for the new citizens, presenting them with the American flags, and giving them teas or receptions welcoming them as new citizens.

Another important project is our Indian work. One of our members wrote and directs the pageant The Gift of the Waters, given at Thermopolis each August. It is historically authentic and use as characters real Indian descendants of the tribe and chief who gave the Hot Springs to the white man. Our own DAR members comprise the chorus. Not only is it a pageant which interests hundreds of tourists but it has done much to create a good feeling between Indians and whites, as illustrated by the fact that members of the Washakie Chapter have helped with sympathy and music at Indian funerals.

The All Indian days at Sheridan were not planned primarily as a tourist attraction but to create a better feeling among the Indians. As evidence of that the Sheridan women did much to supply needed clothing and supplies to the poor Indian tribes in southwestern Montana, and we have been more aware of the need of the Indians. The games and activities of the All Indian days have made us more appreciative of the Indian heritage.

In patriotic measures we are alert and are informed through national defense programs in all chapters. Our annual conferences stimulate us to new activities and make us proud of the work our organization is doing.

NELLIE P. ALLEN
Mrs. C. A. Allen,
State Regent, Wyoming.

REPORT OF ROME CHAPTER, ITALY

As usual, a radio program, beamed to America, was broadcast on Washington's Birthday, thanks to the kindness of the Italian Broadcasting Co., when the regular announcer introduced me as regent and gave an interesting appreciation of our first President.

Again I was able to send our greetings to you on the opening night of the Congress last year and again a short talk after the ceremony, May 30, at Anzio-Nettuno, where I presented a beautiful wreath in the name of the NSDAR to our fallen. General Gruenther came down from France to speak at the ceremony.

This year, as has been our custom in the past, our chapter has given aid to various charities over here, always in the name of our organization. We aided the struggling little Methodist mission at Savona; Father Carloni's Boys' Town near Novara; and the Madrinata, a Y. W. C. A. activity which furnishes a hot midday meal to little schoolchildren in the poorest part of Calabria.

This year we have gathered toys from friends for a convent school in the out-

skirts of Rome in a Communist district where the nuns are trying to combat this influence by their loving teachings. We have also gathered magazines for the Forlanini Tuberculosis Hospital.

In closing I wish to send the salutations of Rome Chapter to our president general and all the Daughters and my special greetings as retiring regent.

ALICE ORMSBY ANDREANI
Mrs. Pietro Andreani,
Regent, Rome Chapter.

REPORT OF JOHN EDWARDS CHAPTER, MEXICO

In April 1954 we celebrated our first anniversary as an organized chapter. Our first year had been devoted to organization and planning, although we did what community work we could commensurate with our small membership. In 1955 we got down to business and adopted a civic project which has given our chapter new impetus. We are paying the tuition for a 4½-year old spastic girl at the Johnson School here, which is operated by an American woman, herself a victim of polio. In this school, which is for underprivileged, handicapped children, our ward receives speech classes and general education on a level consistent with her age group and will receive therapy treatments at a nearby hospital very soon. These are to strengthen leg muscles wasted because of lack of use.

In order to support this project and to be able to send donations to several National DAR projects, we have engaged in various activities.

We held our home-baked bean sale at the annual 4th of July picnic, which is sponsored by the American Society. Various charitable organizations participate with booths, rides, games, etc., and our Boston baked beans booth is one of the most popular. The ladies of the DAR dressed in colonial costumes and dished up hot baked beans, add color and interest to the event.

In November we sponsored a children's ballet, directed and staged by a young woman who hopes to become a member of our chapter. A portion of the proceeds from ticket sales to the ballet went into our treasury; 75 percent of this money will go to our local project and 25 percent to the National DAR projects in the States.

In November we made and gave to the American Hospital little boutonnieres for 65 Thanksgiving Day trays, and we decorated the nurses' tables for this same occasion.

We bought five dummy piano keyboards for the Johnson School, in addition to our regular contribution, and one of our members who teaches piano will go to the school regularly and teach these children. She uses a regular piano and the children follow on the dummy keyboards.

We gave a George Washington's Birthday party at the above-mentioned school for handicapped children with sandwiches, cookies, candy, pink lemonade, fruit, ice cream, etc., for the children, their mothers, and their teachers.

We now have 22 regular members, 5 of whom are new in the past year. We have two sets of papers in Washington for processing at present and when these two have been accepted, our membership will have increased 200 percent in the two years since our organization. We have four associate members and six of our regular members are Juniors.

We sold 10 subscriptions to the DAR Magazine and for the January 1955 issue sent in 2½ pages of advertising.

We made contributions to the Tamassee and Kate Duncan Smith Schools and to the building fund.

We have had 259 inches of newspaper coverage this past year, mostly in The News, Mexico City's English language newspaper, and in the American Society Bulletin.

EDNA H. TATSPAUGH
Mrs. Melville H. Tatspaugh,
Regent, John Edwards Chapter, Mexico.

REPORT OF PANAMA CANAL CHAPTER

At present we have 25 resident members and 30 nonresident. We lost one devoted member through death, gained two new members, and have three others working on their papers.

Home and country has been the theme for our meetings, with members learning the American's creed. At the 29th anniversary meeting, Harry Casler, of the

U. S. Information Service, spoke of his department's work in Panama. A colonial tea on Washington's Birthday to which most of our members wore costumes netted $200 for the charity fund.

We continue our contribution of $50 to Tamassee, $10 to the Red Cross and $20 to sponsor a girl at Caribbean Girl's State. This year we are making new sheets and a spread for the 13 beds in the dormitory which we maintain at the Bella Vista Children's Home in Panama City. For the first time we were able to help our delegates to Congress in a small way financially.

Instead of history medals for our two high-school awards, we are working on a plan that will stimulate more interest in patriotic education.

Our two CAR societies continue to grow under the able leadership of our new CAR State president.

CATHERINE W. TAYLOR
Mrs. William N. Taylor,
Regent, Panama Canal Chapter.

REPORT OF PUERTO RICO CHAPTER

Puerto Rico Chapter is small. As a rule our members come to us from the States. Many remain here a few years and then return to the continent. Most of them prefer to retain membership in their home chapter. This year we report one new member and several associate members. Two candidates for full membership will send their papers to Washington soon.

We have distributed flag code leaflets to the post offices of the island, and for June 14 of this year we have planned a televised program with illustrations showing the history of the American flag.

The chapter members participated in the campaigns for Red Cross, cancer, tuberculosis, and the march of dimes. Ten good citizenship medals were presented.

Eight radio programs were sponsored, which were an important part of our basic activity: promotion of good citizenship among the students of junior high schools. Some of these programs were carried out by pupils of different schools, in honor of men of the past both continental and Puerto Rican, who were good citizens.

One of the leaders of the Boy Scout organization, Raúl Buxeda, was the speaker on one program with the topic, How a Boy Can be a Good Citizen. With a similar topic, Miss Elisa Colberg, for 27 years head of the Girl Scout organization in Puerto Rico, told the girls how they can be good citizens.

E. Rivera, superintendent of the San Juan schools, told us that 60,000 school children and 300 teachers listened to these programs.

Our one television program was a Thanksgiving play, The First Thanksgiving, written by Mrs. R. W. Ramírez de Arellano and presented with the cooperation of University high school students trained by teachers of that school. Puerto Rico chapter wishes gratefully to acknowledge the kindness of television station WKAQ for giving us this time on channel 2, and the kindness of radio station WIPR for the radio privileges.

The outstanding single event of this past year was the placing of a plaque on July 11 in honor of Samuel Finley Breese Morse on a pedestal in the Plaza of Arroyo, the town in which the scientist visited for several months in the year 1858. Here with his own hands he installed a short telegraph line, the first to function in Puerto Rico. And it was here that a little boy on the street said to him "You are an American, aren't you?" and Morse made the strangely prophetic reply, 40 years before General Miles landed on Guanica beach, "And some day you will be an American, too." A picture of the unveiling ceremony appeared in the DAR magazine for December.

LUCILLE K. RAMÍREZ DE ARELLANO
Mrs. R. W. Ramírez de Arellano,
Regent, Puerto Rico Chapter.

REPORTS OF THE NATIONAL COMMITTEES

REPORT OF AMERICAN INDIANS COMMITTEE

I am proud to give the results of our year's efforts. These amounts are taken from the statements of the treasurer general's office and from the reports of State chairmen. We have given Bacone College $11,338.40; St. Mary's $6,364.62; scholarships from the general fund $2,028.07. The value of used clothing sent

by the States amounts to the amazing sum of $15,000. Bacone and St. Mary's have thrift shops where clothing which cannot be used by the schools is sold, and from the sales Bacone realized $3,000 and St. Mary's $2,500. State aid to local Indians amounts to $10,378.96, making a total of $50,610.05 raised by the American Indians committee this past year; 1,070 chapters have Indian committees; 750 programs were given and all States but two reported.

MAY A. TOMM
Mrs. Luther Eugene Tomm,
Chairman.

REPORT OF AMERICAN MUSIC COMMITTEE

Many beautiful programs have been heard this year by the Daughters through the continued activity of the American music committee.

Music has illustrated the work of other committees, being used also to emphasize historical programs. The approved schools and American Indians committees have had suitable background music which has greatly enhanced the programs.

We often feel that music and statistics are incompatible, but I direct your attention to these figures: 322 radio programs have been sponsored by the American music committee. We have had 17 television programs; 1,017 chapters report some American music at every meeting; 602 chapters have had music of native State composers, and 1,263 chapters have had one program during the year entirely devoted to American music. Our national anthem is universally sung.

In New York an outstanding program was given on the development of American hymnody. Vermont instituted The Searchlighters, a history of America in song and verse. New Jersey used the five American composers whose pictures are on United States postage stamps. Pennsylvania made a tape recording of a Christmas program—Christmas Music and Customs of Many Lands, which has been accepted as an educational feature by the National Committee on Radio and Television. High point in Virginia's program was the presentation at Christ Church parish hall, Alexandria, of a Soiree at Woodlawn. Alabama looks to youth for interest in American music. Many programs were given by high-school students. Florida had a program given by children from the Seminole Indian Reservation singing Seminole Indian music. In this way real American music is being preserved for generations to come. In Georgia one chapter sponsors a $250 scholarship for a voice student; has made an award of $5 for the best essay on American music, and also promoted a concert hour of American music every Sunday afternoon for 6 weeks.

Arizona contributed a paper on the development of American music with a supplement devoted to our national ballads. Programs have featured the music of the American Indian, Negro spirituals, and western and mountain ballads. Oklahoma furthers American music through a display of old hymnals. Illinois presented an original musical play, Christmas at Kate Duncan Smith; also a Century of Song, with music from colonial times to the era of Stephen Foster. Indiana has given particular stress to the history and development of American music, with emphasis on the study of patriotic songs, calling attention to the fact that history makes music. Many Iowa programs have emphasized compositions of Iowa composers. Minnesota's most interesting program was An American-Southern Musicale in costume. Missouri Daughters enjoyed a program which gave the history of famous conservatories and schools of music in the United States, and Our Heritage of American Hymns with a display of old Bibles, hymnals, and church records. The outstanding program in Ohio for the year was a Christmas musicale which presented a cantata based on Appalachian Christmas carols from the collection of John Jacob Niles. Wisconsin contributed an unusual program using as a topic boy choirs in the United States.

Both North Dakota and South Dakota are having recordings made of the medicine songs of the Blackfeet Indians, of the Sioux Indian dances, and of the Navaho native songs. Some of the Indial musical instruments have been displayed. Montana made recordings of the Crow Indian Tribe and sponsored a program of minstrel and spirituals sung by a choir of 50 Negro children. Wyoming has been sponsoring programs in schools and churches and at 4–H Club meetings.

An outstanding program in California was a play depicting the life of the perils of the Revolutionary War days; songs of the Revolution were sung by a high-school glee club.

The American music committee is meeting the challenge of bringing a diversity of music to our Society.

FLORENCE EMRICK
Mrs. George Frederick Emrick,
Chairman.

REPORT OF AMERICANISM AND DAR MANUAL FOR CITIZENSHIP COMMITTEE

The function of this committee is citizenship training. To judge from the reports of 46 States, the District of Columbia, and Hawaii the accomplishments have been varied and impressive. At practically every naturalization court in the land our members were present and distributed flags, welcome cards, and copies of the Constitution, pledge of allegiance, and the judge's address to the new citizens. At many ceremonies the Americanism committee had charge of the entire program, a member often giving the talk to the new citizens. All reports except four stated that the courts observed the law that those admitted should understand English and be able to read, write, and speak words in ordinary usage. Receptions, teas, and luncheons for new citizens have followed; 142 chapters visited new citizens in their homes; 83 took them to churches of their choice, 52 to libraries, 50 to recreation centers, and 57 to historic spots; 124 helped them to register and vote. Greater interest was shown this year in Americanization and night schools, 363 chapters visited and supported these schools; 155 members taught in them. Where no educational facilities existed for foreign born, 8 chapters conducted classes and 26 members taught English to them in their own homes. Foreign-born wives of our armed forces personnel and foreign students were contacted, aided and invited to chapter meetings. Six libraries were set up.

For our youth, chapters have sponsored 1,182 Americanism essay contests with awards valued at $2,905.75. Members have taken an active part in organized youth movements; 306 chapters worked to prevent juvenile delinquency; 51 with the teen-age drug addiction problem. Awards were made for excellence in homemaking; 232 Girl Homemakers clubs were reported. Rhode Island gave a home economics scholarship at the State university. New York and New Jersey have State chairmen for this work and held State-wide dress contests. Chapters have given supplies to clinics for handicapped children, provided lunches for underprivileged children, sponsored playgrounds and youth centers, sent children to summer camps, contributed to aid of retarded children, and set up toy "libraries."

National humanitarian organizations were supported practically 100 percent. Mental institutions received gifts and services. The blind were furnished transportation; members read to them and sold articles made in schools for the blind. Handicraft programs were set up for women in prisons and penitentiaries.

Patriotic programs have been emphasized not only at chapter meetings but in our communities. Chapters have cooperated in community Citizenship Day programs, have taken part in patriotic parades, and have sponsored community programs on Veterans' Day, Washington's Birthday, Constitution Day, and July 4. Patriotic pageants and panel discussions have been given and many patriotic films shown. Americanism chairmen have given 971 talks to chapters, 220 to other organizations; 269 chapters studied our immigration and naturalization laws; $22,734.67 was spent in carrying out the aims of the Americanism committee.

Education of candidates for citizenship is the primary purpose of the manuals. They are printed in English, French, German, and Spanish and are provided gratis to such candidates through naturalization courts and classes. To others the charge is 25 cents per copy for English; 35 cents per copy for French, German, and Spanish.

The national office reports the total manuals ordered this year by State and chapter chairmen to be 76,295, a gain over last year of 12,654; English 65,886, a gain of 15,317; French 2,075, a loss of 160; German 3,234, a loss of 889; Spanish 5,096, a gain of 333. The largest orders were received as follows: California 13,292; New York 10,125; Illinois 8,347; Ohio 5,209; New Jersey 3,953; Texas 3,773; Connecticut 3,501; Alaska 173; Philippine Islands 1; Virgin Islands 1. Hawaii has written about a possible order for 500. The reports for the most part

showed an increase in all citizenship activities, more publicity, and more active participation in naturalization ceremonies. Ohio is outstanding. Indiana also reported an excellent program and results.

DORIS PIKE WHITE
Mrs. Ashmead White,
Chairman.

REPORT OF AMERICAN RED CROSS COMMITTEE

Servicemen in scores of far-off outposts, as well as those at home, continually receive Red Cross aid and ministrations. To this aid, more than 5,460 of our members have given 221,500 hours of service in the blood banks, in the Government hospitals as Gray Ladies, canteen workers, and motor-corps members; in the civilian hospitals as nurses' aides, and by transcribing Braille as well as teaching it to the war veterans.

More than 4,360 of our DAR members are blood donors and 156 of them belong to the gallon club.

A nationwide tally gives our organization an estimated 95 percent Red Cross membership.

BEATRICE K. CURTISS,
Mrs. Charles R. Curtiss,
Chairman.

Award received.—The American Red Cross presented the National Society with a certificate of honor for distinguished achievement throughout the Nation.

REPORT OF APPROVED SCHOOLS COMMITTEE

First, you should know of the things accomplished at our own two schools that are DAR owned, controlled, and operated—Kate Duncan Smith and Tamassee. They are both full of happy, interested, and most appreciative students. Both of these schools are operated under a sound business policy.

This year New York gave to Kate Duncan Smith 3 sink units for the home economics room, 40 desk chairs for a classroom, and a set of history maps. A bequest of $500 from the Sarah Caldwell estate was sent to this school. Connecticut contributed to the Minor Practice cottage. West Virginia purchased a skilsaw for the workshop. New Jersey and Pennsylvania gave money for home economics units, and the District of Columbia purchased laboratory equipment. Florida purchased an air-compressor paint spray. Alabama Daughters gave most generously for this school. They have purchased additional acres, contributed to the entertainment fund, the endowment fund and the scholarship fund, and have sent countless boxes of used clothing. The State officers' club has contributed money to be used for the Lane Chapel to be built on the school grounds.

Michigan gave $9,347.14 for a new, much-needed craft house, and next year they plan to equip this building. A chapter in Illinois purchased a library filing cabinet, and one in Iowa purchased pipe dies equipment for the shop. An Iowa member gave a furnace costing $250 for Patton Place. Indiana plans to give $900 for a much-needed feed house as part of the dairy on the Indiana Model Farm. Ohio will complete the covered passageway program for $2,000. Missouri contributed to the health center, and Nebraska gave for the laboratory fund. Louisiana sent money for playground equipment, and Texas gave to the laboratory supply project and for the purchase of badly needed library books. The Charles Simpson Atwell endowed scholarship valued at $3,713 has been established at this school by a member of the Captain William Sanders chapter. Washington gave for the shuffleboard court, and the National Society, Children of the American Revolution, contributed $500 for a trench silo for the farm.

For a quick summary, a total of $13,544.50 was contributed for scholarships and $57,374.32 in clothing weighing almost 35 tons. This makes a total of $105,869.89 contributed, counting all phases of this school's upkeep.

To our other DAR school, Tamassee, the Place of the Sunlight of God, New Hampshire gave a window for the kitchen. New York sent $1,006.45 for the dishwashing room and contributed to the New York cottage, and $3,000 was sent to this school by the Alys Van Gilder Enders bequest.

West Virginia has sent $1,320.79 for the herd of Hereford cattle. Pennsylvania paid for the stairway for the kitchen, and their junior membership committee contributed $1,912 toward the playground. This is their own project at this school. The District of Columbia provided a table and floor tiles for the kitchen. Maryland purchased a window and some silverware. New Jersey paid for two windows in the kitchen and sent money for the New Jersey cottage. Mississippi and Tennessee sent money for the kitchen, and Georgia purchased the electric range for $945.05. South Carolina has been generous, and the school owes much to its mother State; $1,796.63 was raised for the kitchen. It is not possible to estimate their help in clothing because many Daughters sent truckloads of furniture, clothing, and other things. They contributed $2,111.26 to the maintenance, bought memorial acres, and contributed to the revolving fund and to the endowment fund.

Missouri sent money for the foundation of the kitchen. Ohio sent money for the roof and purchased the badly needed farm truck. Many cutlery and kitchen articles were purchased, and gifts of 30 caps and gowns for graduation ceremonies were all given by individuals. Indiana purchased the second refrigeration unit costing $1,500 for the All States kitchen and sent $300 for the Indiana fruit orchard. Iowa, Minnesota, Wisconsin, and Illinois helped with the kitchen, and Illinois bought a memorial walk. Michigan sent $885 for brick and tile for the kitchen and money for a memorial walk.

Nebraska gave bricks for the kitchen, and North Dakota and South Dakota also helped. Kansas gave a water booster and a table. Colorado purchased a window, and a member sent a memorial gift of a proof box for baking. Texas gave $1,160 to finish the passageway and $1,425.65 for the kitchen. Arizona gave a mixer stand, Oklahoma gave a window, and Louisiana, New Mexico, and Arkansas all helped. Wyoming gave $175 for the kitchen; and California, Oregon, Nevada, and Montana all contributed for the kitchen. Washington gave $240 toward the flooring.

The National Society, Children of the American Revolution, purchased a meat saw for $500 for the kitchen.

A total of $38,232.71 was sent for scholarships, and $47,950.29 worth of used clothing was contributed. A total sum of $153,734.90 was sent to Tamassee.

A developmental project is underway at the American International College in Massachusetts. This year $551 was given to AIC.

Berea College, in Kentucky, has a self-help program that has aided many a young southern mountain individual; $159.25 in cash was sent.

The Berry Schools in Georgia are for the southern mountain young people. Students do the work in this school, and their many activities and programs result in a well-rounded education. The sum of $2,042.69 was sent to this school.

The Blue Ridge School of Virginia cares for many children of all races and creeds. Their needs are many and they need your help. Their pressing need is for a gymnasium. This year $3,815.05 was contributed.

Crossnore has received many tons of used clothing. The sale of this clothing has met a great many needs at this school. Often food has been brought to this school and bartered for the clothing. A small boys' dormitory is a need and a generous member from Texas gave $9,000 to be applied on the building. The Daughters of North Carolina have literally dedicated themselves to this school as shown by their report; $25,017.56 in cash was sent to this school.

Hillside School for Boys is in Massachusetts. This is our only approved school that is entirely "boyish" in nature. Most of these boys come from broken homes, and their need for schooling and board and room is great. The need for funds for a new shool building is paramount. This year $6,748.45 was sent to this school, making it the second highest in contributions received after our own two DAR schools.

Hindman Settlement School is in Kentucky, and the people of this area hold this school in high regard. The Kentucky Daughters have turned their efforts toward helping with the new sanitation system that had to be installed. However, they cannot do it alone, and the help of all our members is needed. This year $1,306.30 was sent to this school.

Lincoln Memorial University in Tennessee received $1,894 from our members.

Maryville College is also in Tennessee. It is a fine school with a wonderful self-help program that enables many young people to obtain an education. We

can best help them by contributing to their dormitory fund. They received $1,325.77.

Northland College is located in the Central Division in the State of Wisconsin. Scholarships are badly needed for their deserving students. The Wisconsin Daughters have helped materially at this approved school. This year $3,696.86 was contributed.

Pine Mountain Settlement School is located in Kentucky. It is in an area that needs it desperately and it serves the vicinity well. The hospital at this school is needed by the entire area. The State Officers Club of New Jersey contributed $109 for a new and badly needed medicine closet for this building. Many gifts of clothing and books have been sent to this school; $1,148 was sent this year.

From March 1, 1954, to March 1, 1955:

Total value of used clothing set to all schools	$161, 411. 42
Total cash sent through the treasurer general	171, 352. 48
Total cash sent directly to schools	72, 329. 80
Total aid through this committee	405, 093. 70
Helen Pouch memorial scholarship fund	4, 909. 41
(Helen Pouch money goes only to the approved schools)	
Total aid from all members to the schools	410, 003. 11

LUCILLE DAVISON WATSON
Mrs. Sherman B. Watson,
Chairman.

REPORT OF CHILDREN OF THE AMERICAN REVOLUTION COMMITTEE

This is the first report of the national chairman, DAR committee on CAR work. Even though this committee has been functioning for only one year, already it has proved its value to the CAR. Closer relationship with DAR leaders and members is now being felt throughout the country; also increased interest and greater cooperation have been shown.

In the past year, 2,341 young people were admitted to membership in CAR; 610 resigned; 464 were dropped; 454 transferred to DAR; 90 transferred to SAR; 134 were dropped for over age; making a net increase in membership of 489. There are to date 414 national promoters and 1,100 State promoters. There is now a total membership of 14,629 in 655 active societies. In the past four years 8,456 new members were admitted—a net gain in membership of 1,849.

The CAR magazine has improved greatly with each issue through the outstanding editorial work of our editor, Miss Anna B. Sandt. The national chairman, Miss Helen Bliss, has been most successful in securing $1,994 in advertising, which has assisted very much in keeping the magazine fund in a healthy condition. Subscriptions have increased to over 2,700—a gain of 900 this year. Through the generosity and interest of Joe Tenschert, a national promoter, many fine photographs have been made and donated for use in the magazine.

CAR members throughout the country have had splendid programs exemplifying the work of various CAR committees; also patriotic programs on outstanding national holidays. Many societies have conducted American history contests and a flag quiz; also American music programs and meetings devoted to study of the American Indians.

The junior national project this year was mountain schools. Over $2,100 was contributed by CAR members (15 cents per capita). This amount will be divided among three schools on the DAR approved schools list: $500 for an electric meat saw for Tamassee; $500 for an underground silo for Kate Duncan Smith; and $1,100 for an electric organ for the new chapel at Crossnore. The organ will be used in the auditorium until such time as the chapel is built.

The CAR museum has grown a great deal in the past year. The four wall niches have been filled with glass cases, two given by Mrs. Earl C. Moses, Kansas national vice president, in honor of her two granddaughters; the other two were gifts of members of the National Society; the California colonial doll house has been completed by the construction of a brick foundation and a little colonial

garden; and the large museum case dustproof, mothproof, and artifically lighted, to house the Kathleen Douglass memorial collection of dolls in native costumes has been set in place.

The library has been enriched by 26 books on varied subjects, and by a large portfolio of colored prints showing the uniforms worn by our Army from 1774 to 1889, and a letter written by our founder, Mrs. Lothrop, in 1897.

The museum has received over 80 additional family treasures, including articles bought from Black Hawk, the Indian chief; a full-dress artillery private's coat of 1835–1850; a William Penn slatback rocker made between 1710 and 1740; a tiny glass punchbowl and six cups used by a small girl in Louisiana many years ago to "dispense southern hospitality to her dolls"; pieces of the Croton Point Treaty Oak in New York under which the Kitchiwank Indians made a peace treaty with Cornelius Van Burgum on June 3, 1682; a silver spoon given by a Revolutionary soldier to his little daughter Polly, born in 1789; and doll's blue Spode and Staffordshire china.

A national merit award requirement system was established. This has stimulated greater interest among the members and leaders in carrying on the work of the Society in a more effective way. Nearly 400 societies participated in this program.

The winner will receive a small gold cup—a miniature of the gold trophy which was presented to the National Society by Grahame Smallwood and Mrs. Knight in honor of the national president and national chairman, Mrs. Charles Carroll Haig. This trophy is to be known as the Alice B. Haig national merit trophy, and the name of the winning State will be inscribed on it each year.

There was a very large attendance at the 59th annual convention held on April 24, 1954. Thirty-eight junior State presidents and nearly 500 members attended, and about 200 senior leaders and interested DAR members. The majority of the young people are from 14 to 21 years of age—a fine group of alert, intelligent boys and girls in whom there lies great promise for the America of tomorrow.

The National Society has been most fortunate in having such an outstanding junion national president, Lawrence Stith, Jr. He has visited many CAR State conferences, in order to stimulate and encourage CAR officers and members to take a greater part in the program planning in their societies; $1,149.65 has been given this year by CAR for scholarships and equipment to American Indians; $1,344.25 in scholarships to mountain schools.

ALICE B. HAIG
Mrs. Charles Carroll Haig,
Chairman.

REPORT OF CONSERVATION COMMITTEE

Because of geographical differences, each State is developing its own interests and programs. First is a brief summary, then a few projects in each State are listed—923 chapters reported a conservation program; 286 had speakers, 144 films, and 95 took field trips.

Fourteen States promoted conservation education in schools, presented programs, essay, and speech contests, and established conservation bookshelves in schools and libraries; 24 scholarships to teachers to attend conservation workshops were given.

Twelve television and 20 or more radio programs were developed; 11 States wrote articles and letters about conservation projects and took an active interest in legislation on local, State, and national levels.

The DAR have participated in planting 511,783 trees and saplings as memorials, for beautification, reforestation, along waterways as windbreaks, wildlife cover, and replacing hurricane damage.

Members in 17 States practice soil conservation on their own property, such as contour farming, terracing, building dams and ponds, and rotating crops.

Some chapters in 15 States are especially interested in stopping water pollution, flood control, or irrigation projects. Three States are now concerned with the program of "Save America's Wetlands," which will protect migrating birds, water-loving animals, and fish; 3,237 bird feeding stations were reported.

HELEN CROCKETT WHITE
Mrs. James Herschel White,
Chairman.

REPORT OF CORRECT USE OF THE FLAG COMMITTEE

The flag code—Public Law 829—codifies rules and customs pertaining to display of the flag of the United States of America but has no power to enforce same. The work of this committee includes a study of State flag laws and an active campaign to secure State legislation designed to abide by Public Law 829 and to accord to our flag the place of honor in keeping with this symbol of our Nation, with power to enforce same.

Recognition is given to New Hampshire for legislation including the pledge of allegiance to the flag by the Senate and House, on opening sessions each week; to Rhode Island for a resolution urgin enforcement of Public Law 107; to Louisiana and Texas for legislation providing for the flag of the United States and the State flag to fly daily over the State Capitol and on all public buildings and schools.

Recognition is given also to Arizona, Indiana, and Oregon for checking polling places to see that the flag is displayed on election days. Oregon passed a resolution requesting legislation to amend the State flag code to coincide with Public Law 829.

Georgia, Illinois, Maine, New York, and New Hampshire chapters sponsored essay contests on "What the Flag of the United States of America Means to Me."

Many chapters suggested a flag in the home of each member, that it might be displayed on all patriotic anniversaries and promoted community display of the flag.

The addition of the words "under God" to the pledge of allegiance to our flag follows the pattern of all great documents in the history of our religious Nation. The change was adopted rapidly throughout our society.

Chapters gave 920 large flags to schools, scout troops, churches, courtrooms, fire companies, homes for the aged, hospitals, health centers, a jail chapel, an Indian mission, and a blind headquarters; 21,117 small flags were presented to DAR members, new citizens, veterans' hospitals, schools, JAC clubs, chambers of commerce, civic blubs, TB sanitarium, and a camp for underprivileged children; 54,402 flag codes were distributed to libraries, schools, post offices, citizenship classes, newspapers, TV and radio studios, banks, churches, and business and professional offices.

Other flag literature was presented to libraries, schools, and CAR.

The majority of chapters give the pledge of allegiance to the flag and sing the national anthem at all meetings.

MARY G. AINSWORTH
Mrs. William Louis Ainsworth,
Chairman.

REPORT OF DAR GOOD CITIZENS COMMITTEE

The DAR good citizens committee is associated with girls who have the qualities of dependability, service, leadership, and patriotism. It is fitting that our Society award these girls who represent the best American traditions.

The rules are simple. Accredited public high schools are invited to select a girl from the senior class who possesses the above qualities. Members of the senior class and the faculty make this selection. This girl becomes the school good citizen and her name is sent by the principal to the State chairman. From the complete list of school good citizens the State chairman chooses one girl who becomes the State good citizen. The State Society and the Department of Education determine the method of selection. The National Society gives a $100 United States savings bond, or a $75 scholarship in lieu of the bond, to each State good citizen.

Owing to a decision made by the Department of Education in the District of Columbia a State winner could not be named this year. The national board, on October 13, 1954, modified the rules to meet this situation, $75 was given to the District Society, which placed a copper plaque in each of the 14 senior high schools, on which will be placed the names of the school good citizens, space on each plaque to hold 20 names.

The national chairman obtains permission each year from the activities committee of the National Association of Secondary School Principals to conduct the contest in the schools. It is also necessary for each State chairman to receive approval from the State Department of Education. It has been recommended that one method be used for selecting the State good citizen and all literature

concerning the contest be mailed by the National Society. Owing to the fact that rules of the Department of Education differ in some States this idea is not practical. Some States select the winner by a drawing, and 32 States use a competitive method of selection.

In all, 8,074 school good citizens received certificates of award from the National Society this year; 6,280 good citizen pins were ordered from the business office, at 75 cents each, to be presented to the girls by their sponsoring chapters. These pins have a rim of 13 stars and a band of blue enamel with the words DAR Good Citizen. The qualities of good character which we emphasize are the titles of four books in a pile, circled by the laurel wreath; behind them is the torch of understanding.

Some of the large States have simplified the work by dividing the States into districts, with committees selecting district winners, who receive awards from the State Society. States having these divisions are California, Iowa, New York, Ohio, Oregon, and Texas. New York gives 9 district awards of $50 each, Ohio gave a $100 bond and 4 district awards of $25 each. Oregon gives five $25 awards. Arizona gives a $25 second and $10 third award. Colorado gives a second award of $25. Connecticut gives $25 bonds to second and third place girls, Delaware gives $5 to second and third girls selected, Georgia gives five $5 awards to alternates. Illinois gives two $25 bonds. Indiana gives money to two other girls. New Jersey gives two $25 bonds to alternates, Oklahoma gives a $25 bond and $10 to two girls. Pennsylvania gives $50 to second place, $25 thirdp lace, and 10 DAR sterling-silver coffee spoons. Vermont gives a second award of $25 contributed by the State Officers Club. Practically all the States entertain the State winners at the State conferences. Chapters entertain the girls they are sponsoring at luncheons, or tours, or some special chapter meeting where recognition is given.

Fourteen States have pilgrimages for all the girls, either to the State conference with their mothers in some instances, or the State Capital.

Oklahoma made the largest gain in new schools participating with 64 added; Pennsylvania added 62 schools, Georgia 48, Ohio 41, and Texas 35. New York gained 32 schools. Most States showed a gain in schools but some States lost a few.

Illinois had the largest number of schools participating with 591 in the State. Indiana had 506, Texas 435, Ohio 396, New York, 380, Alabama 333, and Pennsylvania 319.

Every chapter in the following states participated: Alabama, Arizona, Colorado, District of Columbia, Idaho, Maine, Montana, New Mexico, New York (which contributed 3 cents per capita quota to finance the program in the State), North Dakota, Rhode Island, South Dakota, Utah, Vermont, and Wisconsin.

JESSAMINE BLAND JAMES
Mrs. Roland M. James,
Chairman.

REPORT OF DAR MAGAZINE COMMITTEE

This has been another successful year for the magazine. Last fall your chairman suggested that all national vice chairmen, State chairmen, and chapter chairmen have as a goal 20 percent of the members subscribing to the magazine. This is one of the requirements for chapters to be placed on the honor roll and, if attained, would mean that 45,000 would be receiving the magazine.

On February 1, 1954, your chairman reported having 27,610 subscribing to the magazine, and on February 1, 1955, the record read 31,998—a gain of 16 percent over last year. This gain, in addition to the 30 percent gain reported last year, makes a total gain for the 2-year period of approximately 50 percent. The statistical report, which has been very carefully prepared, further shows that 13 of the States have 20 percent or more of their members subscribing to the magazine; an additional 15 have 17 percent to 19 percent. There were only 8 in this category a year ago. Seven of the States had a slight decrease this year.

Prizes for increases in subscriptions from February 1, 1954, to February 1, 1955:

States having a membership over 5,500—Group A:

First prize of $10—Ohio—483 increase (last year 409).

Second prize of $5—California—404 increase (last year 400).

New prize for greatest percent of members taking the magazine, $10—California—27.6 percent.

States with membership between 3,000 and 5,500—Group B:

First prize of $10—Florida—258 increase (last year 266).

Second prize of $5—Connecticut—160 increase (last year 227).

New prize for greatest percent of members taking the magazine, $10—Florida—23.3 percent.

States with a membership between 1,000 and 3,000—Group C:

First prize of $10—Oklahoma—119 (last year 162).

Second prize of $5—Mississippi—117 (last year 137).

New prize for greatest percent of members taking the magazine, $10—Maryland—28.1 percent (second highest in the Nation).

States with a membership under 1,000—Group D:

First prize of $10—Delaware—28 (last year 57).

Second prize of $5—South Dakota—13 (last year 39).

New prize for greatest percent of members taking the magazine, $10—Nevada—32.4 percent.

Special new prize—Mexico, 1,200 percent increase (last year 1—now all 13 members).

Seven States show a loss for the year.

Substantial gains have been made during the past 2 years. These gains have been brought about largely through:

First—An intensive campaign to increase the number of subscribers to the magazine. The concerted efforts of the vice chairmen and the State chairmen together with the honor roll requirement has resulted in an increase in subscribers during the 2 years of just under 50 percent.

The revenue from subscriptions has increased from $42,000 to more than $66,000 during the 2-year period.

Second—The addition of a magazine advertising chairman has this year brought in revenues of approximately $72,000, an increase of $6,000 over the previous year.

Third—This additional income has made possible the publication of an enlarged and improved magazine during the past year.

And, in a nutshell, here is the record:

Net gains:	
Prior to Feb. 1, 1953	$25, 276. 34
Year ending Feb. 1, 1954	48, 011. 36
Year ending Feb. 1, 1955	32, 996. 68
Total net gain	106, 284. 38

The net gains are reflected in assets as follows:

Assets Feb. 1, 1955:	
Investment in bonds	$90, 000. 00
Cash on hand	16, 284. 38
Total assets	106, 284. 38

In spite of increased revenues this past year net gains have declined. This is due primarily to increased cost of printing, mailing and necessary increase in salaries. It is well known that as the magazine is enlarged printing and mailing costs increase.

MARY NELL HALE
Mrs. Earl M. Hale,
Chairman.

REPORT OF DAR MAGAZINE ADVERTISING COMMITTEE

In this second year of work as a new DAR committee, there were ads from every State to make representation in the magazine 100 percent. There are also 5 States—Colorado, District of Columbia, Montana, Nebraska, and Nevada—which have had 100 percent chapter participation. There were 21 State societies sending in more than $1,000 in advertising, and eight State societies exceeded $3,000. California leads the parade with a grand total of over $8,000. We are able to report a grand total of $75,000 in advertising this year—a substantial increase over last year. Another $35,000 has been added to the fund for Constitution Hall renovations.

Each chapter sending in an advertisement has profited by the 10 percent commission returned from the treasurer general on each ad (not including money for cuts and mats), and stimulation of interest in the magazine has helped to increase subscriptions to a new high. Yet another angle of profit is the fact that a copy of the magazine is sent to each advertiser, with the end result that a great many persons are learning about DAR the best way, from our magazine. The advertisements have included interesting historical and scenic pictures, as well as pictures of leaders in our Society, all of which makes the magazine more interesting.

This year State chairmen reported 1,494 chapters sending in a total of 2,696 ads, for a nice increase over last year. There have been 21 State-sponsored sections of advertising in the magazine this year, and many of the months for the

coming year are spoken for by State societies. The sponsored issues have the advantages of giving the seller a good talking point and presenting a creditable display of advertising when printed in the magazine. We have a select audience to sell to our advertisers, with a total circulation of over 31,000.

Prizes to States:

First prize, $20 to State sending in most money for advertising prior to February 1: California.

Second prize, $10 to State sending in second largest amount of money prior to February 1: Illinois.

Third prize, $5 to State sending in third largest amount of advertising: Texas (and for excellence in advance makeup).

Special Awards to:

Colorado, $10 for second largest sponsored issue and 100 percent chapter representation.

New Jersey, $5 for outstanding historical ads. This State was sixth.

Mexico, $5 for advertising from an overseas unit. There were five ads sent from our chapter south of the border.

Indiana, $5, Mrs. C. J. Carpenter.

Michigan, $5, Mrs. Ralph W. Newland.

District of Columbia, $5, Mrs. Benjamin Y. Martin.

Prizes to Chapters Sending in Advertising:

First prize, $20 to chapter sending in largest amount of money for advertising. John McKnitt Alexander chapter, Texas.

Second prize, $10 to chapter sending in second largest amount of money. Illini chapter, Illinois.

Third prize, $5 to chapter sending in third largest amount of money. Baron De Kalb chapter, Georgia.

Fourth prize, $5 to Pittsburgh chapter, Pennsylvania, as runner-up.

MADGE N. WALLACE
Mrs. Emmette Wallace,
Chairman.

REPORT OF GENEALOGICAL RECORDS COMMITTEE

The committee has stressed the importance of completing all cemetery records since old burying grounds are being destroyed, and in some cases tombstones are being destroyed. Such a case has been reported recently, where a member found a group of broken headstones in an old churchyard, and among them she saw one which bore the name of her own ancestor, who served in the War of 1812. All such records should be preserved before they are lost forever. Also, it is necessary to continue copying records from old family Bibles, court records, wills, deeds, and other source material so that applicants whose lineage depends upon the records otherwise unavailable to them may become members of the society.

Some expense is entailed in preparing for use the volumes compiled by this committee. In some cases typewriters have to be rented by the chairmen, also stenographic help has to be secured, supplies have to be purchased, and material has to be bound. The total amount reported spent this year is $2,485.91. The largest amount reported by States is $726.55 from California; and second largest amount is $267.30 from Alabama.

Records show that the large volume of work accomplished was actually done by 701 chapters. The total number of reels of microfilm reported is 59; taking first place is Connecticut with 30 reels, second, Pennsylvania with 11 reels. The total number of photostats reported is 252; taking first place is Nevada with 116, second, Pennsylvania with 45.

Hundreds of copies of material were sent to State libraries, State departments of archives and history, historical societies, chapter houses, schools, traveling libraries, and genealogical libraries. Many libraries are enriched by the large number of volumes which are presented by this committee each year.

In the 7 divisions of the continental United States, the States taking first and second places as to the amount of material submitted are as follows: northern division, New York first place with 10,321 pages; Maine, second place with 1,112 pages. In the eastern division, the District of Columbia, first place with 3,247 pages; Pennsylvania, second place with 2,578 pages. In the southeastern division, Alabama first place with 3,243 pages; South Carolina, second place with 792 pages. In the central division Indiana first place with 3,635 pages; Illinois, second with 2,205 pages. In the southwestern division, Texas first place with

3,162 pages; Louisiana, second place with 1,013 pages. In the western division, Colorado first place with 330 pages; Kansas a close second with 308 pages. In the Pacific coast division, California first place with 1,963 pages; Oregon second with 883 pages.

The following States are the winners: $25 to New York State for submitting 10,321 pages; $15 to Indiana for submitting 3,635 pages; $25 to Nevada for submitting 325 pages, an average of 1.8 pages per member; $15 to Alabama for submitting 3,243 pages, an average of 1.2 per member; $10 to Texas and $10 to South Carolina for submitting the best program material; these 2 States tied for first place; $5 to Utah for the second best program material.

A splendid report was received from Hawaii. The State chairman reported that Aloha chapter placed 125 volumes of records in the chapter genealogical library. They now have a total of 1,800 volumes there; $250 spent for the purchase of books.

Alabama submitted the outstanding report for the year. The will index, which covers all will records found throughout the entire State from 1880 to 1870, inclusive, contains about 20,000 wills. Also, the Federal census of Alabama, which was destroyed before 1830, has been compiled from the territorial records of Mississippi Territory (of which Alabama was a part until 1817) from a census of 1816 with missing counties made up from the tax lists. Six volumes of marriage records have been completed—one county being complete from about 1810–98; five other completed to 1870 or later. The more than 3,200 pages of unpublished records is a valuable contribution to the society.

The total number of pages of typed copies of records this year is approximately 51,000.

MARY B. ARNEST
Mrs. Howard P. Arnest,
Chairman.

REPORT OF HONOR ROLL COMMITTEE

This is the second report for this new committee—its value is being proved by the fact that last year 806 chapters obtained recognition. This year there are 1,120 chapters who have obtained honor-roll status.

Since this attainment on the honor roll depends solely on the work done by chapter members in the various forms of DAR fields of endeavor, it shows very clearly that the effectiveness of our Society in the accomplishments of its aims is increasing on the local levels. A large number of chapters had 2 and even 3 community projects which naturally results in much favorable publicity for the National Society and, more particularly, for the chapter in their community.

This year almost all States had an increase in winning chapters which is a healthy sign of increased interest in accomplishing the aims and objects of the National Society.

A chapter in Alabama deserves special mention. It was confirmed only last December 7 and in eight weeks won a place on the gold honor roll. It should be added that they met the attendance requirement because a charter member had attended the 63d continental congress. Last year a new chapter in Florida won a similar gold award.

California has more than doubled its record of last year in the number of chapters attaining the honor roll with 29 gold, 30 silver, and 22 with honorable mention—a total of 81 chapters out of 131 chapters.

Virginia with 99 chapters has the highest number of gold awards—34—plus 16 silver awards. New York with 177 chapters has 33 gold and 22 silver awards. Ohio with 126 chapters has 24 gold and 14 silver. Indiana with 92 chapters has 23 gold and 13 silver. North Carolina with 86 chapters also has 23 gold and 11 silver. Pennsylvania with 134 chapters has 21 gold and 18 silver awards. Illinois with 116 chapters has 20 gold and 14 silver awards.

Of the smaller States, Nevada with 5 chapters has 3 gold and 1 silver; Delaware with 9 chapters has 3 gold and 1 silver; South Dakota with 14 chapters has 3 gold and 2 silver; Rhode Island with 23 chapters has 4 gold and 1 silver; North Dakota with 9 chapters has 2 gold and 1 silver; New Mexico with 11 chapters has 2 gold and 1 silver. In all, there are 488 gold, 345 silver and 287 honorable mention chapters—a total of 1,120 out of 2,775 chapters.

FLORENCE H. MILLER
Mrs. Chester F. Miller,
Chairman.

REPORT OF INSIGNIA COMMITTEE

This has been a busy year for this committee. Letters and inquiries have come from all over the country. Most of these questions are answered in our handbook, which may be ordered from the treasurer general for 35 cents.

The following firms not listed in our handbook have recently been given permission to manufacture the DAR markers: Dayton Art Bronze Corp., Cincinnati, Ohio; Meierjohan-Wengler, Cincinnati, Ohio; Carnes Stamp Co., St. Paul, Minn.; Pacific Brass Foundry, San Francisco, Calif.

Our official jeweler, J. E. Caldwell & Co., of Philadelphia, Pa., will upon request send you a price list and a list of most available pins and bars.

Three requests for additional pins and bars have been denied by our national board as being superfluous and not warranting the manufacture:

(1) DAR inheritance emblem.
(2) A small past chapter regent's bar for the small recognition pin.
(3) A State second vice regent's pin.

MARTHA RAILSBACK TINSLEY
Mrs. Lawrence C. Tinsley,
Chairman.

REPORT OF JUNIOR AMERICAN CITIZENS COMMITTEE

Junior American Citizens clubs in the various branches of work of this committee have made gratifying progress. Many States have reported improvements in the conduct of the club members in the classroom, on the playgrounds, and to and from school; and in the efficient way they conduct their meetings by observing the rules of parliamentary procedure.

In nearly every State, favors, dolls, and scrapbooks were made for hospitals. The subject of safety has been very popular in all the States. In some places the local officers gave talks on safety rules to club members. Drills and programs have been given on the flag.

In most localities members have visited historical sites in their immediate vicinity. Some have made maps and diagrams of them. They used the historical data for subjects for plays and tableaux. Following this they studied history and historical sites of their own States, and later they learned to fit this into the history of our Nation. This year the outline called for the study of the period from the close of the Revolutionary War through the Civil War.

Forty States participated in the work of the committee through our 8,061 clubs and their 314,874 members. This year we have lost 30 clubs but have made a net gain of 14,793 members.

States sponsoring the largest number of JAC clubs (in the ratio to DAR chapters)—1st, North Carolina; 2d, Texas; 3d, Colorado. States sponsoring the most JAC members in ratio to DAR membership—1st, North Carolina; 2d, South Carolina; 3d, Texas. States sponsoring the largest number of JAC members—1st, North Carolina; 2d, Texas; 3d, South Carolina. Chapters sponsoring the most JAC members—1st, Columbia chapter, South Carolina, 29,200; 2d, Alexander Love chapter, Texas, 23,233; 3d, Baron DeKalb chapter, Georgia, 16,831.

DAR Juniors sponsoring the most JAC members—1st, Alexander Love chapter, Texas, 23,233; 2d, Zebulon Pike chapter, Colorado, 3,577; 3d, Oklahoma City chapter, Oklahoma, 375. States showing the largest gain in membership on a percentage basis—1st, Arizona, New Mexico, Oregon, all, 100 percent; 2d, West Virginia; 3d, District of Columbia.

VERA F. RASMUSSEN
Mrs. Albert J. Rasmussen,
Chairman.

REPORT OF JUNIOR MEMBERSHIP COMMITTEE

The past year has been a most gratifying one for the junior membership committee in many respects. This year we can report a total of 9,641 juniors in our Society. Of this number, 1,755 were new members.

The year has also seen new records set for participation by juniors in DAR work on chapter, State, and National levels. The State chairmen reported 45 chapter regents and 498 chapter officers of junior age. There are 1,018 juniors serving as chapter committee chairmen. Another 130 hold State offices or chairmanships or are serving State or National committee appointments.

76240—56——6

Growth in activity in the various divisions and States is in direct relationship to the enthusiasm and efforts of the national vice chairmen and State chairmen in those areas.

We have endeavored this year, through the pages of the DAR Magazine, to explain the aims and purposes of the junior membership committee and its projects and to encourage active participation by DAR members in the age bracket 18 through 35.

The approved schools, and particularly our own 2 DAR schools, continue to hold great interest for the juniors for 2 main reasons; because of the opportunities for service and because the schools are the beneficiaries of funds contributed to the Helen Pouch scholarship fund, the only national fund-raising project of the junior membership committee. Contributions for 1954–55 totaled $4,909.41, and it is encouraging to see an increasing number of chapters participating in this most worthwhile project.

Junior committees also report working with the JAC clubs, American Indians, and national defense committees, and with the CAR. Quite a number of the groups have contributed to the endowment fund of the National Society.

LOUISE J. GRUBER,
Chairman.

REPORT OF MEMBERSHIP COMMITTEE

On February 1, 1955, the official membership count was 179,920 members distributed in 2,775 chapters throughout the United States and the units overseas. This represents a new high for membership, which shows a distinct trend of increase both numerically and percentagewise. The net gain is 3,577, or 2.02 percent. These net figures represent actual numerical count after deductions of resignations, dropped members, and deaths, from the total of new entries.

The work of this committee continues to advance into new and commendable areas in the fields of human interest. The mother-daughters contest which has been a search for the DAR mother with the most DAR daughters has created an unusual amount of interest. A national chairman's certificate of appreciation has been available to be presented at each State conference to the DAR mother in the State with the most DAR daughters. As this search has been approached it has created an interest that has led to many new members and to reinstatements; approximately 40 States have participated with over 80 entries.

The top group of all States is Mrs. Alfred B. Reynolds with her seven daughters, all members of the Jackson-Madison Chapter in Tennessee.

The national membership chairman's award certificates, given at State conferences, in recognition of the chapters with the greatest net percentages of gain, have stimulated much interest.

The first member of the Daughters of the American Revolution was Miss Eugenia Washington, National No. 1, accepted in 1890. Since that time almost half a million members have been accepted by the National Society, for it is to be noted that the last member admitted, at the time of this report, was Geraldine R. Moon (Mrs. Alexander M.), National No. 433,918, member-at-large from Lima, Peru. She was admitted on February 1, 1955. So it is recorded that DAR membership encircles the world and extends throughout the Northern and the Southern Hemispheres.

As a part of this report we would like to recognize another distinctive member. She is Miss Elvira H. Miller, National No. 5408, an active and alert member of Blue Ridge Chapter, Lynchburg, Va. She is 104 years old, the oldest living member. Patrick Henry was her great-grandfather.

The upper quartile of States classified as to percentage of net increase is as follows: Hawaii 11.61; Louisiana 7.88; Delaware 7.14; North Dakota 6.04; Arizona 5.58; California 5.56; Mississipi 5.23; Utah 4.67; Oregon 4.54; Alabama 3.94; Idaho 3.86; West Virginia 3.65.

Mexico as a unit outside of the United States has an increase of 17.64 percent.

On the basis of actual numerical net increase in membership, for the upper quartile, the report follows: California, 395 members increase; Pennsylvania, 308; Florida, 253; Texas, 248; Ohio, 242; Illinois, 232; Indiana, 191; Louisiana, 158; Virginia, 142; Mississippi, 132; North Carolina, 132; West Virginia, 123; Alabama, 103; New Jersey, 88.

OLICE JONES BURCHETT
Mrs. Thomas Burchett,
Chairman.

REPORT OF MOTION PICTURE COMMITTEE

In view of all the interest in motion pictures that is shown by better film councils, women's clubs, clergymen, junior groups, and parent-teacher associations, why should we bother ourselves with this subject, and what good can we hope to accomplish?

Perhaps the most concise answer to this question is the one given by Geoffrey M. Shurlock, director of the Production Code Administration of the Motion Picture Association of America, during a visit to Hollywood. Said he: "You are helping to encourage the big producer to put out better and better films, more carefully built, and more likely to have lasting value. And you are helping to keep the little fellow from producing the bad films he wants to put out."

But how are we accomplishing this? In several ways. One is by previewing the films that come to New York City, and by distributing to schools and libraries the DAR Motion Picture Reviews. This requires the cooperation of individual members and chapters in subscribing at 50 cents a year to Reviews and seeing that the copies are placed where they will do the most good.

In several States courses of appreciation of motion pictures are being offered in the public schools. Wherever such courses are given our local chapters should see to it that the DAR Reviews are furnished to the schools.

There are other ways, also, of exerting DAR influence for better films. Many States report that theater managers are cooperating with our chapters in providing suitable films for children. Some Massachusetts chapters are previewing such films and having the best listed in their local newspapers. In Georgia some chapters have formed committees that are furnished passes to local theaters to preview and review each film.

One of the strong agencies for good films is the National Association of Motion Picture Councils, formed last year in New York. Many California DAR's are members of city, county, and district councils. In Michigan all chapters in Detroit, Grand Rapids, and other cities have members in local film councils.

In Minnesota the DAR was active in forming the Twin City Film Council, which previews films before they go to New York for their national previewing. A chapter in Idaho cooperated with some 50 service organizations in organizing the Pocatello Film Society. Two of the better films are shown each month, and box office results are excellent. In Tennessee all chapters are active in local better film councils.

Our District of Columbia chapters are very active in cooperating with Government agencies in securing audiences for films for Junior American Citizens and others.

One Indiana chapter discusses motion pictures at each meeting. Schools of one county provide motion pictures of educational and historical value for students; another chapter showed historical pictures to 275 history students in high school.

Five West Virginia chapters have made patriotic and historical pictures available to local schools and arranged for their showing, in some instances to the entire student body from grades 1 to 12. The most outstanding project of this nature to be reported is that of the Maj. William Haymond Chapter, Fairmont, W. Va., which once a month during 7 school months books a patriotic and historical motion picture to be shown to all schools in the district. In September a complete time schedule is arranged with principals and teachers. The chapter secures the films, holding each a week, with 2 to 4 showings a day. A minimum of 14 schools are able to see each film. DAR members are assigned to take the films from school to school to meet the schedule. About 2,000 students see each picture.

Our New York chapters furnish 37 members to act as previewers. One or more of them attend every preview, of which there are 3 to 5 a week.

Replies to questionnaires indicate that interest, generally, is growing; 1,411 chapters have reported that they have chapter chairmen of motion pictures, nearly 400 more than reported 2 years ago. Around 500 meetings with motion-picture programs or speakers were reported for 1954. In Kansas, nearly all chapters had at least one motion picture meeting during the year.

To stimulate the building of circulation for Motion Picture Reviews, your committee last year offered three prizes to the State chairmen whose States turned in the greatest number of subscriptions. The three winners are New York, Massachusetts, and the District of Columbia. Honorable mention goes to Connecticut.

One of the most satisfying parts of our committee work is the presentation of our annual awards. This year the award for the best children's picture of 1954 goes to Michael Myerberg for his highly unique and outstanding picture *Hansel and Gretel.* And for the best patriotic picture of the year the award goes to Columbia Pictures Corp. for its splendid West Point picture *The Long Gray Line.*

LEILA SHAW BURT
Mrs. F. Allen Burt,
Chairman.

AWARDS PRESENTED

Mrs. BURT. Mr. Myerberg, I have the honor to present to you this DAR award, which reads as follows: "The National Society, Daughters of the American Revolution Award to Michael Myerberg Productions, for their motion picture *Hansel and Gretel,* selected as the best picture of 1954 for children betwen the ages of 8 and 12."

Mr. MICHAEL MYERBERG (chairman, Michael Myerberg Productions, Inc.). Ladies, I am honored and deeply touched to be here and to receive this award. It has a great and special meaning to us who work in the field trying to produce pictures for children, and I know that you would be happy and pleased if you knew how much this award will contribute to our continuance and the furthering of our program.

I am sure you will be pleased to know that it will do more than anything we have ever had to permit us to go on and make more pictures for the children. Thank you very much.

Mrs. BURT. Our DAR award for the best patriotic picture of 1954 goes to Columbia Pictures for The Long Gray Line. I am honored to present this award to the distinguished director, Mr. John Ford. The plaque says: "The National Society, Daughters of the American Revolution, Award to Columbia Pictures Corp. for their motion picture, The Long Gray Line, selected as the best patriotic film of 1954."

Mr. JOHN FORD (director of The Long Gray Line). The award for the best patriotic picture of the year is something that is greatly sought by Hollywood. It is a great award, and we appreciate it very, very much. As an American, I am very, very proud of this. Thank you very, very much.

REPORT OF NATIONAL DEFENSE COMMITTEE

The program of our national defense committee is a positive one and has many phases to it. One of our prime objectives is to have an informed membership.

Resolutions passed by this continental congress become the policies of our National Society for the coming year. Programs of this committee are based on those resolutions and the many phases of each topic. Information relating to these resolutions go to members each month through the national defense pages of the DAR Magazine and Press Digest, as well as monthly mailings to every chapter chairman.

I believe that the minimum of 5 minutes at each chapter meeting on some portion of our program has caused a better understanding of the subversive elements which are prevalent in this country and a knowledge of how to counteract them. These 5 minutes have also developed speakers who are now giving talks to other groups on the subject of defense of our country.

Reports disclose that 2,010 chapters used this method to impart information to their members, an increase of 286 chapters over last year. In addition, 1,452 chapters devoted 1 or more entire programs to national defense, an increase of 53 chapters over last year.

One of the most important duties in defense of American freedom is to mold the minds of our youth so as to build men and women of character, principle, and integrity. The ideals of Americanism should be inculcated in the minds of our boys and girls in early life. That is the reason why our good citizenship medals were initiated some years ago. This past year there were 4,277 of these medals presented, an increase of 369 over last year.

Our award of merit was conceived as a way of expressing appreciation to a man or woman in a community who had given some outstanding service for the protection of our constitutional Republic. We stress quality of service rather than quantity of awards. This past year there were 641 of these awards presented.

There were 222 chapters which contributed to the work of this committee, besides many individuals, and 42 States were represented in this action. A total of $2,104.45 was received. Not only was the money appreciated and used to assist in the expansion of our program but also showed that the donors had an acute understanding of the pressing needs and importance of this work.

More than 115,000 pieces of our national defense material have been distributed by our State societies and by chapters.

We believe in the promotion of good government and the passage of legislation in Congress which pertain to the preservation of our sovereign rights as a Nation. Hence many thousands of members have contacted their Congressmen either by letter or personally in the interest of proposed legislation. This is the only manner in which our Congressmen know the will of their constituents.

There are now 25 States which have speakers' bureaus for this committee, and the members of the subcommittee have been used extensively in speaking at chapter meetings as well as to outside groups.

During September our committee had a booth from which to distribute our material at the national conference on citizenship held at the Statler Hotel, Washington, D. C. The booth was manned by members of the District of Columbia Society.

Last fall, Mrs. George F. Emrick, national chairman of American music, presented a beautiful American flag for use in our national defense office. The flag was given in honor of your chairman.

On the morning of January 31, the members of the national board of management were invited to the Pentagon to be briefed by officers in the different branches of our services on the work and progress of our country's defense program.

The National Society is proud of its record of being the first organization to get women into the Armed Forces and has long taken pride in its role of helping to found the Army Nurse Corps. The founder of the Army Nurse Corps was Dr. Anita Newcomb McGee, a practicing physician in Washington and a national officer of the DAR. It was she who wrote the nurses' section of the Army Reorganization Act, which made it a component of the United States Army more than 50 years ago. This section was not changed until 1947, when legislation gave nurses permanent commissions. Recruiting and screening of nurses in those early days were undertaken by the DAR hospital corps, with Dr. McGee as general chairman.

Miss Myrtle Lamb, the last Spanish-American War nurse on pension from the National Society, died recently at Towanda, Pa., at the age of 82. Miss Lamb volunteered for service in 1898. To the day of her death, she received a pension of $45 a month from the National Society, DAR, which had recruited her.

Our birthright of freedom was held by the Founding Fathers as a sacred trust and passed on to us to be treasured, guarded, and defended with all we have and all we are—with our lives, our fortunes, and our sacred honor. We must preserve our United States Constitution and Bill of Rights and not permit any of our sovereign rights to be taken from us either through treaties or executive agreements or through the revision of the United Nations Charter. Now is the time for Americans to end forever circumvention of our Constitution; to secure once again for Congress the power to determine the law under which the people shall be governed. And what if America fumbles this last chance to retain for America, the power to make American laws? As we consider all the problems which confront the people of this Nation today, we realize that we are at a possible turning point in the destiny of our country. The decisions which are made in the coming months may well determine the course of civilization for centuries to come. The sands of time are running out for us unless we meet the challenge of our generation and act with courage and vigor and determination. Today we need the same type of character that was needed in the men and women who with Washington laid the foundations of our Nation. If our form of government is to survive we must all take an active and intelligent part in it. We need to use our influence for strict economy, not only on the national level, but also by State and local governments. Only a solvent America can be a free America. The deadly struggle of our day is between despotism and constitutionalism. There can be no compromise between the two.

There is a great truth inscribed on the wall of the Library of Congress: "Enlighten the people generally and tyranny and oppression will vanish like evil spirits with the dawn of the day." Tyranny and oppression will never overwhelm people who dedicate themselves to the principles of good government and then

go out and fight for it. By fostering true patriotism and assuming our individual responsibility in doing our part toward helping to formulate these critical decisions, with loyalty to the ideals of our constitutional Republic, with faith in God and in our country, we can defend our freedom and preserve for all time our sacred heritage of liberty and independence.

MARGUERITE C. PATTON
Mrs. James B. Patton,
Chairman.

AWARD PRESENTED

Mrs. PATTON: This year the National Society, through the National Defense Committee, is giving one award of commendation.

Many thousands of citizens in our country today believe that it is essential to the preservation of our sovereign rights that an amendment to out United States Constitution be passed by our Congress and State legislatures so as to prevent the ratification of any treaty or executive agreement which could supersede our Constitution.

There have been many people who have worked and are now working for the passage of such an amendment. There is one Senator, the author of Senate Joint Resolution No. 1, introduced in the Senate on January 6 of this year, who has especially given of his talents and strength for the past several years in order to inform citizens concerning the urgent need for such an amendment.

The National Society, Daughters of the American Revolution, realizes the vital necessity for the passage of such an amendment and fully appreciates the efforts of Senator John W. Bricker.

Representing the National Society and our National Defense Committee, it is a privilege to present this award of commendation to you, Senator Bricker. The award reads: "For his valiant and outstanding diversified efforts to protect and preserve the Constitution of the United States of America."

Senator BRICKER. I shall always cherish this singular recognition, Mrs. Patton and Miss Carraway. It means more to me than any of you can fully appreciate, but I likewise cherish this opportunity to express a word of thanks to you all for your continuing support of that which is good for our cherished and beloved country.

AWARD RECEIVED

Dr. KENNETH D. WELLS (president, Freedoms Foundation, Valley Forge, Pa.). It is a very high privilege to tell you tonight and to have in my hand for all of you Freedoms Foundation's George Washington Medal. This was selected by a distinguished independent awards jury convening at Valley Forge.

It says on the reverse side of this beautiful medal, "For Outstanding Achievement in Bringing About a Better Understanding of the American Way of Life"; and on the face of it is the Father of Our Country, 1777, on bended knee, in prayer at Valley Forge.

I present it to this Society, the Daughters of the American Revolution, for your patriotic programs during 1954, particularly your historical appreciation efforts, so important they are, and your patriotic service projects aimed at a better appreciation and understanding of our rich tradition of personal freedom.

May your works go on and on and may Americans young and old alike listen to the call to patriotism that you give. Each of us is enriched by your works.

It is a real personal privilege to present to your president general Freedoms Foundation's George Washington Medal for brilliant, continuing service to this Nation that we may live up to the same belief and the same standards as those who followed the Father of Our Country once before.

The PRESIDENT GENERAL. Thank you very, very much, Dr. Wells, on behalf of the entire National Society, for this very wonderful award from your very wonderful organization, Freedoms Foundation.

REPORT OF PRESS RELATIONS COMMITTEE

The press relations committee has been very busy over the past year, and we have the figures to prove it. These figures reached the impressive total of 643,949 inches, a 9 percent increase over the previous year, and a conservative estimate of 20,000 additional inches can be added covering DAR news not reported by chapters and including the 255 chapters who did not report at all. These

figures show a definite trend to more comprehensive coverage of DAR activities. We have tried to make our publicity informative and constructive, and in line with one of our major projects many articles giving the overall picture of our Society have been published.

DAR personalities make news—none more than our president general, who is our leading lady in many ways, but particularly in the field of press relations. Her visits and what she says are always featured wherever she goes. Mrs. Russell William Magna, honorary president general from Massachusetts, conferred further distinction upon our Society when she was named Holyoke's distinguished citizen of the year, and a Long Island member has been named New York mother of the year.

As our Society grows older, chapters celebrating 40th, 50th, and even 60th anniversaries have a golden opportunity, in recapitulating the work of those years, to publicize the solid achievements of the organization they have represented for so long. Many such articles are publicity of the highest order for they indicate growth.

All DAR committees have received excellent coverage, and although it is impossible to mention all the outstanding news articles, the following are particularly noteworthy: The restoration of two famous houses in Minnesota; the erection of George Washington's statue on the campus of the University of Texas; a featured story of Kate Duncan Smith School in a newspaper magazine; a full page with headlines and pictures on the DAR educational program from Montana, and a splendid citizenship story from California.

The statistics which tell so graphically of the success of the workers on this committee are: 2,505 chapters reported publicity in 3,150 daily and 1,904 weekly newspapers. The upper 10 States in this distribution are as follows: New York, 603; California 560; Pennsylvania 318; Illinois 309; Ohio 219; West Virginia 201; Indiana 177; North Carolina 177; Missouri 160; New Jersey 160.

Of the 642,846 inches of publicity, the following 10 States have the greatest number: New York 57,438; Pennsylvania 40,358; California 35,878; Illinois 33,354; Kentucky 32,106; Texas 29,508; North Carolina 27, 497; Ohio 27, 418; Indiana 26,623; West Virginia 23,869.

The States and the number of chapters in them with more than 1,000 inches, are as follows: New York 11; North Carolina 7; Texas 6; Kentucky 5; Connecticut 3; Illinois 3; Indiana 3; Ohio 3; Pennsylvania 3; California 2; Virginia 2; West Virginia 2; South Carolina 2; Kansas 2; Mississippi 2; New Jersey 2; and Alabama, Florida, Georgia, Missouri and North Carolina 1 each—a total of 64. Of these the following had over 2,000 inches: Pennsylvania 3; North Carolina 2; Alabama, Kansas, South Carolina and Texas 1 each—a total of 9.

In all, 76,925 copies of the Press Digest were mailed, and we have 651 subscribers. Also, 67 press releases dealing with many phases of DAR activity were sent to key newspapers throughout the country.

The scrapbook contest was judged by a group of impartial women. We have returned to our original plan of 4 national prizes and an honorable mention for each of the 7 divisions. The results are: First prize $12, Colorado; second prize $10, District of Columbia; third prize $7.50, Connecticut; fourth prize $5, Indiana.

Honorable mention goes to New York, North Carolina, Illinois, Virginia, Texas, North Dakota, and Washington.

ADELAIDE LAWRENCE CUFF
Mrs. Frank B. Cuff,
Chairman.

REPORT OF PROGRAM COMMITTEE

Over half of the chapters adhere to strictly DAR programs. Over half use chapter members to present the great number of their programs; one-third use outside speakers.

Our program committee office reports that 567 papers were used by chapters, as well as 124 sets of color slides. This report does not include the radio scripts which will be reported by another committee.

About one-half of our reporting-chapters used program material from the DAR Magazine. The subjects most used were history, conservation, the president general's message, national defense, genealogy, approved schools, American Red Cross, and CAR.

A few of the outstanding programs were: Conservation—the human side,

refugees becoming citizens, adult education and process of integration; what makes us tick—adapted from "All About Us" with member participation; keys to homes—with member participation; The Searchlighters—history of America in song and verse; patriotism in our schools—panel by high school students; Martin County Schools do teach American history—superintendent brought history books from different grandes and explained way it is taught; higher education—telling how higher education contributed toward fostering true patriotism; citizen education in our schools; treasures in our town's traditions; are we losing our freedom?; citizenship training—with students from eighth grade showing a plan for teaching the United States Constitution; Saga of Indiana composers and their music; free enterprise in its truest form; achieving the American dream—true Christian life, and what it has and is doing for America; minute talks on things you should know in DAR.

Prizes awarded by the program committee at the 64th continental congress were as follows:

1. "Practical Patriotism"—$10 to Mrs. George W. Sartell, Jamestown, N. Dak.
2. "Seven Glorious Women of the Past, and Women of the American Revolution"—$5 to Mrs. George Willis Dakin, Antigo, Wis.
3. "The Significance of the Flag"—$3 to Mrs. A. E. Loveless, Melrose, Mass.

Honorable Mention—"Christianity's Relationship to Our Heritage,"—Mrs. A. L. O'Briant, Canton, Miss.

Color slides of our "NSDAR Headquarters" lead in popularity, with the "State Rooms" and "American Indians" tying for second place.

Papers sent out from the program office during the year number 567. Texas used 40 papers, Pennsylvania—38, Illinois—37, and Indiana—34. Even Alaska rented 4 papers!

ARDELIA OLDEN KOCH
Mrs. Vincent W. Koch,
Chairman.

REPORT OF RADIO AND TELEVISION COMMITTEE

The State poll taken to determine radio and television programs which best portrayed DAR objectives resulted in the following films being so chosen: "You Are There," "Hall of Fame," "Cavalcade of America," "Meet the Press," "Freedom Story," "See it Now," and "Disneyland." Station WTIC, Hartford, Conn., received the Freedoms Foundation award for its program "Profile of America."

This committee's new project, building a tape-recording library, has been well received by the chapters and States and 97 tape recordings bear witness to this fact. Many new scripts have also been added to our files, all of which are available for chapter use. Duncan chapter, Oklahoma, received Freedoms Foundation award for a broadcast explaining the Constitution and privileges it provides for each American. District of Columbia chapters have had a series of educational programs by television personnel. North Carolina, Texas, and New York have also submitted a splendid record of achievement.

Tape recordings—Florida leads with 17, Indiana 15, North Carolina 12, Connecticut 11.

Telecasts—New Jersey leads with 36, Ohio 27, Virginia 23, Texas 18.

Broadcasts—North Carolina leads with 1,801, New York 410, Texas 322, Ohio 267, Pennsylvania 262, Connecticut 223.

North Carolina and Kentucky held weekly and monthly broadcasts periodically throughout the year.

Complete summary as follows· Tapes, 97. Broadcasts, 4,848. Telecasts, 208. Air time, 719 hours 51½ minutes. Publicity—news articles 259, inches 2,290. Air time value, $113,581.84.

MABEL S. LOTZ
Mrs. Edwin H. Lotz,
Chairman.

AWARD PRESENTED

The Daughters of the American Revolution have chosen the Columbia Broadcasting System television program "You Are There" as the program best emphasizing the three objectives of the National Society and Hubbell Robinson, Jr., is here in person to receive the award for the CBS Television Network.

Mr. Robinson, it is with great pleasure that I present to you this award, the first of its kind in the history of the National Society, and it is inscribed this way: "The National Society, Daughters of the American Revolution, Award to the Television Program, 'You Are There,' produced by the CBS Television Network, selected as best emphasizing education, history, and patriotism, April 1955."

HUBBELL ROBINSON, JR. (vice president in charge of network programs, CBS Television Network): Thank you very much.

STUDENT LOAN AND SCHOLARSHIP COMMITTEE

In all, 301 students received assistance from the DAR student loan and scholarship funds this year. There were 222 loans amounting to $33,298.20, and 79 scholarships amounting to $14,521.20. The number of loans is more than twice the number of scholarships, thus indicating that these young people who are in need of financial aid with their education desire to be independent and are quite willing to assume the responsibility of repayment in order that others may have the same benefit.

Michigan continues to have the most active loan fund; North Carolina comes second and Massachusetts third in number of students helped. The largest funds are not always the most active ones.

Several States made gifts from their State loan funds to one or more of the DAR approved schools. Amont those making such gifts are Kentucky, Michigan, Mississippi, and Tennessee. Oklahoma gives $100 annually to Bacone College and a $100 scholarship to another student. Washington gives the interest from its invested loan fund as a scholarship for an Indian girl at the University of Washington. Alabama is adding to a good citizens scholarship at Huntington College, in honor of Mrs. James C. Bonner, one of the vice chairmen of this committee. Several chapters have established memorial scholarship funds instead of placing markers on the graves of decreased members.

State loan funds	$202, 762. 89
Chapter loan funds	56, 835. 73
State scholarship funds	66, 507. 64
Chapter scholarship funds	30, 568. 14
Grand total	356, 674. 40

ANNIE T. HIGHTOWER IRONSIDE
Mrs. Henry Allan Ironside,
Chairman.

REPORT OF TRANSPORTATION COMMITTEE

In every branch of industry or endeavor more and more attention is being given to the subject of transportation. So it is with the Daughters of the American Revolution. Reports from the various States reflect the value of the transportation committee.

The different State chairmen have presented to the members data on rates and schedules for continental congress and State conferences. They have promoted pilgrimages to historical sites and to the State capitols for the CAR groups, JAC clubs, and schoolchildren; they have instituted transportation service on voting days, that every member might have an opportunity to cast her vote. These different services have also helped to increase attendance at the meetings, as it has brought the members into closer fellowship.

We are proud to show the increased interest in the work of the transportation committee.

ELSIE ASPINWALL EAVES
Mrs. J. Ed Eaves,
Chairman.

REPORTS OF ADMINISTRATIVE COMMITTEES

REPORT OF AUDITING COMMITTEE

The auditing committee met Friday, April 15, 1955, at 2:30 p. m., in the catalog room of the Administration Building with six members present to compare the reports of the treasurer general, Mrs. J. DeForest Richards, and the F. W. Lafrentz & Co., certified public accountants. The reports were found to be in accord.

We commend to the members of Congress the superlative efficiency of the treasurer general in administering the financial business of the National Society.

JANE EWING BARROW
Mrs. Edward Rowland Barrow,
Chairman.

AWARD PRESENTED

The Treasurer General, MRS. RICHARDS. It is my great privilege to present to Mr. Charles F. Jacobsen, chairman of our board of advisers, this award: "The National Society, Daughters of the American Revolution, presents this award of commendation to Charles F. Jacobsen for his faithful service and excellent advice during the past 17 years as chairman of the advisory committee of the National Society, Daughters of the American Revolution."

CHARLES F. JACOBSEN (chairman, advisory committee). Thank you very much.

REPORT OF BUILDINGS AND GROUNDS COMMITTEE

The buildings and grounds committee has been busy during the past 12 months. The two highlights of the year were the redecoration of the auditorium of Constitution Hall, which included the installation of an up-to-date electric lighting system, and the freshening up and refurnishing of the Pennsylvania lobby by the Pennsylvania Daughters.

In Constitution Hall some maintenance work had to be done, namely, the cleaning of the ducts through which clean and cool air is brought into the buildings. These ducts had not been cleaned since the erection of Constitution Hall. For years our buildings were heated with oil until the changeover to the central heating plant operated by the United States Government, for which the Society pays 97 cents per thousand pounds. The cleaning of the air ducts has improved and freshened the air coming into the building. Members have repeatedly asked why the auditorium is not air-conditioned. The answer is that the cost is prohibitive—between $300,000 and $500,000.

For the task of renovation, the president general enlarged the buildings and grounds committee to include Mrs. J. DeForest Richards, treasurer general, Mrs. Robert V. H. Duncan, organizing secretary general, and Mrs. Geoffrey Creyke, librarian general.

Our architect, Bernard L. Frishman, secured many bids with detailed specifications, which were presented to the committee for consideration. The firms that presented the best bids were chosen by unanimous vote of the committee, and contracts were let. Unanimous approval was also given by the committee for the colors of the paint and the material to be used on the boxes and the curtain on the stage. All work was done as authorized, and we kept well within the amount voted by the 63d continental congress for this purpose. The seals on the State boxes were cleaned and glazed and the rims were gilded. The flags in the ceiling dome of the stage and the lettering of the Thirteen Original States were retouched. The new lighting system is very attractive and greatly improves the looks of the hall. More than 300 new lights were installed in the ceiling, giving a most illuminating effect—yet leaving the structural lines the same. More than 1½ miles (8,500 feet) of metal conduit and over 5 miles (30,000 feet) of wire were installed. A new switchboard and three new panels go to make up our lighting system. We have installed 54 bulbs over the stage platform to illuminate the flags in the ceiling arch, which gives a very beautiful effect. As the glass in the skylight reflected heat, and made it difficult and dangerous to replace worn out bulbs, the committee voted to replace the glass with transite board. They installed 17 tons of this board. The glass weighed approximately the same.

Pictures were made of the auditorium before work began and when the scaffolding was in place. It took over 7 weeks to bring the scaffolding into the build-

ing and set it up. Over 1,000 planks were used, and, as there were not enough scaffolds in Washington, several truckloads were brought from Baltimore.

The colors for the painting were taken from the DAR banner on stage. The ceiling is a soft blue, like the sky, and the new lights are like stars. The sidewalls are a platinum-beige gray with a little pink added. The entrances from the lobby have new lights and light paint—thereby adding life to the hall. We used 300 gallons of washable paint, and it was mixed specially to specifications of our architect. We have several gallons on hand and a copy of the formula, so when it is needed in later years to touch up places we will have the same color.

The finishing touch was the replacing of the old blue-velvet material, which was badly faded and very dirty after 25 years of wear, with an antique gold damask that brings out the beauty of the seals of the States. Gold drapes replace the old blue ones on the stage; 700 yards of gold damask and 600 yards of gold braid were used; 350 feet of plexiglass has been placed in the hall wherever it is felt people would lean against the antique gold damask or put their coats against it in the seats in the orchestra near the boxes.

The floor of the stage has been sanded and refinished, which is a great improvement. The brass railings around the boxes and in the balcony have been rubbed down and glazed. The top of the short posts in the boxes are made of iron, not brass, so they had to be gilded and glazed.

We have installed 2 TV platforms—one on each side of the auditorium. We are in need of two more; the auditorium would then be equipped to handle TV shows. It is believed we could increase our revenue if such additional equipment could be made available.

On each side of the stage there are columns which have been marbleized, and the eagles on the top have been gilded, and the insignia and seal on each side of the columns have also been gilded. The arches over the doorways were painted white. The balcony floor has been painted with a Portland gray paint—a battleship gray.

Many congratulatory letters have been received commending and praising the renovation work in Constitution Hall and its "new look" Nearly one-half million persons have attended approximately 125 events in the hall since the renovation was completed.

The ceiling of the newly redecorated and refurnished Pennsylvania lobby has been painted a soft blue which has brought out its original classic design. The ornamental work has been highlighted with gold to give it a decorative and antique finish. The area behind the busts have been painted the same color as the ceiling—bringing the statues to life. The marble, which has been cleaned, now has a lovely luster and beauty, the way it looked when it was originally installed. Mirrors have replaced the old glass in the French doors leading into the library. A magnificent chandelier has been hung, and a beautiful American flag and a Pennsylvania State flag have been placed in the lobby. The new furniture selected for the lobby is Chippendale with Queen Anne legs, and leather is DAR blue.

Iowa, Maryland, North Carolina, Rhode Island, Virginia, and Wisconsin have replaced their State flags.

A beautiful museum case was dedicated and presented by the New York State Society in honor of Mrs. William H. Pouch. This case will be used to display the miniatures of the honorary presidents general and some of the valuable historical relics belonging to our society.

A beautiful American flag was presented to the national defense office by Mrs. George F. Emrick, of Ohio, national chairman of American music committee, in honor of Mrs. James B. Patton, honorary president general and national chairman of the national defense committee.

For the first time in a number of years Constitution Hall had a decline in business, but only because of cancellations. We could have filled some of the canceled dates with attractions which we did not feel belonged in your beautiful hall, but we refused to lower the standards of Constitution Hall.

Again this year the National Symphony Orchestra was our best customer. They gave 40 concerts and played to more than 100,000 people. Some of their special programs were two presentations of the Messiah, the Mozart opera *Cosi Fan Tutte*, Rodgers and Hammerstein night, and 16 children's concerts. The visiting symphony orchestras were Amsterdam Concertgebouw, two concerts by the Berlin Philharmonic, nine by the Philadelphia Orchestra, and four by the Boston Symphony. The National Geographic Society, as usual, held their lectures here. Each Friday between November and the first week in April, they

have an afternoon and evening lecture. They present many famous lecturers who also show pictures in connection with their lectures. Many times, the world premiere is held on our platform. Last month, we had a world premiere when Ardito Desio spoke and showed a movie of the Conquest of K–2, the world's second highest mountain. The National Education Association had their opening session and one other of their conventions here. As usual, the State Department gave out their annual awards in a program here. The Girl Scouts held their Convention in Washington and had a very interesting program for their delegates here in your home. The American Heart Association and the Inter-American Congress of Radiology also presented programs here. Many religious programs are also held each year.

Under a ruling of the executive committee of January 29, 1955, it was voted to spend approximately $2,000 for painting some of the offices in the Administration Building. We were able to paint 23 offices and all the corridors of the first floor. We also painted several sections of the ceiling of CAR and the national officers club room. This also included the material which amounted to approximately $500.

A few statistics regarding the janitor supplies purchased this past year: 2,262 light bulbs, 2,404 packages of paper towels, 2.966 cakes of soap, 54 flash batteries, 16,500 paper napkins, 16,100 dixie cups, and 100 pounds of soap powder.

The handrail on the D Street steps was extended to the sidewalk. The south platform steps and walls surrounding the C Street entrance to Constitution Hall were pointed up and repaired.

We now have our own porters and maids clean the Administration Building instead of having an outside contractor do this work.

A file cabinet was presented to the national defense office by that committee of the District of Columbia.

Our grounds have been made more beautiful with the gift of tulip bulbs from Holland to the National Society from Mrs. H. L. Erdman, of Hershey, Pa.

We have taken in approximately $100 from the rental of our set of State flags, which are rented for a minimum sum to groups in Washington, such as the Girl Scouts, Boy Scouts, 4-H clubs; and the Congressional Club.

ALICE B. HAIG
Mrs. Charles Carroll Haig,
Chairman.

REPORT OF FINANCE COMMITTEE

As chairman of the finance committee, I have the honor to submit my report for the year ending February 28, 1955.

Vouchers were approved to the amount of $1,003,061.25. The following shows the large amounts as allocated to specified funds;

Salaries and wages	$342, 219. 40
Postage	15, 860. 07
Printing	123, 154. 72
Supplies	16, 586. 44
Appropriations	20, 702. 83
Gas, electricity, heat and water services	14, 576. 91
Maintenance and repair	35, 193. 25
American Indians	20, 320. 76
Approved schools	173, 984. 31
Taxes—Constitution Hall	13, 249. 56
Renovation—Constitution Hall	72, 767. 40
Magazine	21, 989. 65

For a detailed statement you are referred to the report of the treasurer general.

The committee met for regular meetings; questions concerning the financial condition of the society were given consideration, and recommendations were presented to the executive committee for approval.

The records of the accounts as kept by your chairman have been so set up as to conform with the basis of accounting in the office of the treasurer general, and meet with the approval of our auditors. These records give a complete break down of the expenditures of the Society at all times.

IMILDA B. WOOLLEN
Mrs. E. Ernest Woollen,
Chairman.

REPORT OF PARLIAMENTARIAN

Upon assuming her duties on July 1 the parliamentarian hoped to develop an educational program that would discover the basic causes of parliamentary difficulties within the chapters. Accordingly, she invited each chapter regent to submit a question on the most serious parliamentary problem within the chapter. Much of the material in the monthly articles of this department came about through the questions submitted by the chapter regents.

The first suggestion of the parliamentarian is—build up the habit of searching in the national bylaws, and especially in the handbook of the National Society, for the answers to questions. A large number of chapters have asked for guidance in arranging processionals and in seating of honor guests, when the subject is fully covered in the handbook.

The second suggestion is that legal questions pertaining to incorporation and the purchase of property are not within the province of the parliamentarian. Laws vary so greatly in different States that the parliamentarian's service in such cases can go no further than to urge upon every chapter the fact that chapter action must always be taken only after free and open discussion, a careful examination of all the factors affecting the question, and, in case of even a small controversy, by a good old-fashioned vote by ballot.

The third suggestion is—let your questions represent current problems of parliamentary procedure or organization management.

Fourth, the most pressing problem of the immediate future is that every chapter should appoint, either in May or June, a committee to review its chapter bylaws with a view to bringing them into harmony with the revised suggested model for chapter bylaws which will appear in the July issue of the Magazine. That model will include any changes that may become necessary through revision of national bylaws by this continental congress.

SARAH CORBIN ROBERT
Mrs. Henry M. Robert, Jr.,
Parliamentarian.

REPORT OF PERSONNEL COMMITTEE

During the past year the personnel committee held regular meetings prior to each national board of management meeting for the purpose of furthering the progress of the work and promoting the welfare of the national headquarters staff.

Special effort was devoted to building up a full-time, active staff, to standardizing job classifications, and to raising our exceedingly low salary level, especially for those employees in the lowest pay bracket to a minimum of $200 per month.

The holding of quarterly staff meetings, alternating interesting programs with business sessions, has been continued. This practice, initiated at the beginning of this administration, has met with enthusiastic, popular response, as is evidenced by the attendance, interest, and appreciation on the part of the personnel.

At present there are 104 members on our staff, exclusive of the buildings and grounds force of 20.

The work of our Society in many phases is at an all-time high, and we are exceedingly fortunate in our national headquarters staff, to whom unbounded credit is due. Sincere compliment is paid our loyal corps for the fine cooperation and service which assures the progress of our work.

MARION MONCURE DUNCAN
Mrs. Robert V. H. Duncan,
Chairman.

REPORT OF PRINTING COMMITTEE

This committee has little means of conveying the tremendous amount of work done for the reason that a real report would be dry and statistical, covering many pages.

An additional room in the print shop and added equipment increase the efficiency of our loyal staff who attend to the routine printing of stationery, letters, forms, etc. The manuals, congress programs, and similar printing are done by

an outside printer. Because of the constant advance of prices, careful consideration is given in selecting these firms.

Miss Janie Glascock and Mrs. Erma Ash of the business office have handled the planning and proofreading and similar details of our printing.

Miss Lillian Chenoweth,
Chairman.

REPORTS OF SPECIAL COMMITTEES

REPORT OF APPROVED SCHOOLS SURVEY COMMITTEE

Our small independent colleges have been hit by higher costs of operation and by lowered income. Few are endowed sufficiently to maintain the desired high standards, and none of them have tax support. Endowment income has dropped because of sagging interest rates. All colleges on our list need maintenance funds, and where tuition is necessary it has had to be increased. State-maintained or tax-supported schools are able to employ teachers at a higher pay rate and build through bond issues or State financing. So to maintain high scholastic standards and at the same time have low expense to the students is a major problem for our schools. The involvements of Federal aid to education are tangled. There is at this time a tremendous extension of Federal power in school matters which are primarily State business. If Federal money is used in aiding our schools the Federal Government is responsible for its use and eventually—no matter what statutory obstacles may be used—the Federal influence will be felt in our school systems. We, as a society, are definitely opposed to Federal aid to education. Public-school costs are paid by the taxpayer, willing or unwilling, and school financing is big business and we might here in the United States, step by step, through boards, then State, then Federal control transfer the local level to national. This can be so gradual that we will have Federal control before we are aware of it. An educational system administered directly, uniformly, and exclusively, will not work here. Fortunate, indeed, are the students at our two DAR-owned schools. For there we own the buildings and can definitely decide just what sort or teaching we think is worthy of our educational endeavors.

As a society our support to our two schools is very mediocre, and were it not for the personal gifts of scholarships they could not function as first-class institutions. We give less than 3 cents per capita a year to our 2 schools. The endowment funds at all schools on our list vary from $13,000 to $15,225,000, and the plant values range from $71,000 to $8,000,000. Our own school, Kate Duncan Smith, has a property value of $450,000, and Tamassee has a property value of $580,150. There is an immediate need for larger classrooms and more teachers but in order to accommodate the many children who are eager to enter Tamassee they must have beds. All dormitories are overcrowded. If we intend to educate those mountain children there must be a concrete plan of financing the schools. We must dedicate our efforts toward the education of our children, or, as Lincoln said: "We shall nobly save or meanly lose the last best hope of earth."

Helen C. Burnelle
Mrs. Lowell E. Burnelle,
Chairman.

REPORT OF CLEARINGHOUSE COMMITTEE

The clearinghouse committee, which was established to clarify, simplify, and make more effective the work of national committees, by combining and rearranging, met several times throughout the year and spent days and hours very carefully considering and discussing the changes that have been proposed by chairmen and members. Not only was time spent in meetings, but many letters were exchanged between the members of the committee.

One committee, Americanism, for which changes were suggested, was changed only 2 years ago, and it was finally decided that further study and deliberation was necessary and that this was not the year to bring the matter for your consideration. Therefore, after many more meetings, deliberations, and discussions, recommendations will be brought to the 1956 congress.

Ruby W. Pomeroy
Mrs. Walter C. Pomeroy,
Chairman

REPORT OF MEMORIAL BELL TOWER AT VALLEY FORGE COMMITTEE

This committee continues its activities in the interest of completion of the Valley Forge memorial bell tower.

Outstanding students of history have made careful study and research for the sculptor on the subjects used for the statue of George Washington and the four panels of the bas relief. The sculptor, nationally famous, is C. Paul Jennewein of New York City. Both the statue of Washington and the bas relief are part of the original plan.

Many conferences have been held in New York in the sculptor's studio by the architects, representatives of the vestry of the Chapel at Valley Forge, and representatives of this society. The models were examined, approved, and accepted. It was the consensus that Mr. Jennewein had created in the bas relief an outstanding and beautiful portrayal of what Valley Forge means to the Nation.

The statue of George Washington is carved and is in place in the niche to the left of the entrance to the tower. The statue is 8 feet, 4 inches high.

The carving of the bas relief, in four panels, is proceeding more rapidly than at first anticipated, and it is probable that the carving will be completed by June 1.

The electrification of the carillon is going forward.

The rose window has been assigned to the Cutler estate and will be suitably marked. The window is made by the noted D'Ascenzo Studios in Philadelpnia.

Additional patriots' stones have been inscribed by the States of Delaware, Kentucky, Michigan, New Hampshire, Ohio, West Virginia, and Wisconsin. They are marked with their respective State seals.

By request, many inscriptions have been added.

All cookbooks and Valley Forge cards have been sold.

The executive committee recommended that with the approval of this committee, a pamphlet descriptive of the Valley Forge memorial bell tower be printed and distributed at the tower. This work has been accomplished and will be paid for from the Valley Forge fund.

A fine arts insurance policy has been placed to cover everything inside the tower against possible vandalism.

The financial report follows:

Balance, Feb. 28, 1954		$71, 136. 97
Receipts:		
Contributions	$2, 054. 50	
Sale of cards	1, 775. 55	
Sale of cookbooks	22. 75	
		3, 852. 80
		74, 989. 77
Disbursements:		
Refunds	100. 00	
Flag-raising mechanism	164. 40	
Postage and express	100. 00	
Supplies	505. 42	
Brochure	59. 27	
Insurance	323. 17	
Standards	13, 951. 94	
Seals	1, 225. 50	
Rose window	1, 500. 00	
U. S. Treasury certificates	29, 905. 50	
Statue of Washington	3, 000. 00	
		50, 835. 64
Balance, February 28, 1955		24, 154. 13

With unfinished contracts yet to be paid.

ANITA G. WILLIAMS
Mrs. Benjamin R. Williams,
Chairman.

REPORT OF REVISION OF BYLAWS COMMITTEE

It has not been possible for all 20 members to attend the meetings of the committee. However, opinion has been obtained by correspondence.

All suggestions from whatever source were considered and the draft of proposed revisions resulting from committee action was submitted in accordance with the provisions of Article VI of the consititution and Article XV of the bylaws of the National Society.

In combining the constitution and the bylaws nothing in the consitution has been omitted. All has been incorporated in the proposed bylaws, most of it exactly as worded in the constitution. No basic change in principles is proposed.

The desirability of combining a constitution and bylaws is stated in the preface to the proposed revisions submitted by direct quotation from Robert's *Rules of Order*.

Some rules are included which have developed from growth of the Society and have been in practice and properly should be in bylaw form. Some sections are stated in greater detail to clarify doubt of interpretation.

The committee joins in appreciation for the helpful comment of the membership and in submitting for action of the congress the proposed revisions.

ANNE S. MUSGRAVE
Mrs. G. W. S. Musgrave,
Chairman.

REPORT OF UNITS OVERSEAS COMMITTEE

The report of this committee represents service rendered by 14 chapters in 11 countries outside the continental limits of the United States of America. We have 23 representatives present at this 64th continental congress.

Each member in presenting her report stressed national defense and patriotic education programs, the number of history awards presented, their honor roll standing, the manuals distributed and the generous contributions to the work of many committees.

Did you realize that our American war dead are remembered in these countries by our members overseas in a Memorial Day service? In Alaska, American Beauty roses are used as a living tribute to their memory. July 4 is also celebrated in some fitting manner. Our American ambassadors are frequent guests and often share in the programs that are observed on patriotic anniversaries because of their respect for the DAR in the community and their desire to be associated with us in all of our interests.

In the May issue of our Magazine you will find a beautiful picture of Her Majesty Queen Elizabeth, the Queen Mother, with our State regent of England, Mrs. Theodore W. Luling. This was taken when the Queen Mother was the guest of honor at a tea given by Mrs. Luling when she entertained members of the Daughters of the American Revolution and friends at the American Women's Club. The April issue featured a picture of the overseas members taken at their last annual luncheon in Washington when our president general, Miss Gertrude S. Carraway, was the guest of honor.

During the last war two members of the Philippine Islands chapter that were safe in America paid the dues for the members of this chapter who were interned for 4 years. All the chapter records were destroyed, including 81 application papers. As national chairman it has been my desire to replace them. Through the cooperation and understanding of our president general, the treasurer general's office and the registrar general's office these papers have been photostated. In this way the original handwriting is duplicated. It has been my joy to present to the Philippine Islands State regent the 81 papers as a gift, with a note of admiration for their courage and abiding faith.

EDNA B. GOODFELLOW
Mrs. Raymond C. Goodfellow,
Chairman.

PART II

RESOLUTIONS ADOPTED BY THE 64TH CONTINENTAL CONGRESS

AMERICAN HISTORY A REQUIRED SUBJECT

Whereas, One of the primary objectives of our National Society, Daughters of the American Revolution, is to stress the understanding of American history and civics; and

Whereas, The teaching of these subjects in our schools, colleges and universities should be stressed in order to enable all young people to have a better knowledge of our country and governmental system essential for good citizenship;

Resolved, That each State be urged to pass laws requiring that courses in American history be taught in our elementary, junior and senior high schools, and that at least one course in American history and civics be required for graduation in all colleges and universities, both State supported and privately endowed.

ANTARCTICA

Whereas, Antarctica, a continent reported to be larger than the United States and Mexico combined, has untapped reservoirs of natural resources, said to be rapidly becoming of important material value; and

Whereas, American citizens have discovered more of the South Polar continent than all other nations combined and have done nothing to validate its rightful claims; and

Whereas, Seven other countries claim portions of the area, one country claiming the entire continent;

Resolved, That the National Society, Daughters of the American Revolution, urge the Congress immediately to take the necessary action to further explorations, to produce maps, and to make investigation of mineral resources in Antarctica in order to lay the foundation to validate the rightful claims of the United States.

APPRECIATION TO DR. KENNETH D. WELLS

Resolved, That the National Society, Daughters of the American Revolution, extend to Dr. Kenneth D. Wells, president of Freedoms Foundation, Valley Forge, Pa., its deep appreciation for presenting the George Washington Honor Medal and an award of $50 to the Society and for his stirring speech delivered extemporaneously.

APPRECIATION TO THE PRESIDENT GENERAL

Resolved, That we, the Daughters of the American Revolution, in this 64th Continental Congress assembled, express to Miss Gertrude S. Carraway, president general, our appreciation for her inspiring address on Monday evening, for her unbiased approach and solution of all administrative problems, for the efficient manner in which she conducted this Congress, and for her conscientious devotion to the precepts of our Society and the ideals of our American way of life.

APPRECIATION TO THE PRESIDENT OF THE UNITED STATES

Resolved, That the National Society, Daughters of the American Revolution, extend to President Eisenhower deep appreciation for his message to the 64th continental congress.

APPRECIATION TO THE SENATOR AND MRS. JOHN W. BRICKER

Resolved, That the National Society, Daughters of the American Revolution, express its sincere appreciation to Senator and Mrs. John W. Bricker for their presence at the national defense meeting on Tuesday evening, also for Senator Bricker's stirring and timely message.

76240—56——7

Appreciation to the Vice President

Resolved, That the National Society, Daughters of the American Revolution, express to the Honorable Richard M. Nixon, Vice President of the United States, its deep and sincere thanks for his attendance at the opening session of the 64th continental congress and for his outstanding and highly informative address. We also express our great pleasure for the gracious presence of Mrs. Nixon.

Atomic Energy

Whereas, It is our belief that the pooling of atomic information and resources among the nations constituting the United Nations would have the effect, not alone of investing immeasurable potentials for the destruction of the United States of America by its openly avowed enemies, but could result in the accumulation of unlimited physical energy by an international oligarchy, which through its monopoly, would be enabled to hold all nations of the world in terror and achieve such a tyranny as never before has been witnessed in human history;

Resolved, That the National Society, Daughters of the American Revolution, urge the immediate abandonment of all such plans and concentrate attention and effort toward further discovery and application of all available measures for the protection of our nation against the facilities which our enemies have already acquired, and when they deem it expedient will unhesitatingly employ.

Commendation of Former President Hoover

Resolved, That the National Society, Daughters of the American Revolution express its heartfelt appreciation to the esteemed former President of the United States, Herbert Hoover, for his continued interest in, and activity for, the problems facing the Government and, in particular, the findings contained in his current report as chairman of the Commission on Organization of the Executive Branch of the Government.

Communist Influence in Latin America

Whereas, The Soviet Union has constantly intervened in the affairs of Latin American Republics, and has used certain Central American countries as a beachhead in the Western Hemisphere in a conspiracy to gain domination of all Latin America, thus threatening the very existence of this nation and the entire free world;

Resolved, That the National Society, Daughters of the American Revolution, urge immediate strengthening of relations between the United States and all Latin American countries, through more technical, economic and military aid to those countries that are being influenced by Communist propaganda against the United States, and against the capitalist system in the entire world.

Courtesy Resolution

Resolved, That an expression of deep gratitude be extended by this Congress to the speakers who shared with us their vast store of knowledge; to all of the artists who added to our sessions by the inspiration of their music; to the United States Service Bands; to the great number of individual members who planned and executed the many details necessary to conduct this most successful meeting; and that our warm thanks be sent to all those who in any way contributed to the pleasure and stimulation received by the members and guests of this 64th continental congress.

Disposition of Resolutions

Resolved, That the resolutions adopted at the 64th continental congress of the National Society, Daughters of the American Revolution, be printed promptly in pamphlet form and forwarded to the President of the United States, to the members of the United States Senate, to members of the House of Representatives, and to the entire regular mailing list of the National Society.

Federal Aid to Education

Resolved, That the Daughters of the American Revolution reaffirm their adamant stand for control of education by the people through their States and local communities only and oppose Federal aid to education.

Federal Bureau of Investigation

Whereas, The National Society, Daughters of the American Revolution, reaffirms its confidence in the Federal Bureau of Investigation and its director, J. Edgar Hoover, with commendation for its past record;

Resolved, That the Congress of the United States be urged to appropriate funds adequate to continue and expand its effective services.

Federal Supervision Over Indians

Whereas, There is now before the Senate of the United States a bill, S. 401, which calls for the abolishment of the Bureau of Indian Affairs, removal of Federal guardianship over Indians and trusteeship over Indian land, within 3 years from the date of the enactment of the Act;

Resolved, That the 64th continental congress of the Daughters of the American Revolution commend the Bureau of Indian Affairs for its diligent study of problems relating to American Indians on reservations as wards of the Federal Government, and earnestly solicit the Secretary of the Interior to grant sufficient extension of time for proper training of these dependent people for complete cultural assimilation and integration into mixed community life; and

Resolved, That the State societies and chapters of the Daughters of the American Revolution within the several States where Indian tribes exist on reservations, be requested to contact the members of their State legislatures for the purpose of urging that State and local governments assume greater responsibility for the economic and civic preparedness of those reservation Indians now woefully unable to earn a living in new surroundings, and for adequate educational opportunities for the Indian youth of these tribes.

Flag

Whereas, The present Public Law 829 is somewhat confusing as to the correct position of the United States Flag in relation to the banners of the United Nations, NATO and other like world organizations;

Resolved, That the National Society, Daughters of the American Revolution, urge the Congress of the United States to pass a clear and concise law making it unlawful at any time to fly any international flag or banner above or on the same level with the flag of this Nation within the borders of these United States or its possessions;

Resolved, That a penalty for the violation of the sovereignty of the flag of these United States be included in this legislation.

For a Solvent Republic

Whereas, The national debt of the United States exceeds 275 billions of dollars, courting inflation and bankruptcy; and

Whereas, The recipients of American taxes in foreign aid have exceeded their production and foreign trade as recorded previous to World War II;

Resolved, That all foreign aid be reduced as rapidly as possible and these billions of American tax dollars be applied on the national debt to promote a balanced budget and a financially secure United States.

Foster True Patriotism

Whereas, The theme for this 64th continental congress is "Foster True Patriotism," as stated in the major objectives of our National Society, and chapters have used this topic for programs during the year; and

Whereas, True patriotism and Americanism are needed during this crucial period more than ever before in the history of our nation, in order to assure the preservation of our Constitutional Republic as envisioned by its Founding Fathers;

Resolved, That all DAR chapters and members redouble their efforts to "foster true patriotism and love of country."

Foundations

Whereas, There are approximately 7,000 foundations in the United States of America with resources in excess of 10 billion dollars and an annual income of over 300 million dollars; and

Whereas, Many foundations are using their tax-exempt funds to subvert our youth by "directing American education toward an international viewpoint and disregarding the traditions to which they were dedicated";

Resolved, That the National Society, Daughters of the American Revolution, request the 84th Congress of the United States of America to conduct an unhampered investigation, the findings of which would expose to the public the foundations which were using their funds in a manner detrimental to American interests.

Great Seal of the United States

Whereas, The underlying law relating to the Great Seal of the United States—the resolution of Congress of June 20, 1782—specifies certain colors for the component parts of the device but not the uniform shades of the colors;

Resolved, That the National Society, Daughters of the American Revolution, bring to the attention of the Congress of the United States, the State Department and necessary divisions thereof, the fact that there is no departmental or official control of the shades of color used in the Great Seal of the United States and urge that master color plates of the Great Seal be devised and adopted to serve as an authentic guide so that all copies of the Great Seal shall have uniform shades of color.

Immigration and Nationality Act (McCarran-Walter Bill)

Whereas, The Immigration and Nationality Act (Public Law 414) which became effective on December 24, 1952, is the result of a four-year study and compilation of the previous rules and regulations for immigration; and

Whereas, Many countries which claim an overpopulation and demand a refuge for their nationals in these United States have not fulfilled their treaties with the United States by furnishing the stipulated number of members in their Armed Forces; and

Whereas, The Act has been effective in the denaturalization and deportation of criminals and subversives and is operating in the best interests of the American people; and

Whereas, There has been and continues to be, a concerted effort to undermine and destroy the provisions of the law and to present private bills to the Congress admitting great numbers of aliens;

Resolved, That the National Society, Daughters of the American Revolution, reaffirm approval of Public Law 414, and urge all patriotic Americans to resist weakening amendments or private bills which would destroy the effectuality of the Immigration and Nationality Act.

Investigating Committees

Resolved, That the National Society, Daughters of the American Revolution, reaffirm its previous stand on the policy of investigating committees, commend their efforts in exposing subversive activities, and earnestly request the Congress to appropriate adequate funds for the continuance of the courageous campaign by our duly elected legislators and their staffs.

Lawmaking By Treaty (Bricker Amendment)

Whereas, The Constitution of the United States of America is the greatest document for human liberty in two thousand years of recorded history and, originally, treaties were intended to be agreements between sovereign nations concerned solely with international affairs; and

Whereas, Treaties and executive agreements have been and are now being drawn which admittedly endanger American rights, make domestic laws, override the Constitution, give Congressional powers to the executive branch of the

government, give State rights to the Federal Government or to an international body, and cut across our Bill of Rights;

Resolved, That the National Society, Daughters of the American Revolution, urge the immediate adoption of the Bricker Amendment which will provide that no treaty or other international agreement in conflict with the Constitution shall be of any force or effect; and no treaty or other international agreement shall become effective as *internal* law in the United States except by valid legislation duly enacted by the elected representatives of the American people.

Protect America's Future Through Patriotic Education

Whereas, The changing of the name "Constitution Day" to "Citizenship Day" in the matter of observance of September 17 as the date of the signing of our Constitution minimizes the importance of this all-important document in the minds of the American people and emphasizes the citizenship idea which tends to fall into the "world citizen" plan of propaganda, and in order to preserve, support and appreciate our Federal Constitution it is essential to understand its provisions and principles;

Resolved, That the National Society, Daughters of the American Revolution, urge the United States Congress to restore the designation "Constitution Day" to the date of September 17 in order that all Americans on this anniversary may rededicate themselves to the basic principles of this great document; and

Resolved, That the National Society, Daughters of the American Revolution, in every locality study and publicize the Constitution during its 168th Anniversary Week of September 17–23, 1955; request their mayors and governors to proclaim Constitution Week; and sponsor chapter, school, and public programs on the Constitution, especially emphasizing the primary purposes of good government as set forth in the Preamble to the Constitution and the duty of citizens in our Republic to protect the Constitution and the freedoms as set forth in its Bill of Rights, so that it may continue to protect us and our posterity in "This Nation under God."

Radio and Television Industry

Resolved, That the 64th continental congress of the National Society, Daughters of the American Revolution, express its sincere gratitude to the members of the radio and television industries throughout the United States for their generosity in giving time on their programs for the presentation of the policies and activities of our Society.

Red China

Whereas, Red China has violated in many instances the terms of the Korean Armistice; and

Whereas, Admission of Red China to the United Nations would add to the already dangerous power of the Soviet Union in swaying the votes in the Security Council of the United Nations;

Resolved, That the National Society, Daughters of the American Revolution, reaffirm its previous stand and strongly oppose the admission of Red China to the United Nations.

Rededication to Religious Principles

Whereas, The heart of atheistic Marxism is the denial of God, and the destruction of all symbols of religious faith;

Whereas, Many religious leaders and publications are zealously advocating the sacrifice of the sovereignty of the United States for a world government under the United Nations;

Resolved, That the National Society, Daughters of the American Revolution, earnestly request our spiritual leaders to hold steadfastly to the Faith of our Fathers in the teachings of the Bible and to beware of the pitfalls of world government and the socialist state.

Regulation of Foreign Commerce

Whereas, The reciprocal trade agreements program represents an unwarranted encroachment of the Executive Branch of our Government upon the legislative responsibility conferred upon Congress by the Constitution of the United States; and

Whereas, As a result of reduction of tariffs under the reciprocal trade agreements program various industries important to our healthy economy and strong national defense have been injured or forced out of business with consequent injury to and loss of jobs by the American workingman;

Resolved, That the National Society, Daughters of the American Revolution, urge Congress to allow the 1934 Trade Agreements Act (Reciprocal Trade Agreements Act) to expire June 12, 1955, and upon its expiration, Congress should assume its constitutional responsibility of regulating foreign commerce through its agent, the Tariff Commission.

Status of Forces Treaty

Resolved, That the National Society, Daughters of the American Revolution renew its request that the Status of Forces Treaty be reviewed as soon as possible by the United States Senate to the end that means be found whereby the historic rights of Americans serving on foreign soil both in the Armed Forces and in civilian service be reestablished.

Thanks to the Press

Whereas, During the past year newspapers throughout the United States have devoted much time and space to the work and accomplishments of the DAR; and

Whereas, Washington newspapers have been especially cooperative and helpful;

Resolved, That sincere gratitude be expressed to the press for its generous coverage.

Thanks to the Staff

Resolved, That the National Society, Daughters of the American Revolution, express its heartfelt thanks to the efficient and loyal staff for the innumerable services in every department of our organization.

United Nations and World Government

Whereas, The United Nations is a group of 60 nations banded together for the sole declared purpose of preserving peace in the world with definite provision that there be no interference in the domestic affairs of any member nation, and

Whereas, By the following assaults upon the Constitution of the United States it is now clear that a concealed purpose is to destroy the sovereignty of the United States of America in order to build a world government without the right of secession:

1. By the Fujii case in California, through which the Charter of the United Nations was substituted for the laws of the State of California;

2. In the Steel Seizure case, a Chief Justice of our Supreme Court claimed the right of the President to seize private property under the Charter of the United Nations;

3. The propaganda of the Declaration of Human Rights is used to confuse and conceal the true purpose of the Covenant of Human Rights—which would, if adopted, destroy free speech, free press, free religion and the right to own private property;

4. The Genocide Convention will, if adopted, deprive American citizens of the right to trial by jury and will make them subject to the provisions of a world court;

5. UNESCO is a deliberate plan to create public opinion for world citizenship—it is especially directed to the school children of the Nation and is patterned exactly after the communist teaching in Soviet Russia;

Resolved, That the National Society, Daughters of the American Revolution, implore the Congress of the United States to declare in unmistakable language the sovereignty of the United States of America, demand that the United

Nations confine its activities to being a deliberating body only of sovereign nations and that all interference in the domestic affairs of the United States cease immediately and completely.

Youth Guidance

Whereas, The report of the Federal Bureau of Investigation informs the public that juvenile delinquency has greatly increased, especially in the lower age brackets, which situation now constitutes a serious and tragic menace both to the child involved and to the security of the nation;

Resolved, That the Daughters of the American Revolution determine to develop in their respective communities an increased and active interest in healthy and well-ordered training in the home and in the school; to emphasize the moral force of the church, to support worthy youth groups which meet the need for recreational activities, and to promote, wherever feasible, juvenile courts for the sympathetic understanding of the problem of the juvenile delinquent.

PART III

THE NATIONAL SOCIETY OF THE CHILDREN OF THE AMERICAN REVOLUTION

NATIONAL BOARD OF MANAGEMENT

National President

Mrs. CHARLES CARROLL HAIG, District of Columbia

1st National Vice President

Mrs. E. STEWART JAMES, Virginia

2nd National Vice President

Mr. WILLIAM MORRILL PARKER, West Virginia

Mr. MILTON M. LORY, *President General*, S. A. R.

REPORT OF THE NATIONAL SOCIETY OF THE CHILDREN OF THE AMERICAN REVOLUTION

During the year May 1, 1954, to April 30, 1955, the National Society, Children of the American Revolution, accepted 2,344 new members, bringing the total of its membership to 14,629, and the Society completed its several major projects which had been adopted by its officers and chairmen of committees, both junior and senior. Adult interest in the Society was shown by the increase in number of both National and State promoters, who assist in extending the activities of the Society.

The five States with the largest number of new members for the year were: New York, 198; California, 171; New Jersey, 147; Virginia, 177; and Illinois 160.

A national merit award system was established to stimulate greater interest among members and leaders in carrying out the Society's work. Nearly 400 individual societies participated in this program, and 130 societies fulfilled the

necessary requirements to receive the national merit award certificates. The national merit award trophy, named the Alice Beck Haig Trophy, the highest award, was presented to the State of California, which held the record as having the most outstanding society for the year 1954–55.

The goal set for assistance to the mountain schools was reached. Over $2,100 was raised for this purpose through gifts of 15 cents for each CAR member. This amount was divided as follows: $500 for an electric meat saw for the DAR school at Tamassee, $500 for an underground silo for the DAR Kate Duncan Smith School, and $1,100 for an electric organ for the new chapel at Crossnore School.

The senior national librarian-curator reported receiving 31 books and 92 articles for the library and museum. Prizes were given for the following gifts: A child's family heirloom; Spode and Staffordshire doll dishes and tiny furniture which were originally gifts from the Vice President under President James Monroe to his niece; the oldest American article owned by a Revolutionary soldier, and the best historical article given within the year; a silver spoon; cross sections and gavel made from the Croton Park (New York) Treaty Oak, under which a treaty was signed with the Indians in 1682.

Glass cases were procured from contributions to house the Kathleen Douglas memorial collection of dolls accepted by the National Society last year. These cases were dedicated during the annual conference in April 1955.

The grandmothers' committee reported its assistance to the Society. A contest for the grandmothers having the largest number of grandchildren, accepted as members, resulted in a tie, as six States—California, Illinois, Louisiana, New York, Ohio, and Virginia—each had grandmothers entering six grandchildren. Michigan had one grandmother placing nine greatgrandchildren in the Society and also a gift of $500 to the Society.

The chairman of the Gadsby's Tavern committee reported that the furnishings, gifts, and memorials for two rooms, the Pouch and Sinclair rooms, have been completed through gifts from the Society.

Other accomplishments were reported by the correct use of the flag, patriotic education and insignia committees. Twenty-one States reported work done for the American Indians. Seventeen State societies had Indian programs during the year. Eighteen States supported the Indian project and contributed to St. Mary's School with money, gifts, and used clothing. Fifteen States sent money, gifts, and clothing to Bacone College. The Illinois State Society gave $444.50 to purchase a mower and disk harrow to complete the farm-equipment project. New Jersey gave $40 and Michigan $35, which made a total of $569.34 for the schools. Scholarships for nurses' training were given to two girls at St. Mary's School.

The press, radio, and television committee reported excellent cooperation on national and local levels. The motion pictures committee reported that many States were successful in securing better pictures for children's matinees. Many States used patriotic, educational, and civic films at their State conferences.

The annual observation of the anniversary of the surrender at Yorktown, Va., October 19, 1781, was attended by the national historian and the first vice president.

The CAR Magazine committee reported that again they had over 1,000 new subscriptions. Advertisements amounted to $2,137.50.

The American music committee reported it had given five awards for the best play on the life of an American music composer to be used either for the stage or radio. The junior national chairman composed a new CAR song, which was sung at the national CAR banquet.

Material furnished by the program committee was used by many societies.

The 60th annual convention was held in Washington, D. C., April 22, 23 and 24, 1955. Its theme was Mountain Schools. The junior national president presided at the formal sessions, and all reports were made by junior officers and chairman.

A special tour of the White House was made by delegates to the conference. On April 24 the annual pilgrimage was made. This included ceremonies at the Tomb of the Unknown Soldier, at Arlington National Cemetery, at Mount Vernon, and at the Tomb of the Unknown Revolutionary Soldier in Alexandria.

IMOGENE PHILIBERT,
National Historian NSCAR.

PART IV

Graves of soldiers of the American Revolution located from April 1, 1954, to April 1, 1955
