

2021-2022 Historic Preservation Grants Awarded - \$251,095.11

All grant applications are prescreened for qualification criteria prior to being submitted to independent panels of judges composed of non-DAR historic preservation professionals from a range of geographic areas. Care is given, to the best of our ability, in assigning applications to judges residing in areas other than the location of submissions. Grants are awarded based on their recommendations which are scored on the basis of a uniform rubric. Grant requests may be adjusted to remain within the grant budget allocation.
