Background:

This collection came to the DAR Library from the National Genealogical Society in 2004. At NGS it was Collection #44, donated by Carroll M. Salls, 1976.

Scope and Content:

This collection deals with the Salls family (primarily of Vermont and Quebec). Other prominent family names are Davison, Morgan, and Thayer. The material includes family group sheets, correspondence, pedigree and descendency charts for Salls and Davison families, various deeds and commissions, and some photographs. There is no obvious organizational schema to this collection, except that the correspondence is loosely in chronological order. It is unknown if its order was changed while housed elsewhere, but it is generally arranged the way it arrived at the DAR Library. This collection has the summary and notes materials at the beginning of the collection and the research records, correspondence, and documentation at the end of the collection.

Subject Terms:
