Chapter Scrapbooks

Locate and examine the scrapbooks your chapter has created and maintained.

Record the years covered by each scrapbook and answer the questions below.

1. Where are your chapter scrapbooks stored? _____
2. How many chapter scrapbooks did you locate? _____
3. What years are covered in the scrapbooks, from earliest to most current? _____
4. Has your chapter digitized the contents of your scrapbooks? _____
5. List three articles/items included in your scrapbooks that contain information you didn't know about your chapter.
 - _____
 - _____
 - _____

Write an article about one of the articles/items for your chapter newsletter. Attach the articles to this questionnaire.

6. In today's age of digital photos, few people print photos. Perhaps your chapter no longer maintains a chapter scrapbook. Discuss what form a "modern" day scrapbook could take, the importance of a scrapbook in providing a record of chapter history, and how it could be archived for members 50 years from now.
