My dear Mrs. Schouder:

Just as I was leaving last Friday

I found all this stuff on my desk, so I
brought it along to read on the way.

I have divided it in two groups,
and I would suggest that you ask
Mr. Wrigley if those written by the College
& Legion should not be answered? Also
I am wondering if he thinks it would
be wise when our President General does
issue a statement after she returns to
include that we serve all races, creeds,
and colors in both our Ellis Island
work and Junior American Citizens and
that we do educate colored children there,
as well as giving medals to the Colored
Schools.

These other protests can just be
filed. It was a pleasure to be with you
all & I only wish that I could have
staid longer. With kindest remembrances
and all good wishes -

Sincerely yours
Page Schwarzwaelder
