REPORT OF PRESIDENT GENERAL

MESSAGE FROM THE PRESIDENT OF THE UNITED STATES

THE WHITE HOUSE

WASHINGTON

April 13, 1973

The strength and character of a nation are best judged by the spirit and aspirations of its people. That spirit and those aspirations have been successfully nurtured and fortified within the ranks of the Daughters of the American Revolution.

Within your organization the heritage of our national greatness has found full expression, and the magnanimity and foresight of our Founding Fathers have been preserved for the benefit of present and future generations.

One of my predecessors in this Office said that we can best serve our own country and most successfully discharge our obligations to humanity by continuing to be openly and candidly, intensely and scrupulously, American. His words have found both meaning and life in the work of your members and in the measure of your dedication to the legacy we cherish.

As we prepare for the celebration of our nation's two hundredth birthday, we look especially to groups like yours to revive in our people the true significance of their proud revolutionary past and to inspire them to keep faith with that past while at the same time keeping pace with the needs and challenges of today.

RICHARD M. NIXON.

(5)

## REPORT OF PRESIDENT GENERAL

The 82d Continental Congress marks the beginning of the last year of this administration. The year just past has been an extremely busy one, and to report it in detail would take a great deal of time. Since it has been reported in the minutes of the Board of Management and printed in *DAR Magazine*, we will not use precious minutes in that manner.

This annual event reflects the stability of our National Society. We gather here to plan, to sanction, to renew, to try. Each such effort has brought a greater strength to the Society. You have never failed.

For twenty years the second floor of Independence Hall was closed to the public. Because of your vision and courage, on July 4, 1972, your President General was privileged to cut the ribbon to open to the public the Governor's Council Chamber and the Assembly Room, restored and furnished as they appeared to our Founding Fathers two hundred years ago. More than half of the funds for the President General's Bicentennial Project have been received. Your generous acceptance of the challenge has made this possible. During this Congress nineteen States will be recognized for their 100 percent participation in our "Gift to the Nation."

On July 4, when the President General participated in the ribbon-cutting in Independence Hall which officially opened the second floor of that historic building, 26,032 persons, by actual count, viewed those rooms. There is a lovely sign in each room saying it was furnished by the National Society Daughters of the American Revolution.

Now, of course, the rooms are not finished. Some of the furniture that made it look very much as it will look is borrowed, some of it is there to stay, and some of it is just plain faked until the right thing can be found and we can pay for it. For instance, a very lovely table in the Governor's Council Chamber, which will be a good mahogany table, at present is a very nicely beveled, beautifully shaped and smooth pine plank supported on two lovely saw horses, but it is covered with an authentic baize cover and nobody can see the saw horses. (I looked to see what was under there because I knew it wasn't the table.)

During these 82 years each challenge faced by the Daughters has been met with fortitude and determination. This Congress will again, we are confident, demonstrate the sameness of purpose which you have always exemplified. For such *vision and courage*, this President General thanks you.

For 82 years Daughters of the American Revolution have consistently and faithfully upheld the Government of the United States of America—in time of peace, and in time of turmoil. Our National Society—this small segment of the American way of life—has always displayed *vision, courage and strength* in supporting whatever was best for the Nation as a whole.

A telegram was sent by the President General in 1969 after her visit in 1968 to Vietnam. The telegram was sent to General Abrams commending American forces in Vietnam. In 1970, the 79th Continental Congress featured an address by General William Westmoreland. In 1972, this President General, speaking for all Daughters, assured President Nixon of our continued support of his efforts to bring the conflict in Vietnam to an honorable conclusion. How welcome was the news on January 27 that an honorable peace had been accomplished. How proud we can be that throughout the conflict in Vietnam the National Society was constant in supporting the Herculean efforts of the President of the United States.

Daughters, you have shown *vision* and *courage*. Let us now go from *strength* to *strength*, everyone.

Your President General has visited thirty-eight states so far in this administration, leaving thirteen state conferences to attend, to which she is looking forward with pleasure.

In each of the twelve State Conferences visited during February and March, the President General spoke on the proposed Bylaw amendments. Therefore, it appears advisable that at least part of her talk should be given to this whole assemblage. The facts and figures covered were those repeated in part in *DAR Magazine* for April in both the President General's Message and the Report of the Treasurer General in the Minutes of the February 1 Board Meeting. A reprint of the former was placed in the packet given you as you registered. This is a reprint of the graphic portrayal of the budget, which is quite out of balance, and the President General's Message explaining that budget. I hope every single voter has read it carefully.

The finances of the Society, through circumstances beyond the control of anyone, are in a condition which may be extremely critical if action is not taken. Expenses have increased by 80 percent since 1960 while income has increased by only 40 percent, even though that included the good years of income from Constitution Hall. The discrepancy cannot be balanced any longer. There has been no raise in dues since 1960, when only \$1 was added to the \$2 then in effect.

That amount in dues does not even cover the cost of the salaries of our personnel, much less maintenance, supplies, all the things we must have and do to serve our Nation. It is a point you must remember. Not even the salaries are covered by the present dues. If you divide it, you will find that dues of \$3 would allow us to pay our 176 employees only \$275 a month each. You cannot employ people at that price any longer.

These salaries constitute 72 percent of our total budget, the operations 31 percent, and appropriations 8 percent, for a total of 111 percent—in other words, 11 percent over and above the 100 percent income. If you will read your Financial Report carefully and apply the information in the footnotes, you will be able to appreciate the problem through the arithmetic. This will be discussed in detail this afternoon at the forum.

Can any of you name any service or any supply for which the cost has not more than doubled since 1960? This applies to services and supplies which we must have in order to continue our service to our communities and to our members.

Keep this thought in mind: If we cannot cover these costs through dues, what are the alternatives? First of all, we would have to cut back on our appropriations, and those recommendations from the National Board of Management you will be hearing this morning. We will ask you to appropriate money for the "heart of DAR," those six committees which give away the most. We appropriate because it is impossible for the chapters to contribute enough to support those committees in the work they must do, and those committees are the DAR Good Citizens, JAC, National Defense, Americanism and DAR Manual for Citizenship, Public Relations, and Lineage Research. They are the committees that give away a great deal, as you all know.

We would also have to cut back Student Loan and Scholarship Committee, The Flag of the United States of America Committee, and the American Indians Committee. These are what we call the heart of DAR. Are you willing—and think hard about this—to cut those appropriations back and to cut back the work of those committees for the sake of 33½ cents a month—a penny a day and a little more? What can you buy, what service can you get for under 35 cents that you could not afford to do without once a month, and that is all that this raise entails. Taking the dues from \$3 to \$7, because it is more than 100 percent, sounds dreadful and we are getting screams and howls of protest; but think about it in terms of 35 cents a month—less than that—and think what the alternatives will be.

That little difference of a penny a day would be the difference between continuing the work of the Society in its present effective form or having to see the program deteriorate. Other alternatives would be cutting back standards of maintenance and services to our members and to our Country that our personnel render. The decision and the responsibility for the results of that decision are in your hands.

You will be asked to consider other amendments to the Bylaws—those proposing Voting by Mail and Preregistration. These were disapproved unanimously, after careful study, by the Bylaws Committee, the Executive Committee, and the National Board of Management in February, with considerably more than half the membership present—and I remind you that the members of the Board of Management consist of the Executive Committee of twelve members, the 21 Vice Presidents General, and the State Regents. A large body, all your elected officers, made that decision.

Preregistration is a possibility when our conversion to data processing becomes reliable and accurate—and it will, I promise. This was part of the reason for the decision to convert to the computer. Preregistration is to be desired *but* it must be preregistration of those intending to come to Congress, willing to pay their fee in advance; and preregistration must not preclude registration in the usual manner if that is desired, which is not included in the proposed Bylaw amendment. It must be possible for our members to register as they do now if they would prefer to do it that way. How often do we have to make changes in those who register, those who are to cast that vote for which you elected them? Furthermore, the procedures involved in preregistration should be planned and implemented by those experienced in registration, credentials, and the work of other committees in that field. It must be carefully thought out and carefully planned.

Voting by mail is contrary to the needs of the Society and is not compatible with DAR policies, since we have delegate voters. We elect our voters to Continental Congress, just as in our Federal Government. We elect our Congressmen and Senators to the Congress of the United States of America. They must be on the floor of the Congress to have their vote counted. We, too, should be here at Continental Congress to participate in discussion, to hear debate on the resolutions, the recommendations to the Congress from the National Board of Management, and other matters that often come up during Congress.

The resolutions form the policy of this Society by which you must abide. You should be here to discuss that policy and to vote on it. The recommendations cover the expenditure of your funds. You should have a voice in all these matters. As set forth in these proposals, the only vote you would have would be for officers, and there, too, it is better that you see and hear the candidates before you make your decision. There will be opportunities this afternoon to express your opinions, and to ask questions and thus obtain all information offered for your consideration.

This administration will not be able to use any of these increased funds if you so vote them, but we are proposing that increase so that succeeding administrations will not have to curtail the programs of our Society or face such a problem. You must think, and think hard.

We have had some accomplishments in this year, even though it has been a difficult one financially. It has been a very full and busy year.

The 1972 *DAR Handbook* was completed in time for the October Board Meeting. The Second Supplement to the *DAR Patriot Index* was completed and is available to you in the Corresponding Secretary General's Office.

The National Board of Management authorized the issuance of a 75-year pin and certificate. We had a request for two 75-year membership pins. We thought it unlikely that there would be any others so we ordered special pins for these two ladies. Caldwell wrote and said it would like to make a die of a pin if we thought there would be as many as 25. We did some research and, to our amazement, found that we had a potential of 96 75-year members, so a pin is being made.

The ninth annual DAR School Bus Tour took place in October with 72 members of the National Board and interested Daughters visiting Kate Duncan Smith, Tamassee, Berry, and Crossnore schools. It was a wonderful tour, most gratifying, satisfying, and informative—and fun.

We have reactivated the DAR Medal of Honor under the Americanism Committee, but there is one discrepancy in our Letter of Information to you which none of us had considered. We have had some requests for permission to present this medal to DAR members. We feel that this is not suitable except in rare cases. If we start presenting this to any member, any one state regent or chapter regent, one state officer, it could become overdone, and we feel that what we do for our Society as members, we do because we love it and not to be recognized with a medal, other than a service medal, of course.

The U.S. Air Force Band, which you will be hearing tonight, has just completed its second season of free concerts given in this hall during the months of February and March last year and this. They are magnificent concerts, well known with visiting artists. They are well-attended. This hall was packed. The band came to us because the Kennedy Center does not have a hall big enough to take care of the crowd.

So, we have had the Air Force Band as well as the other bands which gave single concerts, the Army Band and the Navy Band. Of course the Marine Corps Band, the President's own, was scheduled twice, but events of international importance made it necessary that it stay with the President and our concerts had to be canceled. But that is the way it is with that particular band.

We do not make a profit on these band concerts. The concerts themselves are free—a government enterprise, a community service. They do pay costs. And isn't it better—don't you feel that it is—that we have the hall lighted, that we have a concert here on Sunday afternoons which the community can enjoy, and Constitution Hall has that kind of performance, even though we don't make any money? Don't you like that better? (Applause.)

Good things are beginning to happen again, though. London Decca Records records the National Symphony Orchestra once each year, or they try to though they have had to skip some years. They were here last year and their representative said, "No, we will not record unless the concert is played in Constitution Hall." They are coming back again this year. There is no audience here when they record, so it isn't a performance, but we hope that will make a few people stop and think, and maybe we will have that symphony orchestra back one day, or others will come here.

A contract has been signed with the Franklin Mint to produce a series of medals depicting heroines of the American Revolution. We have endorsed this series. We have done the research for them and with them. They had done some of their own. It costs us nothing and, in fact, Franklin Mint has already paid us an advance on the royalty we will be receiving from the sale of these medals. Nor are they counting on DAR participation to pay for the medals, either, because—while many of us will buy them—the great bulk of them will be sold to Franklin Mint's regular collectors and we will reap some of the benefits in royalties.

You heard last night that Memorial Continental Hall was designated an historic landmark by the National Park Service, Department of the Interior; and the NSDAR Museum was accredited by the American Association of Museums. We are very proud, all of us. Having Memorial Continental Hall designated an historic landmark would mean that in an emergency, some kind of natural disaster, we could be given a grant-in-aid to make necessary repairs. I hope that will never happen.

You probably heard during the late summer and early fall that there was some damage done in our building and people were able to get into Constitution Hall through the first floor. They found that Constitution Hall connected with other parts of the building, and they began coming in through the Library and through the Administration Building. I am sure you have noticed the barred windows now on the first floor. This was necessary, but of course it was expensive.

There are other maintenance problems that we have had due to the age of the building, with falling concrete and with marble, too. A volute weighing 90 pounds fell 30 feet from the top of one of the pillars—and you know, I think you are very smart to know what a volute is. I didn't know before it fell and it was brought to my attention; but it was very fortunate that there was no one on that portico at that particular time. Investigation proved that the bonding material which holds those pieces of marble up on those columns has deteriorated in this atmosphere, as has happened in other public buildings in Washington, and so all of that has to be repaired lest other parts begin to fall, too. All of this costs money.

During our visits this year, we had the great honor of placing a plaque at the site of the U.S.S. *Arizona*—on that beautiful memorial that is there—to honor the men who died with her. Only a national society may do this. Therefore, the Aloha Chapter was not permitted to do it, nor could the State Organization of Hawaii—only National. We are very grateful for having this privilege.

These are the highlights of the year and of a wonderful tour of twelve states. Something unique happened in each one of them, something lovely, too much to cover here.

It has been a wonderful privilege and pleasure to have served as your President General this year. I have been very, very proud of what you have done. Thank you.

ELEANOR W. SPICER  
(Mrs. Donald Spicer),  
*President General.*

## SUMMARY OF THE 76TH REPORT

The 82d annual convention of the National Society Daughters of the American Revolution convened in Constitution Hall, Washington, D.C., on April 16, 1973. This convention, called Continental Congress, is held annually during the week in April in which the anniversary of the Battle of Lexington (April 19) falls. About 3,500 delegates and alternates are registered; committee members and others serving in connection with Congress bring the attendance to over 4,000. The basis of representation is prescribed by the Bylaws of the Society.

At the Continental Congress the business of the Society, including yearly reports of the accomplishments of the officers, regents, and committee chairmen, is expedited. Interspersed with the business meetings, stimulating programs with outstanding speakers and musical selections are featured. Included is a message from the President of the United States, which is read to the Assembly. Several Continental Congresses have been addressed by the President. Many First Ladies have extended invitations to the Daughters for a special afternoon tour of the White House. This invitation was accepted this year for the afternoon of April 16.

On the Sunday preceding Continental Congress, memorial services were conducted by the Chaplain General. In the morning, wreaths were placed at the Tomb of the Unknown Soldier in Arlington National Cemetery and at the tombs of George and Martha Washington at Mount Vernon. At 2:30 p.m. a memorial service was held in Constitution Hall, at which time names of 4,239 deceased members and 21 former members of the National Board of Management were included in the program. The service was continued at the Memorial Monument, DAR, where the President General, accompanied by the Memorial Service Committee and the Daughters, paid tribute to the Founders. The memorial wreath was placed at the monument in loving memory of those magnificent women—Mary Desha, Eugenia Washington, Ellen Hardin Walworth, and Mary Smith Lockwood—whose vision, courage, strength, and patriotic foresight established this Society.

The National Society Daughters of the American Revolution, founded on October 11, 1890, was incorporated by an Act of the United States Congress, February 20, 1896, which was signed by the President, Grover Cleveland; the Speaker of the House, Thomas B. Reed; and the Vice President, Adlai Stevenson, President of the Senate.

Following each Continental Congress an annual report is submitted to the Secretary of the Smithsonian Institution, who in turn reports to the Congress of the United States in compliance with the demands of the Act of Incorporation. In 1897, a short report covering the first six Continental Congresses was sent. Since then, there has appeared annually a report commensurate with the work accomplished. This is the 76th report, covering the work of the National Society from March

1, 1972, to March 1, 1973, as reported at the 82d annual Continental Congress. (The Act of Incorporation in its entirety is included in the appendixes.)

The objects of the Society as stated in Article II of the Bylaws are: (1) To perpetuate the memory and spirit of the men and women who achieved American Independence by the acquisition and protection of historical spots and the erection of monuments, by the encouragement of historical research in relation to the American Revolution and the publication of its results, by the preservation of documents and relics and of the records of the individual services of Revolutionary soldiers and patriots, and by the promotion of celebrations of all patriotic anniversaries; (2) to carry out the injunction of Washington in his farewell address to the American people, "to promote as an object of primary importance, institutions for the general diffusion of knowledge," thus developing an enlightened public opinion and affording to young and old such advantages as shall develop in them the largest capacity for performing the duties of American citizens; (3) to cherish, maintain, and extend the institutions of American freedom, to foster true patriotism and love of country, and to aid in securing for mankind all the blessings of liberty.

The rules for eligibility as found in Article III of the Bylaws state: "Any Woman is eligible for membership in the National Society of the Daughters of the American Revolution who is not less than 18 years of age, and who is descended from a man or woman who, with unflinching loyalty to the cause of American Independence served as a sailor, or a soldier or civil officer in one of the several Colonies or States, or in the United Colonies or States or as a recognized patriot, or rendered material aid thereto; provided the applicant is personally accepted to the society."

The President General and 11 executive officers, elected for three-year terms, direct the business affairs of the Society. These officers, together with 21 Vice Presidents General (7 elected at large annually for a three-year term), and the State Regents comprise the National Board of Management.

The Board, subject to Continental Congress, is the governing body with general supervision of the property and business of the Society. Its rulings are important in directing the policies of the DAR. The National Board of Management holds meetings at the call of the President General before and after Continental Congress in April, June, October, December, and February.

The Society functions through 24 National Committees and a number of Special and Standing Committees under the direction of the Executive Committee to further its threefold objectives: Historic Preservation, Promotion of Education, and Patriotic Endeavor.

The National Headquarters Buildings in Washington cover an entire city block between 17th and 18th Streets and C and D Streets, Northwest. The official address is 1776 D Street, N.W., 20006. There are three adjoining structures: Memorial Continental Hall, made of American marble and granite (1905), Constitution Hall (1929), and the Administration Building (the original which was built in 1923 and authorized enlargement in 1948). These structures comprise the largest group of buildings in the world that were built, owned, and maintained exclusively by women.

Memorial Continental Hall, the original building, was designated a National Historic Landmark in February 1973 by the U.S. Government and is listed in the National Register of Historic Places. A bronze plaque on the front commemorates the occasion: the first International Conference on Limitation of Armament held there during 1921-1922 with nine nations attending. The President General accepted the certificate, which was signed by Ronald D. Walker, Director of National Park Service, and Rogers C. B. Morton, Secretary of the Interior. The Certificate reads: "Memorial Continental Hall has been designated a National Historic Landmark. This site possesses national significance in commemorating the history of the United States."

This building contains the DAR Genealogical Library of over 56,000 books, more than 23,000 documents, and in excess of 6,000 rolls of microfilm. Included in the microfilm material are the Federal Census Records, set up by states. A fee of \$1 per day for use of the microfilm is charged to nonmembers. The same fee applies to the use of the library, which is strictly a genealogical reference library. Photocopies of library materials are available for 50 cents per sheet from a reproducing machine operated by library personnel.

In the building are 28 Period Rooms filled with many original antiques. Docents (volunteer guides), authorized in 1971 as a special committee under the direction of the Curator General NSDAR, are available to all who desire tours of the buildings at no cost.

Both the Library and the Period Rooms are open to the public from 9 a.m. to 4 p.m. Monday through Friday, with the exception of the month of April.

Constitution Hall, constructed and furnished at a cost in excess of \$2 million and entirely financed by the NSDAR, is perhaps the best known to the public, and has been Washington's chief and largest cultural center for more than 42 years. During that period it was the home of the National Symphony Orchestra and has been the lecture platform for the National Geographic since 1933. At the opening session of Continental Congress the President General presented a plaque to the National Geographic Society upon its 85th anniversary. The inscription reads: "The National Society Daughters of the American Revolution presents this citation to the National Geographic Society on its Eighty-fifth Anniversary in recognition and appreciation for the outstanding contribution it has rendered through the pages of its publications and its lectures."

This recently air-conditioned hall has a seating capacity of approximately 3,800. Its primary purpose was to house the annual meetings of the Continental Congress of the NSDAR. However, in compliance with insistent requests for rental of the Hall by the public, in 1930 the Daughters consented to lease it as a public service on an "at cost" basis. The NSDAR pays business taxes on the rental receipts to the District of Columbia Government. In 1972 this tax amounted to \$23,000. Since March 1, 1972, there have been 168 events in Constitution Hall, realizing for the fiscal year gross receipts of \$173,507.15. It continues to be the largest hall of its kind in the Washington area.

The Administration Building houses the offices of national officers, who serve the Society for three-year terms without remuneration, and a personnel staff of approximately 180. An exceptionally fine Museum

Gallery of American Decorative Arts, located on the first floor, is accredited by the American Association of Museums. The Archives Room, which houses the Americana collection, is on the second floor, and a beautiful chapel is located on the third floor.

The Museum traces its beginnings to October 1890 when a committee was established for the collection, preservation, and exhibition of Revolutionary War relics. Since that time the collection has grown into an important decorative arts museum with special emphasis on the Revolutionary War Period of the late 18th century. The Museum Gallery presents a survey of early American arts to 1830. Paintings, furniture, silver, glass, porcelain, treen wares, and other artifacts of early settlers depict an interesting and attractive history of a growing nation.

On opening night of Continental Congress, as a stand-in for the President of the American Association of Museums, Mr. Charles Buckley, Representative, presented a certificate citing: "The Accreditation Commission of the American Association of Museums certifies that the Museum of the Daughters of the American Revolution has demonstrated a professional level of museum operation in accordance with the standards of excellence prescribed by the American Association of Museums and is hereby awarded this Certificate of Museum Accreditation in 1973."

The Museum Reference Library continues to grow and is a major asset to the Museum. Consisting of approximately 1,000 volumes, the library is located in the office of the Curator General for the use of staff, docents, and members. New books are continually being added by contributions from Daughters. A list of selected books desired is sent each year to the State Museum Chairmen.

The Friends of the Museum Committee was begun in 1956 to provide an opportunity for interested members and friends to contribute to museum acquisitions. The grand total of monies received is \$21,751.25.

The Archives Room, established in commemoration of the 50th anniversary of the DAR as a repository for the Americana Collection, is located on the second floor of the Administration Building in the Historian General's office. The microfilming of the entire Americana Collection, consisting of thousands of documents, pamphlets, and books, has been completed.

This year, locations of 1,115 graves of Revolutionary soldiers have been received and processed, with 26 states contributing to the work; 47 historic markers, 257 markers for Revolutionary soldiers, and 1,070 markers for DAR members were placed; 129 historic restorations were started and 38 were completed.

The graves of two Honorary Presidents General were marked: Mrs. Donald McLean, by Maryland and New York; and Mrs. Henry M. Robert, Jr., by Maryland. Four states marked the graves of their first State Regents. California marked the grave of John Graham, first known U.S. citizen to be buried in that state. A Maryland chapter placed a marker at "Constellation Dock" in Baltimore commemorating the 175th anniversary of the launching of the frigate *Constellation*, the oldest ship continuously afloat in the U.S. Navy. The National Society placed a plaque on the U.S.S. *Arizona* Memorial: "In memory of those who died in defense of their country December 7, 1941."

Work is progressing on the booklet entitled "Women and the American Revolution." One interesting story will be about Deborah Sampson, who served as a soldier in the Continental Army for almost three years. After her death the House of Representatives passed a bill awarding her husband a pension.

The American Heritage Committee was created by Continental Congress in 1963 to aid and encourage the preservation, appreciation, and promotion for the future of our rich American heritage in the fields of arts, crafts, drama, literature, and music. Community attention was attracted by open meetings, displays in store windows, newspaper publicity, school programs, band concerts, inviting city officials as chapter guests, demonstrating early crafts, art shows in public libraries, and presenting slide programs. The Evelyn Cole Peters certificates of award were presented by regional divisions. National awards in arts and crafts were presented. The author of the winning poem in the Poetry Contest is a member of the Rockford Chapter, Illinois.

The American Indians Committee, authorized as a subcommittee in 1941, was formed to provide assistance in the education of needy American Indians and to alert the members of the National Society and the general public to these and other needs of this neglected minority group. A total of \$65,871.14 was sent to the Treasurer General for Indian work. Of this money, \$32,533.51 went to St. Mary's School for Indian Girls, Springfield, South Dakota; \$26,763.23 to Bacone College, Muskogee, Oklahoma; and \$6,574.40 was put into the American Indians Fund for college scholarships. Twenty-two scholarships were given.

Values of the thrift shop package sent to the two schools totaled \$43,909.27, with \$24,437.03 going to St. Mary's and \$19,472.24 to Bacone. This includes the cost of sending the packages.

Americanism and DAR Manual for Citizenship Committee was established in 1919; its goal the development of better citizenship training for all persons residing in America. This committee promotes knowledge, loyalty, and love of country. It urges that repeating The American's Creed be a part of every opening exercise. Distribution to naturalization classes, youth and adult groups, school libraries, and other individuals include 45,886 copies of the *DAR Manual for Citizenship*. Over 50 years ago, the DAR founded the only Americanization School in Washington, D.C. In 1919 the District of Columbia Board of Education made it a part of the school system.

In recognition of new citizens, the following gifts were made: 893 gifts; 17,421 flags of the U.S.A.; 11,710 welcome cards; 15,583 patriotic leaflets and pamphlets. Teas and receptions and other activities were part of this program.

Sixty-eight Americanism Medals for naturalized citizens and 27 medals of honor for native-born citizens were presented; 112,746 hours were given in community service; essay and poster contests were sponsored; 667 members worked with Americanization classes; and 475 chapters attended or worked with naturalization courts.

The 63d DAR Continental Congress authorized "establishment of a Committee for the Children of the American Revolution." The year 1972-1973 found DAR members learning to "Know C.A.R.—Key to the Future." Forty-four states report active C.A.R. Societies. In addi-

tion, a society is being organized in Mexico City, and already there are societies in Alaska, Hawaii, and France. There are 625 local societies with a membership of 13,879; 22 societies were organized this year. A \$1,000 scholarship was given to a 1973 graduate of Tamasee. The Bicentennial Project of 200 trees planted by each society has continued. Total contributions for Life Promoters and Endowment Fund amount to \$17,400.

The Conservation Committee dates from 1909 by action of the 18th Continental Congress and deals only with our natural resources. The national chairman of that committee designated 1972-1973 "The Year of the Tree," honoring the 100th anniversary of Arbor Day. Each chapter was asked to plant a tree per member; and 478,086 seedlings and larger trees were planted. Alabama received a national award from the National Arbor Day Foundation for the Bicentennial conservation project resulting in the planting of 3,273 trees, 195,948 seedlings and 1,996 shrubs.

DAR Good Citizens Committee stresses the qualities of good citizenship among our senior high school girls. All senior girls in accredited and private high schools are eligible to take part in the program. The contest has been approved by the National Association of Secondary School Principals. The senior girls, with faculty approval, select as the school's Good Citizen the girl who has demonstrated to an outstanding degree the qualities of service, leadership, patriotism, and dependability at home, in school, and in the community. Every high school winner receives the Good Citizenship pin and certificate from the sponsoring chapter. The state winner is awarded a \$100 U.S. savings bond by the National Society and is entered in division competition. The National Good Citizen winner is selected from among the division winners and is judged by three qualified non-DAR judges. She receives a \$1,000 scholarship grant to the college of her choice and an engraved, sterling silver bowl. Totals for the year are as follows: schools participating, 9,450; chapters reporting, 2,450; Good Citizens, 9,430. The state winners are listed in Part II.

*DAR Magazine* is the official publication of the NSDAR and is the primary communication between national headquarters and the individual members. Authorized 20 months after the formation of the Society and published continuously since July 1892, it is perhaps the oldest periodical of its kind in the world. The magazine has undergone four name changes. The first issue was called *The American Monthly Magazine*, a name used until 1913. From then until 1937 it was entitled *Daughters of the American Revolution*. The third name, *The National Historical Magazine*, was used until July 1946 when the current official title *Daughters of the American Revolution Magazine* was adopted.

The first subscription price was \$1.00 a year and individual copies sold for 20 cents. The \$2.00 annual subscription price of 1893 prevailed until 1964, when the National Board raised it to the current \$3.00.

The George Washington Honor Medal, awarded *DAR Magazine* for 1972, was presented to Miss Rose Hall, editor, by Dr. Edward L. R. Elson, trustee, Freedoms Foundation at Valley Forge, on opening night.

April subscriptions numbered 56,350, an increase of 3 percent over last April.

Xerox University Microfilms will reproduce all issues of *DAR Magazine*—back to 1892—in miniature form. They will be available for purchase.

The DAR Magazine Advertising Committee has been the life-line of the magazine since the committee was established in 1950. Advertisements, sponsored space, and subscriptions completely support magazine expenses. Chapters participating in submitting advertisements to the magazine numbered 2,469, leaving 499 not participating. Total revenue from miscellaneous advertising is \$9,055.20. From state-sponsored advertising the revenue received was \$103,667.15, bringing the grand total for the year to \$112,722.35.

The DAR Approved Schools Committee was authorized in 1932 when the former Patriotic Education Committee was divided into three committees: Approved Schools, National Defense, and Americanism. In 1960 the name of this committee was changed to DAR School Committee.

Two schools were established by and are owned by DAR. The first was founded at Tamasee, South Carolina, in 1919 by the South Carolina Daughters and was made a project of the National Society in 1920. It has 155 boarding students and 140 day students attending elementary classes. High school students now attend Tamasee-Salem High School, located at Salem, South Carolina.

Kate Duncan Smith DAR School at Grant, Alabama, was established in 1924. This is a day-school, grades kindergarten through twelfth grade, and it is the only junior-senior high school in the 100-square-mile area it serves. The enrollment average this year is 878.

The Tamasee and Kate Duncan Smith schools are accredited by the Southern Association of Colleges and Secondary Schools.

To qualify to be an "approved school" of the DAR a school or college must be definitely for underprivileged boys and girls who otherwise would not have an opportunity for an education; or for Americanization of foreign-born students or students of foreign parentage.

The following schools are on the approved-school list: The Berry Schools, Inc. (Berry Academy—Berry College), Mount Berry, Ga. 30149 (express, Rome, Ga.); Crossnore School, Inc., Crossnore, N.C. 28616 (freight, Spruce Pine, N.C.); Hillside School, Inc., Marlborough, Mass. 61952; Hindman Settlement School, Inc., Hindman, Ky. 41822 (express, Hazard, Ky.); and Northland College, Ashland, Wis., 54806.

Reports indicate that 4,766 packages weighing 136,507 pounds of salable merchandise were sent to the schools, and shipping charges amounted to \$5,345.84. In addition, 11 truckloads were sent to Crossnore by North Carolina Daughters.

The Helen Pouch Fund of \$22,100 earned by the Junior Membership Committee was allocated to Kate Duncan Smith and Tamasee; the National Society contributed \$5,000 to each of these schools; and \$13,778.59 from invested trust funds was distributed to all schools on the list. Adding these amounts to the contributions from state organizations, a \$10,000 bequest, \$21,148.30 from the Spicer ABC Fund, and \$1,803.70 from the Seimes-Thomas Classroom Building Fund, a total of \$275,719.92 was reached. Kate Duncan Smith received a total of \$72,610.33, Tamasee \$90,282.65, Crossnore \$18,297.83, Berry \$2,041.38, Hindman Settlement \$9,149.52, and Northland \$1,655.75.

During the administration of each President General following the October National Board of Management Meeting a bus tour is sponsored to the DAR Schools. The 1972 tour, held October 13-22, visited Tamasee, Berry Academy, Kate Duncan Smith, and Crossnore, traveling almost 2,000 miles and covering six southern states. The group of 72 Daughters in two chartered buses included the President General, 7 executive officers, 7 vice presidents general, 26 state regents, 2 vice regents, 15 members of the DAR School Committee headed by the national chairman, an honorary vice president general, and the national parliamentarian. There were also many national chairmen and national vice chairmen, the administrative secretary to the President General, and two very capable tour directors (DAR members) who carried out the responsibility entrusted to them with ease, expertise, and enthusiasm. These 72 members came from 38 different states representing all areas of this country.

The National Society annually presents a \$100 U.S. savings bond to the outstanding graduate of each U.S. service academy. The awards, made at ceremonies held between June 5 and August, are listed in Part II.

In February 1967 the NSDAR accepted the invitation of the Secretary of the Army to provide annually an award to "The Army Nurse of the Year" as selected by the Army Medical Service; such award to be presented in honor of Dr. Anita Newcomb McGee, founder of the Army Nurse Corps, 1894. The 1973 recipient is Colonel Drusilla Poole, Army Nurse Corps, Director, Walter Reed Army Institute of Nursing, Walter Reed Army Medical Center.

The DAR Service for Veteran-Patients Committee was authorized in April 1968 and was made a National Committee in April 1972. DAR members are actively serving on 60 Veteran Administration Hospital Boards in the United States. Service rendered for the year is as follows:

88,797½ hours of service by 1,896 members  
 765 parties (valued at \$7,309.53) given by 11,086 members  
 \$6,891.38 given in Canteen Book donations  
 746,584 gifts (valued at \$48,672.66) to patients  
 45,911 gifts (valued at \$22,497.80) to hospitals  
 295 programs given by 654 members and costing \$1,754.95  
 9,591 personal visits totaling 20,833 hours  
 1,709 patriotic days (covering 909 hours and valued at \$668) commemorated  
 172 pounds of postage stamps sent to the wounded as collector items  
 13 Braille flags presented to blind patients  
 566 talks made on behalf of Veteran-Patients work  
 123 news pictures totaling 1,404 column inches  
 737 news stories totaling 3,300 column inches  
 180 television talks totaling 7,342 minutes (valued at \$37,001)  
 123 radio broadcasts totaling 404 minutes (valued at \$1,107)

There are 199 DAR certified representatives serving 93 hospitals. The DAR in 12 states (Florida, Indiana, Iowa, Maryland, Mississippi, Nevada, New Hampshire, North Carolina, Pennsylvania, Rhode Island, South Carolina, Tennessee, and the District of Columbia) have representatives in each of their hospitals recognized by the Veterans Administration as representatives and deputies.

The purpose of The Flag of the United States of America Committee, appointed in 1909, is to encourage a strong patriotic feeling

and respect for the flag. The principal objectives are to keep "The Flag Flying," to protect it continuously under all conditions, insure its correct use and display, and educate children and adults in the authorized rules of The Flag Code (adopted by the Congress of the United States, Public Law 829, 77th Congress, approved December 22, 1942). All chapters of the DAR open their meetings by rendering the Pledge of Allegiance. The following were presented: 1,775 large flags (several with flag poles), 21,587 small flags, 45,000 flag codes, 459 Braille flags, and 144 Braille flag codes. In addition, 1,850 flag code posters were displayed for Constitution Week and American History Month.

Members were urged to own a flag and fly it on designated days. A total of 776 corrections were made when the flag was incorrectly displayed. Instructions were given as to the proper way to destroy a flag when it is no longer a fitting emblem to display.

One chapter presented a garrison-sized flag (800 square feet) to be flown in the Coliseum at the College of William and Mary, Williamsburg, Virginia, with a dedication exercise in December 1972 prior to a basketball game with 7,500 in attendance. Two 50-foot flag staffs, presented to the National Society by the New York State Daughters, were erected on 18th Street in front of Constitution Hall and dedicated at the Congress.

The Genealogical Records Committee was created on June 4, 1913, under the name of Genealogical Research, the name being changed to Genealogical Records Committee in 1932. The function of this committee is to copy, prepare in proper form, and place in the DAR Library information of genealogical value from unpublished sources. A total of 143,207 pages of source records (including microfilm count) was received and cataloged. Duplicate copies were distributed to local and historical society libraries in the various states.

The Grandparent Project was reactivated in February 1972. There are 167 volumes carrying more than 200,000 names; and 4,193 forms and 3,315 index cards were added this year. A cross-index file is being prepared, one by grandparent name and the other by Revolutionary War ancestor.

The Honor Roll Committee was authorized by the National Board of Management in April 1953 and adopted by the 65th Continental Congress. Since 1954, chapters have had an opportunity to be recognized for outstanding, well-rounded efforts in promoting the objectives of NSDAR in all areas of DAR work, and such chapters are annually announced as Honor Roll chapters. Of the 2,961 chapters in the National Society, 2,833 reported and 2,270 received Honor Roll recognition. Recognitions included 12 six-star Gold Chapters, 109 five-star Gold Chapters, 19 four-star Gold Chapters, 23 three-star Gold Chapters, 109 two-star Gold Chapters, 299 one-star Gold Chapters, 763 Gold Chapters, 558 Silver Chapters, and 479 Honorable Mention Chapters.

The primary purpose of the Junior American Citizens Committee, appointed in 1906, is to encourage the teaching of children of all races and creeds from kindergarten through high school the principles of good citizenship and its privileges and responsibilities, loyalty to the United States, respect for its flag, and the history of our great country and its government.

There are 5,260 active JAC clubs and 278,514 members in 41 states and the District of Columbia. The 1972 theme was "America's Cultural Heritage"; and 1,500 entries were submitted for the contest based on the theme. The nine classifications included essays, poems, plays, programs, posters, songs, scrapbooks, special projects, and special education. Six hundred and six awards were made; \$2,682.14 was contributed by chapters for the work of this committee; 1523 Thatcher pins and engraved citations were awarded to JAC members and club directors; and 217 JAC banners were furnished clubs. The committee sent (free on request) to states and chapters 300,730 member pins, 12,095 President pins, 6,753 director pins, 26,322 handbooks, 171,727 contest citation cards, 168,270 JAC motto leaflets, 7,215 information bulletins, 3,883 contest rules, 5,166 registration cards, and 6,141 entry sheets. Through this committee 2,557 Flags of the United States of America were distributed to young people.

The Junior Membership Committee was made a National Committee in 1937. Junior members are DAR members, ages 18 through 35. The goals of this committee are to gain new Junior Members, to build a well-informed Junior membership, to encourage active participation by these young people in all phases of DAR work, and to support the National Junior Membership fund-raising project, the Helen Pouch Memorial Fund. This project provides scholarships, medical aid, and general financial assistance to the two DAR-owned schools, Tamasee and Kate Duncan Smith. Contributions in 1972-1973 to the Helen Pouch Memorial Fund totaled \$26,928.48 and the National Junior Bazaar realized \$2,496.66, making a grand total of \$29,425.14. Currently the Junior Membership Arts and Crafts Center is being established at Tamasee DAR School. The art teacher's salary and art supplies also are being paid through this fund.

The outstanding Junior Member Contest was inaugurated eleven years ago as a way of recognizing and honoring Junior Members who have given outstanding service to the DAR and the community. The national winner certificate for 1973 was awarded to Justine Quinn Lewis (Mrs. James Thomas) of Uvedale Chapter, Hutchinson, Kansas.

The Lineage Research Committee was authorized by the 70th Continental Congress in 1961 in response to many requests received from committee members for genealogical assistance. State chairmen have reported working on 6,951 requests and acquiring 4,136 new members. The staff work resulted in 258 new members, making a total of 4,394 for the 12-month period.

The function of the Membership Committee, which was created in 1932, is to interest prospective members, assist them in obtaining data necessary to complete application papers, and help properly complete the papers before they are sent to the National Society for verification. As of February 1, 1973, the membership was 196,681, a new increase of 2,317 in 2,968 chapters in the United States and overseas. This included 3,739 members-at-large. Of the 9,930 members admitted this year, 2,807 were juniors and 565 were reinstatements.

The Motion Picture Committee, established in 1903 and later dropped, was reinstated in 1966. With "Clean Films and Film Appreciation" as the motto for the year, special emphasis was put on youth work, group discussions, and a friendly working relationship with

theater owners. Best motion picture for all family viewing was "1776," and a Continental Congress award was presented by the national chairman at the Motion Picture Association of America dinner on April 16. "Fiddler On the Roof" and "Walt Disney Productions" tied for second place. This vote was taken from questionnaires sent out.

The National Defense Committee was established in 1926 to be of assistance to members in carrying out the patriotic, historical, and educational purposes of the National Society and, as a by-product of these activities, promote and enlighten public opinion. It is advocated that at least 10 minutes be allocated to the subject of national defense at each chapter meeting. During Continental Congress one evening is usually devoted to a National Defense Committee program. Each state regent may invite Congressional Representatives of her state to attend.

Good Citizenship medals are awarded to boys and girls in elementary, junior and senior high schools—public, private, or parochial—who fulfill the qualities of honor, service, courage, leadership, and patriotism. This year 4,651 medals were presented.

The ROTC Medal and Campaign Bars are awarded as a means of recognizing and rewarding student cadets of outstanding ability and achievement in secondary school, junior college, college, or university ROTC programs—Army, Naval, and Air Force. The Marine Corps program is in secondary schools only. ROTC medals presented: Gold, 375; Bronze, 420. Dollars for Defense is a contribution used to supply educational material to students and others not able to pay for National Defense material. Contributions to this fund were \$6,246.86.

The Honor Certificate Award from Freedoms Foundation at Valley Forge was presented by Dr. Edward L. R. Elson to Enid Hall Griswold (Mrs. Frederick Griswold) for her article "The Search for Peace." This article was published in the March issue of *DAR Magazine*.

Since 1908 the National Society has maintained a library of program material for the purpose of assisting chapters in promoting historical, educational, and patriotic objectives of the National Society. A total of 3,737 programs were provided this year, as follows: 702 colored slide programs, 2,506 manuscripts, 5 bookings of the David Suskind film, 2 bookings of "First Tuesday," and 522 Bicentennial programs. The most popular slide programs were "What Do the Daughters Do," "American History as Recorded in Quilt Patterns," "Monticello," "Cradle of Liberty," "Dresses of the First Ladies," and "Grandmother's Attic."

Judged for recognition were 570 yearbooks; of these, 153 received the outstanding tricolor ribbon award, 200 the national blue ribbon award (denoting a fine book, but with one major and/or one or more minor errors), and 105 the "mini" tricolor ribbon award with the imprinted gold star for supplements or inserts. This year 75 new scripts were added to the DAR Program catalog.

The President General's theme "Wait on the Lord: Be of Good Courage . . ." (Psalms 27:14) was used as a full program by 56 percent of the chapters, while many chapters used some portion of the theme for each month's program.

The purpose of the Public Relations Committee, established in 1905, is to tell the DAR story of patriotic, historical, and educational accomplishments to the public. The foresightedness of the DAR in patriotic education, Appalachian education, aid to American Indians, the *DAR Manual for Citizenship* and work with aliens has been stressed. "A Gift to the Nation," the President General's Bicentennial Project, has generated excellent publicity; state and local projects have produced good public relations; and Junior Membership has been emphasized to educate the public to the role these young ladies play in fostering the work of the Society.

Press Pool judges were instructed to look for the Press Pool which had the greatest percentage of photographs that included junior members.

A concentrated effort is being made to obtain more television time for DAR. There was a 25 percent gain for a total of 531 hours and 15 minutes.

The Congress Herald format has been changed so that important articles appear each day which can be used for future reference.

The Student Loan and Scholarship Committee, created in 1923, provides ways and means for education of worthy and ambitious students in training for medical, nursing, commercial courses or colleges. During the year, 289 requests for scholarships were received. The National Society awards the following scholarships: The NSDAR American History Scholarship in the amount of \$8,000 to be awarded over a period of four years, \$2,000 per year to a graduating high school senior; medical scholarships, including physical therapy, granted to worthy students entering the field of medicine; the Caroline E. Holt Educational Fund, established to provide nursing training for eligible applicants; and occupational therapy scholarships for students entering that field.

The 1972-1973 report of the Student Loan and Scholarship Committee is as follows:

#### CONTRIBUTIONS

To Occupational Therapy Fund.....	\$5, 146. 70
To American History Scholarship Fund.....	8, 230. 95
Total.....	<u>13, 377. 65</u>

#### SCHOLARSHIPS, FELLOWSHIPS, AND LOANS GRANTED

By the National Society:	
Medical scholarships (7).....	900. 00
Nursing scholarship (7).....	1, 000. 00
Occupational therapy scholarships (6).....	1, 300. 00
American history scholarships (2).....	4, 000. 00
American history fellowship (1).....	2, 000. 00
Subtotal.....	<u>9, 200. 00</u>
By the State Societies:	
Scholarships (102).....	21, 656. 54
Student loans (216).....	22, 354. 40
Subtotal.....	<u>44, 010. 94</u>
Total.....	<u>\$53, 210. 94</u>

Funds from the McCleary Scholarship, established under the bequest received last year during Continental Congress, have not been made available as yet. This scholarship fund is administered by the recipient, the Mary Ball Chapter of Tacoma, Washington.

The Transportation Committee was created in 1913 to promote, primarily, two programs: Transportation and Traffic Safety.

All Special Committees are appointed by the President General to meet current special needs and circumstances.

American History Month, sponsored every February by the DAR, encourages all Americans to learn how men and women of courage, faith, and dedication carved from the wilderness a great nation and to help them understand and appreciate the great American heritage.

The theme of the American History Month Essay Contest for 1972-1973 was "A Patriot of 1773." Out of 54,000 contestants from 749 schools, four were chosen as National winners and each was awarded a \$100 U.S. savings bond. Twenty-eight divisional winners were chosen and received gold medals. Chapters had 11,166 spot announcements on radio and 3,481 on television. State Societies and the Mexico chapter ordered for distribution 8,363 certificates of award, 22,160 certificates of appreciation, 25,296 American History Month stickers, 4,882 bronze medals, and 1,019 silver medals.

This committee, through its state chairmen, has successfully petitioned the governors of most states to issue an American History Month Proclamation.

A Special Committee to be called the Bylaws Committee was authorized in 1971.

The Finance Committee and the Executive Committee made a study and analysis of the basic costs and needs of the National Society which have resulted from expenditures exceeding income in amounts increasing annually since 1967. It was determined that a substantial increase in dues was imperative—the only solution for sound financial status. An increase in national dues of chapter members from \$3 to \$7 and of members-at-large from \$7 to \$12 was deemed necessary.

A forum was held on Tuesday, April 17, for the delegates to discuss pro and con the proposed Amendments to the Bylaws. On Wednesday, April 18, the following amendments were made and passed:

1. The annual National dues of a member of a chapter shall be seven dollars, which shall be sent by the chapter treasurer to the Treasurer General before the first day of January. (Article XI, Section 3.)
2. The annual dues of a member-at-large shall be twelve dollars, payable to the Treasurer General on or before the first day of January. (Article XI, Section 4.)
3. The motion was lost to amend Article VIII, Section 5 and Article XIII, Section 10 to provide for preregistration, as also was the motion to amend Article VI, Sections 1, 2 and 3, regarding voting by mail.

Resolutions become the policies of NSDAR when favorable action is taken by Continental Congress. Resolutions are nonpartisan and nonpolitical and must adhere to the objectives of the Society: historical, educational, patriotic. Not more than 14 resolutions, excluding the Courtesy Resolutions and reaffirmations, may be recommended to the Continental Congress. Resolutions adopted at this Continental Congress are listed in the appendixes.

Constitution Week recalls for the American peoples the true significance of the events that occurred during the week of September

17-23, 1787. Originally a project of the DAR, a resolution to make it a national observance resulted in the passage of Public Law No. 915 by the United States Congress and signed into law August 2, 1956. The "At Home" flying of the flag each day during Constitution Week has brought pride in displaying our emblem. The DAR presented 72 flags to schools and Scout troops during Constitution Week and distributed 256,959 pieces of literature. Proclamations were issued by 47 governors and 2,369 mayors. Other observances included radio, television, and newspaper publicity, programs, displays, and parades.

The Membership Commission, authorized in 1965, has assumed responsibility to direct and coordinate a general program for increasing membership. The Commission is comprised of a chairman, the Registrar General, the Organizing Secretary General, and the National Chairmen of Genealogical Records, Lineage Research, Membership, and Seimes Microfilm Center.

The DAR Patriot Index Committee, authorized by the Executive Committee in January 1966, published the *DAR Patriot Index* in 1967 with over 105,000 names of patriots of the American Revolution. The first supplement came off the press in 1969 with 1,220 newly identified patriot ancestors; and the second supplement, in 1972, added 3,390 newly identified patriots. Of these, 491 copies of the *DAR Patriot Index* and 764 copies of the first supplement were sold. The second supplement is available for \$1.50 per copy. The chairman presented the President General with a check for \$5,000 to be placed in the fund of her choice.

A DAR Speakers Staff Committee was authorized in 1966 to bring the objectives, policies, and current events of DAR to the members and public in general and to act as a liaison between the National Society and chapters by stimulating greater understanding of the inner workings of the Society. Members spoke at 53 state conferences, 419 chapter meetings, 27 district meetings, and 42 C.A.R. meetings.

The Seimes Microfilm Center was established in October 1970. The cataloging has been completed of microfilm on hand, and individual lists to be sent to each state have been compiled.

Certificates of acknowledgment have been designed, approved, and printed to send to donors of \$25 or more, according to the designated type of contribution. A plaque for donors of \$100 or more has been placed in the Center. Fifty-five rolls of microfilm have been sent in by ten states. A total of \$7,659.78 has been contributed.

The U.S. Bicentennial Committee was created in 1967 for the purpose of observing the celebration of the 200th anniversary of the United States of America. The Bicentennial guidebook "Focus" is now in its fourth printing. "A' for America," the official Bicentennial song, is played by all U.S. service bands and is now in its third printing. It is also available in choral arrangement. The record "History of the American Revolution" by Dallas Corey is endorsed by the NSDAR for sale during this period. A 36-medal series by The Franklin Mint titled "Heroines of the American Revolution" is to be introduced later this year. Bicentennial materials such as embossed certificates, decals, glossy logos, and place cards are in steady demand. The first "Bicentennial Progress Report" is ready for distribution. A collection of slides showing major state projects was exhibited at Continental Congress.

Guests attending Continental Congress included Mrs. Rolande Schrade, composer of "A for America"; Frederick Haviland, manufacturer of the commemorative bonbon dish; and William T. Louth, president of Medallie Art Company, who presented mounted galvano medal designs by Donald DeLue, sculptor to the National Society. Over \$55,000 has been realized from sales of these articles.

An autographed bonbon dish was presented to Mrs. Richard M. Nixon, the First Lady.

The responsibility of the President General's Project Committee is the raising of money to furnish the Governor's Chamber and the Committee of the Assembly's Chamber on the second floor of Independence Hall in Philadelphia as a "Gift to the Nation" for the Bicentennial from the DAR.

On July 4, 1972, at the annual celebration of Independence Day at Independence Square, the President General cut the ribbon to officially open the second floor of Independence Hall to the public.

The slides of the two rooms and conjectural views, accompanied by script prepared by the Park Service Museum staff, are available for programs for a nominal fee.

The first state to complete the payment of \$1 per member for the project was Pennsylvania. This state has contributed \$12,904 in cash and antiques valued at \$7,300. Many states have already reached the goal; and the others have pledged to complete their goals by March 1974. To date, \$170,353.15 has been contributed. The names of all states contributing \$1 per member will be placed on a bronze plaque in the Administration Building. States, chapters, and individual donors will be honored by their names being inscribed in a book to be displayed at Independence Hall.

Major General Daniel James, Jr., USAF, Deputy Assistant Secretary of Defense for Public Affairs, the speaker for the opening session of the 82nd Continental Congress and also a member of the Bicentennial Commission, made a presentation to the National Society. The certificate reads: "Certificate of appreciation presented to the National Society Daughters of the American Revolution for their Bicentennial Program, Gift to the Nation." A special certificate signed by Mr. David J. Mahoney, the Chairman of the American Revolution Bicentennial, and Mr. Hugh A. Hall, the Director of the American Revolution Bicentennial Commission, was presented to the President General. This certificate reads: "Mrs. Donald Spicer, President General, National Society Daughters of the American Revolution for dedicated leadership in furthering our Nation's Bicentennial Commemoration."

The NSDAR has achieved much this year through promoting historical, educational, and patriotic work. It has lived up to the citation for the George Washington Honor Medal received for the publication of *DAR Magazine* in 1972, which reads: "Pride in America, concern for the preservation of a free America, activities in individual Chapters featured in issues reminded members of the high cost of freedom and the need for civic pride and action to counter indifference and apathy to American ideals, traditions and institutions."

Mary S. Lockwood, one of the founders, pledged that as long as the National Charter is held by the Society of the Daughters of the American Revolution, annually the Society will comply with its requirements

and send a report to the Smithsonian. What wisdom and foresight this early daughter had. Her philosophy then is inherent in all the Daughters today. The following is an excerpt from the report she presented to the National Board of Management on October 15, 1905, in regard to her report to the Smithsonian Institution:

When this society has marked all its historic spots, has erected monuments to the heroines and heroes of the Revolution, marked the graves of the heroic dead, its work will have just begun. The services of good women in the time of peace is far more important to a nation than in time of war. Since the days of the Revolution, nine-tenths of our history has been made in time of peace. It is not the enemy who bears arms that can work the greatest injury, but it is the corrupt citizen, the shirker of responsibility, the apathetic, well-to-do citizen, who refuses to be actively patriotic. More's the pity that there is not a standard of citizenship that measures everybody by their works and patriotic deeds, and allows them an enrollment in citizenship according to the sheaves gathered.

As long as there is a country over which floats the American flag, and that country has an incoming foreign population, that knows nothing of our laws or institutions; so long as there are young descendants of heroic ancestors, who are to be the coming citizens of this republic, who must be taught the groundwork of citizenship—there will be work for this society.

The government has a strong ally in the Society of the Daughters of the American Revolution. Lest some might forget the admonition of Pericles over the heroic dead who had fallen in defense of Greece, let us repeat: "No wreath is given, no monument raised by a nation, to the memory of its illustrious dead but it blossoms with good for the living through all future time,—virtue is encouraged, patriotism kindled, and all that is noble in our nature is inspired to action by this homage to the greatness and goodness of our race. Through admonition of what is heroic, men rise to higher levels.

The mothers of this republic were the helpmates of heroes. The Daughters, by divine right, hold the same position; and woe to any government which has not the helping hand of its women and which does not extend to them the right hand of fellowship. (From *American Monthly Magazine*, December 1905, pages 869-870.)

## PART II

### DAR AWARDS AND PRESENTATIONS

#### NATIONAL DAR GOOD CITIZEN, 1973

Miss Helen Louise Hatlelid, Ponca City, Oklahoma. Award: \$1,000 scholarship and sterling silver Paul Revere bowl engraved "National DAR Good Citizen, 1973."

#### STATE DAR GOOD CITIZENS, 1973

<i>State</i>	<i>Name of Good Citizen</i>	<i>City</i>	<i>No. Schools</i>
Alabama	Olivia Wells	Dothan	278
Alaska	Jane Swetham	Anchorage	8
Arizona	Leslie Capan	Nogales	92
Arkansas	Katherine Bullard	Little Rock	93
California	Michele Gendreau	Palos Verdes	603
Colorado	Tessa Decker	Mancos	183
Connecticut	Beverly Bogert	Plainfield	150
Delaware	Deborah Schmidt	Dover	20
District of Columbia	Sharon Hilgartner	Oakton, Virginia	1
Florida	Rebecca Brown	Seminole	120
*Georgia	Elizabeth Moses	Uvalda	188
Hawaii	(no winner)	—	24
Idaho	Monica Gutierrez	Post Falls	50
Illinois	Barbara Landes	Morton	676
†Indiana	Ann Miller	Seymour	415
Iowa	Teri Zehentner	Dubuque	149
Kansas	Cathy Cray	Atchison	170
Kentucky	Barbara Wilcox	Maysville	180
Louisiana	Kip King	Shreveport	155
Maine	Mary Hobbins	Saco	99
Maryland	Robin Stiffer	Fallston	55
Massachusetts	Regina Marie Pisa	Somerville	246
Michigan	Mary Alice LeDuc	Dearborn	497
Minnesota	Marlene Bjerken	Ortonville	140
Mississippi	Shirley Reddoch	Vicksburg	99
Missouri	Marilyn Carlson	Cleveland	208
Montana	Katherine Rumely	Bozeman	78
Nebraska	Judith Koperski	Omaha	61
Nevada	Julia Russell	Las Vegas	24

West Virginia	(no winner)	—	97
Wisconsin	Laurie Williams	Menomonee Falls	409
Wyoming	Sandra Sanchez	Cheyenne	14

\* Second honorable mention.

† First honorable mention.

‡ Second honorable mention.

NATIONAL WINNERS IN AMERICAN HISTORY  
MONTH ESSAY CONTEST, 1973

- SUBJECT: "A Patriot of 1773."  
AWARD: \$100 U.S. savings bond and engraved gold History Medal.
- Grade 5: Angela Hansen, 307 McKinley Avenue, Kewanee, Illinois 61443.  
Grade 6: Linda Bond, 178 Fair Oaks Park, Needham, Massachusetts 02192.  
Grade 7: Helene Wittreich, 1321 Boulevard, Westfield, New Jersey 07090.  
Grade 8: Jennifer Paxton, 709 Meadow Lark Lane, Berrien Springs, Michigan 49103.

NSDAR AMERICAN HISTORY SCHOLARSHIP  
WINNER, 1973

Mr. Raymond Scott Eresman, sponsored by Faith Trumbull Chapter, Norwich, Connecticut; \$2,000 per year for four years. Mr. Eresman was accepted at the United States Air Force Academy. The scholarship recipient in his place is the second place finalist, Gloria Lynne Erickson, sponsored by Mojave Chapter, Fullerton, California.

NATIONAL WINNER, OUTSTANDING JUNIOR MEMBER  
CONTEST, 1973

Justine Quinn Lewis (Mrs. James Thomas) of Hutchinson, Kansas, member of Uvedale Chapter.

OUTSTANDING JUNIOR MEMBERS IN THE UNITED  
STATES

- New York and Northeastern Division winner: Ann Meriwether Smothers Gill (Mrs. Thomas D.).  
Maryland and Eastern Division winner: Ann Rebecca Schreiner Herbert (Mrs. David C.).  
Alabama and Southeastern Division winner: Claire Howse Brame Jackson (Mrs. Floyd E.).  
Indiana and East-Central Division winner: Sandra Lee Watts Richter (Mrs. Frederick).  
Illinois and North-Central Division winner: Phyllis Elaine Bush Whitmore (Mrs. James W.).  
Kansas and South-Central Division winner: Justine Quinn Colglazier Lewis (Mrs. James T.).  
California and Western Division winner: Mary Jeanne Kaump Ertel (Mrs. Herbert H.).

AWARDS PRESENTED TO STUDENTS AT U.S. SERVICE  
ACADEMIES

- U.S. Naval Academy. Midshipman 1st Class Jeffrey Lee Boroff: Highest achievement in Naval Operations courses.  
U.S. Military Academy. Cadet Gerry W. Mitchell: Highest rating in Mechanics of Fluids.

- U.S. Coast Guard Academy. Cadet Laird H. Hall: Highest proficiency in Seamanship.
- U.S. Air Force Academy. Cadet Richard M. Mayward: Outstanding cadet in Aerodynamics.
- Officer Candidate School of U.S. Coast Guard. Ensign Bruce I. Merchant: Highest average in Theoretical and Practical Seamanship. Ensign Robert B. Hurwitt: Highest academic achievement in Seamanship.
- U.S. Merchant Marine Academy. Midshipman Preston F. Shelton: Highest proficiency in Naval Science and Tactics.
- U.S. Marine Corps. Candidate B. P. Babin and Candidate Paul W. O'Toole, Jr.: top winners in the Platoon Leaders Class.

### SPECIAL AWARDS

- DAR Special Award: to National Geographic Society on its 85th anniversary in recognition of and appreciation for the outstanding contributions it has rendered through the pages of its publications and its lectures.
- Dr. Anita Newcomb McGee Award: to Colonel Drusilla Poole, Army Nurse Corps. (Dr. McGee, DAR Surgeon General, organized Army Nurse Corps during the Spanish-American War.)
- Augustin G. Rudd Award: to Tamassee DAR School, South Carolina. (The Augustin G. Rudd Award is a sum of money given to the National Society, the interest on which is to be used for an annual prize either to individuals or groups who foster the principles of Americanism in which Mr. Rudd believed.)
- The National Society of the Daughters of the American Revolution Memorial Continental Hall designated a registered National Historic Landmark by the National Park Service of the Department of Interior because the site possesses National significance in commemorating the history of the United States of America.

in gratitude; Daniel W. Gray, Esq., Academy, S. U. Medal of Achievement.

PART III

GRAVES OF SOLDIERS OF THE AMERICAN REVOLUTION  
LOCATED FROM MARCH 1, 1972, TO MARCH 1, 1973

The gathering of data on unmarked Revolutionary soldiers' graves commands special attention, as it constitutes a continuing task entrusted to the DAR long ago. It is done specifically for the U.S. Government, no federal bureau, department, or other agency having this responsibility. (Wars other than the American Revolution are covered through government for this service.)

Locating and marking Revolutionary graves by DAR was started in 1897-1898. During the first year 32 graves were reported; in the interim the number has run to 8,000 in one year. New ones recorded now usually average more than 200 per year. Location of graves is not confined, as might be supposed, to the east coast and the 13 Original Colony States. A number have been verified west of the Mississippi, even into Canada. The number of states represented yearly now ranges between 20 and 30.

Between March 1, 1972, and March 1, 1973, the DAR located 338 graves of soldiers of the American Revolution in 24 states. Data on those graves are provided in the following tabulation:

(33)

*Graves of soldiers of the American Revolution located between March 1, 1772, and March 1, 1793*

ALABAMA

Name of soldier	Birth	Death	Buried	Service and additional facts

## REPORT OF THE NATIONAL SOCIETY, CHILDREN OF THE AMERICAN REVOLUTION, 1972-1973

Philip Field Horne of New York was elected president to head the new national officers as the 77th Annual C.A.R. National Convention was held in April 1972 at the Sheraton-Park Hotel in Washington, D.C. Mrs. Roy D. Allan of Ohio was selected to head the new Senior National Board elected at the pre-convention Senior National Board Meeting.

The theme of the convention was "Government of the People—Strive to Keep It Great." Convention highlights included the presentation of George Washington Honor Medals from the Freedoms Foundation to Brigadier General Daniel James, USAF, for the keynote address at the 76th convention and to Mrs. Jack Johnson, editor of the C.A.R. magazine. A similar medal was also presented to the National Society recognizing that publication.

The convention's keynote speaker was Mrs. William Henry Sullivan, Jr., honorary president general of the DAR, whose inspiring address emphasized youth roles in a changing society.

The new president chose as his theme for the year "Know Your America: The Key to Your Future." The C.A.R. National Board selected scholarships to Tamassee and St. Mary's schools as the C.A.R. national project. These scholarships were to be financed from national dues.

The four issues of the C.A.R. magazine kept members informed on local, state, regional, and national levels. Articles for the publication were written by members and encouraged interest in historical writing and research. Of particular interest this year was the inclusion of a new page, "On the Local Level," that carried reports on interesting activities of the local societies.

Ecology seemed to be a popular subject with many of the societies during the year. A large number of the groups reported that they had already achieved the goal of planting 200 trees by 1976. This was a special project of the National Bicentennial Committee. Some societies also reported that recycling activities and antilitter campaigns had been carried out vigorously.

In July, both national presidents and the executive secretary attended the reorganization meeting of the El Camino Real Society in Mexico.

The two presidents and many members were kept busy during the summer months attending the regional meetings across the country. A reorganization of the regions had been made and the number of regions reduced from ten to nine. A number of name changes also were made. Members conducted the interesting and informative sessions held during these meetings. Many interesting tours of historical places were taken. Social activities aided the members in better knowing other members of their regions. The Summer National Board Meeting was held at South Bend, Indiana, in July. Nine

national officers, six regional vice presidents, eight state presidents, and three national chairmen were in attendance.

The National Society was represented at the Sons of American Revolution National Congress in Indianapolis, Indiana, and at Yorktown Day, held in Virginia on October 19.

Patriotic Education Week, October 12 to October 19, was observed by societies nationwide by special programs, parades, bell-ringing, wreath-laying, pilgrimages, proclamations, exhibits, and seminars. However, emphasis also was placed on continuing activities and programs on patriotic education with all national and patriotic holidays being observed, particularly on the local level.

Reports from societies showed much activity taking place under all the committee programs. Special emphasis was placed during the year in knowing America by learning about one's own area in such fields as American Indians, music, literature and conservation needs and problems. A strong membership drive flourished, and the Endowment Fund and Museum Renovation Committees reported much activity. The number of contest entries both at the state and local levels indicated much interest and participation across the country.

JEAN M. WALSH,  
*Senior National Historian.*

## APPENDIXES

### CERTIFICATE OF INCORPORATION

During the first five years after organization, The National Society, Daughters of the American Revolution, operated under a Certificate of Incorporation dated June 8, 1891. This certificate was for a term limited to twenty years.

The objects were as stated in the Act of Incorporation, December 2, 1895.

### ACT OF INCORPORATION

[H.R. 3553. Fifty-fourth Congress of the United States of America; at the first session begun and held at the city of Washington on the 2d day of December 1895]

[Public No. 19]

AN ACT To incorporate the National Society of the Daughters of the American Revolution

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That* Mary Parke Foster (Mrs. John W. Foster), of Indiana; Mary Virginia Ellett Cabell (Mrs. William D. Cabell), of Virginia; Helen Mason Boynton (Mrs. Henry V. Boynton), of Ohio; Henrietta Greely (Mrs. A. W. Greely), of Washington, D.C.; Lellie Dent Saint Clair (Mrs. F. O. Saint Clair), of Maryland; Regina M. Knott (Mrs. A. Leo Knott), of Maryland; Sara Agnes Rice Pryor (Mrs. Roger A. Pryor), of New York; Sara Ford Judd Goode (Mrs. G. Brown Goode), of Washington, D.C.; Mary Desha, of Kentucky; Sue Virginia Field (Mrs. Stephen J. Field), of California; Sallie Kennedy Alexander (Mrs. Thomas Alexander), of Washington, D.C.; Rosa Wright Smith, of Washington, D.C.; Sara C. J. Hagan (Mrs. Hugh Hagan), of Georgia; Mary Stiner Putnam (Mrs. John Risley Putnam), of New York; Mary Leighton Shields (Mrs. George H. Shields), of Missouri; Ellen Hardin Walworth, of New York; Mary E. Macdonald (Mrs. Marshall Macdonald), of Virginia; Eugenia Washington, of Virginia; Alice M. Clarke (Mrs. A. Howard Clarke), of Massachusetts; Clara Barton, of Washington, D.C.; Mary S. Lockwood, of Washington, D.C.; Frances B. Hamlin (Mrs. Teunis S. Hamlin), of Washington, D.C.; Martha C.B. Clarke (Mrs. Arthur E. Clarke), of New Hampshire; Lucie E. Blount (Mrs. Henry Blount), of Indiana; Jane A. O. Keim (Mrs. de B. Randolph Keim), of Connecticut; Louise Ward McAllister, of New York; Effie Ream Osborn (Mrs. Frank Stuart Osborn), of Illinois; Maria Devereux, of Washington, D.C.; Belinda O. Wilbour (Mrs. Joshua Wilbour), of Rhode Island; Georgiana E. Shippen (Mrs. W. W. Shippen), of New Jersey; Julia K. Hogg (Mrs. N. B. Hogg), of Pennsylvania; Katherine C. Breckinridge (Mrs. Clifton R. Breckinridge), of Arkansas; Sara Isabella Hubbard (Mrs. Adolphus S. Hubbard), of California; Mary L. D. Putnam (Mrs. Charles E. Putnam), of Iowa; Delia Clayborne Buckner (Mrs. Simon B. Buckner), of Kentucky; Emily Marshall Eliot (Mrs. Samuel Eliot), of Massachusetts; Lucy Grey Henry (Mrs. William Wirt Henry), of Virginia; Elizabeth Blair Lee, of Maryland; Mrs. Frances P. Burrows (Mrs. Julius C. Burrows), Mrs. Mary L. McMillan (Mrs. James McMillan), Mrs. Emma Gregory T. Hull (Mrs. J. A. T. Hull), Mrs. Mary B. K. Washington (Mrs. Joseph Washington), and their associates and successors, are hereby created a body corporate and politic, in the District of Columbia, by the name of the National Society of the Daughters of the American Revolution, for patriotic, historical, and educational purposes; to perpetuate the memory and spirit of the men and women who achieved American independence; by the acquisition and protection of historical spots and the erection of monuments; by the encouragement of historical research in relation to the Revolution and the publication of its results; by the preservation of documents and relics, and of the records of the individual services of Revolutionary soldiers and patriots, and by the promotion of celebrations of all patriotic anniversaries; to carry out the injunction of Washington in his Farewell Address to the American People, "to promote, as an object of primary importance, institutions for the general diffusion of knowledge," thus developing an enlightened

public opinion and affording to young and old such advantages as shall develop in them the largest capacity for performing the duties of American citizens; to cherish, maintain and extend the institutions of American freedom; to foster true patriotism and love of country; and to aid in securing for mankind all the blessings of liberty.

SEC. 2. That said Society is authorized to hold real and personal estate in the United States, so far only as may be necessary to its lawful ends, to an amount not exceeding \$50,000, and may adopt a constitution and make bylaws not inconsistent with law, and may adopt a seal.

Said Society shall have its headquarters or principal office at Washington, in the District of Columbia.

SEC. 3. That said Society shall report annually to the Secretary of the Smithsonian Institution concerning its proceedings, and said Secretary shall communicate to Congress such portions thereof as he may deem of national interest and importance. The regents of the Smithsonian Institution are authorized to permit said National Society to deposit its collections, manuscripts, books, pamphlets and other material for history in the Smithsonian Institution or in the National Museum, at their discretion, upon such conditions and under such rules as they shall prescribe.

GROVER CLEVELAND.

Approved February 20, 1896.

THOMAS B. REED,  
*Speaker of the House of Representatives.*

A. E. STEVENSON,  
*Vice President of the United States and President of the Senate.*

---

DEPARTMENT OF STATE

I certify that the above is a true copy of an Act of Congress, the original of which is on file in this Department.

In testimony whereof, I, Richard Olney, Secretary of State of the United States have hereunto subscribed my name and caused the seal of the Department of State to be affixed.

Done at the city of Washington this 5th day of May, A.D. 1896, and of the independence of the United States of America the one hundred and twentieth.

[SEAL]

RICHARD OLNEY.

<sup>1</sup> The current fund balance at Feb. 28, 1973, included \$591,772.55 received for 1973 dues which were not available for use in operations until Mar. 1, 1973. In addition, approximately \$42,279.00 in dues and fees had been received from applicants and will not be available for operations until the applicants are admitted to membership.

<sup>2</sup> The total of the current fund and the unrestricted special funds represent those funds which are readily available for Society use. Other special funds listed on the following page are derived from bequests, gifts, etc., and are restricted as to use to school contributions, scholarships, books for library, museum purchases, and other special purposes. These restricted special funds are merely held as an accommodation.

## PENSION TRUST FUND

As Trustees of the Pension Trust Fund of the National Society of the Daughters of the American Revolution, we herewith submit the accompanying statement of cash receipts and disbursements for the year ended February 28, 1973.

ELEANOR W. SPICER,  
*President General, NSDAR.*  
RUTH W. D. ZIESMER,  
*Treasurer General, NSDAR.*  
*Trustees.*

### TRUSTEES, NATIONAL SOCIETY OF THE DAUGHTERS OF THE AMERICAN REVOLUTION PENSION TRUST FUND

#### Statement of Cash Receipts and Disbursements

Year Ended February 28, 1973

Receipts:		
Contributions from the National Society of the Daughters of the American Revolution	3,960.54	
Employee contributions	5,915.63	
Total receipts	9,876.17	
Disbursements:		
Insurance premium	17,510.00	
	(7,633.83)	
Balance March 1, 1972	13,764.07	
Total balance, February 28, 1973	6,130.24	
Balance consists of:		
Cash—The Riggs National Bank:		
Trustees Account	2,833.34	
State Mutual Assurance Company Account	3,296.40	6,130.24

National Society of the Daughters of the American Revolution, Washington D.C.

We have examined the financial statements of the National Society of the Daughters of the American Revolution listed below:

Statements of current and special funds for the year ended February 28, 1973 (Pages 2 to 5).

Supporting statements of current and special fund cash receipts and disbursements and supporting schedules for the year ended February 28, 1973 (Pages 6 to 31)

Schedule of investments as of February 28, 1973 (Pages 32 and 33)

Statement of cash receipts and disbursements of the Trustees, National Society of the Daughters of the American Revolution Pension Trust Fund for the year ended February 28, 1973 (Page 34)

Our examination was made in accordance with generally accepted auditing standards, and accordingly included confirmations from depositories and custodians of cash and investments held at February 28, 1973, and such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The financial statements have been prepared generally on the cash receipts and disbursements basis and therefore do not purport to represent the results of operations as they would appear had generally accepted accrual basis accounting principles been applied. Cash receipts and disbursements do not include dispositions and acquisitions of securities respectively except for gains or losses thereon. Cash receipts in the special funds include securities received by bequest during the year.

In our opinion, the aforementioned statements and supporting schedules present fairly the cash balances and investments at February 28, 1973 and the information set forth therein for the year then ended on the basis indicated which is consistent with that of the preceding year.

## RESOLUTIONS

### Adopted by the Eighty-Second Continental

#### Congress

#### National Society

#### Daughters of the American Revolution

April 16-19, 1973

### APPRECIATION TO THE PRESIDENT OF THE UNITED STATES OF AMERICA

RESOLVED, That appreciation be expressed by the National Society, Daughters of the American Revolution to the President of the United States of America, Richard Milhous Nixon, for his message to the 82d Continental Congress.

### TRIBUTE TO THE RETURNED PRISONERS OF WAR

Whereas the hardships endured by the returned Prisoners of War remind us of our God-given blessings, which are too often taken for granted; and  
Whereas the Nation is indebted to these brave Americans for the revelation that it was their faith in God, in Country, and in family which sustained them during their most difficult, dark and painful hours;  
Whereas their suffering will not have been in vain if the example of their words and deeds inspires in Americans a resurgence of a once-fervid patriotism;  
RESOLVED, That the National Society, Daughters of the American Revolution express its unlimited pride and gratitude for the incredible bravery and endurance of these men who embody the religious and patriotic convictions that have served and preserved us since the birth of the Republic.

### REDEDICATION

Whereas the members of the National Society believe that the Declaration of Independence was based upon the concept of a Supreme Power; and  
Whereas we believe that the Constitution of the United States of America and the first Ten Amendments (The Bill of Rights) further developed this concept into a form of government which has given its citizens a way of life far beyond the most exalted hopes of its founders; and  
Whereas as members we have pledged ourselves to keep this spiritual heritage alive for future generations and to express unashamedly our love for our Country, One Nation Under God;  
RESOLVED, That the National Society, Daughters of the American Revolution dedicate itself anew to strengthen the fundamental principles expressed in the Constitution of the United States and to rekindle in the hearts and minds of its people a firm determination to preserve this priceless spiritual heritage of freedom and to carry forward the original Spirit of America; and to speak out for America, surrendering to no foe the Sacred Trust committed to our hands—a trust we are honor bound to pass on unimpaired to future generations.

### NO AID TO NORTH VIETNAM

Whereas current proposals for post-war reconstruction aid to North Vietnam have raised grave moral and political questions for members of Congress and for the people of the United States of America; and

Whereas this massive program which envisions a minimum of \$2.5 billion for North Vietnam over a five-year period is contrary to any previous action by the United States of America since aid to former enemies has been given only after all conflict has ended and to governments which supported freedom for their people;

RESOLVED, That the National Society, Daughters of the American Revolution oppose any United States aid to North Vietnam.

 Resolutions from Ohio, Texas, and Washington State Societies.

**THE EQUAL RIGHTS AMENDMENT AND  
 THE CITIZENS' ADVISORY COUNCIL ON THE STATUS OF WOMEN**

Whereas there has been unjust discrimination against women in employment, therefore there has been Presidential and Congressional action to abolish this discrimination through Executive Order 11246, the Civil Rights Act of 1964, and the Fair Labor Standards Act, all recently amended, and any remaining state laws discriminating against women can be remedied easily by state legislation; and

Whereas state laws now guaranteeing special rights, privileges and protections applicable only to women would be placed in constitutional doubt under the Equal Rights Amendment upon the basis that such protection is not afforded to men; and

Whereas presently all laws affecting domestic relations are within the jurisdiction of the state courts; under the Equal Rights Amendment those laws found to be constitutionally objectionable could ultimately be decided by the Supreme Court, with no recourse available to the state legislatures; and

Whereas the majority of women is opposed to the Equal Rights Amendment, but a vocal minority assisted by certain state and federal commissions on the status of women is actively working for its ratification (with office space, personnel and mailing privileges for pro-ERA material furnished at taxpayers' expense) and is influencing state legislatures on a matter which should be left to the states; and

Whereas the Citizens' Advisory Council on the Status of Women, created by Executive Order 11126, is credited by the proponents of the ERA for the more coherent approach leading to the passage of the amendment by the 92d Congress and is now promoting its ratification with tax monies;

RESOLVED, That the National Society, Daughters of the American Revolution oppose use of tax monies for promoting ratification of the Equal Rights Amendment;

RESOLVED, That the National Society, Daughters of the American Revolution support the efforts of Congress in abolishing discrimination by statute but warn that adoption of the Equal Rights Amendment could adversely affect well-established rights of women and could nullify existing state laws making any distinction between the sexes.

## DANGERS OF GENERAL AND COMPLETE DISARMAMENT

- Whereas under the Arms Control and Disarmament Act of 1961 the United States of America began the reduction of its nuclear superiority over Soviet Russia in accordance with the terms of that treaty which specified the goal of "the total elimination of all armed forces and armaments except those needed to maintain internal order within states and to furnish the United Nations with peace forces"; and
- Whereas the Geneva Strategic Arms Limitations talks between the United States and the Soviet Union (U.S.S.R.), now entering the 2d phase, have been going on since 1969, for the avowed purpose of ending the development and stockpiling of atomic and thermonuclear bombs and their means of delivery; and
- Whereas to date the agreements include a treaty limiting the deployment of Anti-Ballistic Missile (ABM) systems and an Executive Agreement freezing delivery systems for a five-year period to the 5 to 1 to 10 to 1 disadvantage of the United States, with no limitation on Soviet future megatonnage and with no provision for on-site inspection; and
- Whereas Soviet conventional military strength, as well, exceeds that of the United States and the Soviet Union has indicated that it will proceed in the further development of all arms not prohibited by SALT, and will probably proceed with those arms *prohibited*, judging by the evidence of their public statements and past performances; and
- Whereas any further weakening of our defense capability will jeopardize American freedoms and sovereignty;
- RESOLVED**, That the National Society, Daughters of the American Revolution warn that the United States of America cannot afford to become a second-rate military power, and recommend an increase rather than a decrease in national defense expenditures in order that the United States of America regain its former position of unquestioned military superiority.

## TRADE WITH COMMUNIST COUNTRIES

- Whereas economic reports are predicting a "substantial increase" in trade with the Soviet bloc, including strategic materials and technology; and
- Whereas first steps have been taken toward unprecedented financial arrangements in which the Soviet Union would borrow money from private investors in the West and from the Export-Import Bank whose loans are substantially backed by the American taxpayers through their government; and
- Whereas the widely publicized wheat deal has contributed to inflation in the United States and simultaneously relieved the Kremlin of the consequences of a disastrous crop failure;
- RESOLVED**, That the National Society, Daughters of the American Revolution warn that increased trade will benefit Communist economies at the expense of the United States Government and its citizens.

## "RIGHT TO OWN GOLD"

- Whereas the right to own gold has been an historic refuge of the people against profligate government, and for forty years the United States of America has been the only free nation continuing to deny its citizens the basic right to hold, buy, sell or make contracts in gold; and
- Whereas if this right were restored it would give citizens a major way to protect their savings against further erosion in value of an irredeemable dollar; and
- Whereas the American dollar became the subject of political decisions and by means of maneuvers called "monetary management" the dollar became merely paper money, the weakest kind of currency, and deficit spending placed on the Nation a burden of debt that is beyond control; and
- Whereas for years it has been American policy to export the Nation's inflationary problems until an impasse has now been reached with some \$80 billion unwanted dollars flooding international money markets, with the resultant chaos in international trade that threatens the economic well-being of this Nation; and
- Whereas the trend of the Nation's economic policy-makers is to continue the road of inflating the money supply and to turn over control of international money matters to the International Monetary Fund, using Special Drawing Rights, thereby compounding the problem into a global inflation extending beyond the control of the United States Congress;

RESOLVED, That the National Society, Daughters of the American Revolution stand for the basic right of citizens of the United States of America to hold, buy, sell, or make contracts in gold, thereby restoring the power of the purse to the people in domestic affairs and reconstructing a basis for international trade;

RESOLVED, That the National Society, Daughters of the American Revolution, recommend that the Federal Reserve authorities stop increasing the paper money supply, that the Federal Government stop deficit spending and adopt a truly balanced budget thereby taking the only effective steps to terminate the inflation that now threatens the whole structure of American life.

#### SEA POWER—UNITED STATES NAVY AND MERCHANT MARINE

Whereas the United States of America must have unhindered commerce to survive as an industrial power and must have assured use of the oceans to maintain contacts with friendly nations, to support her forces overseas and to exert influence beyond her shores; and

Whereas on VJ day the United States had the world's largest Merchant Marine, some 5000 ships of 50 million tons but today's Merchant Marine has under 700 ships in active service—less than 10 million tons; and

Whereas a large Merchant Marine in war becomes the logistics arm of the Navy, and in war or peace provides essential imports for industry; and

Whereas the U.S.S.R. facilities today are capable of outbuilding the United States facilities two to one in all types of ships and are driving toward technical superiority; and

Whereas in 20 years through obsolescence the United States Navy combat fleet will have lost 590 ships—over half the total inventory; and

Whereas for the first time in history the United States approaches inferiority in a critical area of national strength, it appears that in total oceanic strength including fishing, oceanography, Merchant Marine and Navy, the U.S.S.R. already may have surpassed the United States;

RESOLVED, That the National Society, Daughters of the American Revolution recommend that action be taken to initiate a massive national effort to restore extensive United States Sea Power at all levels.

#### BIBLIOGRAPHY:

*Sea Power*, official publication of the U.S. Navy League.

#### COMMUNIST ENCROACHMENT IN THE CARIBBEAN

Whereas the Guantanamo Naval Base and the Panama Canal are the last links necessary to Soviet forces' free encirclement of the sea lanes of the world and, therefore, essential to United States continued control of both oceans and to the guarantee of the free movement of the commerce of the entire world; and

Whereas the Guantanamo Naval Base serves primarily as a strategic and psychological balance to the Soviet military presence in Communist Cuba; and

Whereas the United States which has a lease in perpetuity of the Canal Zone, has appeased the Panamanians by relinquishing one control after another until the appeasement-hungry Panamanians are proposing equal participation with the United States in the control and administration of the Canal and, in the event of an emergency, would require prior Panamanian approval to United States military action, and are demanding eventual complete takeover; and

Whereas affirmative Congressional action is essential for the disposal of any part of our sovereign domain including the Panama Canal, and this action is not likely to be taken because of unpopularity with our citizens, and in our national defense needs,

RESOLVED, That the National Society, Daughters of the American Revolution urge continuing control of the Guantanamo Naval Base and of the Panama Canal as essential to the security of the United States—a security which is not negotiable.

## ENERGY CRISIS

Whereas the United States of America is experiencing a serious energy and fuel crisis, and there are plans to abolish oil import quotas placing more dependence on insecure foreign sources and thereby posing a danger to national security; and

Whereas the present energy crisis is not the result of a deficiency of energy resources since the United States has vast underground reserves of oil, gas, and coal; and

Whereas a recent Senate Interior Committee report disclosed that the power to make decisions in energy matters is fragmented among 64 Federal agencies often acting in cumbersome and sometimes contradictory manner; and

Whereas there should be incentives (tax and price) for expanding domestic exploration, production, and refining of gas and oil; regular and accelerated programs for leasing of federal lands, especially offshore; production of synthetic oil and gas from coal; accelerated development of new energy technologies, particularly nuclear energy; prompt action by Congress to expedite the Alaskan pipeline; and more efficient energy use both for home and industry; and

Whereas energy producing industries, although making great effort to adhere to ecological standards of merit, have been impeded and/or obstructed by the ecologists but technological progress which is essential to civilization and to national security must take precedence;

RESOLVED, That the National Society, Daughters of the American Revolution recommend that the Federal government encourage maximum energy self-sufficiency through the development of domestic energy resources by providing economic incentives, and by lifting restrictions which hamper domestic production.

## AMERICA'S MARINE RESOURCES IN JEOPARDY

Whereas repeated violations and interference with American commercial fishermen have characterized the United States—Soviet fisheries agreements entered into for two-year periods since 1966; and

Whereas Communist fishing vessels have intruded upon the territorial waters of the United States, seriously reducing the catch, and imperiling the livelihood of United States fishermen; and

Whereas reports have been made that damage has been deliberate, that traps and lines have been hauled onto Soviet ships, and photographers barred from the area; and

Whereas most fish now consumed in the United States are from foreign countries of which 50–80 percent are shipped from Russia, mainly through Canadian ports, with the result that Communists are selling the United States its own fish; and

Whereas disregard of international agreements on net mesh size has resulted in the harvesting of immature specimens so that whole species of valuable food fish have been virtually eliminated;

RESOLVED, That the National Society, Daughters of the American Revolution recommend that this violation of the territorial waters of the United States be stopped in order to preserve this important source of the food supply; and further recommend that future agreements be drawn to create the best conditions and secure the greatest advantage for United States fishermen.

**OCCUPATIONAL SAFETY AND HEALTH ACT (OSHA)**

Whereas Congress passed the Occupational Safety and Health Act of 1970 (OSHA) "to assure so far as possible every working man and woman in the Nation safe and healthful working conditions . . . by authorizing the Secretary of Labor to set mandatory safety and health standards applicable to business affecting interstate commerce"; and

Whereas the tyrannical power of OSHA has violated constitutional privileges through imposing criminal penalties on employers without due process of law (5th Amendment); denying employers trial by jury (6th Amendment); unreasonable search and seizure on an employer's premises (4th Amendment); and has delegated legislative and judicial powers to an agency of the executive branch of government, denying the most fundamental American principle—separation of powers; and

Whereas the Act affects every employer and employee in the United States except Federal, State and Municipal employees; and

Whereas 100,000 safety and health standards published in the 380,000-word set of rules and regulations in the *Federal Register* and its supplements could form a stack seven feet high; all of which are required reading for the employer to determine regulations relevant to his business; and

Whereas a Compliance Officer has the authority to inspect without prior notification, invitation, warrant to examine the premises or a court order to close the business but may arbitrarily specify possible hazards to health and safety, thus penalizing the employer for non-serious violations up to \$1,000 a day until the violation is corrected; a fine of up to \$10,000 for each willful and repeated violation; and criminal penalties for willful violations resulting in death, with the employer responsible, for the conduct of the employees;

RESOLVED, That the National Society, Daughters of the American Revolution, call attention to the dangers of OSHA, express the belief that it is harmful to free enterprise, and recommend remedial action.

**CRIME AND PUNISHMENT—RETURN OF THE DEATH PENALTY**

Whereas violence has become an overwhelming force in our society, reducing safety for citizens in their homes, on streets and in the business areas; and  
 Whereas the greatest deterrents to crime are effective laws, an adequate police force, expeditious court action and proper punishment; and

Whereas decrease in respect for human life has led to an alarming increase in major crime; and  
Whereas criminals operating freely in drug traffic prey upon the weak and the very young; and

Whereas restoration of the death penalty is a just and proper penalty for certain appalling crimes and the most effective means of dealing with such crimes;

RESOLVED, That the National Society, Daughters of the American Revolution support efforts to reduce crime and urge the reinstatement of the death penalty for heinous crimes.

North Carolina

#### REAFFIRMATIONS

Whereas all past resolutions of the National Society, Daughters of the American Revolution are in effect unless rescinded; and

Whereas the number of resolutions to be presented to the 82d Continental Congress of the National Society is limited;

RESOLVED, That the following resolutions be reaffirmed as timely:

1. (*World Government Marches on Through Atlantic Union—1972*). Reiterate its stand against the Atlantic Union, or any legislation which directly menaces the safety and independence of the Western Hemisphere and which would destroy the sovereignty of the United States for America.
2. (*The Genocide Convention—1971*).  
Unalterably oppose ratification of the Genocide Convention (Treaty) and warn that the Convention surrenders national sovereignty, removes Constitutional safeguards and endangers both civilians and the members of the military, including prisoners of war.
3. (*Our Common Defense—1972*).  
Call for increased defense appropriations to insure the restoration of modern, effective detection systems, encircling the entire United States and to return the United States to its former military superiority.
4. (*Withdrawal from the United Nations—1972*).  
Stand for the immediate withdrawal of the United States of America from the United Nations and urge that the United Nations move its headquarters and all of its specialized agencies to another country.
5. (*Misuse of Drugs—1971*).  
Oppose the legalization of marijuana and urge that all laws, federal, state and local, applying to purveyors of drugs be made more uniform and strictly enforced.
6. (*Education—1972*).  
Urge that the Nation move forward to a basic educational curriculum which includes American history as a required subject, and to a school system providing a climate conducive to learning by encouraging self-discipline and by the teaching of moral values that have proved to be invaluable in the past and are desperately needed in the future.
7. (*Voluntary School Prayer—1970*).  
Urge proper steps be taken to clarify the ruling of the Supreme Court in order that all children, who so desire, may participate each day in a voluntary prayer before the opening of school.
8. (*Busing—1972*).  
Oppose arbitrary busing of school children but warn of the far-reaching consequences of a constitutional amendment to avoid such busing and urge that every effort be made to retain state and local control of the educational system.
9. (*Amnesty for Draft Evaders and Deserters Opposed—1972*).  
Oppose amnesty for those who have defied the law and recommend their prosecution upon their return to the United States according to the laws of the United States Government.
10. (*Immigration and Population Control—1972*).  
Recommend reduced immigration, restoration of the quota system, and strengthening of the laws and penalties pertaining to illegal entry in order to preserve the institutions of American government for our children and posterity.

11. (*Registration of Firearms—1958*).  
Oppose any legislation which would require citizens of the United States of America to register privately owned firearms which could be used to defend their homes and country should the need arise.
12. (*Regional Government by Executive Order—1972*).  
Alert the public to the dangers of the uses of Executive Orders and especially their use to create a Regional form of government which would destroy Constitutional government.

#### ACCESS TO 1900 FEDERAL CENSUS

Whereas there is an effort being made to strengthen and insure the confidentiality of recent census records data, but this laudable purpose is being carried to such extremes as to be of concern to all historians, genealogists, and other researchers; and

Whereas the proposal, if adopted, will have the effect of abolishing the right of citizens to obtain data from the Federal Census of 1900, thereby denying historical data to the American people, as well as denying access to genealogical records that are necessary for establishing eligibility for membership in hereditary organizations;

RESOLVED, That the National Society, Daughters of the American Revolution oppose any measure which will have the effect of permanently denying to the American people access to data in the Federal Census of 1900.

#### COURTESY RESOLUTIONS

Whereas the 82d Continental Congress of the National Society, Daughters of the American Revolution has been both informative and inspirational; and

Whereas those who planned and took part in the program are responsible for its success;

RESOLVED, That the National Society, Daughters of the American Revolution express its deep gratitude:

1. to the President General for her able leadership;
2. to the officers, chairmen and their committees, and Pages;
3. to the loyal, efficient staff members for their courteous service;
4. to the speakers for their splendid addresses;
5. to the United States service bands for the concerts given each evening;
6. to the musicians, artists, and the NSDAR Chorus for their contribution to the programs;
7. to the press, radio, and television for coverage of this Continental Congress;
8. to the police and firemen for their competent protection and courtesy;
9. to all individuals who contributed to the success of this Continental Congress.

#### APPRECIATION TO THE CHAIRMAN OF THE RESOLUTIONS COMMITTEE

RESOLVED, That appreciation be expressed to the Chairman of the Resolutions Committee and to those who gave service under her capable direction for their careful work on this important committee of the National Society.
