LETTER OF TRANSMITTAL

SMITHSONIAN INSTITUTION,
Washington, D.C., August 1, 1972.

To the Congress of the United States:

In accordance with the act of incorporation of the National Society of the Daughters of the American Revolution, approved 20 February 1896, I have the honor to communicate to Congress the seventy-fourth annual report of that society for the year ended 1 March 1971.

Very truly yours,

S. DILLON RIPLEY, *Secretary.*

REPORT OF PRESIDENT GENERAL

The third year of this administration has, by far, been the busiest. The President General has made official visits to 19 States during 1970-1971 and has covered a total of 20,000 miles, 16,000 of which occurred this spring. England, France, all 50 States, the District of Columbia, and our overseas units have been visited during this term of office.

It has been interesting to note, during these trips, the varied projects of the different States, but mainly it has been gratifying to find that membership is first and foremost on the minds of all. We have reached a peak membership of 193,345 as of April 1971.

The President General has had a diversity of things happen. She appeared on the Dick Cavett show this past summer, which resulted in the receipt of much mail and many questions regarding membership. The Motion Picture Association of America gave a buffet supper and preview for the National Board in October. We had two dedications during the February Board—the Rose Garden honoring the Signers of the Declaration of Independence in Philadelphia, and marking of the grave of Mrs. William D. Cabell, the organization's only President Presiding, in Berryville, Virginia. In December the President General had the honor of serving as a member of the awards jury at Freedoms Foundation at Valley Forge. This was a most rewarding experience.

The President General and her Executive Committee approved an insurance plan for the members and their families and the first mailing has already gone out. It is our understanding that over 400 members have already indicated interest in this plan.

Just prior to the opening of Continental Congress a special event was held to accept several very fine acquisitions to the Museum. The Chaplain General has prepared a new book of prayers, "Bless The Lord, O My Soul," which has been well received.

Special credit is due the members of the Executive Committee for their dedicated attention to the duties of their respective offices.

This administration is leaving no indebtedness on any of its projects. The air conditioning and renovation of Constitution Hall has been cleared, thanks to all the members. A plaque will bear the names of those States and individuals contributing \$1,000 or more from January 1, 1969, through Continental Congress 1970.

Seven nursing or medical scholarships and seven occupational therapy scholarships were awarded. But it was distressing to have to turn down the forty or more requests we could not grant due to lack of funds in those two accounts.

The President General appreciated the assistance of the members of the National Board of Management in presenting the DAR awards to the Service Academies.

A post-congress trip has been planned for England, Scotland, and Wales. Over sixty members and husbands will leave Dulles International Airport on Sunday, April 25th, for twenty days in the British Isles.

My heartfelt thanks are extended to each and every member of the staff who have given unstintingly of their time to help insure the fine record achieved this past year.

At the conclusion of this three-year term, words can never express my appreciation for the work accomplished, the wonderful cooperation, and kindnesses extended by the members, the staff, and the officers of our National Society. Their support, encouragement, and many courtesies have been a source of strength to me.

BETTY NEWKIRK SEIMES,
(Mrs. Erwin Frees Seimes),
President General.

NARRATIVE REPORT

President Richard M. Nixon, addressing the Eightieth Continental Congress of the National Society, Daughters of the American Revolution, on April 19, 1971, said:

For more than three-quarters of a century now—beginning with Benjamin Harrison, whose wife was your first President General—fifteen Presidents of the United States have known that they could count on the dedication of the DAR to this continuing challenge of keeping the American Republic strong and free.

Government by the people depends on education and responsible citizenship of the people—and this is where the DAR has made its most important contribution.

I would like to remind the whole Nation in my remarks today of what you have done and what you are doing. I know about the fine grade schools, the high schools that you support across this country, including schools for Indian children and schools in Appalachia, which you founded long before it became fashionable to be concerned with the needs of Indians and the needs of Appalachia.

And I know about the millions of Citizenship Manuals that you have provided to those immigrants who have come here over the years seeking a share of the American dream.

I know about the hundreds of thousands of boys and girls who are benefiting from the activities of your Junior American Citizens Clubs. For all of this, the Nation is in your debt. Your constructive service in the present does great credit to your patriot forebears of the past.

In the charter granted by Congress on February 20, 1896, the National Society, Daughters of the American Revolution, was created as "a body corporate and politic . . . for patriotic, historical, and educational purposes." The Act of Incorporation, signed by President Grover Cleveland, set the course the Society should follow: "to perpetuate the memory and spirit of the men and women who achieved American independence; by the acquisition and protection of historical spots and the erection of monuments; by the encouragement of historical research in relation to the Revolution and the publication of its results; by the preservation of documents and relics, and of the records of the individual services of Revolutionary soldiers and patriots, and by the promotion of celebrations of all patriotic anniversaries; to carry out the injunction of Washington in his Farewell Address to the American People, 'to promote, as an object of primary importance, institutions for the general diffusion of knowledge,' thus developing an enlightened public opinion and affording to young and old such advantages as shall develop in them the largest capacity for performing the duties of American citizens; to cherish, maintain and extend the institutions of American freedom; to foster true patriotism and love of country; and to aid in securing for mankind all the blessings of liberty."

The charter further required "That said Society shall report annually to the Secretary of the Smithsonian Institution concerning its proceedings, and said Secretary shall communicate to Congress such portions thereof as he may deem of national interest and importance."

In 1890, the National Society, Daughters of the American Revolution, had eighteen potential members in the District of Columbia. They held their meetings in a Washington hotel. In 1971, the National Society had 193,345 members and met in its own building. The value

of the buildings the Society now owns between C and D Streets and 17th and 18th Streets is estimated at \$7 million. This property comprises the largest group of buildings in the world owned and maintained exclusively by women. In 1971, instead of one chapter in the District of Columbia, there are 2,929 chapters in the 50 States, Mexico, England, and France.

The President General and eleven executive officers, elected in April 1968 for three-year terms, direct the business affairs of the Society. These officers, together with 21 Vice Presidents General and the State Regents, comprise the National Board of Management. Twenty-three National Chairmen appointed by the President General direct the work of their committees in developing the historical, educational, and patriotic objectives defined in the charter.

To perpetuate the memory and spirit of the men and women who achieved American independence, the National Society has created and maintains the DAR Museum. The Museum gallery is in the Administration Building. The 28 State rooms and the Vining Colonial bedroom are in Memorial Continental Hall. The Curator General is the officer in charge of the Museum, and she is responsible for the care and supervision of all paintings, works of art, and period furnishings. The Society also employs a professionally trained curator and an assistant curator who advises the Curator General on technical matters. Trained guides conduct tours of the State rooms. The Museum gallery and State rooms are open to the public without charge.

Additions to the Museum and changes in its displays are constant. Portraits of Elizabeth Coburn Courtney and her husband, James Courtney, of Charleston, South Carolina, were acquired in 1970. The Museum received several fine period pieces as gifts. State Societies added rare pieces to their State rooms. No item made after 1830 is accepted by the DAR Museum.

A Reference Library on Decorative Arts is housed in the office of the Curator General.

With the curator assisting, the National Society undertook the task of refurbishing the Surrender Room at Yorktown in preparation for the bicentennial celebration. Those objects in the room which postdate the founding are being replaced by other objects of the period.

Of equal importance with the Museum in keeping alive the memory and spirit of the men and women of the Revolution, but in quite a different way, is the DAR Genealogical Library. The Library occupies the main floor and the balcony of Memorial Continental Hall. It contains more than 55,000 books and pamphlets and 23,000 manuscripts. Many State census records from 1850 through 1880 are available on microfilm. A Recordak reading machine in the Library is in such demand that appointments are necessary to use it. There is a fee of 25 cents per hour for its use. The Library is open to the public on payment of one dollar per day, except during the month of April. There is no charge to members. The Library had 6,100 registered visitors, including classes in genealogical research, during the past year. The Genealogical Records Committees in the States and chapters assist in collecting material for the Library. During the year, the Library received 686 books, 369 pamphlets, 43 manuscripts, and 12 reels of microfilm. From a list of books needed for genealogical

research and in the rare or hard-to-find category, State Societies were able to supply 150 titles.

The Seimes Microfilm Center, established during this administration as a joint undertaking of the Registrar General and the Librarian General, has received additional materials and equipment.

A Lineage Research Committee was established in 1961 in response to many requests received from potential members for genealogical assistance. This committee works closely with similar committees in chapters. While it does not undertake to do complete research, it is able to use the extensive facilities of the Library and local Committees in different parts of the country to render valuable services. In the past year, 6,983 potential members were assisted and 3,724 new members were acquired through this committee.

The DAR have taken seriously the injunction to promote, as an object of primary importance, institutions for the general diffusion of knowledge.

The American Heritage Committee aids and encourages preservation of arts, crafts, drama, music, and literature. The office of the National Program Committee maintains a file of papers and sets of color slides on these subjects ready for immediate presentation. During the 1970-1971 year, 478 colored slide programs, 2,551 manuscripts, and 17 films were used by chapters. Of particular interest was a slide series, "Northwest Indian Art and Artifacts," which the North Dakota Historical Society cited as an outstanding historical source program on Indian culture. Material submitted by the chapters is reviewed by a special committee before it is placed in the rental file. Rental fee is fifty cents for a paper and two dollars for a set of colored slides.

The Daughters of the American Revolution nationally and locally take an active part in education. The DAR Good Citizens Committee, established in 1934, reaches into thousands of senior high schools, public and private. One senior girl is selected by her classmates and teachers as their "good citizen." In accordance with the aim to stress good citizenship in our schools, qualities determining the girls' selection are as follows: (1) Dependability, which includes truthfulness, loyalty, punctuality; (2) service, found in cooperation, courtesy, consideration of others; (3) leadership, shown in personality, self-control, ability to assume responsibility; and (4) patriotism, the unselfish interest in family, school, community, and nation.

This year, there were 9,509 Good Citizens, each of whom received a pin and a certificate. From these, each State selected a winner, and from the state winners a National Good Citizen was selected. All Good Citizens were honored locally. State winners received a \$100 savings bond, series E, and a state winner's pin from the National Society. The National winner, Miss Susan Linda Schulze, Albany, Oregon, received a \$1,000 college scholarship and a silver Paul Revere bowl. She expects to attend Radcliffe College.

The National Society has several scholarship programs: nursing, medical, occupational therapy, and one American History Fellowship of \$8,000 that is awarded to a graduate student in American history. The nursing, medical, and occupational therapy scholarships, being more modest, are greater in number. State Societies follow the lead of the National Society in offering such scholarships either as gifts or

loans. Money for the national scholarship awards is derived from State Society contributions or as income from investments bequeathed to the Society for such use. Thirteen scholarships totaling \$2,600 were awarded in 1970-1971. Four students receiving \$2,000 per year were in college on American History scholarships.

The national winner of the 1971 \$8,000 award is Miss Barbara Frances Dunn, Lake Charles, Louisiana. Miss Dunn holds bachelor's and master's degrees in history from Louisiana State University at Baton Rouge. She is now a Ph.D. candidate working on her dissertation.

The National Society owns two schools, Tamassee School, near Clemson in South Carolina, and Kate Duncan Smith School, Grant, Alabama. It aids five other schools. Berry Schools, Rome, Georgia, received \$1,633.82; Crossnore School, Crossnore, North Carolina, \$19,610.83; Hillside School for Boys, Marlborough, Massachusetts, \$7,506.67; Hindman Settlement School, Hindman, Kentucky, \$2,-369.84; Northland College, Ashland, Wisconsin, \$781.96. Referred to as "approved schools" for many years, these schools are approved for assistance by the State Society in the State where they are located, investigated by the National Chairman of DAR Schools, and, finally, approved by vote of the Continental Congress. To qualify, a school or college must be for underprivileged boys and girls, who otherwise would not have the opportunity for education.

Greatest financial support is concentrated on the two schools for which the National Society is primarily responsible.

Tamassee, at Tamassee, S.C., was founded by the South Carolina Society in 1919 and made a project of the National Society in 1920. Tamassee is a boarding and day school, coeducational, grades one through eight. High school students go by bus each day to Tamassee-Salem High School. To be a boarding school pupil, a child must not live within walking distance of a highway. Current enrollment is 187 boarding students and 147 students who come by bus each school day. Cash contributions to Tamassee totaled \$83,843.78 this year.

Kate Duncan Smith School, established by the Alabama Daughters in 1924, is a day school, kindergarten through twelfth grade. It is the only junior-senior high school in the 100-square-mile area it serves. In addition to the required subjects, the curriculum includes home economics, agriculture, industrial arts, and commercial subjects. The school has an outstanding basketball team.

A total of 826 pupils are enrolled at Kate Duncan Smith for the 1970-1971 school year. They are mannerly students who do good work. Cash contributions to Kate Duncan Smith were \$50,319.18 for operating expenses. A new classroom building, nearly completed, has already received over \$80,000. The sum of \$36,500 was a gift from the Junior Membership Committee; of this amount \$31,500 was for the building and \$5,000 for nursing services.

During the three years of the Seimes administration, Tamassee and Kate Duncan Smith schools have received \$608,622.63, not including direct gifts to the schools. At both schools the students who are old enough do nearly all the housework and perform manual labor in construction and maintenance work. Student handcrafts are for sale. Both schools are entirely dependent upon the DAR except for the

financial assistance they receive from the state and county for teachers' salaries and transportation.

In their concern for education the DAR have not overlooked the American Indian. They are concerned that all possible assistance for higher education be obtained for Indian youth whose families have insufficient financial resources to provide adequate education for their children. Every state has Indians within its borders.

The National Society aids St. Mary's School for Indian Girls at Springfield, South Dakota, and Bacone College at Bacone, Oklahoma, and gives scholarships to other Indians in need of help. Sixteen college students from Arizona, California, Kansas, Minnesota, Montana, New York, Pennsylvania, and Washington State received college scholarships from the National Society's general fund.

St. Mary's School for Indian Girls received \$28,228.90; Bacone College received \$17,379.90. The State Societies of Alabama, Alaska, California, Colorado, Florida, Illinois, Idaho, Louisiana, Michigan, Nevada, New York, and Texas aided Indians within their borders with clothing, gifts, legal and medical assistance, and 27 scholarships.

The American Indian National Chairman reported a total of \$54,872.46 contributed to Indians during the year, and a total of \$163,145.26 during the three years of the Seimes administration.

Two DAR national committees direct their attention to children. The Children of the American Revolution draw members mainly from children having a parent belonging to Sons of the American Revolution or Daughters of the American Revolution or who otherwise would be eligible for membership. This is an active organization of over 16,000 members.

Since only a small percentage of children are eligible for membership in the Children of the American Revolution, the DAR have carried a patriotic education and citizenship training program to all children. It is open to all boys and girls from kindergarten through high school in the form of Junior American Citizens clubs, usually called JAC clubs. Over 10,000 clubs, with a membership of over 414,000, were in public, private, and parochial schools, schools for retarded children, crippled children's hospitals, schools for the deaf and blind, detention homes, Boy and Girl Scout clubs, church groups, community centers, settlement houses, and neighborhood children's groups.

Directors of the JAC clubs need not be members of DAR. Membership in a JAC club is free. Buttons are given to all members, directors, and club presidents. Supplies are furnished by the local sponsoring DAR chapter and the National Society. A special pin known as the Thatcher Award pin is presented to JAC members for outstanding service and good citizenship. An embossed citation with impressive signatures accompanies the pin. There were 2,041 Thatcher pins and citations awarded in 1970-1971.

The largest JAC membership is in Texas. The chapter sponsoring the most members this year was the Baron DeKalb Chapter of Decatur, Georgia, which sponsored 52,707 members.

Reports from JAC clubs indicate a vast area which has benefited from the awareness of its children in the needs of their fellow men. The JAC respond to community needs for assistance in projects. They visit hospitals and shut-ins; help in school libraries and cafeterias; assist teachers; collect gifts for the needy; and send gifts and cards

to our men in Vietnam. They are learning to take the initiative and accept leadership. Many clubs have adopted a "Discover America" theme. The members study the lives of great Americans, state and local history, and the history of the United States. They promote patriotism by example, taking active parts in the celebration of historical events and holidays. The boys and girls are encouraged to earn their own money to finance trips to historic sites. Their state capitals, the national parks, Washington, D.C., and Williamsburg, Virginia, are favorite objectives.

Constitution Week recalls to the American people the true significance of the events that occurred during the week of September 17-23, 1787. Originally a project of the DAR, a resolution to make it a national observance resulted in the passage of Public Law No. 915 by the U.S. Congress. Although many organizations now sponsor Constitution Week, the local DAR still lead in the activities. Through their efforts, 39 governors and 1,453 mayors proclaimed Constitution Week in 1970. Chapters secured 466 hours of radio and 606 hours of television time devoted to the Constitution of the United States.

Like Constitution Week, American History Month is coordinated by the National Society but carried out by State Societies and local chapters. February as American History Month was first proclaimed by the governor of Kentucky in 1952, at the request of the Kentucky DAR. The American History Month Committee is working to obtain passage of a Congressional resolution for national observance of American History Month as well as of state legislation permanently designating February as American History Month. In January 1971, H. J. Resolution 190 to so designate February of each year was introduced by the Honorable Robert Wilson, Congressman from California.

The objective of the American History Month Committee is to help preserve our freedom by stimulating a deeper understanding of American history. Each year it conducts an American History Essay Contest for the 5th, 6th, 7th, and 8th grades. The essay subject chosen for this year was "The Constitution of the United States of America and Its Signers." There were 62,221 essays submitted. The office of the Historian General furnished chapters with nearly 6,500 bronze and silver American History Medals to be awarded to essay winners. Twenty-eight children were divisional winners and received gold medals. From these, four national winners were selected. Each national winner received a \$100 U.S. savings bond.

Over 50 years ago, the DAR founded the only Americanization School in Washington, D.C. In 1920, the first DAR Citizenship Manual was compiled. Since 1921, over 9½ million copies of the Manual have been given free to applicants for American citizenship. The Manual has been placed in the libraries of schools and colleges and in public libraries. A tape titled "Citizen—U.S.A." is based on the Manual. The DAR distributed 45,318 copies of the Manual in 1970-1971. Local chapters welcomed new citizens in many ways—by receptions and teas, by gifts of flags, welcome cards, and historical documents, and by taking them on historical pilgrimages and to vote for the first time.

A prized award, presented only after exhaustive research into the recipient's background, is the DAR Americanism Medal. It is pre-

presented to an adult naturalized citizen who has been a U.S. citizen for five years and who, following naturalization, has demonstrated outstanding ability in trustworthiness, service, leadership, and patriotism. Sixty-three Americanism Medals were presented this year.

Respect for the Flag of the United States of America has always been a matter of concern to DAR. Not only do they encourage flying the flag, but flying it correctly. The society publishes a Flag Code following the rules set forth in Public Law 829. Copies distributed in 1971 totaled 48,627. Over 50,000 flags, large and small, were presented. Three hundred and nine Braille flags were made and presented by chapters to schools or homes for the blind and to individuals. Mrs. Albert Stebbins, Jr., California State Chairman of the Flag of the United States Committee, originated a kit to make Braille flags. One chapter placed this sign under an Independence Day flag display: "These colors guaranteed not to run. They didn't run in 1776 and they never will."

The National Defense Committee of the DAR works ceaselessly to keep the members informed by publication of documented material. This committee has from the beginning advocated an adequate defense for the Nation. Every DAR member, upon application for membership, pledges allegiance to the United States and agrees to support the Constitution. This pledge is incompatible with support of any form of government or participation in any group which would destroy or supersede the Constitution.

An article on national defense is a featured part of each issue of *DAR Magazine*. Other articles, and the *National Defender*, a publication of the National Defense Committee, are sent to each chapter. Nonmembers may subscribe to *DAR Magazine* for \$3.00 annually and to the National Defense Committee mailings for \$2.50 annually.

It is customary that one evening of the Continental Congress be devoted to national defense. Each state regent may invite the congressional representatives of her state to attend. These guests are presented to the assembly by the National Defense Chairman. On April 20, 1971, thirty members of the Congress were present. Speaker of the evening was Mr. Dan Smoot, author, lecturer, and editor of the *Dan Smoot Report*.

The National Defense Committee recognizes the importance of our youth in the future security of our country. Boys or girls in elementary schools and junior and senior high schools—public, private, or parochial—who display the qualities of honor, service, courage, leadership, and patriotism are eligible to receive the Good Citizenship Medal. Local chapters present these medals at school assemblies during the year.

Local chapters may also present ROTC Medals. These medals and accompanying campaign bars are awarded as a means of recognizing and rewarding student cadets of outstanding ability and achievement in secondary school, junior college, college, or university ROTC programs. To qualify, a student must be in the upper 25 percent of his class in ROTC and academic subjects. Selection in each school is made by the professor of military science, who must also request that the medal be presented. Not more than one student in a graduating ROTC class may receive a medal. In 1968, the first year these medals were available, 291 medals were presented to junior ROTC cadets

and 215 medals to cadets in college ROTC programs. The number of medals awarded increases each year, as more ROTC professors request them.

Membership in the DAR is becoming increasingly attractive to younger women. One out of every three new members this year was under 35. These young women—called junior members—are particularly active in programs involving children. The three-year (1968–1971) goal of the Junior Membership was \$75,000 for Tamassee and Kate Duncan Smith schools. The goal was exceeded.

An Outstanding Junior Member is selected in an annual contest in each state. Seven divisional winners are chosen from the state winners, and from these the Outstanding Junior Member of the National Society is chosen.

The DAR Committee of Service for Veterans-Patients was authorized in April 1968. Its purpose is to promote the theme "Operation Appreciation" among veteran-patients. Members have located veteran-patients in private hospitals, convalescent and nursing homes, private homes, and in the obvious place, veterans hospitals. They have given the veteran-patients useful gifts, and gifts not so useful; they have taken crafts materials to hospitals; they have taken books, sent cards, written letters, and held birthday parties for lonely veterans. They have made personal visits to men without families. They have welcomed ambulatory veterans into their homes for special holidays and weekends. Best of all, they have enlisted non-DAR members into a wider "Operation Appreciation" to these veterans of all wars, so that more men feel less forgotten. In 1970, the National Veteran Association for Volunteer Service invited the National Society, Daughters of the American Revolution, to be represented on its board. Forty-five representatives in veterans hospitals are required for membership on that board. The DAR has certified representatives in 57 veterans hospitals.

Some DAR activities cannot be placed in the historical, educational, or patriotic categories because they are too inclusive.

DAR Magazine, while directed particularly to members of the Society, contains material of interest to historians everywhere. Published ten times a year—monthly except for June-July and August-September—it contains the earlier mentioned articles on national defense, articles on little known aspects of American history and American personalities whose performances never reached the conventional history books, and a variety of short articles and book reviews. *DAR Magazine* is entirely supported by subscriptions and the advertising it contains. Many DAR say that they carry the magazine in their travels and patronize the places that advertise in it.

Ordinarily, books on genealogy are not considered best sellers. The *DAR Patriot Index* has been exhausted in its first printing and almost exhausted in its second. This book contains the names of over 103,000 patriots of the American Revolution, identifies each by dates of birth and death, place and type of military service, and name(s) of spouse(s). The first supplement, published in 1969, contains the names of 1,220 newly identified patriot ancestors. A second supplement is in preparation. The *DAR Patriot Index* is used at the National Portrait Gallery of the Smithsonian Institution, where it assists experts in dating early American portraits.

A small but fascinating display of Americana can be found on the second floor, Administration Building, in the Americana Collection. Since 1940 this collection has been growing with the addition of documents pertaining to the American Revolution and also with later material of important historical value. The documents have been cataloged, indexed, and cross-indexed, thus becoming available for scholarly and historical research. A collection of the original signatures of every President of the United States has been completed.

As the year 1976 approaches, the celebration of the bicentennial of the United States captures widespread attention. With the creation of the United States of America Bicentennial Committee, the DAR are beginning to plan now to encourage a rebirth of patriotism and appreciation of the blessings of liberty which we have enjoyed since 1776. As a prelude to 1976, the Conservation Committee undertook, as a project for the bicentennial, the creation of a rose garden in Independence National Historical Park in Philadelphia. This 18th-century garden, dedicated to the signers of the Declaration of Independence, was accomplished by donations from DAR members in every state. It was formally dedicated on January 27, 1971.

All activities of the National Society are directed from the Administration Building in Washington. In addition to the nonpaid leaders, the Society had 168 employees during 1970-1971. For employees having permanent status, the Society maintains a pension plan. The experience of the permanent staff is invaluable in supplying continuity to an organization where the administration changes completely every three years. The addition of a computer center is expected to solve many of the problems of detail which have required long hours and special knowledge to complete.

In all matters of policy, only the President General can speak for the National Society. The Society's name is never permitted to be used in commercial or political campaigns. Members who take part in such campaigns must do so as individuals, not as members of DAR. Infringement of this rule can result in termination of membership.

Each year, in April, the Continental Congress considers resolutions that have been submitted by individuals, chapters, and State Societies. The hundreds of resolutions received are consolidated and condensed by the National Committee on Resolutions, which meets daily for the two weeks preceding Continental Congress. The resolutions are then submitted to the Continental Congress, where they may be amended, rejected, or accepted by a majority vote of the delegates. Once voted by the Continental Congress, the resolutions become a part of the policy of the Society. Only the Continental Congress can approve resolutions. The President General may direct their implementation, but she can neither change them nor refuse to abide by them.

In summary, the National Society, Daughters of the American Revolution, has benefited greatly during the years 1968-1971 from the extensive business experience of its 27th President General, Mrs. Erwin Frees Seimes. Mrs. Seimes insisted on completed projects. After accomplishing her first objective, to complete payment of the debt incurred for the air-conditioning and refurbishing of Constitution Hall, Mrs. Seimes undertook and completed the funding for a new classroom building at Kate Duncan Smith School. To expedite record

keeping, a computer center was installed in the Administration Building. A microfilm center was established near the Library to facilitate genealogical research. The Executive Committee approved a health insurance plan for members and their families. The Chaplain General initiated a program to present Certificates of Honor to the families of men killed in the Vietnam War. The gift of a rose garden to Independence Hall Square began the Society's Bicentennial participation.

Like her predecessors, Mrs. Seimes traveled to all 50 states and to England and France to take inspiration to DAR members everywhere. The membership responded enthusiastically to her appeals for the expansion of our historical, educational, and patriotic efforts.

Like all philanthropic organizations, the DAR would like to do more. Its members accept their limitations, however, as they strive to extend their resources as far as possible in carrying out the obligations established in their charter.

STATE DAR GOOD CITIZEN, 1971

PART II

DAR AWARDS AND PRESENTATIONS

NATIONAL DAR GOOD CITIZEN, 1971

Miss Susan Linda Schulze, Albany, Oregon. Award: \$1,000 scholarship and sterling silver Paul Revere bowl engraved "National DAR Good Citizen, 1971."

NATIONAL WINNER, OUTSTANDING JUNIOR MEMBER CONTEST

Mrs. Gavin Chaundy Barr, Bethlehem, Pennsylvania.

OUTSTANDING JUNIOR MEMBERS IN THE UNITED STATES

Alaska and Western Division winner: Mrs. Bill D. Ross.

Illinois and North-Central Division winner: Mrs. Donald D. Zimmerman.

Indiana and East-Central Division winner: Mrs. Thomas Eade.

Maine and Northeastern Division winner: Mrs. Thomas Francis Maloy.

Missouri and South-Central Division winner: Miss Sandra Johnson.

Pennsylvania and Eastern Division winner: Mrs. Gavin Chaundy Barr.

Tennessee and Southeastern Division winner: Mrs. John T. Sandefur.

NATIONAL WINNERS IN AMERICAN HISTORY MONTH ESSAY CONTESTS, 1971

SUBJECT: THE CONSTITUTION OF THE UNITED STATES AND ITS SIGNERS

Grade 5: Sally King Eldridge, 121 W. Bryn Mawr Cr., Oak Ridge, Tennessee; pupil at Liden Elementary School. Essay title: "Dawn of a Nation."

Grade 6: Patricia Trainor, 4801 Woodrow, Galveston, Texas; pupil at Trinity Episcopal School. Essay title: "The Constitution of the U.S."

Grade 7: Karen Johnson, R.R. #2, Hastings, Nebraska; pupil at Hansen School. Essay title: "I, Gouverneur Morris."

Grade 8: Lisa Jenkins, 307 Bernice Avenue, Martinsburg, W. Va.; pupil at North Junior High School. Essay title: "The Constitutional Convention."

Award: \$100 U.S. Savings Bond and a gold history medal.

NSDAR AMERICAN HISTORY FELLOWSHIP WINNER

Miss Barbara Frances Dunn, Lake Charles, Louisiana. Award: \$2,000 per year to complete her Ph. D. in American history at Louisiana State University.

AWARDS PRESENTED TO STUDENTS AT U.S. SERVICE
ACADEMIES

- U.S. Naval Academy. Frank W. Reifsnyder: Highest achievement in Naval Operations courses.
- U.S. Military Academy. Cadet Henry A. Leonard: Highest rating in Mechanics of Fluids.
- U.S. Coast Guard Academy. John F. Hughes: Highest proficiency in Seamanship.
- U.S. Air Force Academy. Cadet Anthony DeSantis: Outstanding cadet in Aerodynamics.
- Officer Candidate School of U.S. Coast Guard. William S. Merchant: Highest average in Theoretical and Practical Seamanship. Ensign Charles B. Trask: Highest academic achievement in Seamanship.
- U.S. Merchant Marine Academy. Midshipman Robert J. Lavinia: Highest proficiency in Naval Science and Tactics.
- U.S. Marine Corps. Ronald L. Meng and Daniel A. Cooney: Top winners in Platoon Leaders Class.

SPECIAL AWARDS

DAR Special Award: to Ideals Publishing Company for "Its Outstanding Patriotic Presentations and Especially for its American Ideals Issue."

DAR Dr. Anita Newcomb McGee Award: to Brigadier General Anna Mae Hayes, Chief, Army Nurse Corps.

Augustin G. Rudd Award: to American Heritage Camp, sponsored by West Virginia DAR.

Graves of soldiers of the American Revolution located between March 1, 1970 and March 1, 1971

CANADA

Name of soldier	Birth	Death	Buried	Service and additional facts
Ferriole (Feriole), Alexander..	1735.....	March 1800.....	Parish, St. Jean Baptiste Cemetery, St. Hyacinth, Quebec.	Ensign, Lieutenant, Colonel Hagen's regiment.
Page, Elijah.....	May 1, 1764.....	Mar. 4, 1855.....	St. David's Hill Cemetery, St. David, Ontario..	Private, Captain Dustin's company, Colonel Reid's 2d Regiment, New Hampshire.

CONNECTICUT

Allen, William.....	About 1750.....	About 1833.....	Congregational Church Cemetery, Ashford, Windham County.	Private, Connecticut, Capt. Joseph Smith's 8th Company and Captain Waterman's 20th Regiment.

REPORT OF THE NATIONAL SOCIETY OF THE CHILDREN OF THE AMERICAN REVOLUTION

The 75th-Anniversary Annual C.A.R. Convention, April 1970, held at the Sheraton Park Hotel, Washington, D.C., elected a new slate of national officers headed by Lance David Ehmeke.

Preconvention activities began with the election of a new senior national board headed by Mrs. Robert S. Hudgins. At a Friday morning continental breakfast, over six hundred guests had an opportunity to admire the recently dedicated C.A.R. Museum at National Headquarters. That afternoon, two other major events were scheduled in Alexandria, Virginia: rededication of the Tomb of the Unknown Soldier of the American Revolution at the Old Presbyterian Meeting-house and Churchyard, followed immediately thereafter by a reception at historic Gadsby's Tavern, still in process of renovation.

Convention highlights featured (1) the receipt for the eleventh consecutive year of the George Washington Honor Medal Award from Freedoms Foundation at Valley Forge, Mr. Burton M. Langhenry officiating; and (2) exciting mimeographed releases citing Gold Ribbon National Merit Awards to fifty local societies within twenty states, along with many other awards sponsored by three national officers and fourteen national committee chairmen. Top winners of oratorical and essay contests were later honored by publication of their titles and texts in *C.A.R. Magazine*.

During the Saturday Dinner-Dance ceremonies, two additional prime events occurred: (1) the National Presidents' Award was presented to Mr. Milton W. Mays, president of the Continental Insurance Companies, for outstanding service rendered to American youth; and (2) an appreciable number of surprise Endowment Fund pins were bestowed. It had been previously announced that the long-range \$100,000 Phase I goal for the Endowment Fund had been surpassed, with Phase II objectives thence to be sought.

During the summer regional meetings, the two-fold program for the C.A.R. 76th year was disclosed: Patriotic Education and Membership, with the "Spirit of '76—Take Pride in America" as the national theme. Revised National Merit Award requirements aptly coordinated this program. The ever-high membership aim was nearly achieved, approaching a relative "score" as contrasted with several hundreds unattained during past endeavors. The Patriotic Education program (both for the specific week, October 12 through 19, 1970, as well as for year-long effort) was also revised with a dual theme adding "Government Is People" to the second half of the national one, and supplying day-by-day guides as well as suggestions for sustained activities such as Flag Day observations, publicity, source material to help, etc.

To augment this supplementary theme, a three-day series of seminars in the Nation's capital were scheduled in early August at the Departments of State, Defense, and Interior, in turn these seminars featured lively up-dated interviews, question-and-answer sessions, etc., dealing with the quest for world peace, national security, and protection of our environment. Full coverage appeared in *C.A.R. Magazine*. In addition, scholarly articles on the three branches of our American Federal Government were published in timely sequence. Annual reports from local societies and each of their respective senior state presidents cited many details implementing the national goals.

All four issues of *C.A.R. Magazine* continued to provide information on local, state, regional, and national levels; and they included special-interest articles by members, thus encouraging historical, patriotic, and creative writing and research. Cover pages for all issues pictured inspiring subjects. The 189th anniversary of Yorktown Day, Monday, October 19, was noted, along with wreath-laying ceremonies at the Victory Monument and other commemorative events at Yorktown Battlefield. Also reported was the annual observance of July Fourth in Paris, France.

The inside cover of the June issue bore an arrestingly poignant memorial to Miss Margaret Mulford Lothrop, C.A.R. Member #1, July 27, 1884, to May 14, 1970. Miss Lothrop's mother was a C.A.R. founder, and their home, "The Wayside," at Concord, Massachusetts, soon will be reopened to the public, under the auspices of the Minute Man National Historical Park. "The Wayside" was acquired in 1965 by the Federal Government for perpetual preservation.

true patriotism and love of country; and to aid in securing for mankind all the blessings of liberty.

SEC. 2. That said Society is authorized to hold real and personal estate in the United States, so far only as may be necessary to its lawful ends, to an amount not exceeding \$50,000, and may adopt a constitution and make bylaws not inconsistent with law, and may adopt a seal.

Said Society shall have its headquarters or principal office at Washington, in the District of Columbia.

SEC. 3. That said Society shall report annually to the Secretary of the Smithsonian Institution concerning its proceedings, and said Secretary shall communicate to Congress such portions thereof as he may deem of national interest and importance. The regents of the Smithsonian Institution are authorized to permit said National Society to deposit its collections, manuscripts, books, pamphlets and other material for history in the Smithsonian Institution or in the National Museum, at their discretion, upon such conditions and under such rules as they shall prescribe.

GROVER CLEVELAND,

Approved February 20, 1896.

THOMAS B. REED,

Speaker of the House of Representatives.

A. E. STEVENSON,

Vice President of the United States and President of the Senate

DEPARTMENT OF STATE

I certify that the above is a true copy of an Act of Congress, the original of which is on file in this Department.

In testimony whereof, I, Richard Olney, Secretary of State of the United States have hereunto subscribed my name and caused the seal of the Department of State to be affixed.

Done at the city of Washington this 5th day of May, A.D. 1896, and of the independence of the United States of America the one hundred and twentieth.

[SEAL]

RICHARD OLNEY.

[Public No. 6, 69th Cong.]

[S. 780]

AN ACT To amend section 2 of the Act entitled "An Act to incorporate the National Society of the Daughters of the American Revolution"

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2 of the Act entitled "An Act to incorporate the National Society of the Daughters of the American Revolution," approved February 20, 1896, as amended, is amended to read as follows:

"SEC. 2. That said Society is authorized to hold real and personal estate in the United States, so far only as may be necessary to its lawful ends, to an amount not exceeding \$5,000,000, and may adopt a constitution and make bylaws not inconsistent with law, and may adopt a seal. Said Society shall have its headquarters or principal office at Washington, in the District of Columbia."

Approved February 5, 1926.

[Public No. 93, 82d Cong.]

[H.R. 1899]

AN ACT To amend section 2 of the Act entitled "An Act to incorporate the National Society of the Daughters of the American Revolution"

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That section 2 of the Act entitled "An Act to incorporate the National Society of the Daughters of the American Revolution," approved February 20, 1896, as amended, and as amended February 5, 1926, is amended to read as follows:

"SEC. 2. That said Society is authorized to hold real and personal estate in the United States, so far only as may be necessary to its lawful ends, to an amount not exceeding \$10,000,000, and may adopt a constitution and make bylaws not inconsistent with law, and may adopt a seal. Said Society shall have its headquarters or principal office at Washington, in the District of Columbia."

Approved July 30, 1951.

¹ The current fund balance at Feb. 28, 1971 included \$578,165.49 received for 1971 dues which were not available for use in operations until Mar. 1, 1971. In addition approximately \$23,401.00 in dues and fees had been received from applicants and will not be available for operations until the applicants are admitted to membership.

² The total of the current fund and the unrestricted special funds represent those funds which are readily available for Society use. Other special funds listed on the following page are derived from bequests, gifts, etc., and are restricted as to use to school contributions, scholarships, books for library, museum purchases and other special purposes. These restricted special funds are merely held as an accommodation. The Golden Jubilee, Investment Trust, and Julia C. Fish Funds are shown above only to the extent of income received which is available for general use. The principal portion of these three funds are shown as restricted funds on the following page.

PENSION TRUST FUND

As Trustees of the Pension Trust Fund of the National Society of the Daughters of the American Revolution, we herewith submit the accompanying statement of cash receipts and disbursements for the year ended February 28, 1971.

BETTY NEWKIRK SEIMES
President General, NSDAR
 MARY JANE FAUST
Treasurer General, NSDAR
Trustees

TRUSTEES, NATIONAL SOCIETY OF THE DAUGHTERS OF THE
 AMERICAN REVOLUTION PENSION TRUST FUND

Statement of Cash Receipts and Disbursements

Year Ended February 28, 1971

Receipts:	
Contributions from the National Society of the Daughters of the American Revolution.....	\$27,789.00
Employee contributions.....	3,691.10
Total receipts.....	<u>31,480.10</u>
Disbursements:	
Insurance premium.....	34,307.25
Net loss on Investments.....	392.38
	<u>34,699.63</u>
	(3,219.53)
Balance March 1, 1970.....	11,734.95
Total balance, February 28, 1971.....	<u>8,515.42</u>
Balance consists of:	
Cash—The Riggs National Bank Trustees Account.....	2,833.84
State Mutual Assurance Company Account.....	5,681.58
	<u>8,515.42</u>

NATIONAL SOCIETY OF THE DAUGHTERS OF THE AMERICAN REVOLUTION
 Washington, D. C.

We have examined the financial statements of the National Society of the Daughters of the American Revolution listed below:

- Statement of current and special funds for the year ended February 28, 1971 (Pages 2 to 5)
- Supporting statements of current and special fund cash receipts and disbursements and supporting schedules for the year ended February 28, 1971 (Pages 6 to 27)
- Schedule of investments as of February 28, 1971 (Pages 28 and 29)
- Statement of cash receipts and disbursements of the Trustees, National Society of the Daughters of the American Revolution Pension Trust Fund for the year ended February 28, 1971 (Page 30)

Our examination was made in accordance with generally accepted auditing standards, and accordingly included confirmations from depositaries and custodians of cash and investments held at February 28, 1971, and such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The financial statements have been prepared generally on the cash receipts and disbursements basis and therefore do not purport to represent the results of operations as they would appear had generally accepted accrual basis accounting principles been applied. Cash receipts and disbursements do not include dispositions and acquisitions of securities respectively except for gains or losses thereon. Cash receipts in the special funds include securities received by bequest during the year.

In our opinion, the aforementioned statements and supporting schedules present fairly the cash balances and investments at February 28, 1971 and the information set forth therein for the year then ended on the basis indicated which is consistent with that of the preceding year.

BURNS AND BUCHANAN
 Certified Public Accountants.

Washington, D. C., April 1, 1971.

PENSION TRUST FUND

As Trustees of the Pension Trust Fund of the National Society of the Daughters of the American Revolution, we herewith submit the accompanying statement of cash receipts and disbursements for the year ended February 28, 1937.

Table with multiple columns showing financial data for the Pension Trust Fund, including receipts, disbursements, and balances for the year ended February 28, 1937.

We have examined the financial statements of the National Society of the Daughters of the American Revolution... The financial statements have been prepared generally on the cash receipts and disbursements basis and therefore do not purport to present the results of operations as they would appear had generally accepted accounting principles been applied.

BURNS AND BUCHANAN Certified Public Accountants Washington, D. C. (Member I. C. A. A.)

RESOLUTIONS

Adopted by the Eightieth Continental Congress

National Society
Daughters of the American Revolution

April 19-23, 1971

REDEDICATION

Whereas nearly twenty centuries ago Christ gave to the world a new religion which proclaimed for every individual human being equality in God's sight—a Divine Heritage; and

Whereas in the 17th Century there came to these shores Pilgrims, Puritans, Quakers, Huguenots, Catholics and Loyalists to the Church of England, possessing in common the Christian belief in individual freedom through God as the Supreme Ruler of this land; and

Whereas for over one hundred and fifty years the newcomers struggled heroically to conquer the wilderness until the seed of their fundamental Christianity flowered into the Declaration of Independence and bore fruit in the Constitution of the United States of America with its Bill of Rights—the fortress of human liberty which is being challenged today;

Resolved, That the National Society, Daughters of the American Revolution, believing the American Way of Life is the greatest expression of our Christian Heritage on earth, rededicate ourselves with determination and courage to preserve, to perpetuate and to perfect our priceless heritage of Freedom under God for ourselves, our posterity and for the millions who look to the United States of America for inspiration.

CANAL ZONE SOVEREIGNTY AND PANAMA CANAL MODERNIZATION

Whereas negotiations will resume with the Republic of Panama to draft a new treaty to supplant the Treaty of November 18, 1903; and

Whereas the report of the Atlantic-Pacific Inter-oceanic Canal Study Commission under Public Law 88-609, submitted to the President on December 1, 1970, has recommended construction at the expense of the United States at an initially estimated cost of \$2.8 billion of a new sea-level canal in the Republic of Panama, parallel to the present canal, in a location under complete Panamanian jurisdiction; and

Whereas the proposed surrender of United States sovereignty over the Zone territory and existing canal would be in direct violation of Article IV, Section 3, Clause 2 of the United States Constitution that vests the power to dispose the territory and other property of the United States in the Congress (Senate and House) and not alone in the treaty-making power (President and Senate);

Resolved, That the members of the National Society, Daughters of the American Revolution insist that it is in the interest of the United States of America to maintain and safeguard United States sovereignty and existing treaty rights over the Canal Zone and the present Panama Canal as indispensably necessary for inter-oceanic commerce and the security of the Western Hemisphere including Panama itself;

Resolved, That the members of the National Society, Daughters of the American Revolution urge the modernization of the existing Panama Canal as offering a better solution of the Canal problem than the proposal to build a new sea-level canal.

COMMENDATION OF J. EDGAR HOOVER, DIRECTOR, FEDERAL BUREAU OF INVESTIGATION

- Whereas the Federal Bureau of Investigation, under the leadership of Mr. J. Edgar Hoover, is the Nation's most respected law enforcement agency; and
- Whereas the Federal Bureau of Investigation has performed great services to the Nation over the years not only in fighting the criminal and the subversive, but also by preserving the rights of the citizen; and
- Whereas Mr. Hoover has devoted his life to the Federal Bureau of Investigation and has worked tirelessly for the people of this Nation; and
- Whereas the Federal Bureau of Investigation has always operated on the highest principles of personal integrity, honesty and ethics; and
- Whereas recently the Federal Bureau of Investigation has become the target of a smear campaign designed not only to remove Mr. Hoover from his position as Director but also to destroy this great agency;
- Resolved*, That the National Society, Daughters of the American Revolution reiterate their wholehearted support of Mr. Hoover, personally, and the Federal Bureau of Investigation.

NATIONAL DEFENSE AND NATIONAL SURVIVAL

- Whereas the Armed Forces of the United States of America stand ready to fulfil their mission of preserving our Nation as a free Republic, in spite of attacks and adverse criticisms thrust at them through the ignorance or design of those who would influence public opinion; and
- Whereas the majority of American citizens want the United States to maintain balanced forces of trained men and women in the Army, Navy, Marine and Air Force, equipped with the most advanced military weaponry and devices that our technological and industrial capabilities can provide, and prepared to use their expertise in the most effective manner to meet any threat to our national security; and
- Whereas it is essential to the survival of the United States of America that the vast potential of our military resources be preserved and increased; and
- Whereas the enemies of the free world have instituted a crash program for the development and production of a strategic weapon system calculated to destroy all existing United States protective systems, paralyze industrial capacity and annihilate millions of Americans in a first strike; and
- Whereas the United States has reduced defense budgets, has failed to deploy a single new offensive strategic weapon, relying upon Strategic Arms Limitation Talks (SALT) to provide security through negotiation, and has cut back alarmingly in research, development and production of essential modern weapons and equipment;
- Resolved*, That the National Society, Daughters of the American Revolution alert their members to this alarming situation which has made our Nation liable to nuclear blackmail and to the destruction of every institution we cherish,
- Resolved*, That the National Society, Daughters of the American Revolution express their continuing gratitude to the members of the Armed Forces and to the majority of American citizens who support them in their determination to assure the survival of the United States of America.

- Register*, Santa Ana, California, February 24, 1971.

THE GENOCIDE CONVENTION

- Whereas ratification of the United Nations Genocide Convention (Treaty) would diminish national sovereignty, would convert what hitherto have been considered "domestic" crimes into international crimes, and would subject the United States to the unreserved jurisdiction of the World Court in all matters involving "the interpretation, application or fulfillment" of the Genocide Convention; and

Whereas the charge of genocide is invoked freely today and the Convention could be used as a basis of accusing American officials and private citizens of genocide for acts alien to the accepted definition of genocide; and

Whereas authorities in Hanoi have charged that members of the Armed Forces of the United States have been guilty of committing genocide in the "alleged massacre of civilians in a South Vietnamese village" and, if the United States were a party to the Treaty, under the provisions of Article VI this Nation would necessarily have agreed that these soldiers were subject to trial in Vietnam without benefit of Constitutional safeguards; and

Whereas a distinguished member of the American Bar Association has warned that ratification of the Genocide Convention would place American prisoners of war in similar jeopardy since North Vietnam could then cite the Genocide Convention "as our consent to trial of those prisoners on such charges in that country with the Nuremberg trials sanctioning such procedure";

Resolved, That the National Society, Daughters of the American Revolution unalterably oppose ratification of the Genocide Convention (Treaty) and warn that the Convention surrenders national sovereignty, removes Constitutional safeguards and endangers both civilians and the members of the military, including prisoners of war.

Eberhard P. Deutsch, Attorney at Law, "Pitfalls of the Genocide Convention"

Congressional Record, August 20, 1970, p. S13869

Substantiation added: *The Washington Post*, April 26, 1971, p. A 6

SUPREME COURT

Whereas during the past thirty years a bare activist majority of the Supreme Court of the United States of America has interpreted provisions of Section I of the Fourteenth Amendment to the Constitution of the United States of America regarding due process and equal protection of the laws so as to include portions of the first eight amendments to the federal Constitution as supposedly applicable to the several States; and

Whereas this interpretation has upset the proper balance of powers between the several states and the federal government resulting in the destruction or impairment of State control over (1) necessary criminal law enforcement, (2) suppression of the sale and distribution of pornographic material, (3) proper conduct of the State public schools, including effective discipline, normal alignment of school districts and permission to have prayer in these schools, (4) the State law in regard to libel, slander and defamation of character and (5) composition of State Legislatures—all of which impose a uniformity never intended throughout the United States; and

Whereas the public interest requires both an immediate and a long range reform of the Supreme Court;

Resolved, That the National Society, Daughters of the American Revolution study the practicability of a statute which would limit the appellate jurisdiction of the Supreme Court and other Federal Courts so as to prohibit them from deciding cases contrary to the proper interpretation of the Fourteenth Amendment.

Resolved, That the National Society, Daughters of the American Revolution study the practicability of an amendment to the Constitution of the United States of America modeled on the recommendation of the American Bar Association for the states which would provide for nine Supreme Court Appellate Circuits from which one justice each would be appointed by the President of the United States of America to serve for three years and then run for election for a term of 12 years.

MISUSE OF DRUGS

Whereas the physical health and moral fiber of too many of America's youth are being undermined by the use of drugs; and

Whereas the effect of hard drugs is well publicized, and research on such drugs as amphetamines and marijuana has proven them to be "potentially addictive with serious side effects" (Federal Bureau of Narcotics) such as:

- (1) damage to blood vessels including those of the heart, brain, liver and kidneys;
- (2) birth defects;

- (3) disturbance of brain functions;
- (4) withdrawal from reality;
- (5) suicidal tendencies;
- (6) overt criminal activity; and

Whereas drugs with known harmful effects are being used to an increasing extent to control behavior and mental responsiveness of children in schools and children's institutions; and

Whereas many drug education programs in schools are largely ineffective, and the use of drugs thrives in those schools where permissiveness prevails; and

Whereas the elimination of the drug problem is dependent upon the recognition by young people that they are the victims and they must assume the moral responsibility for their lives, their future, and for unborn generations; and

Whereas the young people need the aid of a strong and effective policy of deterrence within the schools, communities and the Nation;

Resolved, That the National Society, Daughters of the American Revolution appeal to the vast majority of young people who are dedicated, law abiding and capable of assuming control of their heritage to appraise realistically the wreckage ensuing from the use of drugs that could be a crushing burden for them in the future;

Resolved, That the National Society, Daughters of the American Revolution commend the many schools and communities which have instituted a strong and effective education program on misuse of drugs:

Resolved, That the National Society, Daughters of the American Revolution oppose the legalization of marijuana and urge that all laws, federal, State and local, applying to purveyors of drugs be made more uniform and strictly enforced.

Doctor, What About Marijuana? *Readers Digest*, April 1971

The Drug Scene, *Reader's Digest*, January 1970

PLANNED TERRORISM

Whereas Cuba is an ideal base for building a Communist stronghold for control and ultimate takeover of the Panama Canal and both North and South America—a danger not to be ignored; and

Whereas the Soviet Union, since the supposed removal of missiles from Cuba, has steadily continued the development of its aggressive striking power through building of submarine bases adequate to control shipping lanes to the Panama Canal, the Caribbean, and the entire Atlantic; through importation of thousands of military personnel, advisors, and a large number of nuclear experts to train Cubans—until Cuba has become an island fortress; and

Whereas the wave of terrorism now sweeping the United States of America was conceived and developed at the Tri-Continental Communist Congress held in Havana, Cuba in 1966 with more than 600 top communist leaders from 82 countries in attendance, the Soviet Union being the chief architect for the destruction of freedom in the United States of America and throughout the world; and

Whereas leaders of this Tri-Continental Communist Congress stated that their timetable called for full scale terrorism and subversion in the United States of America and, particularly in the countries of the Western Hemisphere by 1970; and

Whereas underground routes through Mexico and Canada and Castro's fishing fleet financed by the Soviet Union, provide transportation for trainees to the now 43 camps in Cuba, which are equipped to train 10,000 guerrillas and terrorists a year—with the basic training period lasting four months; and

Whereas according to the "Minimanual of the Urban Guerrilla" (easily available in the United States), the main tactics being taught include; mob action, demonstrations, sit-ins, protest marches, denunciation and kidnapping of prominent officials, mass murder of policemen to effect a breakdown of law enforcement, hijacking of airplanes and the bombing of buildings, communications and utilities in order to create a climate of terror that will immobilize the government and the entire population;

Resolved, That the members of the National Society, Daughters of the American Revolution warn the public of the fact that the United States of America, threatened from without by dangerous forces and from within by terrorism and subversion, is at the crossroads of its very existence—and echoes the cry of American patriots: "Wake up America! Lest you die!"

The Scott Report, January 6, 1971

RED CHINA—PRISONERS OF WAR

Whereas recognition of the Red Chinese regime would be betrayal of the many American Prisoners of War held in communist Asiatic countries, and a desecration of the memory of those young men who have given their lives in the cause of freedom; and

Whereas communists continue to kill American soldiers in North Vietnam, and Korea remains a battlefield where American men still die; and there is irrefutable evidence that the Chinese communists are part of the world communist conspiracy which has never deviated from its ultimate goal of total world domination;

Resolved, That the National Society, Daughters of the American Revolution oppose the admission of Red China to the United Nations and favor the continuing recognition of the free Republic of China.

FEDERAL CONTROL OF CHILDREN

Whereas a recent Conference on Children revealed plans to give the government a major role in rearing this Nation's children; and

Whereas this meeting urged consolidation of all education programs by the establishment of a Department of Education with cabinet status, backed by a National Institute of Education and a high level Office of Child Advocacy; and

Whereas there was a proposal to create a new "life style"—in other words, a new world for children—providing alternatives to traditional family life; and

Whereas the Child Advocacy Program would have local and federal representatives to see that children are permitted to participate in this new "life style" and it is anticipated that local child advocates could represent the child against parents, school authorities and police; and

Whereas in a Health, Education and Welfare study, it appears that there is a plan for day care centers to be formed for children from six months of age which will provide the opportunity to teach them values, fears, beliefs and behaviors that would have an enormously powerful influence over what a child would become; and

Whereas this move in education is the culmination of years of planning to remove children from the family influence—one of the prerequisites for establishing international socialism;

Resolved, That the National Society, Daughters of the American Revolution alert its members to plans being developed for federal control of children.

The Scott Report, December 21, 1970

THE FLAG OF THE UNITED STATES OF AMERICA

Whereas the Flag of the United States of America is the respected symbol of the sovereignty of the Republic, established and maintained at enormous sacrifice of lives and treasure and therefore protected against desecration by state and national laws which among other things prohibit anything being superimposed on it; and

Whereas the so-called "peace symbol" exploited by some manufacturers and merchants has been unlawfully placed on the Flag of the United States of America by demonstrators to serve their own purposes, which symbol is of recent origin but is based on an esoteric symbol of ancient origin representing the forces of evil against the moral laws of God and man; and

Whereas further disrespect is shown by flaunting banners of any nation engaged in activities hostile to the United States of America;

Resolved, That the National Society, Daughters of the American Revolution alert members and others to be aware of hidden meanings behind all symbols, codes and slogans;

Resolved, That the National Society, Daughters of the American Revolution reiterate that respect for and honor to the Flag of the United States of America be maintained and that laws on desecration of the Flag of the United States of America be strictly enforced and upheld by the courts.

THE OATH OF ALLEGIANCE IN PASSPORTS

Whereas the Oath of Allegiance which reads, "I do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic, that I will bear true faith and allegiance to the same and that I swear to this obligation freely without any mental reservation or purpose of evasion, so help me God," has been a part of the application for a passport since 1861; and

Whereas this Country has subversive elements with no loyalty to the Constitution who would further erode loyalty to our Government by asking through court action that the Oath of Allegiance be deleted from the application for a passport; and

Whereas there are powerful, well-financed organizations whose sole purpose is to promote world government and world citizenship the establishment of which would destroy the sovereignty of the United States of America; and

Whereas the removal of the Oath of Allegiance from passport requirements would be a step toward world citizenship;

Resolved, That the National Society, Daughters of the American Revolution believe it is in the best interest of the United States to retain the Oath of Allegiance in the application for a passport.

NATIONAL HEALTH INSURANCE

Whereas the public is calling for relief from medical costs which are accelerating at a rate so rapid that serious illness may leave a middle-income family reduced to debt; and

Whereas the present nationwide health programs combining Medicare under the Social Security System for the aged, Medicaid under state and federal sponsorship for the medically indigent, and private individual or group insurance for the rest of the population have failed to produce health programs that are feasible economically; and

Whereas in some rural and remote areas there are few or no health services; and

Whereas recent health proposals should be studied on the basis of the degree to which they run counter to the principles of a free republic and could bankrupt the Nation, namely:

- (1) Plans to place all health services and everyone living in the United States under a federally controlled, expensive system supervised by a board stemming from the Secretary of Health, Education and Welfare;
- (2) A federal plan for prepaid medical care offered in areas or to groups with those able to pay contributing;
- (3) A uniform state and local health plan which would largely by-pass federal control through state commissions and councils and local panels, and would give health service to the poor, make rebates and require contributions dependent on the amount of an individual's income tax;

Resolved, That the National Society, Daughters of the American Revolution oppose any attempts to surrender general health services to the control of the federal government but favor efforts to provide health services to the poor whom adequate investigation proves to be in need and to leave to all other individuals the choice of providing for their own health insurance.

MONETARY MANAGEMENT

Whereas the Constitution of the United States vests the power over money in the Congress of the United States; and

Whereas the States are forbidden by the same Constitution to designate anything but gold and silver coin as tender in payment of debts; and

Whereas the Congress by law has suspended the coinage and delivery of gold and forbidden the circulation of gold coins by citizens and residents of the United States of America and has terminated the coinage of and issuance of silver coins, except for a limited amount of debased half dollars; and

Whereas the Congress has permitted years of deficit spending and has authorized an independent institution, the FEDERAL RESERVE BANKING SYSTEM, to issue paper money that is redeemable neither in gold nor silver coin, and without regard to any gold or silver held as a reserve for redemption, and has declared such paper money to be legal tender in payment of debts; and

Whereas deficit spending and this abdication of constitutional authority have contributed to a half century of inflation, currently in excess of 6 per cent a year, that has depreciated the purchasing power of the dollar by nearly three-fourths, making it difficult for those on fixed incomes to maintain their standard of living;

Resolved, That the National Society, Daughters of the American Revolution call for an end to deficit spending by the United States Government and urge their members to fully inform themselves and others on the subject of monetary management in this country, the true nature and function of money and the constitutional responsibilities of the Congress in regard thereto

- Coinage Act of 1965 (Public Law 89-91)
- Federal Reserve Act of 1913, as amended

REAFFIRMATIONS

Whereas all past resolutions of the National Society, Daughters of the American Revolution are in effect unless rescinded; and

Whereas the number of resolutions to be presented to the 80th Continental Congress of the National Society is limited;

Resolved, That the following resolutions be reaffirmed as timely:

1. Opposition to the United Nations, particularly in light of its claims for authority to levy assessments for peacekeeping operations and for such permanent new programs and organizations as the Assembly might "legislate" into existence and of its proposal to levy a global sales tax on "luxury" items;
2. Active support of conservation programs through the National Society's Conservation Committee since the year 1908;
3. Commendation of the Congress of the United States of America for the annual enactment of a law designating February as American History Month and express the belief that February should be designated permanently as American History Month with special emphasis on the celebration of George Washington's birthday on February 22nd;
4. Opposition to sanctions against Rhodesia and recognition of the importance of United States economic interests in trade with that country;
5. Continued concern for the welfare of American Indians and the schools for them which we help to maintain;
6. Support of the Electoral College as provided in the Constitution;
7. Opposition to the regulations which require American citizens to register their privately owned firearms;
8. Opposition to Metropolitan Area Government and all other Regional Government plans which could destroy the authority of local governments and tend to erase town, city, county and even state boundaries;
9. Opposition to increasing immigration while at the same time methods to control domestic population are being sought.

APPRECIATION TO THE PRESIDENT OF THE UNITED STATES OF AMERICA

Resolved, That appreciation to the President of the United States of America, Richard Milhous Nixon, be expressed by the National Society, Daughters of the American Revolution for honoring us with his presence at the 80th Continental Congress.

Resolved, That admiration be expressed to Mrs. Nixon by the National Society, Daughters of the American Revolution for her graciousness.

APPRECIATION TO THE PRESIDENT GENERAL

Resolved, That appreciation to the President General of the National Society, Daughters of the American Revolution, Mrs. Erwin Frees Seimes, be expressed for her unflinching, courageous spirit and for her untiring zeal throughout her administration.

APPRECIATION OF THE CHAIRMAN OF THE RESOLUTIONS COMMITTEE

Resolved, That the deepest gratitude of the members of the Resolutions Committee be expressed to the President General for her selection as Chairman of the Committee, Mrs. William D. Leetch, whose great knowledge, organizational ability and patience made our difficult assignment a rewarding experience.

COURTESY RESOLUTION

Whereas the 80th Continental Congress of the National Society, Daughters of the American Revolution has been stimulating and informative; and
Whereas the success of the Congress is due to those who planned and took part in the programs;

Resolved, That the National Society, Daughters of the American Revolution express their deep appreciation to the Officers, Chairmen, their Committees, Pages and all who participated in the programs, particularly:

1. The members of the staff for their loyal and courteous services during the year as well as during the Congress.
2. The United States Service Bands for their fine evening concerts;
3. The musicians, artists and choral groups for their contributions to the programs;
4. Our own All-American National DAR Chorus of which we are so rightly proud;
5. The speakers for their addresses;
6. The coverage of press, radio and television;
7. The police and firemen for their courtesy and protection;
8. Every individual who contributed to the success of the 80th Continental Congress.
