

## INTRODUCTION

Welcome! Thank you for using the Portable Education Program: Colonial Household.

This program is designed with three main sections: Cooking, Laundry & Cleaning, and Household Management.

Each section:

- Addresses necessary skills for running a household in eighteenth century America
- Includes background information on the topic
- Contains several different activities you can choose from
- Uses tangible objects to go along with those activities

The activities may be done in any order, and you may include or skip activities to correspond with the amount of time you have. The material was designed for adult audiences, but may be adapted for other age groups.

We hope you enjoy this program, and check out the DAR Museum's website [www.dar.org/museum](http://www.dar.org/museum) for more information on our collections and other programs!
