Non--DAR Information

Growing up in a military family meant that Cindy lived in many places in the U.S. and overseas. She graduated from high school in Virginia, received a B.A. degree from the University of South Carolina, received a M.A. degree from the University of Iowa, and did post graduate work. She taught at San Antonio Community College, El Paso Community College, and the University of Maryland.

Since moving to Columbia in 1992, Cindy has been an active volunteer in her community. She has participated in a variety of programs for the public schools, her church, and her city. She has been married to Dennis Michael Suich, M.D. for 41 years. Dr. Suich is a retired Colonel in the U.S. Army Reserve Medical Corps. Their son lives and works in Florida after graduating from the University of Miami.

As State Regent, Cindy focused on all aspects of our NSDAR mission. Historic Preservation efforts focused on renovations at State Headquarters, Missouri's Madonna of the Trail, and MSSDAR Cold Water Cemetery. Education efforts focused on support of the DAR Schools and renovations at Groves Cottage, Tamassee DAR School. Patriotism efforts had Missouri Daughters enthusiastically supporting three new Missouri Fisher Houses, securing new Search & Rescue dogs for Missouri Task Force 1, supporting Combat Boots & High Heels (a Veterans Support Group started by female Veterans), along with continued efforts to serve Active Duty Military and Veterans.

From the time Cindy joined DAR, she hit the ground "running" and hasn't stopped! She has given 100% of her efforts toward making a positive impact for our National Society.
