## PROTECT YOUR INVESTMENT

### PIN GUARDS

PA0001

Pin Guards are essential for protecting your cherished Insignia. These grooved plastic guards slide onto the back of your pins to help keep them securely fastened to the official ribbon.

### INSIGNIA MAGNET

PA0002

The Insignia Magnet is a high-quality, reusable accessory that offers an alternative way to attach any item with a pin stem. Attach it to the DAR Emblem on your ribbon and rather than piercing the fabric of your clothes, the magnet will hold the DAR Emblem in place.

### DOT CLIPS

PA0008

Dot Clips are a practical alternative to loops for attaching bars and certain pins, particularly those using standard or curved bars, such as Associate Member, Units Overseas and Chapter Officer pins. Designed for flexibility, Dot Clips help reduce the space between bars and pins for a cleaner display. Dot Clips are not compatible with the President General's Project Sales pin, the State Personal Page to President General pin or the Personal Page to the State Regent pin and bars.
